

**Examination of East Devon's Community Infrastructure Levy  
Draft Charging Schedule  
9:30am Thursday 9 July 2015  
Additional Hearing 1**

In response to questions raised by the Inspector the Council has produced further evidence relating to the rates proposed in the Draft Charging Schedule. That new evidence will be discussed at is Hearing by considering the following question.

1. The Council's response to the Inspector's concerns regarding the assumptions in the Viability Study relating to the net developable area and infrastructure/Section 106 costs for the Cranbrook expansion areas is set out in the 'East Devon Community Infrastructure Levy (CIL) additional report in response to Inspector's concerns'. Does this additional evidence justify the retention of the £68 per square metre rate proposed in the Draft Charging Schedule?
