---

# 1 Introduction

- 1.1 This report provides an assessment of employment land availability at 31 March 2019 in the East Devon district. The work identifies the major employment sites and business parks in the district and within these employment areas it records and identifies:
- plots of land and building floorspace that has been developed in previous years; and
  - vacant or undeveloped plots of land that could be suitable for future business development.
- 1.2 Reference is made to planning permissions that have been implemented and any extant planning permissions on the land as at 31 March 2019.
- 1.3 The report establishes data sources used and sets the context by commenting on the adopted East Devon Local Plan, National Planning Policy Framework (NPPF) and National Planning Practice Guidance (NPPG).
- 1.4 In addition to reporting on land availability this report provides a district wide analysis of Non-Domestic Rates (NDR) and Vacant NDR units at employment sites, commenting on identified uses of units, numbers and distribution across the district. The report also contains information on wage levels, unemployment rates and employee/job numbers in East Devon.
- 1.5 This report can be read alongside previous monitoring reports. It should be noted that in this current report there have been some minor amendments made to historic records, to reflect more up to date understanding of employment sites and plots of land. This may have resulted in minor changes to levels of development and future availability compared to records that were previously quoted.

## 2 Data used and definitions of employment

### 2.1 Sources of data used to inform this report include:

- East Devon Local Plan records and land allocations;
- Business rates NDR data;
- Valuation Office Agency records;
- Uniform planning and building control databases;
- Planning application records;
- ArcMap Geographic Information System (GIS);
- Site visits; as well as
- Statistics published by the Government Office for National Statistics.

### 2.2 This report is specifically concerned with land and buildings that fall within the B classification in the Use Classes Order. The Planning Portal provides more information, see: [https://www.planningportal.co.uk/info/200130/common\\_projects/9/change\\_of\\_use](https://www.planningportal.co.uk/info/200130/common_projects/9/change_of_use) The Planning Portal advises (noting that this is not a binding or definitive record) that B use classes are:

*“B1 Business - Offices (other than those that fall within A2), research and development of products and processes, light industry appropriate in a residential area.*

*B2 General industrial - Use for industrial process other than one falling within class B1 (excluding incineration purposes, chemical treatment or landfill or hazardous waste).*

*B8 Storage or distribution - This class includes open air storage.”*

### 2.3 There is, however, also a category called Sui Generis; the Portal advises:

*“Certain uses do not fall within any use class and are considered ‘sui generis’. Such uses include: betting offices/shops, pay day loan shops, theatres, larger houses in multiple occupation, hostels providing no significant element of care, scrap yards. Petrol filling stations and shops selling and/or displaying motor vehicles. Retail warehouse clubs, nightclubs, launderettes, taxi businesses and casinos.”*

### 2.4 Although this report is primarily concerned with B uses, in a limited number of cases Sui Generis uses are also recorded. This is typically where the use or permission on a given site falling within this category provides for a development that is very similar in nature to a B use. An example of Sui Generis use recorded in this schedule are ‘trade counters’ which frequently serve businesses, selling goods to trades people in such sectors as the building industry. Trade counters are frequently found on business parks and would frequently be considered to be compatible with business park use.

- 2.5 In terms of development occurring, and permissions granted, this work has primarily drawn on categorisations of employment as set out in planning application, though in some cases a judgment has been made of likely classification. It is stressed, however, that this report should not be seen as a definitive record of the classification of uses and should not be read in that manner. Vacant plots are identified on the basis of being specifically allocated for B uses or expectation that such uses would be the most appropriate use of the land.
- 2.6 It should be noted that many sites/buildings that provide jobs do not fall into a B use class classification. In fact most people do not work in jobs that are based in buildings or on land that in planning terms falls into a B use class categorisation. Whilst acknowledging their importance this report does not report on jobs and sectors that are or could be looked upon as 'non-B use class' – including, for example – schools, hospitals and shops and the people that work in them.
- 2.7 In monitoring work it is not possible to assess every site or building that has or could accommodate B use class developments. In terms of recording planning permissions granted, a cut-off threshold has typically been applied that only includes:
- Sites that are 0.01 hectares (100 M<sup>2</sup>) or greater in size; and/or
  - Buildings that are 50 M<sup>2</sup> floor space or greater in size.

### 3 Planning context for this Review

#### National Planning Policy Framework (NPPF)

- 3.1 Government planning policy exists in the form of the NPPF, see: <https://www.gov.uk/government/publications/national-planning-policy-framework--2>
- 3.2 The latest NPPF was published in February 2019 which superseded the version updated in July 2018. It identifies that the purpose of the planning system is to contribute to the achievement of sustainable development with three interdependent overarching objectives: economic, social and environmental.
- 3.3 The Framework identifies at paragraph 80 that:
- “Planning policies and decisions should help create the conditions in which businesses can invest, expand and adapt. Significant weight should be placed on the need to support economic growth and productivity, taking into account both local business needs and wider opportunities for development. The approach taken should allow each area to build on its strengths, counter any weaknesses and address the challenges of the future. This is particularly important where Britain can be a global leader in driving innovation, and in areas with high levels of productivity, which should be able to capitalise on their performance and potential.”*
- 3.4 At paragraph 82 the NPPF advises:
- “Planning policies and decisions should recognise and address the specific locational requirements of different sectors. This includes making provision for clusters or networks of knowledge and data-driven, creative or high technology industries; and for storage and distribution operations at a variety of scales and in suitably accessible locations.”*

#### Employment policy in the East Devon Local Plan

- 3.5 The East Devon Local Plan (see: <http://eastdevon.gov.uk/planning/planning-policy/local-plan-2013-2031>) covers the period of 2013 to 2031 and was adopted on 28 January 2016. It sets out policy for future development in East Devon, including for employment uses. It should be noted that although the Local Plan was adopted within the context of the old NPPF it is considered to be compatible with Government policy of the new NPPF.
- 3.6 The East Devon Local Plan sets out four key objectives (in the table that follows paragraph 4.1, subject matter number 1) in respect of Jobs and Economic Growth. These are to:
- Improve average income levels;
  - Diversify the sectors where jobs can be found;
  - Improve local job opportunities; and

- Reduce the need to travel by car to secure work and jobs.

- 3.7 The Local Plan seeks to increase the supply of new employment opportunities in East Devon. A key means for achieving this end will be to identify suitable land for employment use. The West End of the district will be a focal point for job provision with a particular onus on encouraging strategic inward investment. There will, however, be scope for employment development across East Devon.
- 3.8 Proposals for growth will provide flexibility in terms of potential sites that can come forward, including large strategic investment opportunities as well as smaller business provision and new jobs at major mixed use residential development sites.
- 3.9 In the monitoring section of the Local Plan, Chapter 20, the first Economic row is particularly relevant, it advises that key indicators for monitoring are:
- Amount of land (defined by completed SqM gross floor space) developed for employment by type;
  - Average income levels; and
  - Amount of employment land lost to residential development.

## 4 Employment sites in East Devon

- 4.1 This review is centred on assessment of the major B Use Class employment sites in East Devon. For the purposes of this report the term employment site is typically used to refer to a larger area of land, typically self-contained, that contains a range of separate businesses and or plots of land. So, for example, Heathpark in Honiton is referred to as an employment site and within it there are a large number of businesses and also there are various plots of land that are currently undeveloped and which offer scope for future development.
- 4.2 The location of the main sites, either existing or allocated in the Local Plan, are shown on the map in this section of this report. Appendix 1 includes maps that show each identified site in detail, along with a commentary about that site. The reference numbers on the maps in Appendix 1 refer to plots of land that have been developed in previous years, or that were under construction at 31 March 2019 or which are available for development in the future (see the schedule in Appendix 2 for more details). Sites 51 to 54, 56 and 57 are mixed use allocations, within which specific plots for employment use are not identified.
- 4.3 In this assessment work 'available' is used in respect of the physical ability and likely suitability (in planning application consideration terms) of a plot of land to accommodate future development. This work, in respect of land availability, does not take into account the aspirations or expectations of the landowner or such issues as whether a vacant plot of land is being marketed or promoted for development or prospective site users have been identified.
- 4.4 It should be noted that this report does not seek to identify every B Use Class employment site in East Devon (i.e. every site or location in the District where B use jobs are located or could be in the future). Sites are typically only shown or commented on where they are known and comply with one or more of the following:
- a) They cover an area of at least 0.1 hectares (1,000 m<sup>2</sup> or around 0.25 acres);
  - b) Where there are vacant or underused plots with possible scope for infill development; and
  - c) Where there are a range of occupiers/users and as such there could be some turnover of stock or occupants.
- 4.5 Sites occupied by a single business or organisation are typically not specifically reported on in this assessment.
- 4.6 The plans in Appendix 1 specifically show vacant or underused plots. It is stressed that this report does not establish that planning permission would be granted for an employment use at any given site or plot. Some sites and/or plots are allocated for employment development in the Local Plan, which gives an in-principle acceptance for development, whilst others may offer scope for infill development but this would be subject to compatibility with Local Plan policy. In all cases any proposal for development, specifically planning applications, will be

assessed against planning policy. Identification of sites in this report does not give or infer any weight or status in respect of determination of planning applications.

### Location map of employment sites in East Devon

1	Alexandria Road Industrial Estate, Sidmouth	22	Aylesbeare Common Business Park	43	Exeter Airport Business Park (Phase 1)
2	Axminster Carpets, Woodmead Road, Axminster	23	Pound Lane Industrial Estate, Exmouth	44	Exeter Airport Business Park (Phase 2)
3	Ottery Moor Lane, Honiton	24	Colyton Business Park, Colyton	45	Liverton Business Park, Exmouth (Phase 3)
4	Odhams Wharf, near Ebford	25	Intermodal Interchange, Clyst Honiton	46	Woodbury Business Park, Woodbury
5	Darts Business Park, near Ebford	26	Skypark, near Clyst Honiton	47	Addlepool Business Centre, Clyst St George
6	Dunkeswell Industrial Site, Dunkeswell	27	Exeter Science Park, near J29 of the M5	48	Lodge Trading Estate, near Broadclyst
7	East Devon Business Park, near Wilmington	28	Dinan Way Trading Estate, Exmouth	49	Hungry Fox Estate, near Cranbrook
8	Finnimore Industrial Estate, Ottery St Mary	29	Salterton Workshops, Budleigh Salt'n	50	McBains, East of Exeter Airport
10	Harbour Road Industrial Estate, Seaton	30	The Old Sawmills, Colaton Raleigh	51	Winslade Park, Clyst St Mary
11	Heathpark Industrial Estate, Honiton	31	Colletts Mill, Talewater, Talaton	52	Cranbrook
12	Greendale Business Park, Woodbury Salterton	32	Talewater Works, Talewater, Talaton	53	Goodmores Farm, Exmouth
13	Harepath Industrial Estate, Seaton	33	Former Sawmills, Axminster	54	Old Park Farm and Pinn Court Farm, Pinhoe
14	Hill Barton Business Park, near Farringdon	34	Victoria Way, Exmouth	55	Tithebarn Green, Exeter Science Park
15	Millwey Rise Business Park, Axminster	35	Pankhurst Industrial Estate, Exmouth	56	Land north of town, Harepath Rd, Seaton
16	Liverton Business Park (Phase 1), Exmouth	36	Colyford Road, Seaton	57	Land north and east of town, Axminster
17	Liverton Business Park (Phase 2), Exmouth	37	Oilmill Industrial Estate, Clyst St Mary	58	Hunthay Farm, west of Axminster
18	Dinan Way, Exmouth	39	Waldrons Farm, near Farringdon	59	Axehayes Farm, near Clyst St Mary
19	Manstone Lane, Sidmouth	40	South of Redgate, Exmouth	60	Dotton Business Units, Newton Poppleford
20	Mill Park Industrial Estate, Woodbury Salterton	41	Sidford Employment Site, Sidmouth	61	Colliton Barton Units, Broadhembury
21	Coal Yard, Castle Gate, Axminster	42	West of Hayne Lane, Honiton	62	Dunkeswell Airfield

It should be noted that in earlier employment monitoring work there were sites numbered 9 and 38; however, these sites now have a non-employment use and have been dropped from records but the numbers 9 and 38 have not been re-used to avoid confusion.

## 5 Employment land development in past years in East Devon

- 5.1 Past employment completion records, on a year by year basis, are recorded in Appendix 2 for the years 2013/14 (the start of the Local Plan) through to 2018/19. Actual site records for the years before 2013/14 are not shown but data has been drawn from previous monitoring reports. It should be noted that Appendix 2 also shows details of vacant sites and plots of land that are suitable for development and the site references included in Appendix 2 cross reference to the maps in Appendix 1.
- 5.2 Tabled below is information from 2007/08 through to 2018/19 for net additional floorspace built for B1, B2, B8 and recorded Sui Generis uses.

Completion Year	Net additional floorspace built in m <sup>2</sup>				
	B1 uses	B2 uses	B8 uses	Sui Generis uses	Total
2007-08	1,947	1,200	42	353	3,542
2008-09	3,630	50	3,300	1,295	8,275
2009-10	485	6,502	778	0	7,765
2010-11	1,038	2,348	7,442	-229	10,599
2011-12	2,326	1,574	4,648	6,163	14,711
2012-13	1,088	4,602	-1,733	170	4,127
2013-14	2,179	2,443	1,810	1,858	8,290
2014-15	1,531	685	1,496	2,019	5,731
2015-16	6,640	2,042	19,646	264	28,592
2016-17	3,021	8,218	3,678	0	14,917
2017-18	12,550	3,489	73,355	0	89,394
2018-19	11,547	123	6,524	142	18,336
<b>Totals</b>	<b>47,982</b>	<b>33,276</b>	<b>120,986</b>	<b>12,035</b>	<b>214,279</b>
<b>Annual Average</b>	<b>3,999</b>	<b>2,773</b>	<b>10,082</b>	<b>1,003</b>	<b>17,857</b>

- 5.3 The above table shows that over the 12 years from 2007/08 to 2018/19 a total of 214,279m<sup>2</sup> of floorspace was developed for employment generating uses, this averages out at 17,857m<sup>2</sup> per year.
- 5.4 The net additional floorspace figures give a picture of year-on-year development levels and variations, albeit they are for building floorspace and will not, therefore, capture information on outdoor spaces that generate employment jobs.

- 5.5 A small number of schemes can have limited or nil building floorspace but large plot areas with the plot itself being integral to the operation of a business; vehicle depots and outdoor storage facilities can fall into this bracket. It should be noted that where a new use in one Use Class replaces a use in an alternative Use Class (for example, a change of use of a building from say a B1 use to B2 use) a loss of floorspace for the 'lost use' is recorded and this informs calculations.

### **Other floorspace 'lost' to Non-Employment Uses**

- 5.6 Appendix 3 provides information on land and buildings 'lost' to non-employment uses. The loss of employment land occurs when a site or plot of land or building that was formerly in employment use, a B Use Class use, is developed or redeveloped for a non B Use Class use.
- 5.7 Plots lost during the monitoring period in question include:
- Plot 15E: 18/1765/COU – Change of Use from use class B1 (Office & Lightweight Industrial) to use class D2 (Assembly & Leisure) at Millwey Rise;
  - Small Site at St Andrew's Road, Exmouth: 18/2778/FUL – Change of use of workshop and store to a fitness studio and store (Class D2 Use);
  - The former East Devon District Council offices in Sidmouth.
- 5.8 Records in this monitoring report suggest that comparatively limited land has been lost to non-employment uses in recent years. Refinement of monitoring systems are likely to be needed, however, as the expectation is that not all data is being accurately captured.

## 6 Employment land availability in East Devon at 31 March 2019

- 6.1 The maps in Appendix 1 and data in Appendix 2 to this report, shows vacant plots available to accommodate development as at 31 March 2019. Summary data of land availability is shown in the table below. It should be noted that in the table, sites are recorded in one row only (the first applicable row in descending order) so, for example, some sites might have planning permission as well as being an allocation, in this case they would feature in the planning permission data and this avoids the potential for double-counting.

Source of Supply	Hectares
Under Construction at 31 March 2019	2.98
With Planning Permission at 31 March 2019 but development not started	58.84
Land Allocation or otherwise identified as available at 31 March 2019	64.16
<b>Total</b>	<b>125.98</b>

- 6.2 In total, at 31 March 2019, the table shows that there was a recorded level of 125.98 hectares of 'available' land, with over half of this being in the form of Local Plan allocations that did not have an extant planning permission.
- 6.3 It is relevant to make a specific note in respect of the Intermodal Interchange near to Clyst Honiton, which has been treated as a special case in Local Plan preparation work. The site has been specifically identified for B8 uses but has been excluded from some Local Plan employment land calculations.
- 6.4 Most of the available land is located in the West End of the District and this is a focal point for future development and job creation. Key sites include:
- a) Skypark Business Park with 20.3 hectares remaining;
  - b) Science Park provision of 8.12 hectares of land remaining;
  - c) Tithebarn and Mosshayne, south of Science Park with 4.59 hectares;
  - d) Exeter Airport Business Park extension with 7.54 hectares; and
  - e) Policy provision at Cranbrook for 18.4 hectares of employment land.
- 6.5 These sites provide a total in excess of 58.95 hectares of land and are mainly within the designated Enterprise Zone area which covers – Exeter Science Park, Skypark, Cranbrook Town Centre and the extension to Exeter Airport Business Park. A large part of the land at the Intermodal site has been taken up by the now built Lidl Distribution Centre and the remaining site has planning permission including for online retailer Amazon.
- 6.6 Outside of the West End, across the rest of East Devon, levels of provision are lower with examples of substantial available land areas at:

- a) Land west of Hayne Lane at Honiton with 15 hectares of land;
- b) Policy provision north and east of Axminster for 6.5 hectares of employment land;  
and
- c) Liverton, Exmouth (4.53 hectares).

6.7 Provision in other towns is more modest in scale.

6.8 It should be noted that site areas detailed in the above and in Appendix 1 and 2 should only be regarded as a guide. Where sites have been sub-divided into separate distinct plots with new roads and infrastructure serving them (or distinct plots exist in their own right) then most of the plot/site areas could be expected to be largely or fully developable (for example, developed with buildings, car parks, vehicle manoeuvring spaces, footpaths or development specific landscaping). In these cases the net developable area would be expected to be close to, or the same as, the gross area. Vacant plots at Heathpark in Honiton would be a good example of where this might apply.

6.9 In contrast, however, some available sites have little or no infrastructure in place and site figures quoted may need to accommodate not only end development plots but also distributor roads, significant landscaping and other uses. In these cases final net development areas for employment uses would typically be lower than current gross site areas. An example is land at Hayne Lane in Honiton, which does not have site infrastructure in place and this will occupy a sizeable amount of land.

