Dear Amanda

I should be obliged if you would forward this email/send relevant information on to Mr Thickett, Planning Inspector for Examination of the East Devon Local Plan.

I am pleased to advise that today, 23 August 2013, East Devon District Council started a six week consultation on Proposed Changes to the Local Plan. This consultation will run through to 12 Noon on Monday 7 October 2013.

We have set up a web page that provides details of the consultation and which can be viewed at:

<http://www.eastdevon.gov.uk/lpchanges.htm>

This web site includes links to the document we are consulting on, supporting paperwork, the Council's Local Plan Document Library and a Representation Form. The specific document we are consulting on, that is linked through this page, can be found at:

<http://www.eastdevon.gov.uk/proposedchanges.pdf>

We have emailed/written to contacts on our local plan database providing notice of consultation and issued a press release and had coverage on BBC Radio Devon and in a local newspaper.

In acting speedily in setting up the consultation we trust that it will not unduly delay the overall examination of the East Devon Local Plan and that other work on plan examination can be undertaken whilst the consultation is ongoing.

We will be happy to supply any further information, including paper copies of all or any documents, to help with the efficient running of the examination. I can confirm that it is the Local Plan as submitted, incorporating the changes that we are now consulting on, that we would wish to have examined.

I would also confirm that the changes that we are consulting on are exactly the same as the changes shown in the submitted document CD/SD002, we have though undertaken minor reformatted of the table/text and amended the introduction to explain the phase of work we are now undertaking (in this respect the document is now slight different from that which was considered at Development Management Committee on 20 August 2013).
