Subject: RE: CIL Preliminary Draft Charging Schedule consultation

Morning Keith,

Thank you for consulting us on your CIL revisions.

I have no particular issues with the schedule, as drafted.

The schedule and rates, appear to be consistent with CIL on the Dorset side with strategic sites adjusted accordingly.

Like you we look forward to the regulation changes proposed in the January MHCLG consultation, and have responded, to MHCLG, on that basis

Kind regards

Richard Dodson MA, IEng, FIHE, MRTPI, DipMgt.