## 7 Business premises at employment sites

- 7.1 The degree to which properties are in occupation and the types of activities undertaken give an overview of the general nature and success or appeal of differing employment sites across the District. Assessment has been undertaken of the Employment Sites 1 to 62 listed in Appendix 1.
- 7.2 Those numbered 51 to 62 are recent additions to this survey and collectively will have few businesses in existence, in particular the sites allocated for mixed use in the Local Plan. In these cases the sites shown on the maps reflect gross land areas allocating or providing for mixed use development, mostly new housing, but to also include some employment use.
- 7.3 Assessment also draws on Non-Domestic Rate (NDR) records and shows the properties that are occupied and in use and those that are vacant.
- 7.4 Appendix 4 gives a breakdown of Non-Domestic Rated property uses. To simplify matters, this reports has utilised just 8 categories: Factory, Office, Retail, Showroom, Storage (including Land where counted), Vehicle Repair, Workshop (excluding Vehicle Repair) and Unknown/Other. There seems to be a large increase in the number of properties in the final category due to lack of data in the 'Description' field on the Council's G.I.S. system. Where a property could be included in more than one category, a judgment call has been made on which usage applies the most.
- 7.5 After Unknown/Other, the most common usage are Workshop (19.35%), followed by Warehouse (18.78%) and Storage (13.56%). A total of 8.96% of properties were classed as empty.

## 8 Employment and income levels in East Devon

- 8.1 The East Devon Local Plan advises that income levels in East Devon will be monitored though for a more complete record employment information is also included in this section of this report. Data reported in this section of this report is primarily drawn from Nomis, mostly from the page accessed through this link.

<https://www.nomisweb.co.uk/reports/lmp/la/1946157358/report.aspx>

- 8.2 On the Nomis website it is advised that:

*“Nomis is a service provided by the Office for National Statistics, ONS, to give you free access to the most detailed and up-to-date UK labour market statistics from official sources.”*

- 8.3 In summary, it is reported that East Devon is characterised by comparatively low wages but also by comparatively low unemployment rates. There has been an increase in recent years in the number of jobs in East Devon though there is a pattern of net out-migration of East Devon residents to jobs outside of the District. The 2011 census – see: <https://www.nomisweb.co.uk/census/2011/WU03UK/chart/1132462159> – showed 12,500 people travelling into the District for jobs, but a higher number, 18,405 East Devon residents, travelled out of the District for jobs (most of these, 11,430, were to Exeter).

### Wage levels of East Devon residents

- 8.4 The Nomis web site (at January 2019) shows earnings by place of residence based on the 380 local authority areas in Great Britain (the Isles of Scilly are the only excluded Council/area from the assessment). The local authority areas being lower tier District, City or Borough council's in two tier areas and unitary authorities in single tier areas. The Nomis web site advises:

#### ***“Earnings by Residence***

*“The figures show the median earnings in pounds for employees living in the area who are on adults’ rates of pay and whose pay was not affected by absence.*

*“Figures for earnings come from the Annual Survey of Hours and Earnings (ASHE). The ASHE is based on a 1 per cent sample of employees, information on whose earnings and hours is obtained from employers. The survey does not cover self-employed. Information relates to a pay period in April.*

*“The earnings information collected relates to gross pay before tax, national insurance or other deductions, and excludes payments in kind. It is restricted*

*to earnings relating to the survey pay period and so excludes payments of arrears from another period made during the survey period; any payments due as a result of a pay settlement but not yet paid at the time of the survey will also be excluded.”*

- 8.5 The median level is the point in any range at which half the values are higher than that point and half the values are lower. The data does not, therefore, directly inform on the extremes of distribution; it would not, for example, identify if there were specific concentrations of people on very high or very low wages, nor for that matter does it tell you about the equality of spread of earnings. However, it does present a qualified overview of earning levels. The table below, for the (old) Devon authorities, shows the weekly pay and the comparative ranking, measured against 379 other authorities in Great Britain (the Isles of Scilly were excluded from the count) – the ranking is based on 1st being the lowest wages and 380th the highest).

Local Authority	Gross Weekly Pay (full time workers)	Rank
North Devon	£430.70	3rd
Torbay	£472.40	17th
Teignbridge	£476.30	20th
<b>East Devon</b>	<b>£486.30</b>	<b>50th</b>
Torridge	£491.40	58th
West Devon	£498.50	71st
Mid Devon	£505.90	83rd
Plymouth	£525.10	121st
Exeter	£529.20	130th
South Hams	£539.00	155th

Source: Nomis (2018) – see:

[https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/asher\\_compared/report.aspx](https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/asher_compared/report.aspx)

- 8.6 The above table shows all Devon authorities in the bottom half of low wage levels and ranking 50<sup>th</sup> East Devon in the lowest 14%. Even Exeter, which is often portrayed as a comparatively wealthy city, falls in the lowest 35%. The South West median wage level was £537.60 and the Great Britain median figure, taken as a whole, was £571.10. Looking on a national basis the highest recorded wages level are dominated by London and South-East local authorities. The lower wage level authority areas are far more geographically spread and include both urban and rural areas.

### Unemployment levels in East Devon

- 8.7 Unemployment rates in East Devon (despite comparative low wage levels) are low and this is true for all rural Devon authorities and Exeter. Plymouth and Torbay have noticeably higher unemployment rates. Unemployment rates are derived from dividing people that are

unemployed by those that are economically active (the economically active comprises of the sum of those with jobs plus the unemployed). Nomis advise that unemployment:

*“Refers to people without a job who were available to start work in the two weeks following their interview and who had either looked for work in the four weeks prior to interview or were waiting to start a job they had already obtained.”*

- 8.8 The table below sets out unemployment rates by (old) Devon local authority areas and ranks these, lowest to highest, against records for 378 local authorities in Great Britain (the Isles of Scilly and City of London are excluded from the count).

Local Authority	Numbers Unemployed	Percentage Unemployed	National Rank
East Devon	1,300	1.9%	Joint 2nd
South Hams	800	2.0%	Joint 4th
Torridge	700	2.1%	Joint 6th
North Devon	1,200	2.1%	Joint 6th
Teignbridge	1,500	2.2%	Joint 11th
West Devon	500	2.3%	Joint 14th
Mid Devon	1,100	2.5%	Joint 26th
Exeter	2,100	3.1%	Joint 102nd
Torbay	2,200	3.6%	Joint 160th
Plymouth	6,100	4.5%	Joint 253rd

Source: Nomis (Apr 2018 to Mar 2019) – see:

[https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/ea\\_compared/report.aspx](https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/ea_compared/report.aspx)

- 8.9 The table shows that East Devon, at 1.9% has the lowest unemployment rate of all Devon authorities and this ranks it as the joint second lowest in Great Britain, a position shared with Eden in Cumbria. The South West, overall, had a rate of 2.7% and Great Britain 3.8% (both Feb 2019 to Apr 2019 figures). It is notable that the lowest unemployment rates in Great Britain are predominantly found in rural areas and the highest rates in urban areas and cities.
- 8.10 It should be noted, however, that the unemployment rate is not a the definitive measure of unemployment; some people (in the 16 to 64 age range) are in a position of not being in work but they do not qualify as unemployed in official Government statistics.
- The Nomis web site (see: <https://www.nomisweb.co.uk/reports/lmp/la/1946157358/report.aspx>) reports on there being 10,400 economically inactive residents of East Devon residents aged 16 to 64 – these are people that are neither in employment or counted as unemployed and, of this total, the Nomis website records 7,200 persons under the category of ‘does not want a job’ (Apr 2018 to Mar 2019).

## Jobs Based in East Devon

- 8.11 This section of the report provides background information on job numbers and employment statistics relevant to East Devon.
- 8.12 The Business Register and Employment Survey (BRES) is produced by the Office for National Statistics (ONS) which is an executive office of the UK Statistics Authority, a non-ministerial department which reports directly to the UK Parliament. The ONS advises:
- “The Business Register and Employment Survey (BRES) is the official source of employee and employment estimates by detailed geography and industry.”*
- 8.13 Drawing from information from the ONS website it is advised that BRES is a survey of approximately 80,000 business across the whole of Great Britain. It is, therefore, a sample of businesses and on their web site ONS advises: *“... BRES is able to produce good quality estimates for detailed breakdowns by industry and geography”*.
- 8.14 Summarised in this report is information on the number of jobs that are located in East Devon. The employment data in BRES is a measure of the number of employees (people who work for organisations) added to the number of working owners (for example, sole proprietors and partners). Employee jobs are allocated to the area in which the businesses completing the survey questionnaire say the employee works. Therefore, geographic estimates are on a workplace basis and do not reflect where the person lives.
- 8.15 As with any statistical information, including noting that results are survey based, there can be anomalies and statistical errors present in the data. It is also relevant to note that there will be other assessments, undertaken by other organisations, which assess and estimate the numbers of jobs located within defined geographical areas. BRES data is, however, free to access and it is official ONS data and is widely used. The data sets a can be found via this web site:

[https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/bres\\_time\\_series/report.aspx](https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/bres_time_series/report.aspx)

Year	East Devon (employee jobs)	South West (employee jobs)	Great Britain (employee jobs)
2015	45,000	2,366,000	28,565,000
2016	45,000	2,398,000	29,045,000
2017	44,000	2,415,000	29,368,000
2018	48,000	2,447,000	29,583,000

Source: BRES, see:

[https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/bres\\_time\\_series/report.aspx](https://www.nomisweb.co.uk/reports/lmp/la/1946157358/subreports/bres_time_series/report.aspx) Note: figures exclude farm agriculture employee numbers.

- 8.16 What can be clearly seen is that the reported job numbers located in East Devon vary from year to year and over short time periods can show very marked changes. For example, a decrease of 1,000 jobs (down 2.22%) from 2016 to 2017, and an increase of 4,000 jobs (up 9.09%) from 2017 to 2018. The data shows that over the four years from 2015 to 2018 job numbers were at their highest in the most recent survey year, 2018.
- 8.17 ONS data shows that the number of jobs in East Devon is some way lower than the resident population in employment (67,800 – Apr 2018 to Mar 2019). There is a net out-commuting movement of residents out of East Devon to jobs outside of the District with most of the commuting being to jobs in Exeter.

## **Appendix 1 – Schedule of Employment Sites and Plots**

Appendix 1 contains plans of the main employment sites 1-62 with details of ownership where known, a description of the site, a summary of planning activity during current Local Plan period, details of vacant land, information on premises rated for non-domestic use and details of any known site constraints. Employment land is available by virtue of:

- being allocated for employment uses in the East Devon Local Plan; and/or
- being in current employment use; or
- having permission for an employment use.

### **Employment sites**

The main employment sites are outlined in purple.

### **Vacant available plots**

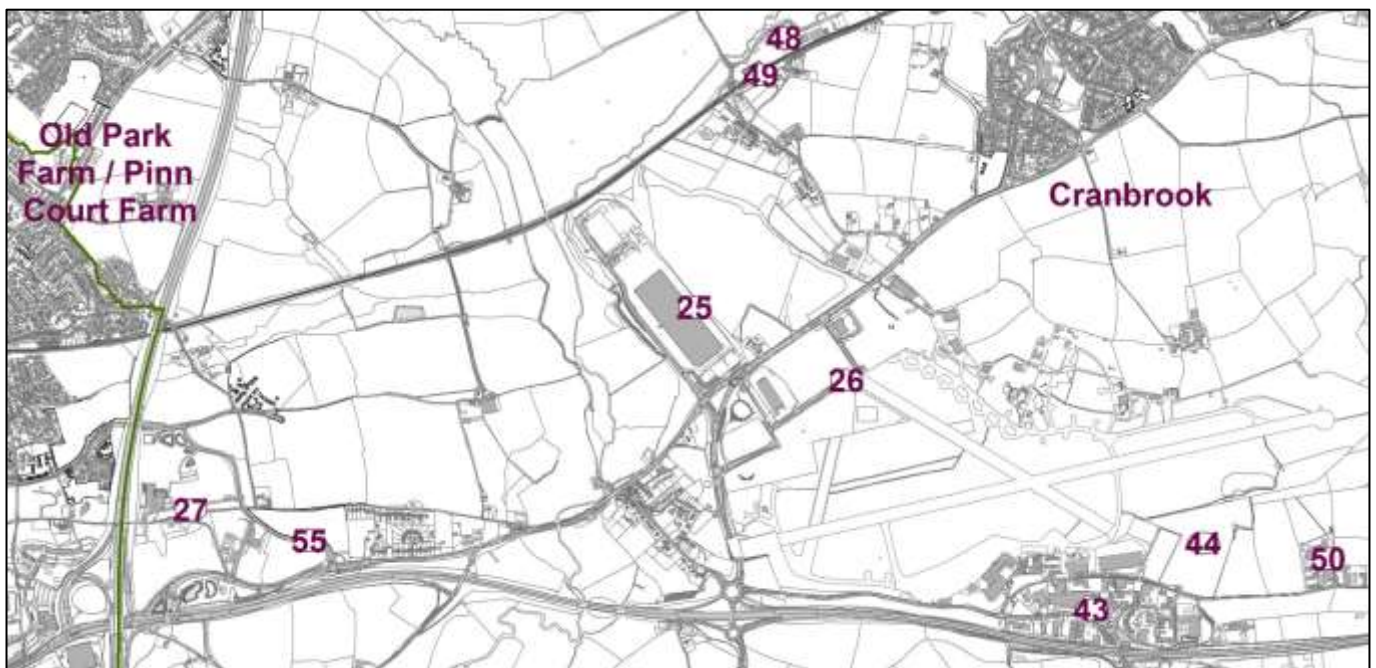

These are labelled and shaded in blue. They are available by virtue of being a Local Plan allocation or with a planning permission, or exceptionally where development would appear, in principle, to be policy compliant, and where there is no specific defined end user.

n.b. Each summary is accompanied by two illustrations: firstly, a colour aerial photo which shows the extent of the employment site, vacant plots, planning permissions and plots developed in the Local Plan period or currently under construction; secondly, a map shows the extent of the employment site along with non-domestic rated properties (both occupied and empty). Unfortunately, in some cases, the aerial photo is too old to feature a property which the report lists as completed.

## Appendix 1A - Western Area - West End Sites

The East Devon Local Plan specifically identifies an area of the District which is termed the West End. This part of East Devon falls close to the city of Exeter and is identified for strategic scale growth and development.

Strategy 9 of the Local Plan establishes that certain specified strategic sites fall at, indeed they define, the West End. This section of the appendix is specifically concerned with these West End sites, however on account of proximity to the large strategic sites three smaller areas that are not strictly speaking in Local Plan terms at the West End are also included in this element of the assessment (Lodge Trading Estate, Hungry Fox and McBains).

Included in this section are: Site 25 – Intermodal Interchange; Site 26 – Skypark; Site 27 – Exeter Science Park; Sites 43 & 44 – Exeter Airport Business Park; Site 48 – Lodge Trading Estate; Site 49 – Hungry Fox Estate; Site 50 McBains; Site 55 – Tithebarn Green / Mosshayne; and the employment areas at Cranbrook and Old Park Farm / Pinn Court Farm where specific plots are yet to be determined.

## **27 – Exeter Science Park, J29 of the M5**

### **Ownership**

The site is understood to be in multiple ownership.

### **Description**

Exeter Science Park is located adjacent to Junction 29 of the M5 motorway. Road access to the site is from the M5 and A30. The site is of a substantial scale, 33.6 hectares, although low density development is planned with buildings sited in a high quality landscaped setting. The Science Park will be home to high quality scientific research and development companies and business. The whole of the Science Park has Enterprise Zone status.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 27A to 27M.

### **Completions**

During the last 6 years, Plots 27A and 27B/C comprising Eagle House and Science Park Centre office development for research and development have been completed.

Plot 27I, the Met Office 'super computer' centre was completed in 2016.

During 2018-19, 'Grow on Buildings' for research and development at plots 27F and 27G were also completed.

### **Approvals**

During 2015-2016, permission (reserved matters) was granted for the Redhayes Southern and Eastern car park and the Tithebarn Cluster car park, at plots 27H (not yet started) and 27M (not yet started) respectively; plot 27Kii was granted Reserved Matters permission in July 2018 for a new three-storey engineering research and development building.

