Subject: Re: East Devon Draft Affordable Housing SPD consultation

Thank you for this.

However the other officers of the society and myself believe that any general issues of this nature are too far outside our scope.

We feel that such matters are for special interest groups concerned with housing shortages for those of slender means and for developers as to how far they can go in building lower cost housing.

However if there is any particular issue arises in Broadclyst and district regarding any known historical issue about a particular development we will try and contribute.

John Jones MSc. Chairman Broadclyst LHS
