Church in Hon ton.			

Dear Sir,

I write as an active member of The Holy Family Church in Hon ton. I am told that East Devon District Council wish to acquire the field near our church for local football. I feel this would destroy the whole enterprise of Christian worship in the area. We are as you know a Christian country supported by H. M. The Queen and the Government at Westminster. It would be tragic if the practice of our religion is to be damaged by week-end football where there is little or no parking. Please try and find another solution to your problem. I look forward to your reply.

Yours faithfully,