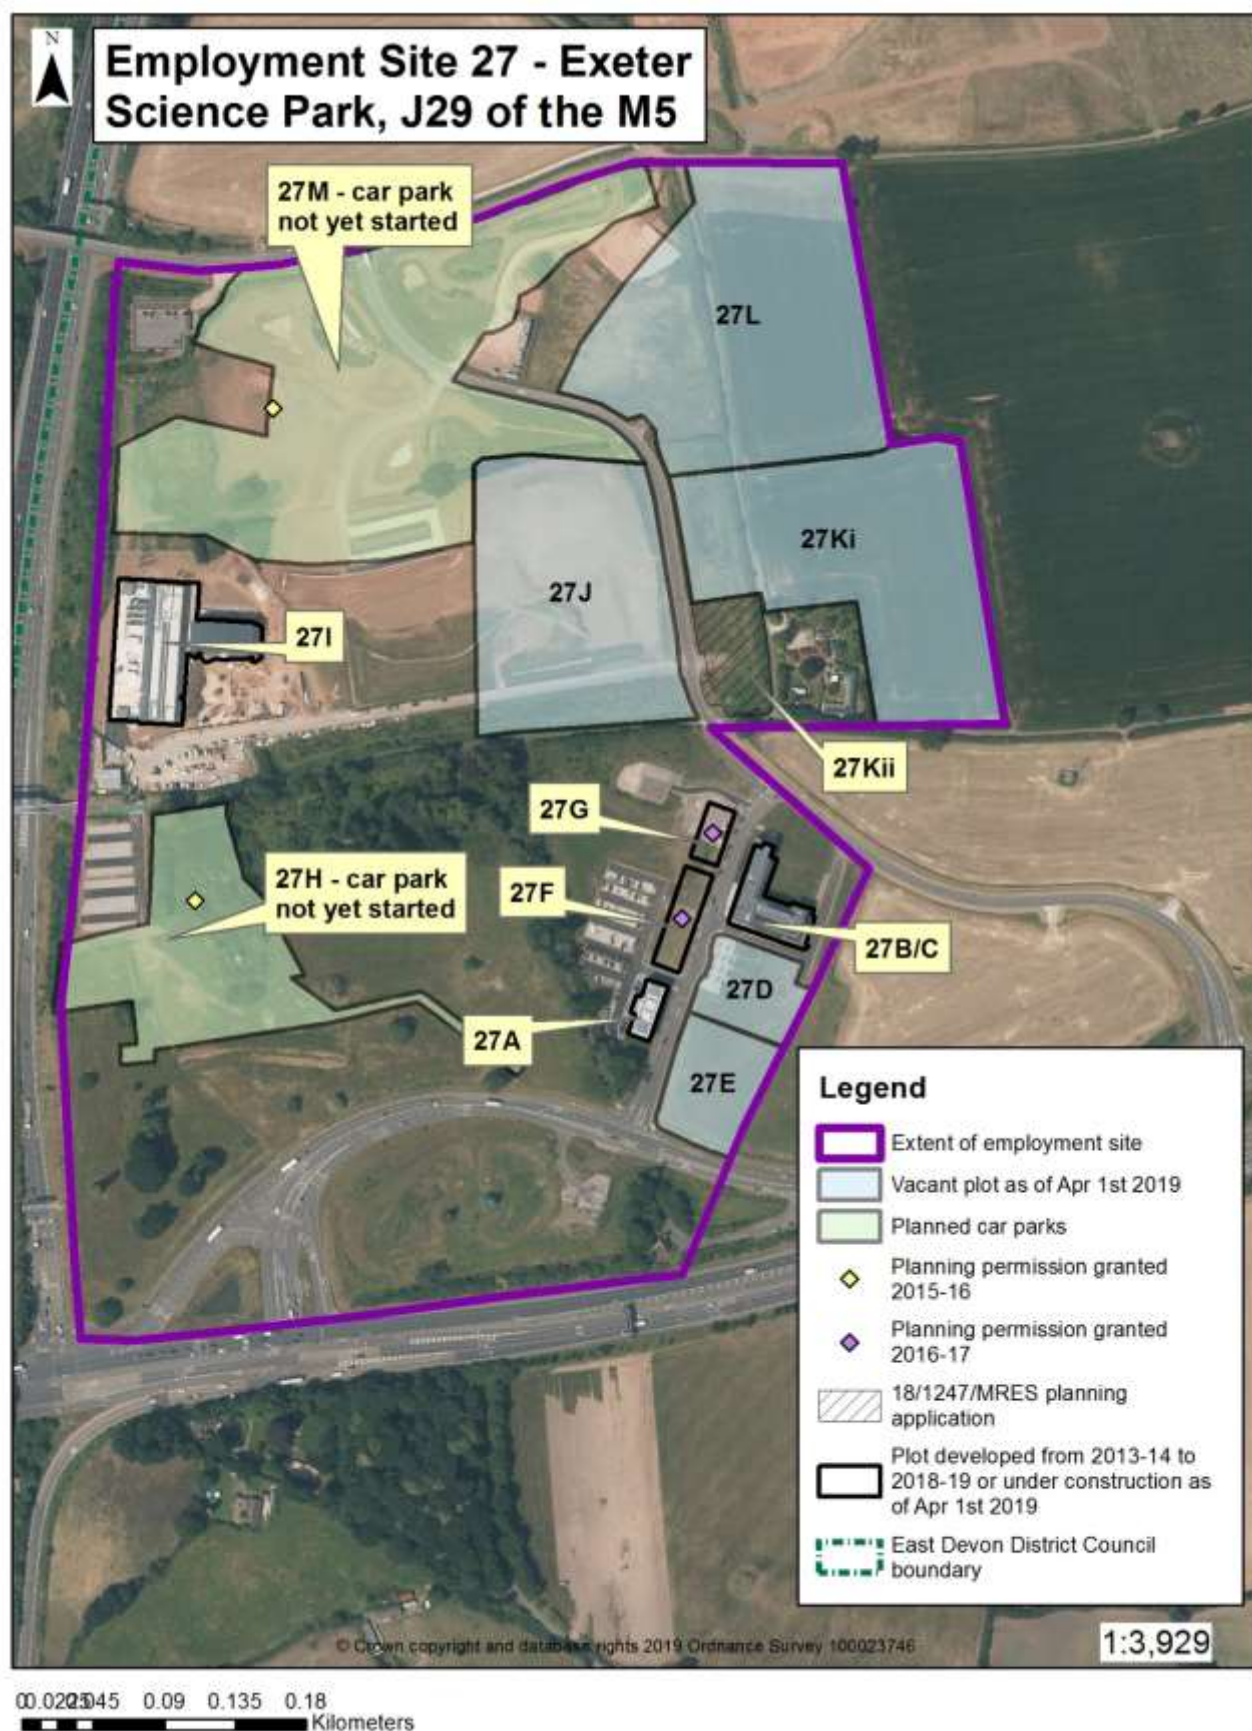

### **Vacant Land**

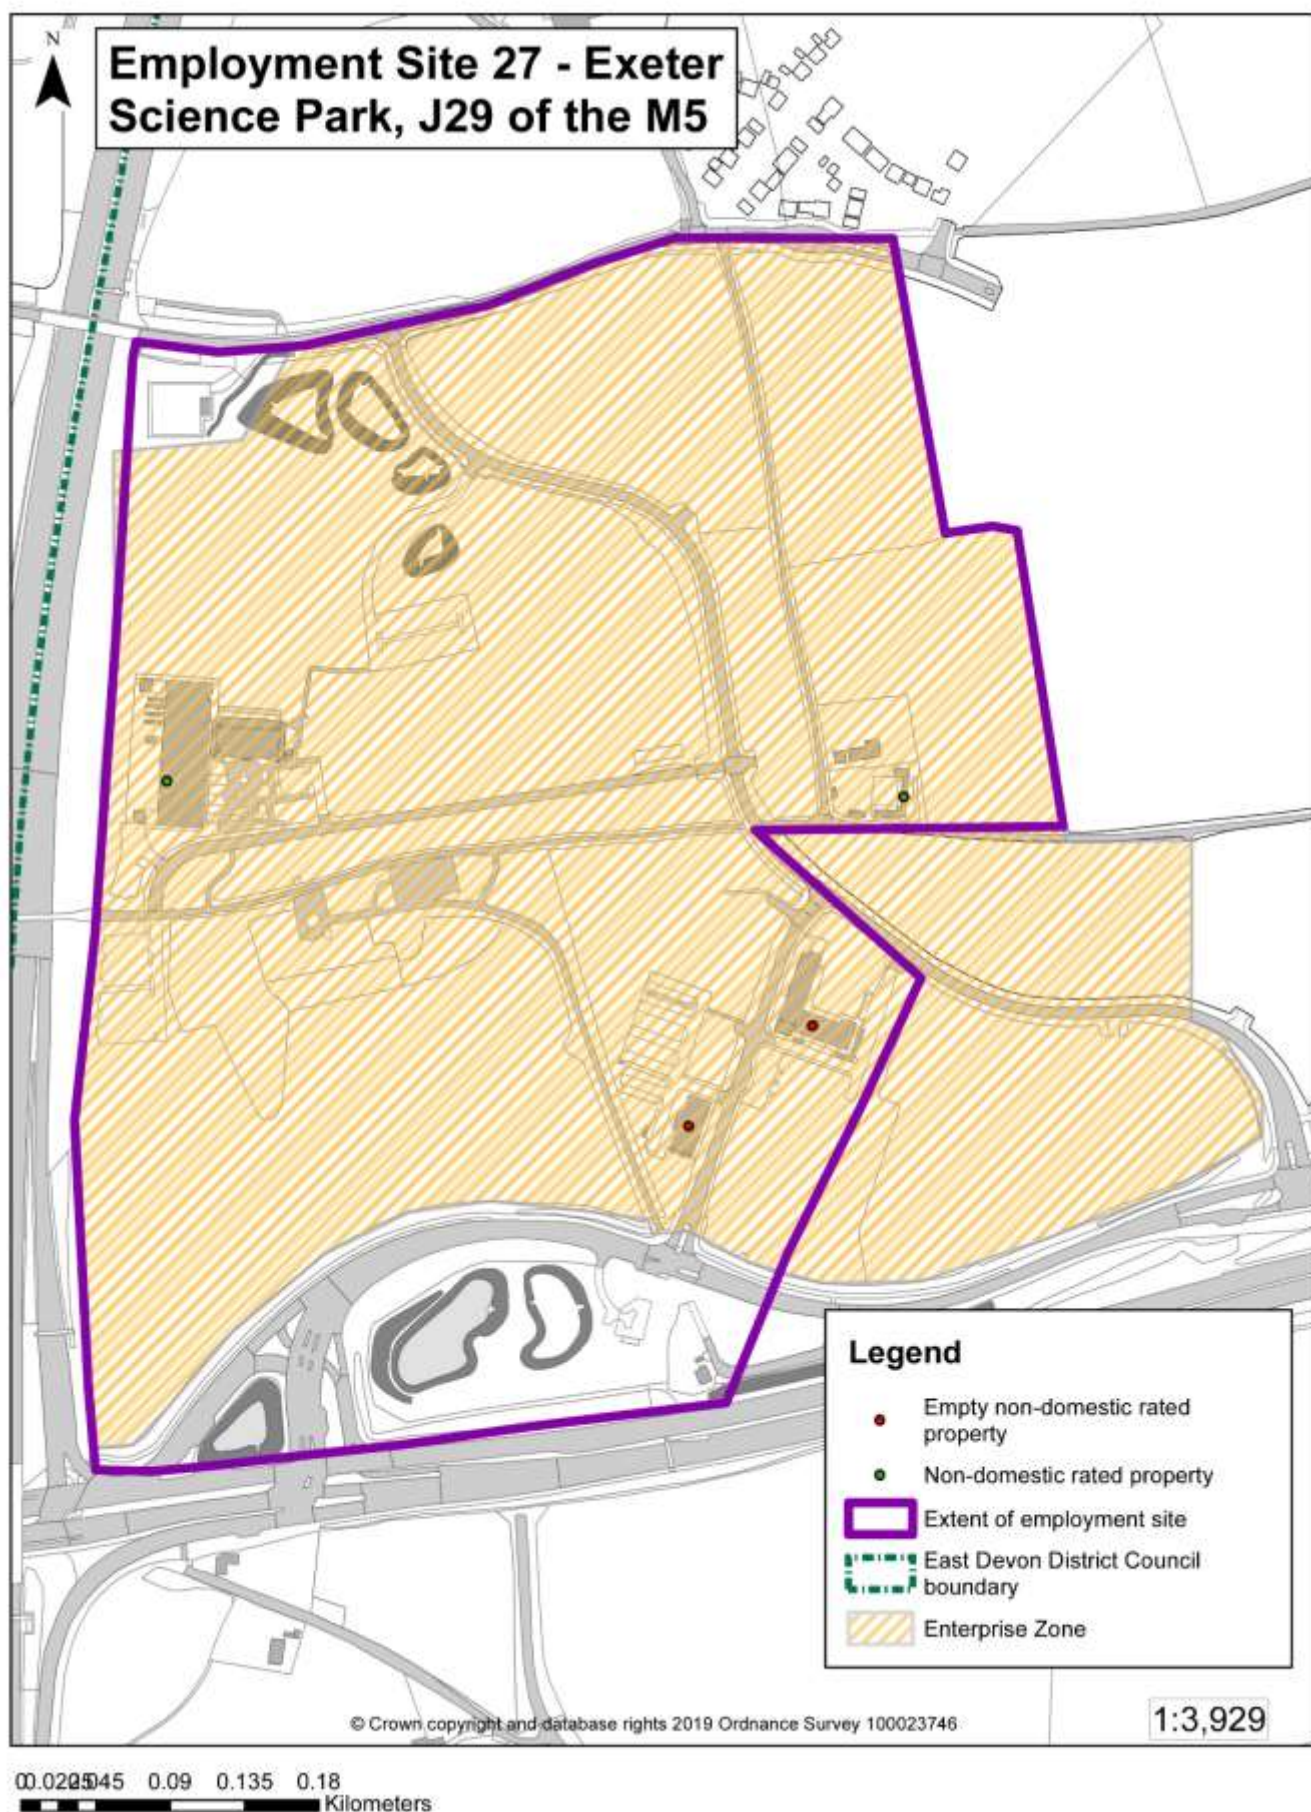

Plots D, E, J, Ki and L are vacant with no recent planning permissions.

Vacant land is 8.12 hectares in total.

### **Non-Domestic Rated Properties**

Buildings at plots 27A, 27B/C, 27F, 27G and 27I are rated for non-domestic use. There were 42 units, mainly offices, rated as 'non domestic' within the employment site at 31.3.2019 (including 5 that were empty).

## **55 – Tithebarn Green / Mosshayne, Junction 29 of the M5 (Mixed Use Allocation)**

### **Ownership**

Land at Tithebarn Green / Mosshayne is understood to be owned by Eagle One.

### **Description**

The employment land at Tithebarn Green / Mosshayne lies to the south east of Exeter Science Park. Outline permission exists for two plot areas extending to 4.59 hectares in total, which are shown on the plans below.

The site is part of an Enterprise Zone.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 55A and 55B.

### **Vacant Land**

Plots 55A and 55B were granted permissions for mixed used developments prior to 2014; both sites are currently vacant.

### **Site Constraints**

There are residential proposals to the east of the site.

## **25 – Intermodal Interchange, near Clyst Honiton**

### **Ownership**

The site is understood to be partly owned by the Church Commissioners for England.

### **Description**

The Intermodal Interchange is a substantial site with a gross area of around 67 hectares located three kilometres to the east of the M5 motorway (Junction 29). The site has a prominent frontage and immediate highway access to the A30 to the south, and to the north abuts the Exeter to Waterloo railway line. The site is shown on the plans below.

The Intermodal Interchange was specifically allocated for B8 uses and seeks to provide a location for the handling and movement of goods, from road to rail (and vice versa) with the explicit expectation of the site being served by a railhead directly from the adjoining railway line. A variation to conditions now means that the railhead will no longer be a requirement.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 25A and 25B.

### **Completions**

Plot 25A – the Lidl Intermodal Freight facility is now in use.

