Dear Sir/Madam ,

I am writing to you to in relation to the EDDC Villages Plan.

As a resident of Woodbury Salterton I'm very concerned over the proposed potential change in relation to Strategy 7

[ Development in the Countryside ]

During my residency there has been a rapid and disproportionate growth of Greendale. This has had many associated negative impacts in particular to noise, traffic, air quality, habitats for wildlife and the landscape. Much of this development has taken place with a total disregard for planning law as exemplified by the number of Enforcement Notices and the use of retrospective planning .

It is vital that Strategy 7 remain in its totality , without which we will just have a continuum of the same greed led expansionism with even more negative effects .

Yours faithfully ,

Robert Millington
