EDDC Villages Plan Consultation - P Mattin

Dear Sir/Madame

My letter is regarding the village Plan for Woodbury Salterton - where I reside with my family. We have experienced the steady encroachment of Greendale Business Park to our village border and surrounding countryside - and feel very strongly that enough has to be enough. I support the proposed changes to the Village Plan and I request firmly that the that policies VP05 and VP06 are included in full. It is very important that the final sentence is included within the plan.

Thank you

Paul Mattin