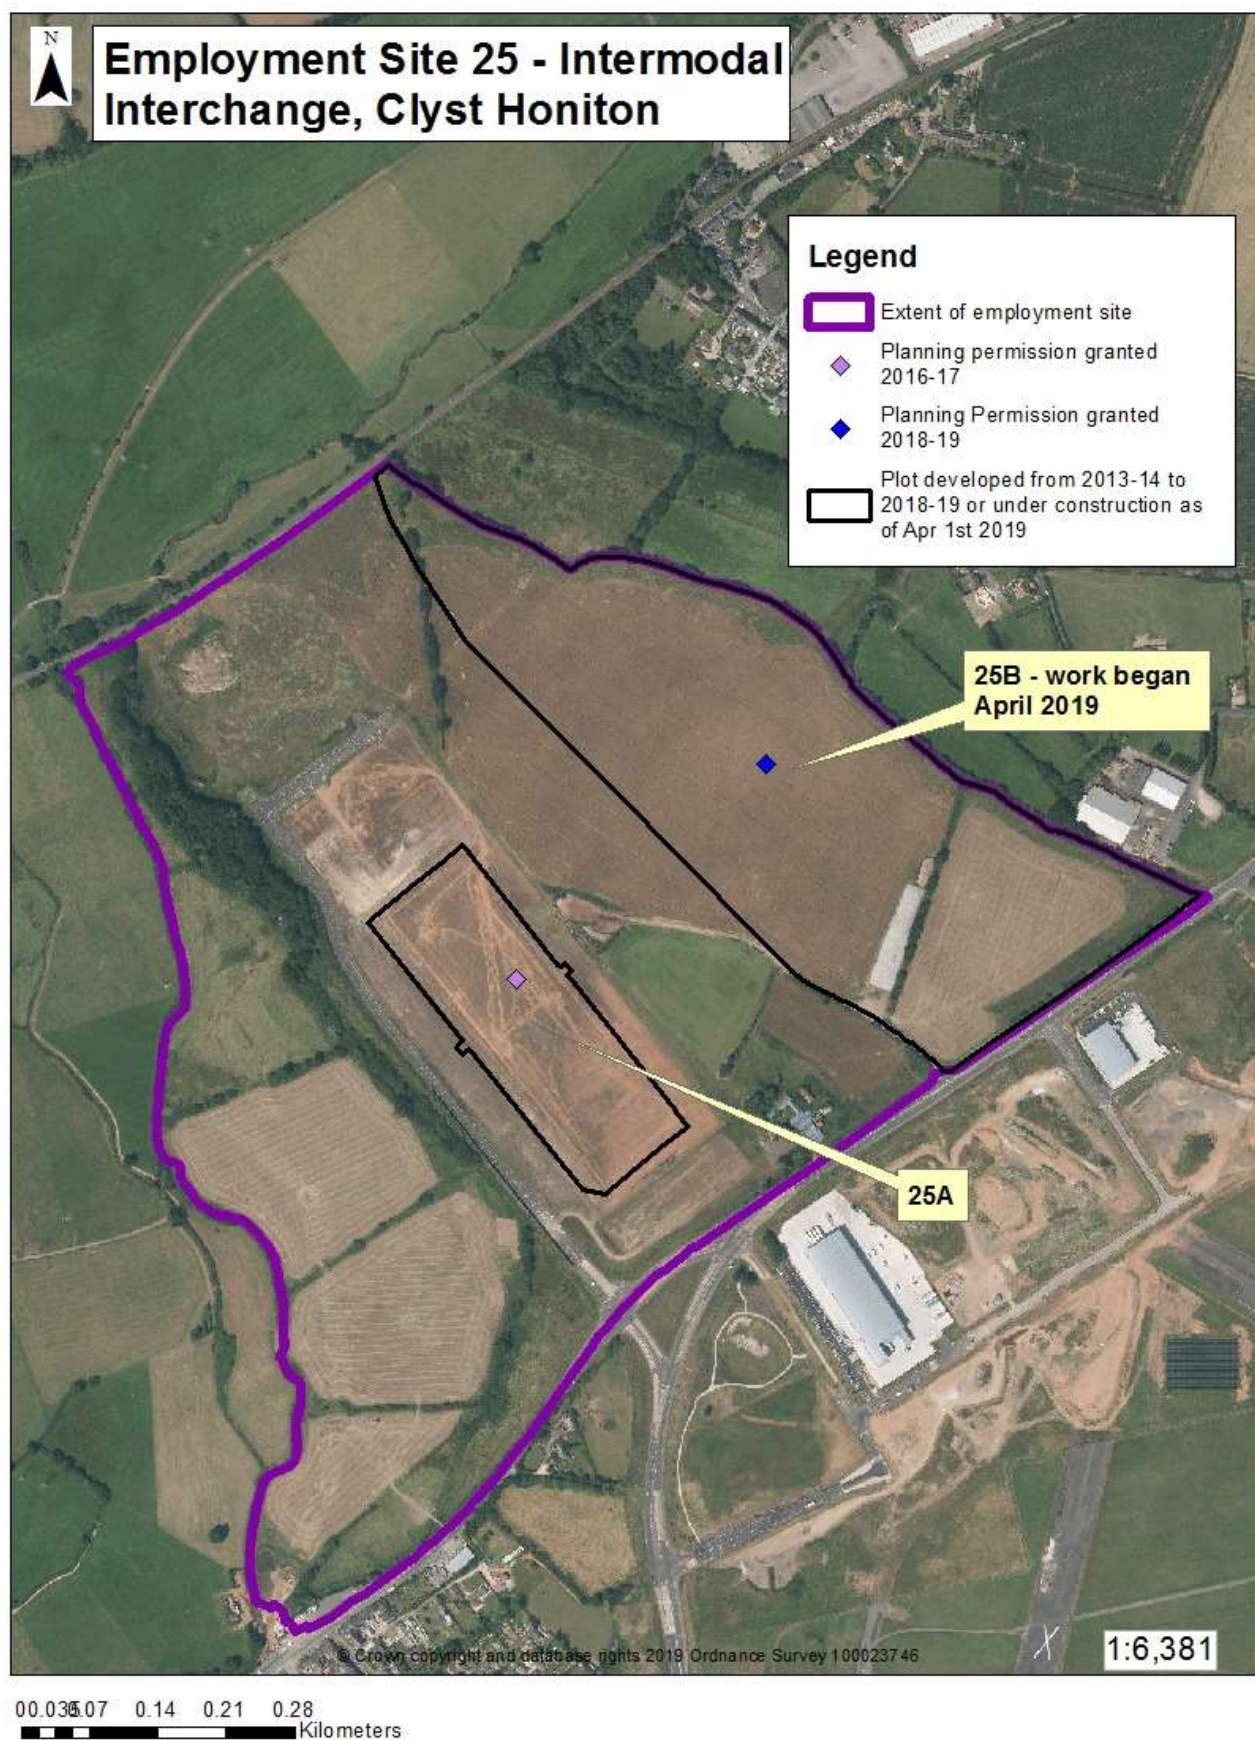

### **Approvals**

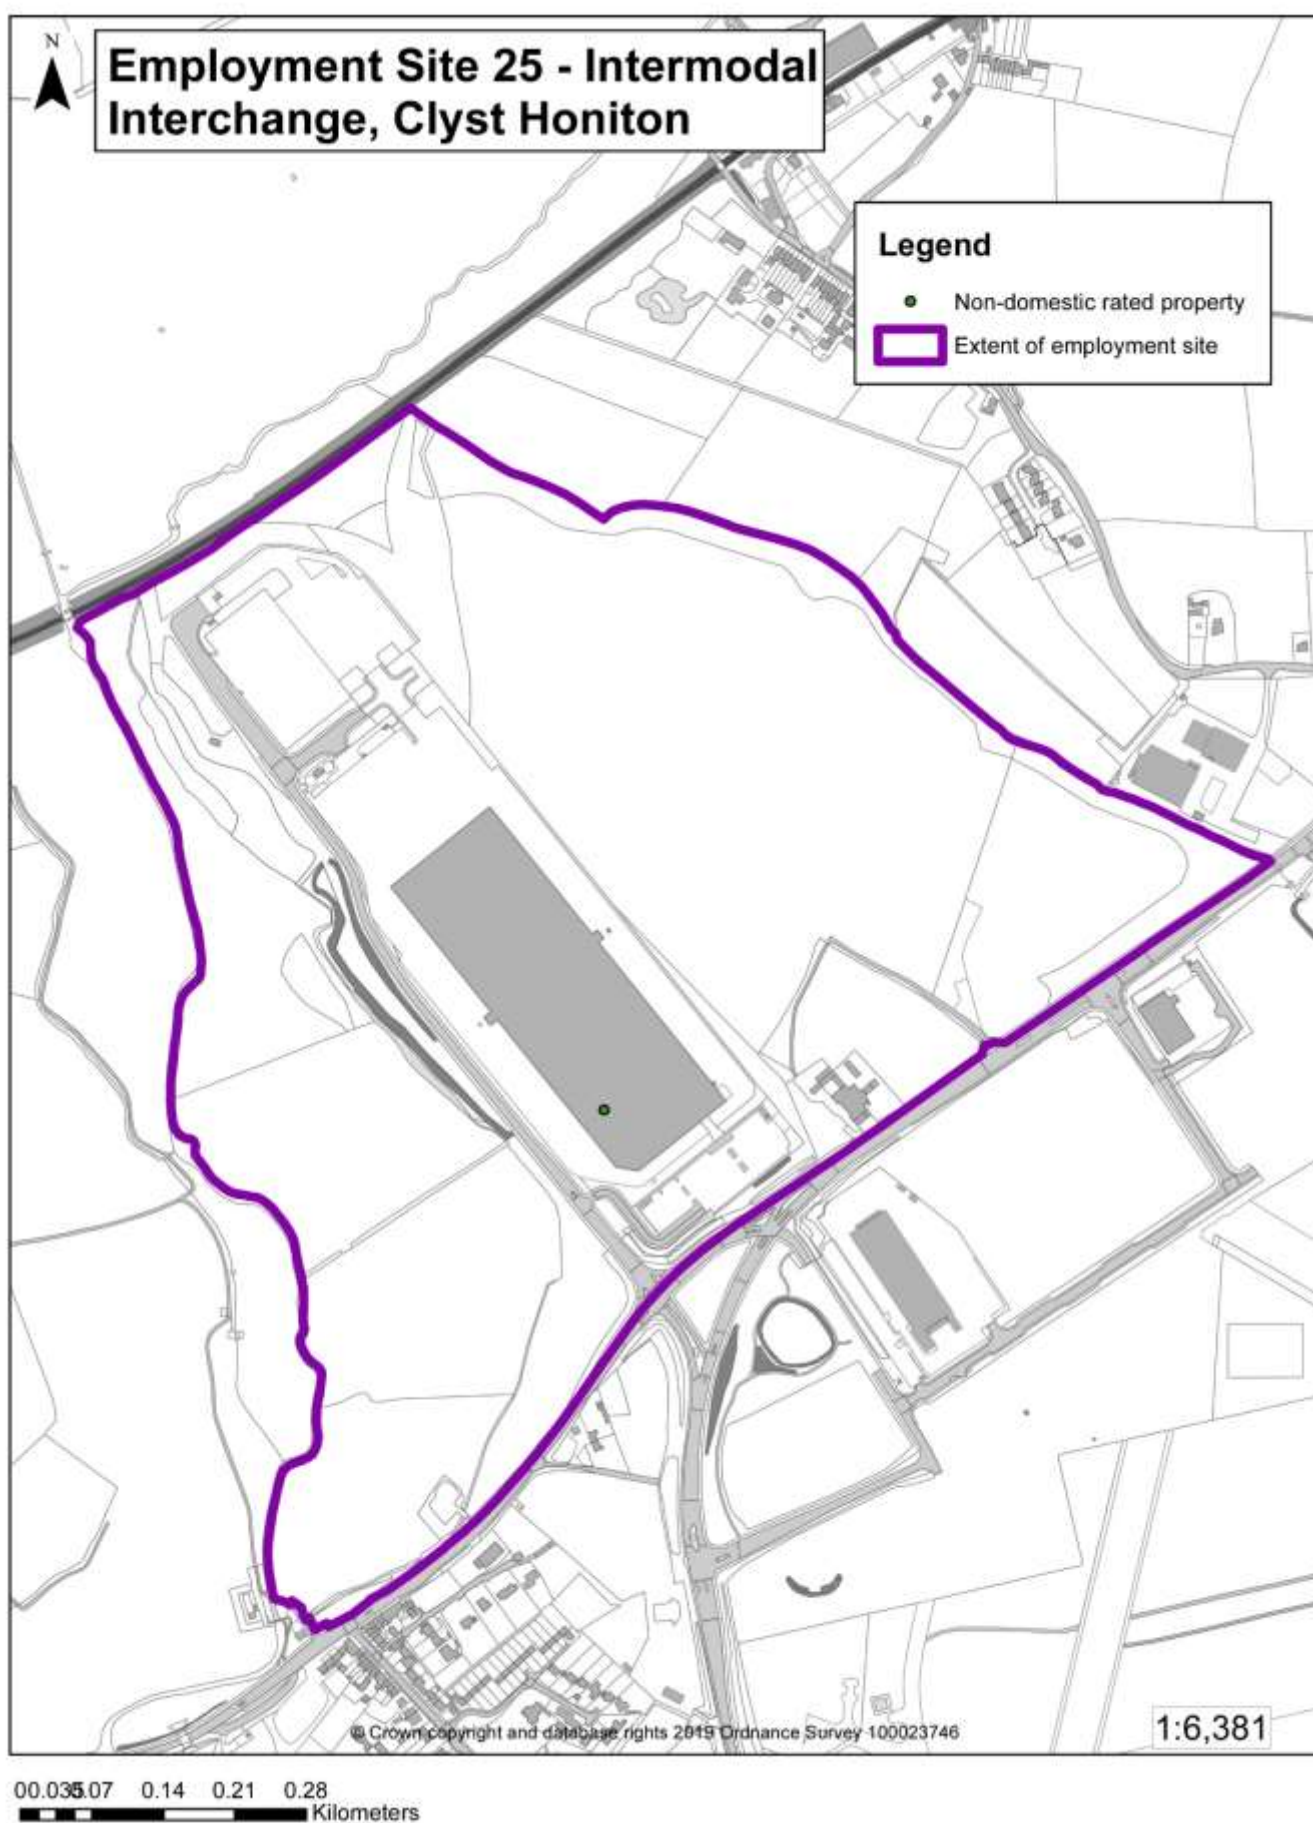

Plot 25B – permission was granted (reserved matters) for 110,000 m<sup>2</sup> of warehousing for online retailer Amazon, which includes space for a distribution facility, in November 2018 (due to open soon).

There is no remaining available land at this site.

### **Non-Domestic Rated Properties**

The Lidl facility is currently the only non-domestic rated building on site.

## **26 – Skypark, near Clyst Honiton**

### **Ownership**

The site is (or historically was) owned by Devon County Council.

### **Description**

Skypark is a substantial business park, with a gross area of around 42 hectares, which lies approximately three kilometres to the east of the M5 motorway (Junction 29). The site has a prominent frontage and has immediate highway access to the A30 and also to the Clyst Honiton bypass. The site is shown on the plans below.

Skypark lies on land that was formerly part of Exeter Airport. It is planned to become a high quality business park supporting a range of business enterprises and one of the South West's key strategic employment sites. The site has Enterprise Zone status.

Substantial works are ongoing to open up the site. In the north-east corner of the site, an energy plant has been built. An ambulance command centre and more recently a DPD distribution centre have also been built and are operational.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 26A to 26I.

### **Completions**

Permissions granted for plots 26A (SW Ambulance NHS Foundation Trust), 26B (DPD Ltd), 26Ci (Skypark Energy Centre) and – in 2018/19 – 26D (Arc Homes South West) are completed.

### **Approvals**

Plot 26Cii – In 2015-16 approval was given for two office blocks (this is the second of those permissions); yet to be started at 31.3.2019.

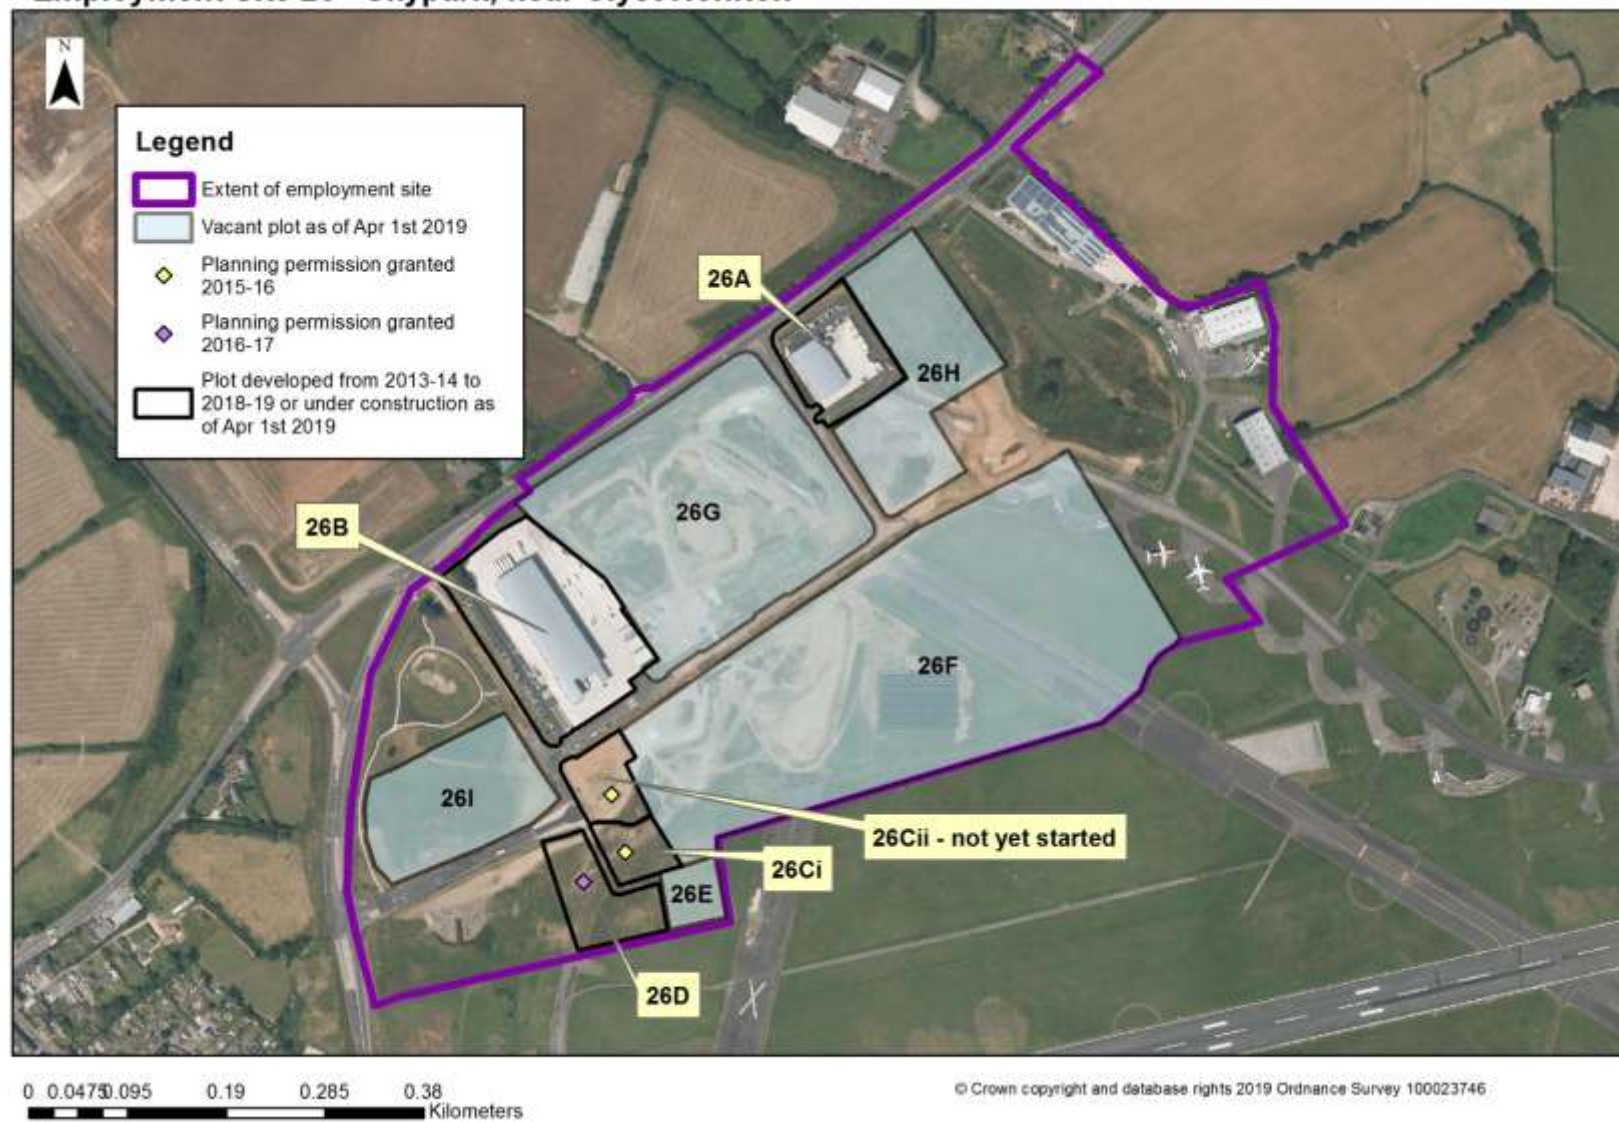

### **Vacant Land**

The remaining available land amounts to 20.3 hectares.

