Reference : East Devon Villages Plan Consultation
Subject: Greendale and Hill Barton Business Parks;

As a resident of Farringdon I would like to strongly object to any increased development or expansion of Greendale Industrial Estate and Hill Barton Business Park. The increase in traffic and lorries passing, especially when getting lost and travelling through the lanes, is becoming dangerous.
We should be preserving our countryside. There is no need for these expansions except to line pockets. We live and have to ensure the effects everyday!
