Subject: Woodbury Salterton Village Plan

To whom it may concern

I write as a resident of Woodbury Salterton for the last nine years. During this time Greendale Business Park has grown and grown and the village has to be protected from further expansions.

I fully support the proposed amendments to the Village Plan . I specifically request that the Policies VP05 and VP06 be included. It is very important that the final sentence is included in the Village Plan.

Yours faithfully

Glenys Clarke
