I'm writing to voice my concern of the amount of industrial building work Greendale seems to be able to get away with near Woodbury Salterton.

The sheer amount of vehicles that now travel down our narrow country lanes is getting worse.

I'm concerned that retrospective planning applications are being used as a tactic to expand via the back door.

I think it's vital Strategy 7 of the East Devon Local Plan (Development in the Countryside) must not be removed from the policy as it's likely to open open a loop hole allowing unwanted planning applications from Greendale and other developers to the detriment of our lovely little village.

Yours Sincerely

Andrew Thorpe
