Subject: Membury Neighbourhood Plan - Highways England response

Daer Phil

Thank you for providing Highways England with the opportunity to comment on the submission version of the Membury Neighbourhood Plan. As you are aware, we are responsible for operating, maintaining and improving the strategic road network (SRN) which in this case consists of the A30/A303 and A35.

We are satisfied that the proposed plan policies are unlikely to result in development which will impact on the SRN and we therefore have no comments to make. Please note however that this does not prejudice any future responses Highways England may make on site specific applications as they come forward through the planning process, and which will be considered by us on their merits under the prevailing policy at the time.

Regards
Gaynor