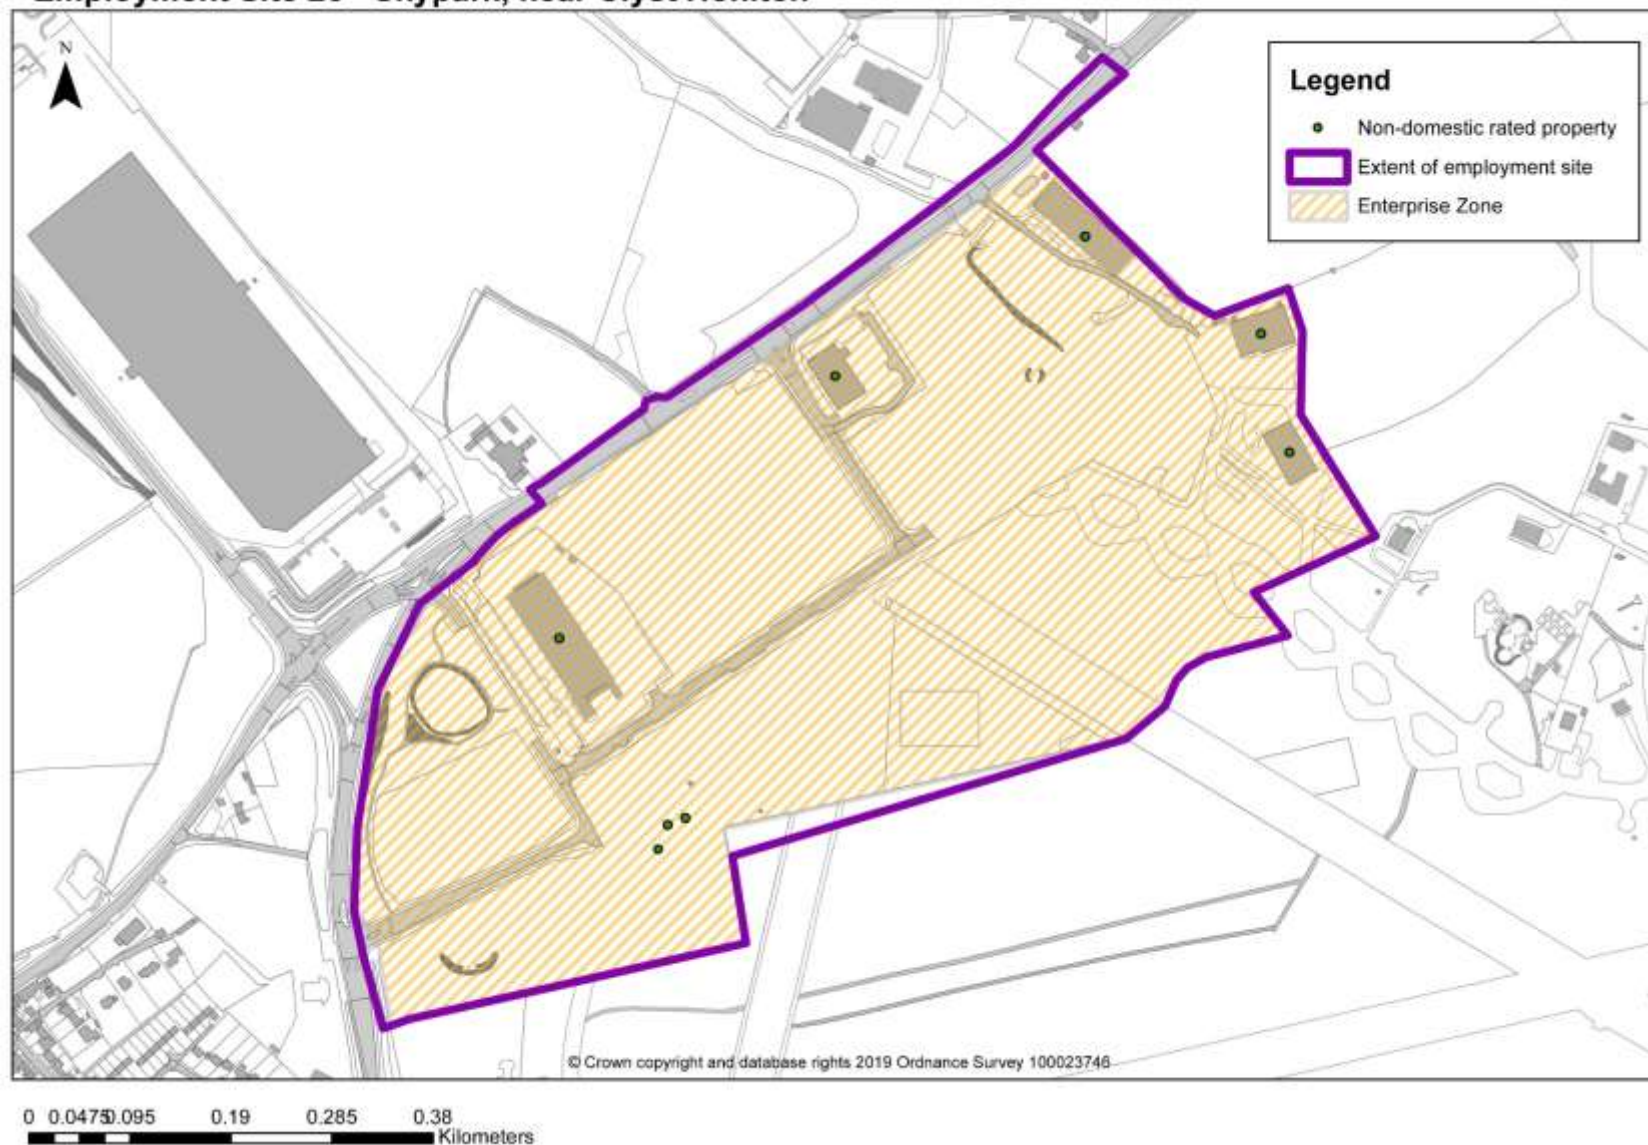

### **Non-Domestic Rated Properties**

There are eight buildings rated for non-domestic use, none of which were classed as empty at 31.3.2019. Two of the buildings are understood to be long standing airport related premises.

### Employment Site 26 - Skypark, near Clyst Honiton

### Employment Site 26 - Skypark, near Clyst Honiton

## **43 – Exeter Airport Business Park (Phase 1)**

### **Ownership**

Exeter Airport Business Park is in multiple ownership.

### **Description**

The business park lies to the south of and immediately adjacent to Exeter Airport terminal and other key airport buildings. The site is located on the B3184 and comprises of a mixture of late 20th and 21st century offices and buildings. The site covers an area of 13.1 hectares and is shown on the plans below. At most there will only be limited infill opportunities at the site.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 43A to 43C.

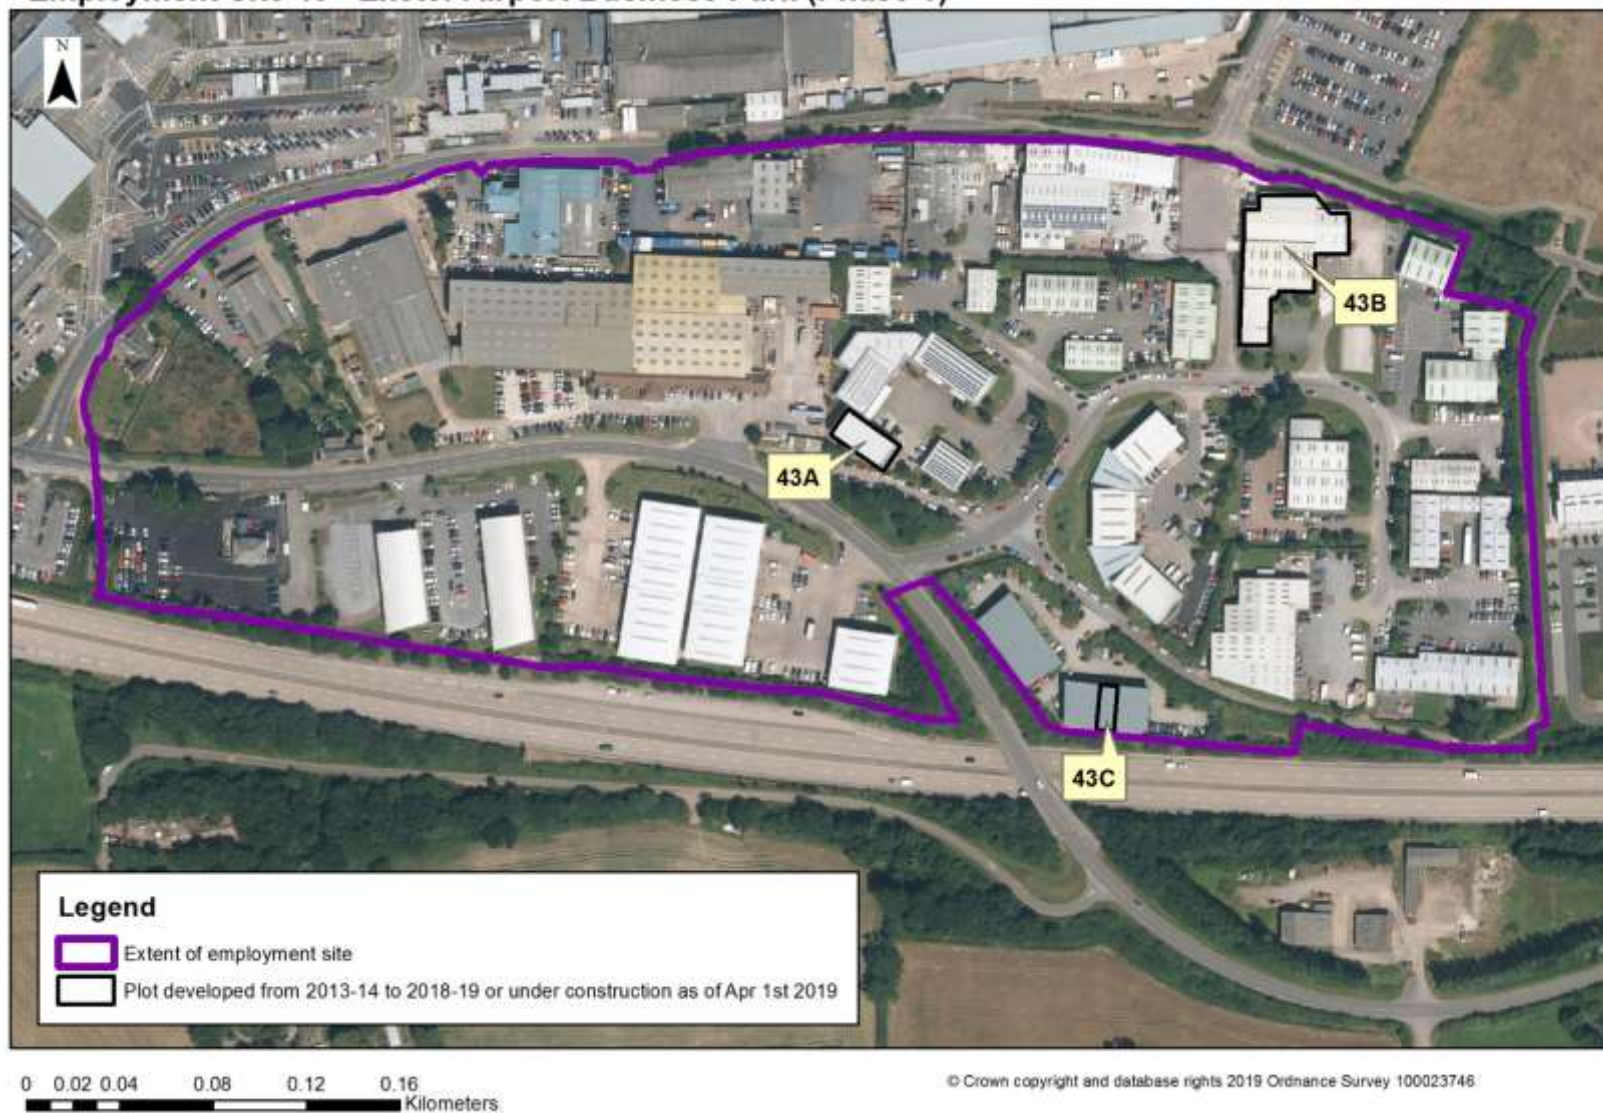

### **Completions**

Plots 43A (storage for Carling Technologies), 43B (production area extension for Goodrich UK Ltd) and 43C (COU from medical D1 to office B1) have been completed.

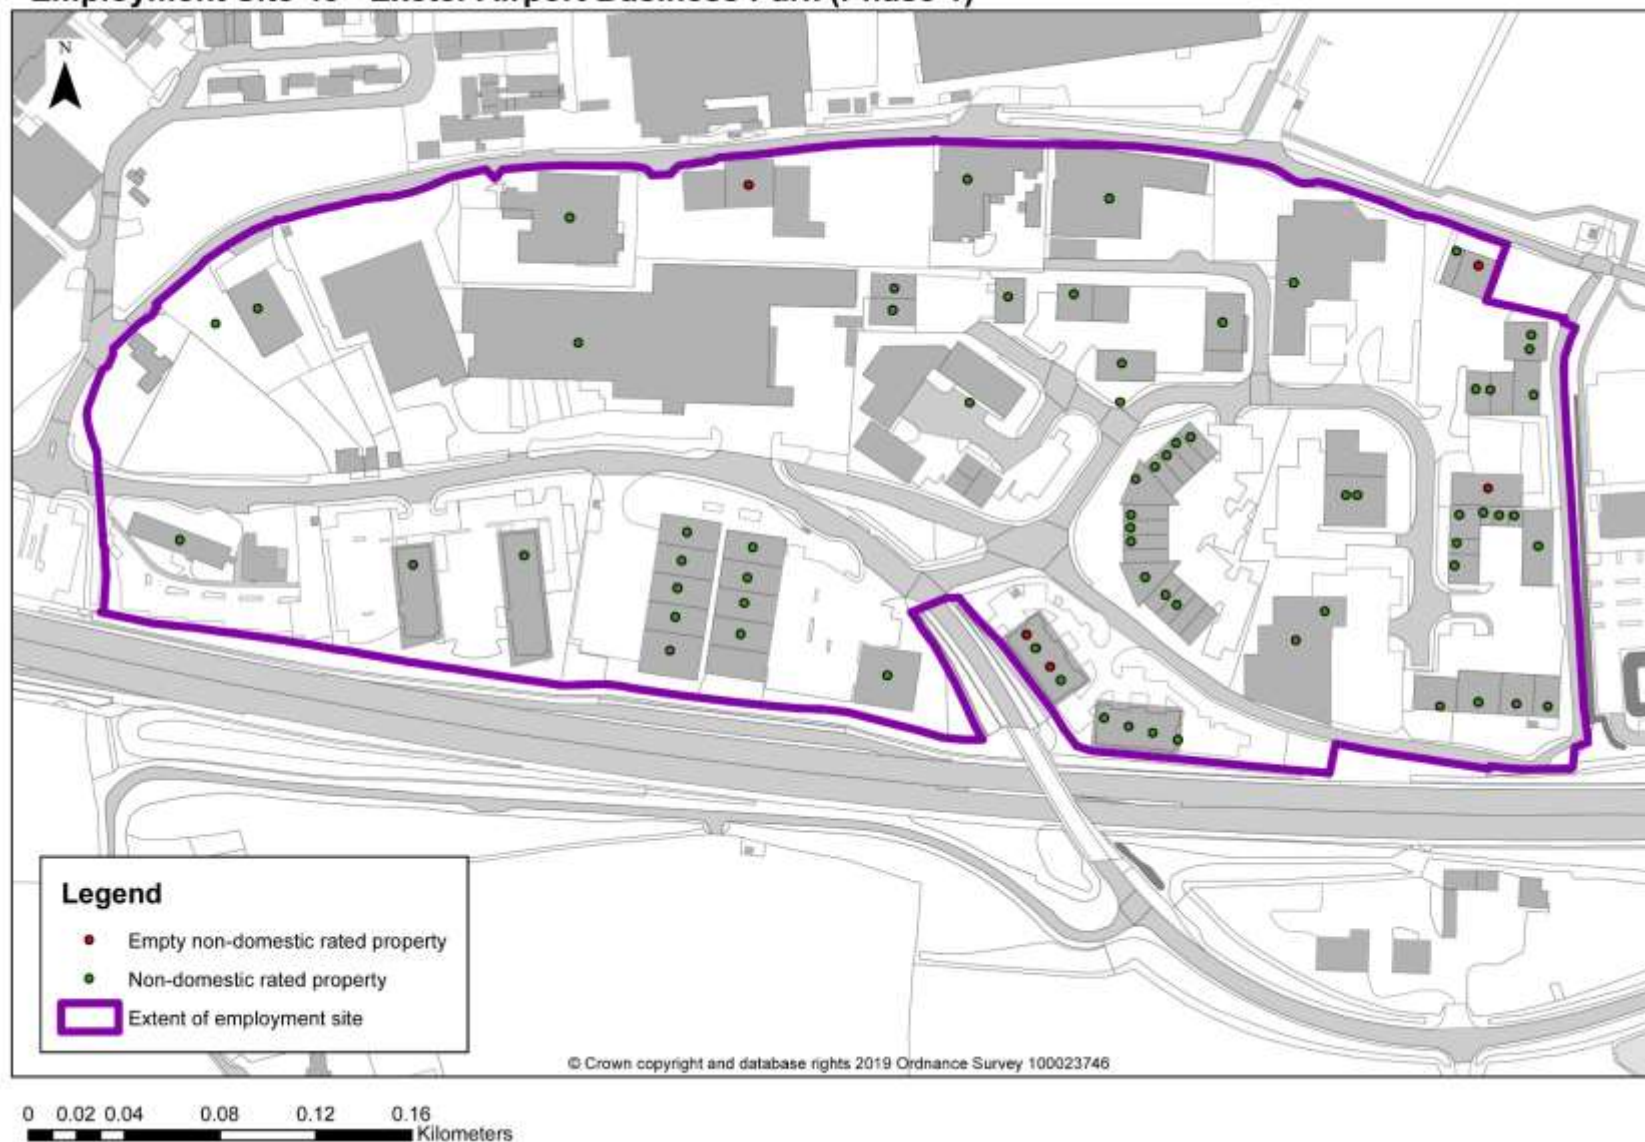

### **Non-Domestic Rated Properties**

There were a total of 86 buildings rated for non-domestic use, of which five were classed as empty at 31.3.2019.

### Employment Site 43 - Exeter Airport Business Park (Phase 1)

### Employment Site 43 - Exeter Airport Business Park (Phase 1)

## **44 – Exeter Airport Business Park (Phase 2)**

### **Ownership**

The site is in private ownership.

### **Description**

Phase 2 of Exeter Airport Business Park is a Greenfield site that lies to the east of the airport terminal facilities and buildings. The site is currently vacant and is allocated in the new East Devon Local Plan for employment use. The site is accessed from a lane that runs past the airport terminal facilities and it is in close proximity to the A30. The site, which has Enterprise Zone status, covers an area of 7.5 hectares and is shown on the plans below.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 44A.

