Subject: Development of Baxters Farm Musbury

Dear Planning,

Baxters Farm seems a great opportunity to build affordable housing for local families. It would strengthen a small and dwindling community and I am sure help keep our pub going.

There is very little noise from the latter and certainly none from the village hall.

We have suffered as a village from the lack of movement on the sale of Mountford so I urge EDDC and Devon County council to do the right thing and ringfence this Farm for local housing.

Kind regards
