Dear Mr Freer,

Thank you for your letter of 28 May.

I realise that this will be disappointing but I am not able to rearrange the dates for the resumed hearings. This is due to my own availability which is limited due to other commitments. If we don't hold them the week commencing 6 July, I would not be available again until September which delays the end of the examination still further, which I'm sure you will agree, is not desirable.

Yours faithfully

A Thickett
Inspector