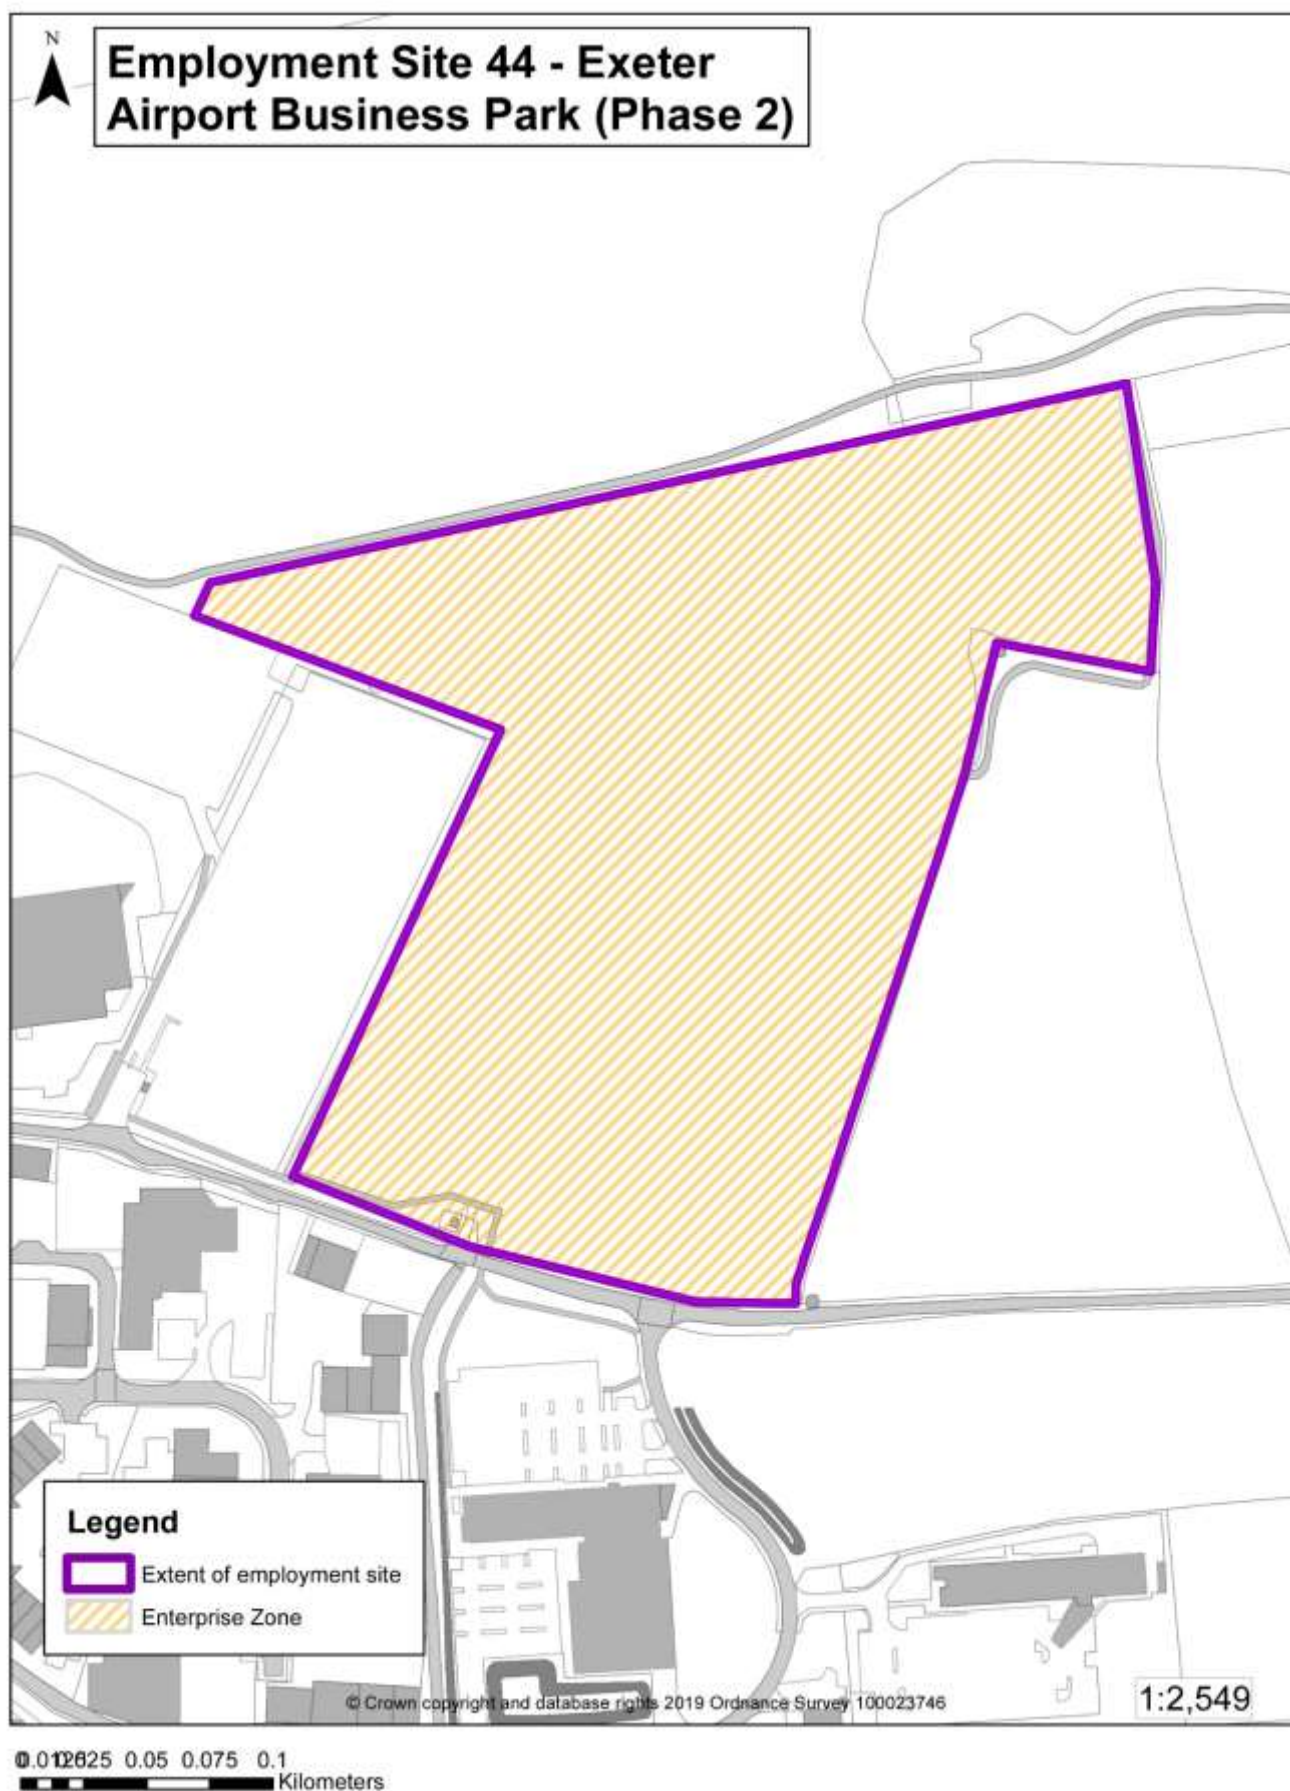

### **Vacant Land**

Plot 44A is allocated in the Local Plan (with no extant permission).

### **Site Constraints**

Current access onto the site is from a narrow lane which may need improving. This may affect the viability of the site.

## **48 – Lodge Trading Estate, near Broadclyst**

### **Ownership**

The Lodge Trading Estate site at Broadclyst is in multiple ownership.

### **Description**

The estate is sited around 1.3 kilometres to the south of Broadclyst village and immediately to the north of the Exeter to London Waterloo railway line. The site has been a mixed-use light industrial park for some 40 years and is accessed via Station Road. The latter road has a 7.5 tonne vehicle restriction and site access is on the outside of a bend in the road.

The boundary of the site has been expanded for the 2018/19 review to include a permission (see Approvals) for the former site of a Co-op supermarket / Peacocks clothing outlet to be used by Heaver Bros (road haulage and self-storage), granted in September 2018. This appears to have taken place but the site was not non-domestic rated as of the end of March 2019.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 48A.

### **Approvals**

Change of use from A1 (retail) to B1 (offices), B2 (general industry) and B8 (storage and distribution) – 18/1666/COU (Plot 48A).

### **Non-Domestic Rated Properties**

There are four non-domestic rated properties, none of which were empty at 31.3.2019; these are used by TNT Express (parcel delivery), Stockshop Country (agricultural supplies), a 'Meet and Greet' for Exeter Airport car parking and land used for self-storage containers.

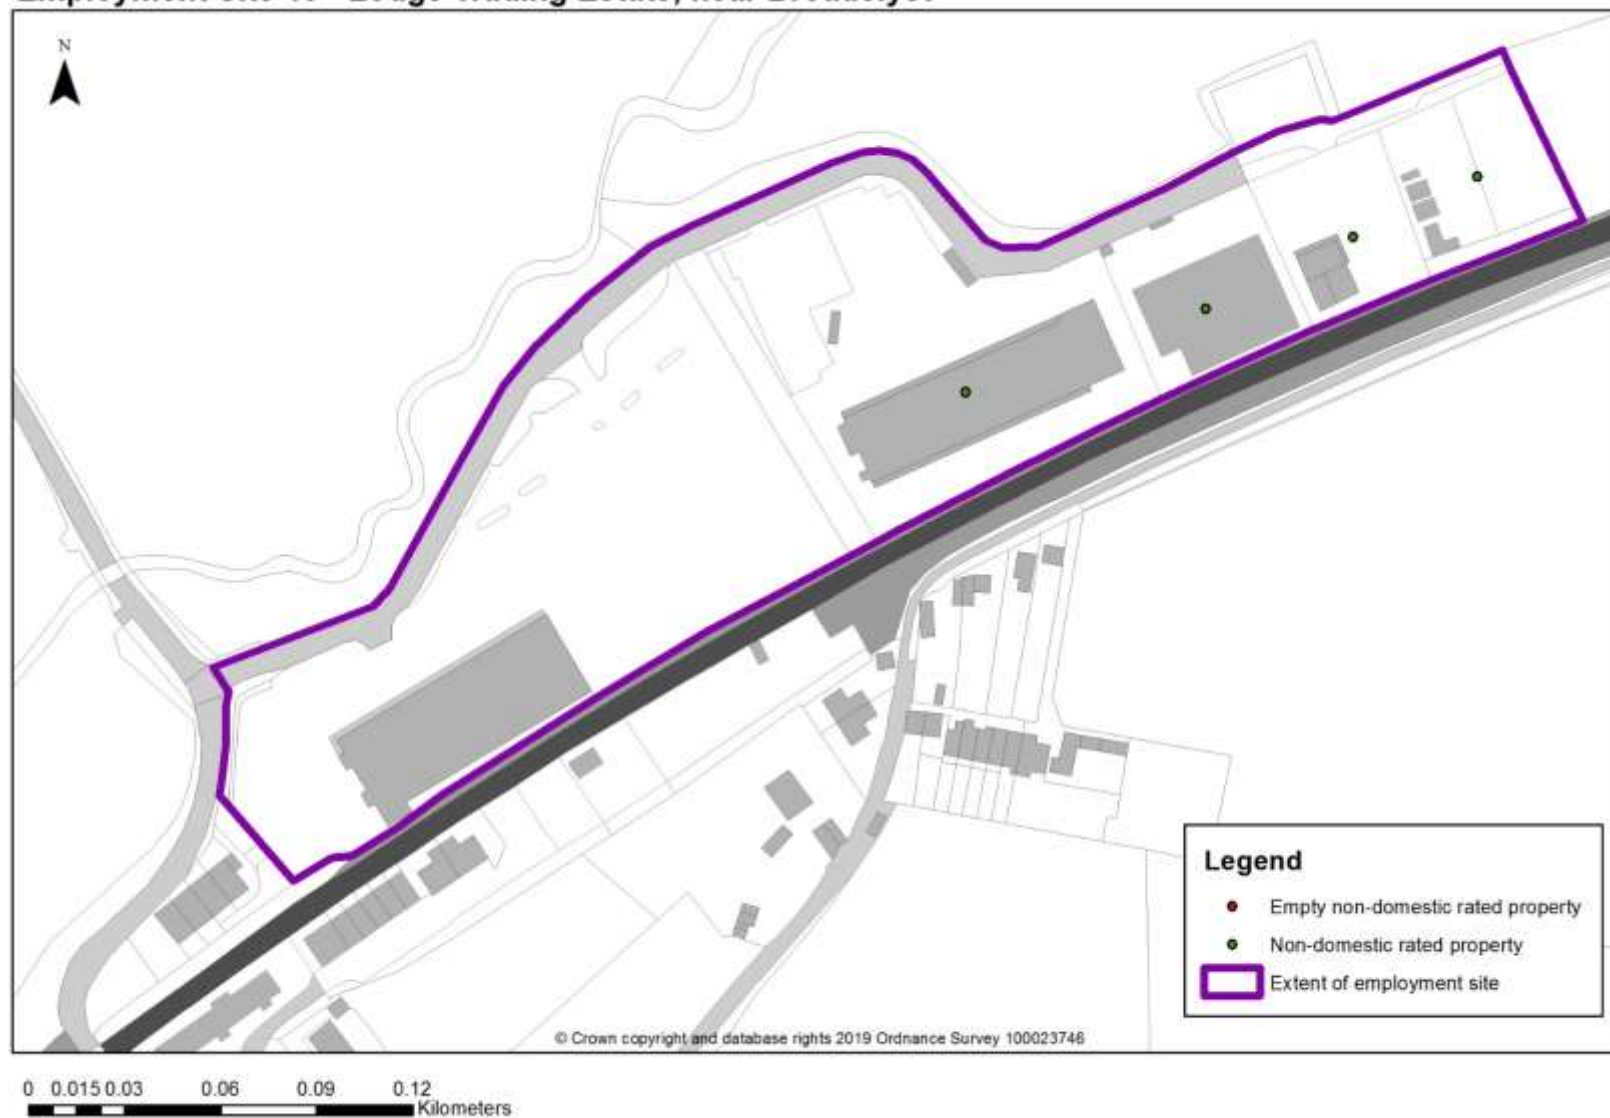

### **Site Constraints**

There is a railway line to the south of the site, and the site is in close proximity to a flood zone.

### Employment Site 48 - Lodge Trading Estate, near Broadclyst

### Employment Site 48 - Lodge Trading Estate, near Broadclyst

## **49 – Hungry Fox Estate, near Cranbrook**

### **Ownership**

The ownership of the Hungry Fox estate is not known.

### **Description**

The estate is located on Station Road, approximately 1.6 kilometres south of the village of Broadclyst and adjacent to land allocated for development at Cranbrook. The Hungry Fox Estate is bounded by the Exeter to London Waterloo railway line along its northern boundary and Station Road is located to the west. The site is small, extending to 0.46 hectares and is shown on the plans below. It contains a mix of small scale units and in the easterly part a large area of open air storage.

### **Non-Domestic Rated Properties**

There are 13 non-domestic rated properties, with none classed as empty at 31.3.2019. Eight of the units have a storage use, with two offices and one workshop among the remaining units.

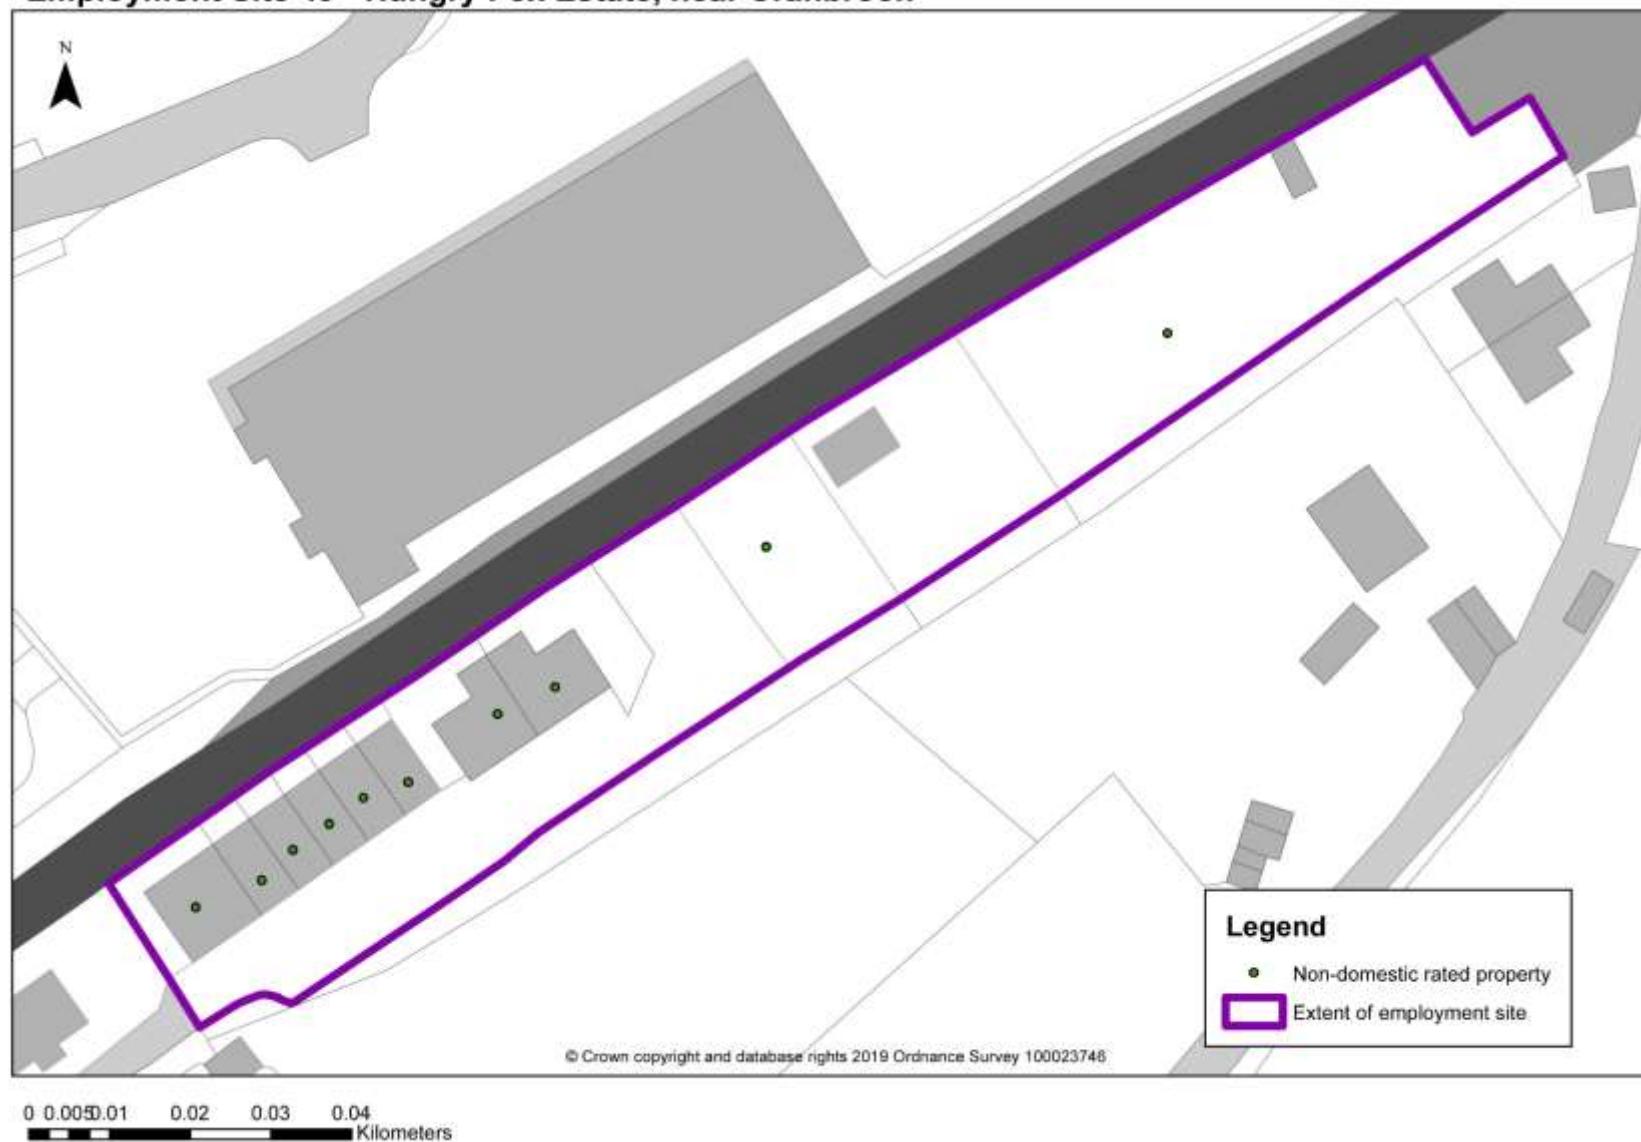

### **Site Constraints**

There is a railway to the north of the site and the site is in close proximity to a flood zone.

