**Subject:** Woodbury Salterton Village Plan

Dear Sir/Madam

I am writing these few lines to support the Inspector's original finding in regards to any future development around the village of Woodbury Salterton, and to ask that her recommendations be carefully considered.

Having noted the extent of the proposed development that Greendale have recently submitted, there are many concerns that arise as to the impact on our small village.

It is for this reason that one of the lines in the Inspectors recommendations, "Strategy 7 of the East Devon Local Plan (Development in the Countryside)" must not be removed from the policy so that our future as a village is more secure.

I have expressed my concerns on several occasions in regards to village life being a particular way of life that is specifically chosen for many reasons, and often at a greater financial cost in regards to property, one of which is maintaining some distance from the impact of towns/cities/factories.

It seems to me that our choice is slowly being eroded based on what others think is progress. I can only ask you to consider this carefully and allow us to retain the village as it now is, which includes the developments we have already had to accept.

Thank you for taking the time to read this.

Kind Regards

Julie Hodge
