Subject: EDDC Villages Plan Consultation

Dear EDDC Planning Policy Team,

Please can you make sure my comments below are forwarded to the Planning Inspector, Mrs Beverly Doward BSc BTP MRTPI

I believe the changes made by the inspector regarding Hill Barton and Greendale are fully appropriate. What's more, I suggest local residents do too. This is what they have been looking towards for quite some time. In addition, have discussed this at some length with other ward members (Geoff Jung and Rob Longhurst), I know we are in agreement on these items.

I think it is important for EDDC to regain control of development within these two areas through robust policy. I do not think it is correct to consider expedient observations made to secure short or long term economic benefits at such a cost to environmental sustainability.

Many thanks go to the Planning Inspector Mrs Beverley Doward BSc BTP MRTPI and the East Devon Planning Policy Team for a Villages Plan that will help many communities in East Devon.

Best regards - Cllr Ben Ingham
