Subject: East Devon Villages Plan Examination consultation

Please note our comments in relation to the above mentioned consultation:-

Bishops Clyst Parish Council fully support the Planning Inspector's current proposals under this plan and we also ask that no further changes are made from what the Planning Inspector proposes in relation to the Hill Barton and Greendale Industrial Estates as any changes would have a detrimental affect on the traffic volume on the A3052 and will also have an impact on the environment.

Emma Gibbons
Clerk to Bishops Clyst Parish Council
