Subject: Baxters Farm Musbury

Dear Sir,

Having read the Development Brief re Baxters Farm I would like to support its sympathetic approach particularly in relation to social and affordable houses and a permanent travellers site of 2 - 4 berths. I am aware that a number of negative views have been expressed about locating the latter in our village, but I feel that if we are a caring community we should be welcoming this section of our population as I hope we would be welcoming to any other group within our wider society. I'm sure it could be a positive experience for both us and the travellers.

Yours sincerely,
