

FENITON NEEDS YOU

FENITON NEIGHBOURHOOD PLAN

Your chance to make Feniton a better place to live!

Following the other successful events previously, you have a further opportunity to have a say in how Feniton will look over the next 15 years. The community is being asked for their views on what sort of neighbourhood we want. Views will be sought from all within Feniton Parish on what matters and at the end of the process there will be a **referendum** to see what the community wishes to see in the period up until 2030.

Areas for comment Include Social and leisure; future developments; communications; transport; health and care; education; employment and environment.

The resulting Neighbourhood Plan will be a legal document that will form part of the planning process and is therefore an extremely important document.

We have had a good response from the seniors in the parish but also want to hear from people aged between 18 to 60 who so far have not really made their thoughts known. There is another open session but if you cannot attend please complete the tear off slip as **WE NEED YOUR VIEWS**.

The next event is at Feniton C of E Primary School. This will be between 9 am and 12 noon on Saturday 21st March 2015.

What I wish to see in the Parish Neighbourhood Plan