### Employment Site 49 - Hungry Fox Estate, near Cranbrook

### Employment Site 49 - Hungry Fox Estate, near Cranbrook

## **50 – McBains, East of Exeter Airport**

### **Ownership**

The site is owned by McBains of Exeter.

### **Description**

The site is approximately one kilometre to the east of Exeter Airport. The southern site boundary abuts and gives access to the country lane that leads westward to Exeter Airport. The site extends to some 3.15 hectares and is shown on the plans below.

There are a range of modern small industrial units in the south western part of the site and older units elsewhere.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 50A to 50B.

### **Completions**

Plot 50A (storage unit for the Environment Agency) has now been completed.

### **Approvals**

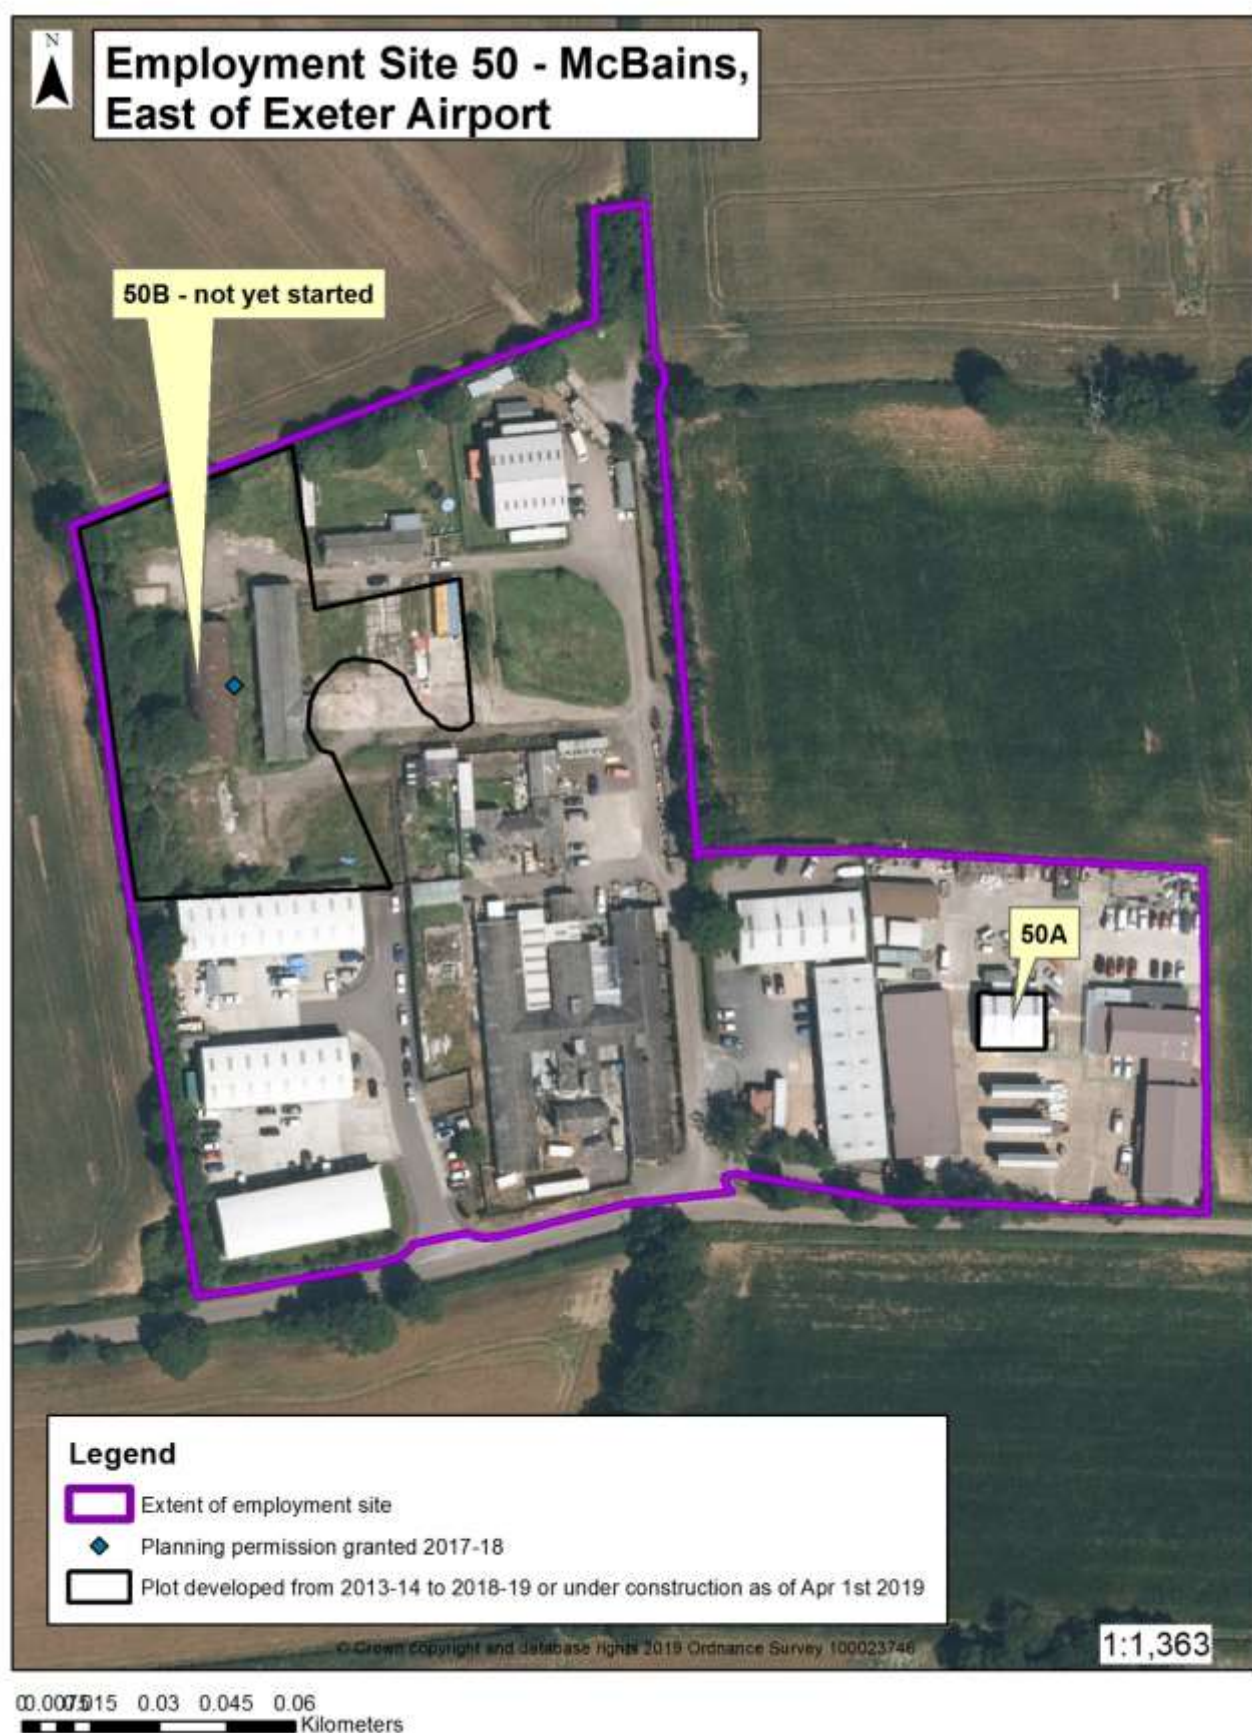

Plot 50B – Construction of a new industrial unit yet to start at 31.3.2019.

### **Non-Domestic Rated Properties**

There are 25 non-domestic rated units, of which three were classed as empty at 31.3.2019. The majority of units are used for warehousing.

### **Site Constraints**

Access is via a long lane.

## 52 – Cranbrook (Mixed Use allocation)

### Ownership

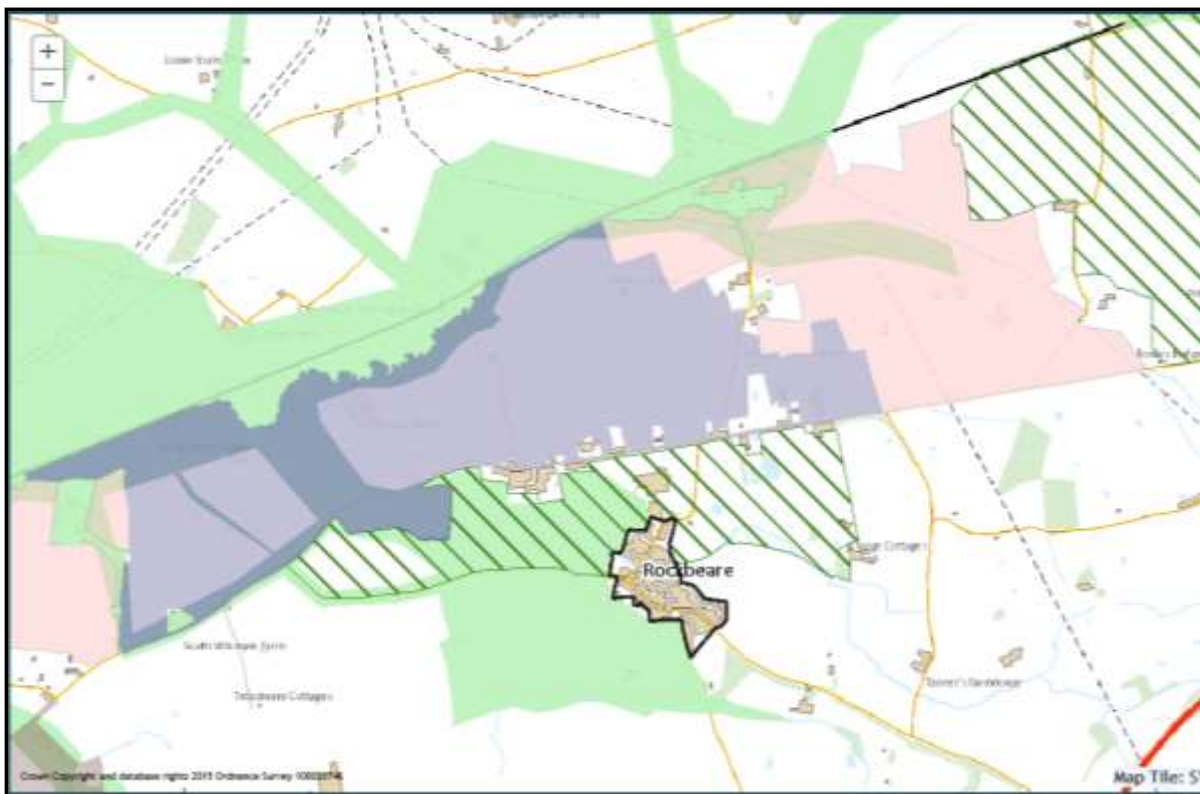

Land at Cranbrook is in multiple ownership.

### Description

Cranbrook is a new town being developed around four kilometres to the east of Junction 29 of the M5 motorway (at the nearest point of current development).

Local Plan policy provides for mixed use development at Cranbrook to include nearly 8,000 new homes and 18.4 hectares of employment land (Strategy 12 of the Local Plan).

The map below identifies the extent of the overall East Devon Local Plan land allocated currently at Cranbrook (pink, blue and mauve areas). The employment land provision is within Cranbrook but specific sites or locations are not currently allocated.

## 54 – Old Park Farm / Pinn Court Farm, Pinhoe (Mixed Use Allocation)

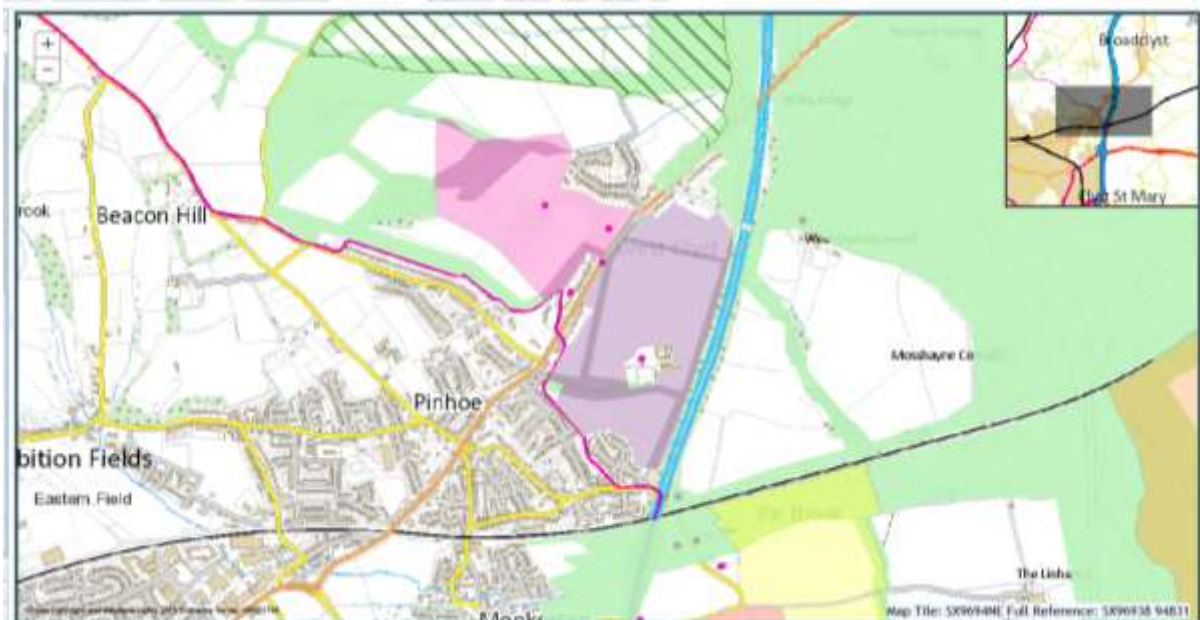

### Ownership

Land at Old Park Farm and Pinn Court Farm is understood to be owned by A.E. Stuart and Sons and Millwood Homes.

### Description

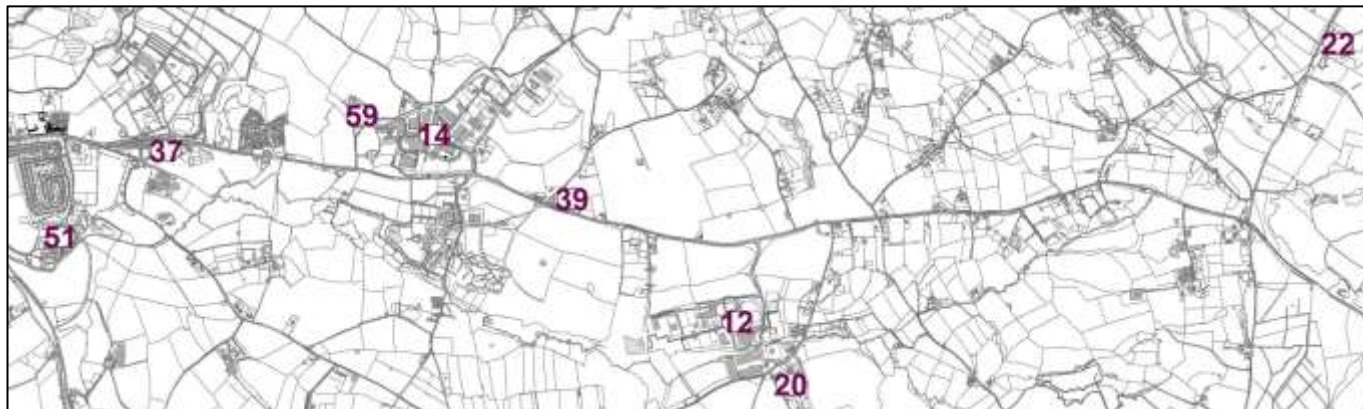

Old Park Farm and Pinn Court Farm lie on the north-eastern edge of Exeter but within East Devon district. Local Plan policy provides for mixed use development including new housing and three hectares of employment land. However planning permissions at these sites (mauve and purple areas) exist and include provision for an area that equates to around 0.58 hectares of employment land development. This lower figure would be a more realistic expectation of employment development.

The map below identifies the extent of land at Old Park Farm and Pinn Court Farm. The employment land provision is within the overall development area though specific plots or locations are not currently allocated.

## Appendix 1B - Western Area: A3052 Corridor

This part of the appendix features sites along the A3052 Corridor – in and around Farringdon, Clyst St Mary, Woodbury Salterton and Aylesbeare.

Included in this section are: Site 12 – Greendale Business Park; Site 14 – Hill Barton Business Park; Site 20 – Mill Park Industrial Estate / Hogsbrook Units; Site 22 – Aylesbeare Common Business Park; Site 37 – Oilmill Industrial Estate; Site 39 – Waldrons Farm Industrial Estate; Site 51 – Winslade Park; and Site 59 – Axehayes Farm.

## **14 – Hill Barton Business Park, near Farringdon**

### **Ownership**

The site is in multi-ownership but with A.E. Stuart & Sons being a main owner.

### **Description**

Hill Barton Business Park is a large scale site of 26.5 hectares. It is located close to the village of Farringdon just off the A3052 and four kilometres (2.5 miles) to the east of the M5 motorway (Junction 30). The site is shown on the plans below.

Hill Barton Business Park has developed over the last three decades and is home to a number of heavy industrial, storage/distribution and manufacturing premises as well as large areas used for external storage. There are also some smaller and newer units on the site. A number of businesses on the estate are involved in waste processing and some waste activity also takes place adjacent to but outside of the employment area shown on the maps.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 14A to 14H.

### **Completions**

There have been nine completions during the last five years – Plots 14Ai (8 factory units), 14Aii (factory unit extension), 14B (new unit), 14C (warehouse and office), 14D (offices and storage), 14E (vehicle storage and temporary workshop), 14F (vehicle storage extension), 14G (waste transfer building and offices) and 14H (COU from storage and distribution to servicing and MOT).

