With regards to the village plan for the village of Woodbury Salterton where I live I have the following comments

The village and surrounding countryside has been severely affected by the year on year ever-expanding Greendale Business Park.

I support the proposed changes to the Village Plan

Specifically I would like to request that Policies vp4 and vp5 be included in their entirety including the final sentence which needs to be included in the plan.

All the text regarding Greendale and Hill Barton Business Parks need to be included especially the following sentence

“in particular Strategy 7 of the East Devon Local Plan (Development in the Countryside)”

This sentence must remain in Policies vp4 and vp5 of the Villages Plan to ensure a substantial link to the East Devon Local Plan.

The amenities and environment of these local villages need to be protected and preserved for the future.
