Dear Planning Department,

We were alarmed to hear of the EDDC's attempts to obtain the land outside of the Holy Family Church and St Rita's Centre in Honiton and particularly worried at the suggestion that it would be used for Sunday morning football.

From our perspective, the church's control of this land is vital to protect the sanctity of our place of worship and the tranquility of our Augustinian Retreat Centre. Turning it into sports fields and the resultant noise, additional traffic and associated disruption will detract from our worship and I fear will for many, diminish the desire to attend mass and all of the other associated services at The Holy Family Church.

Please reconsider this. Surely the Honiton Show Ground provides some opportunity for such activity.

Sincerely,

Anthony & Deborah Edwards,
