**Subject:** East Devon Villages Plan

As East Budleigh residents my wife and I have taken considerable interest in our village's Neighbourhood Plan. A team dedicated to the future of East Budleigh have spent a massive amount of time and energy producing a very impressive plan for suitable and desired development WITHIN the Built-Up Area Boundary which is supported by a great majority of parishioners.

We cannot believe that EDDC have produced a statement within Strategy 35 which would give the go-ahead for upto 15 dwellings including mixed affordable and open market housing OUTSIDE the BUAB. This should be excluded from the Local Village Plan. Also with reference to Strategy 7 our local Neighbourhood Plan excludes any development outside the village boundary.

We have full confidence in our representatives here in East Budleigh and are adamant that there must be no exceptions to our Neighbourhood Plan.

N.E. Woodthorpe.