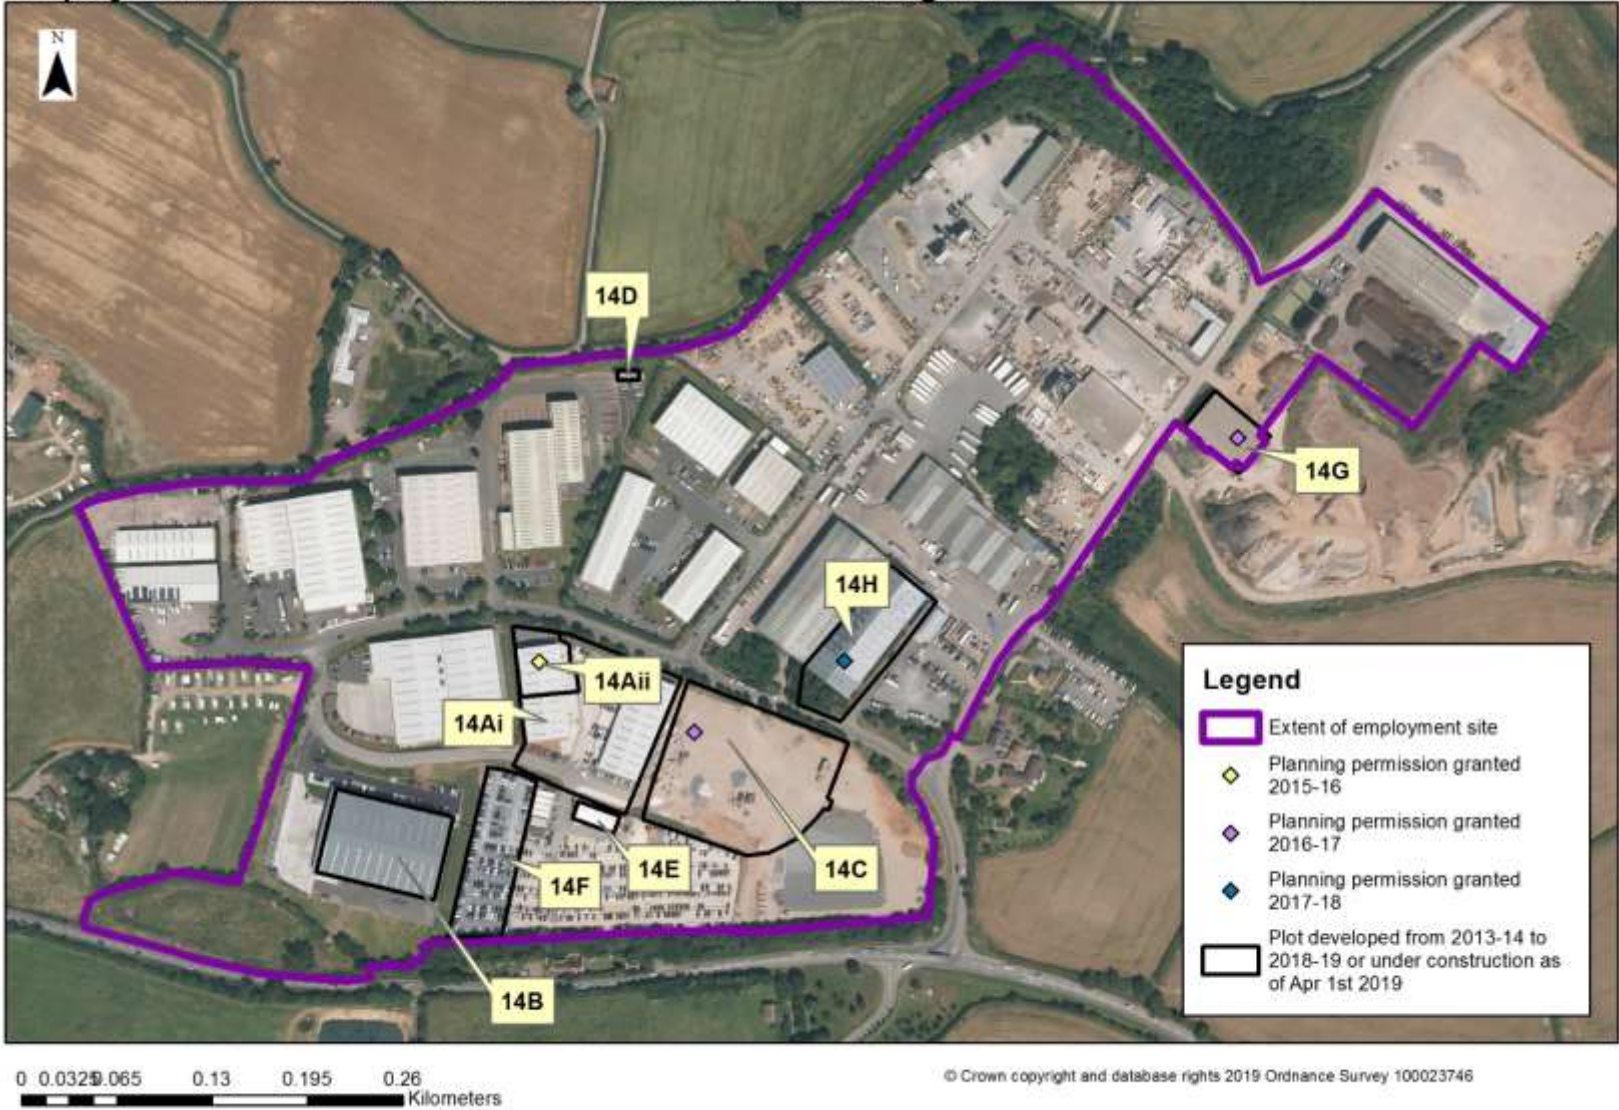

### **Non-Domestic Rated Properties**

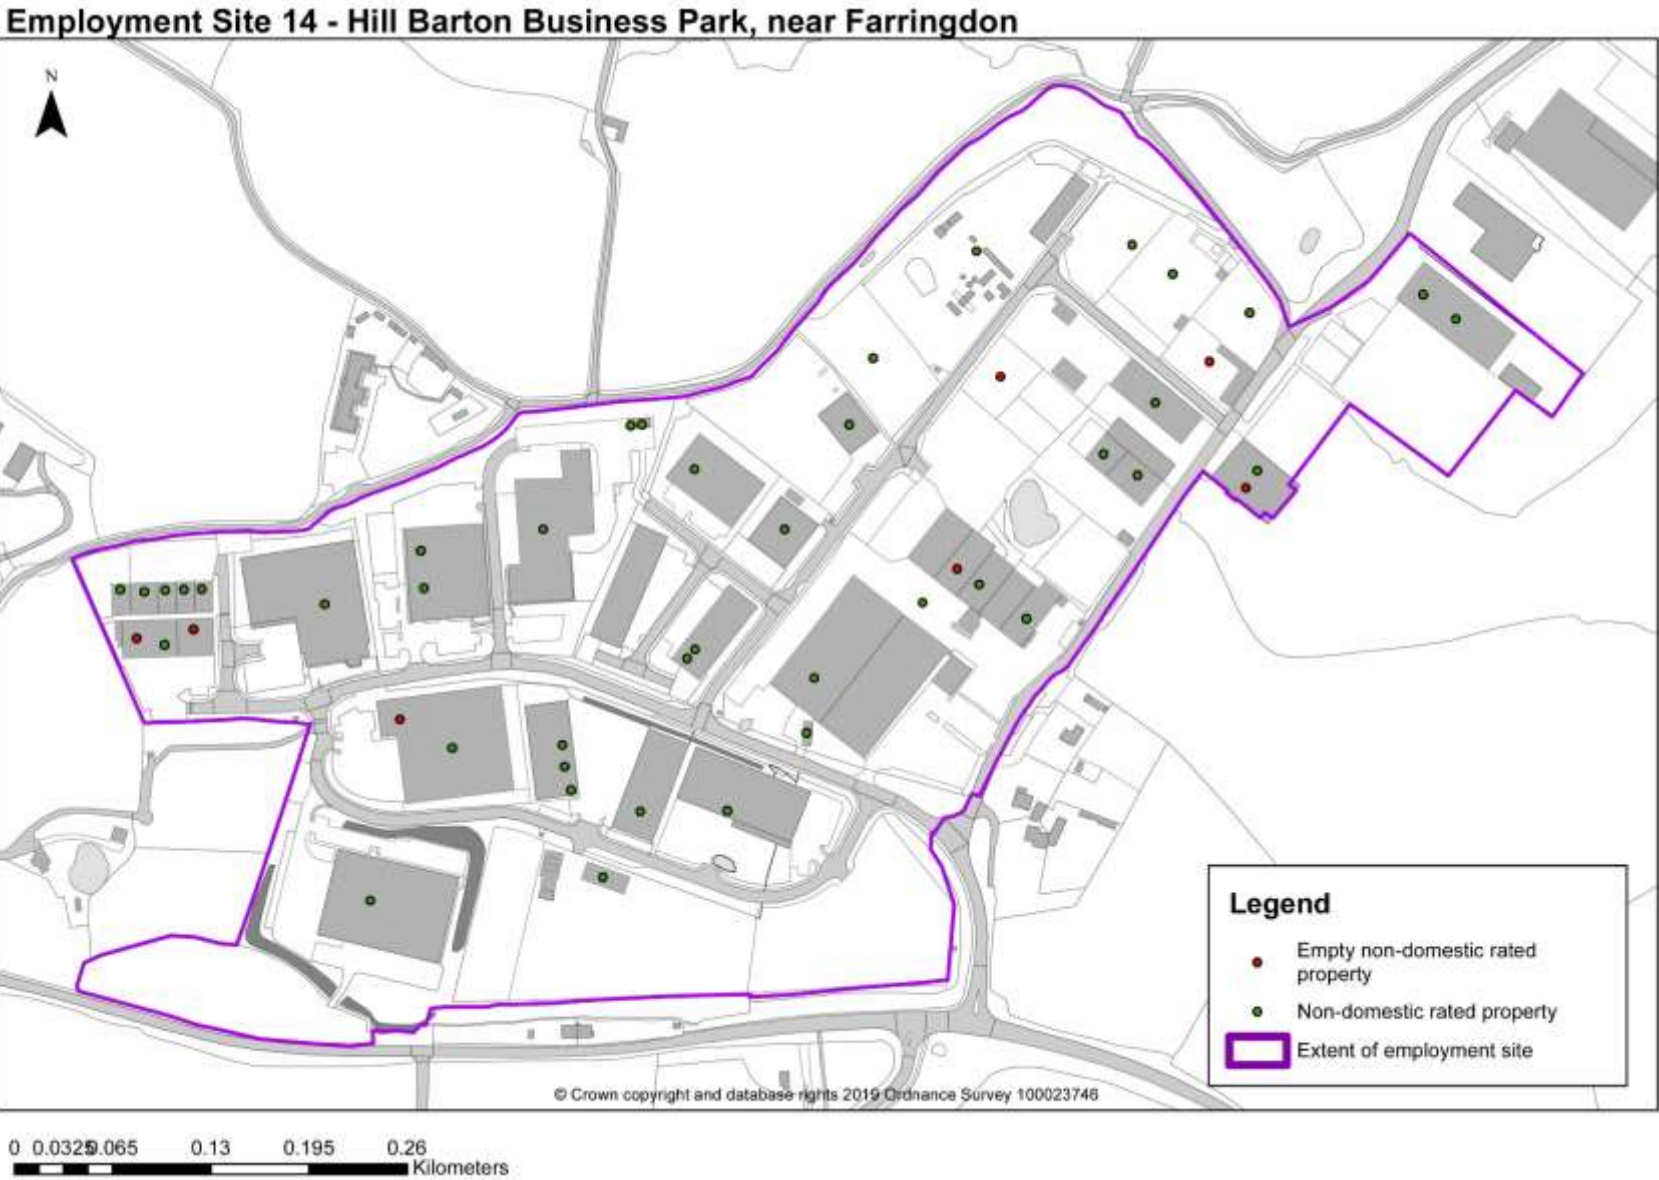

There are 50 non-domestic rated units, seven of which were empty at 31.3.2019. There are a mix of uses on the site with 14 being used for warehousing.

### **Site Constraints**

There is a flood zone to the north and south of the site.

Employment Site 14 - Hill Barton Business Park, near Farringdon

## **59 – Axehayes Farm, near Clyst St Mary**

### **Ownership**

Ownership of Axehayes Farm is not known.

### **Description**

Part of the site is also known as Yeo Business Park. This is a relatively new employment site by virtue of a 2017 appeal for seven business units being allowed, extending the existing employment site.

The site lies to the west of Hill Barton Industrial Estate, near Clyst St Mary, just north of the A3052 and covers an area of 0.65 hectares.

### **Summary of Planning History**

See also Appendix 2 – plots 59A and 59B

### **Completions**

Plot 59A was completed in 2015-16.

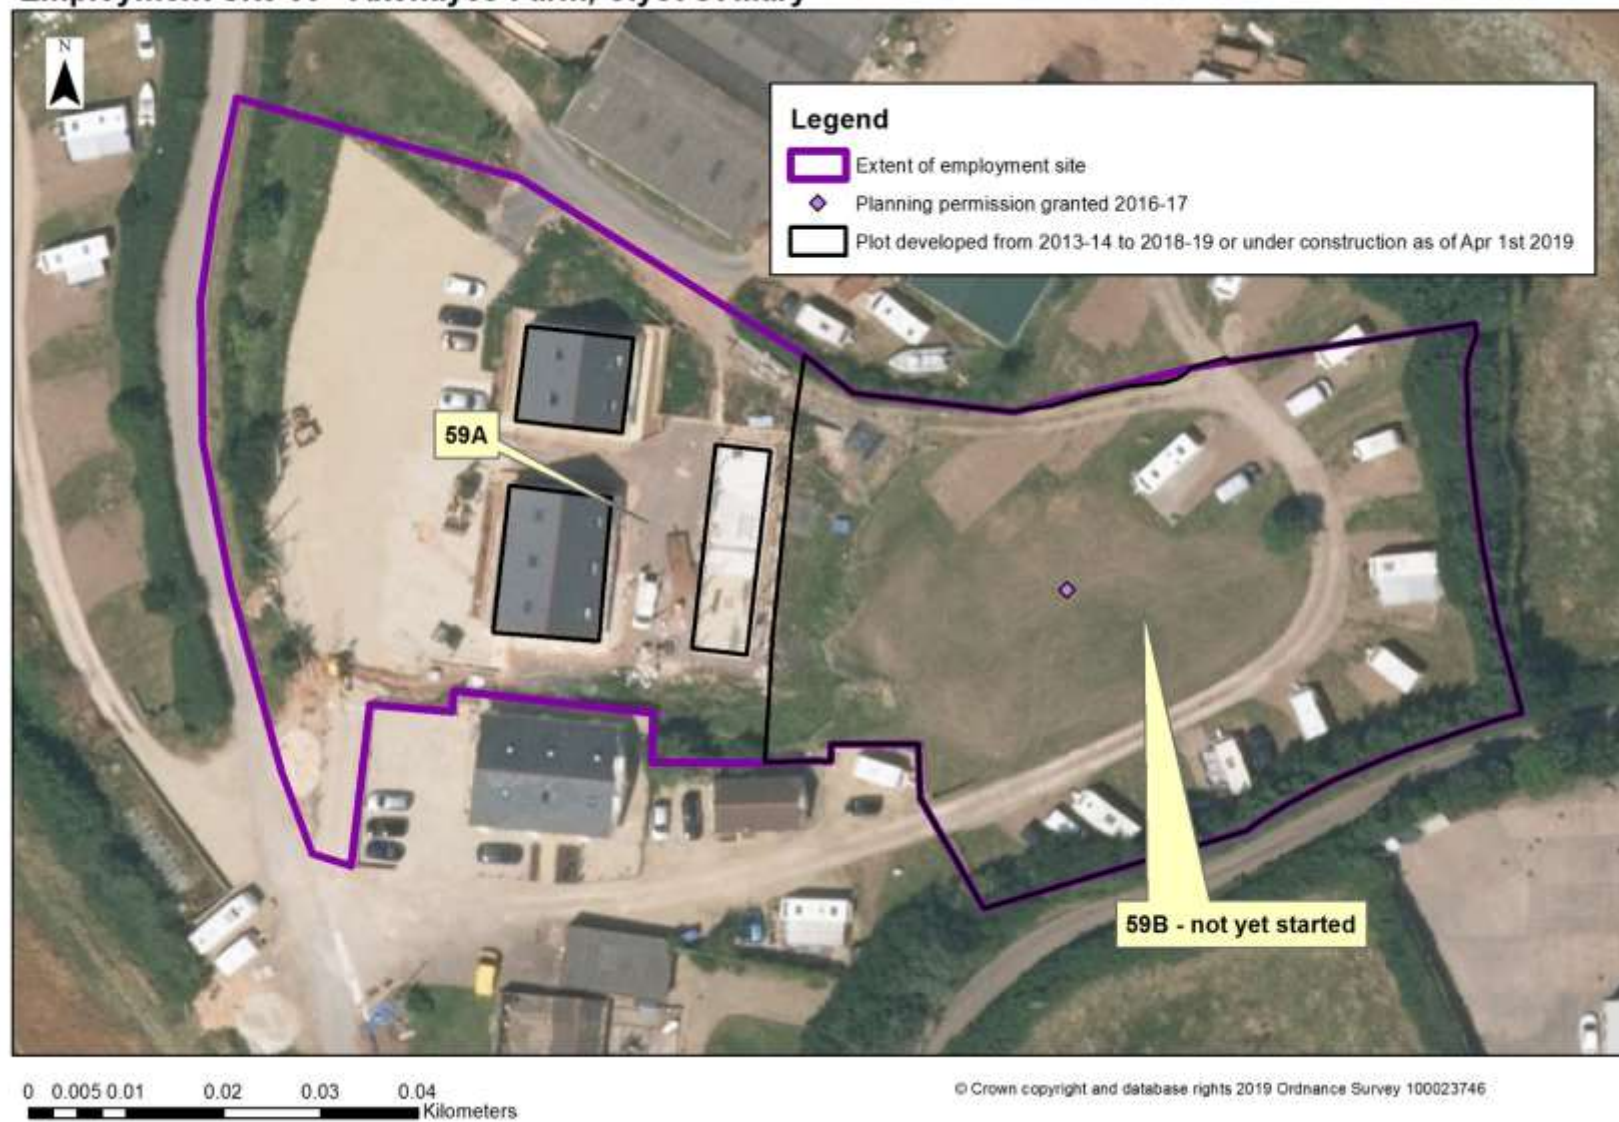

### **Approvals**

Plot 59B was approved in 2017, but not built at 31.3.2019.

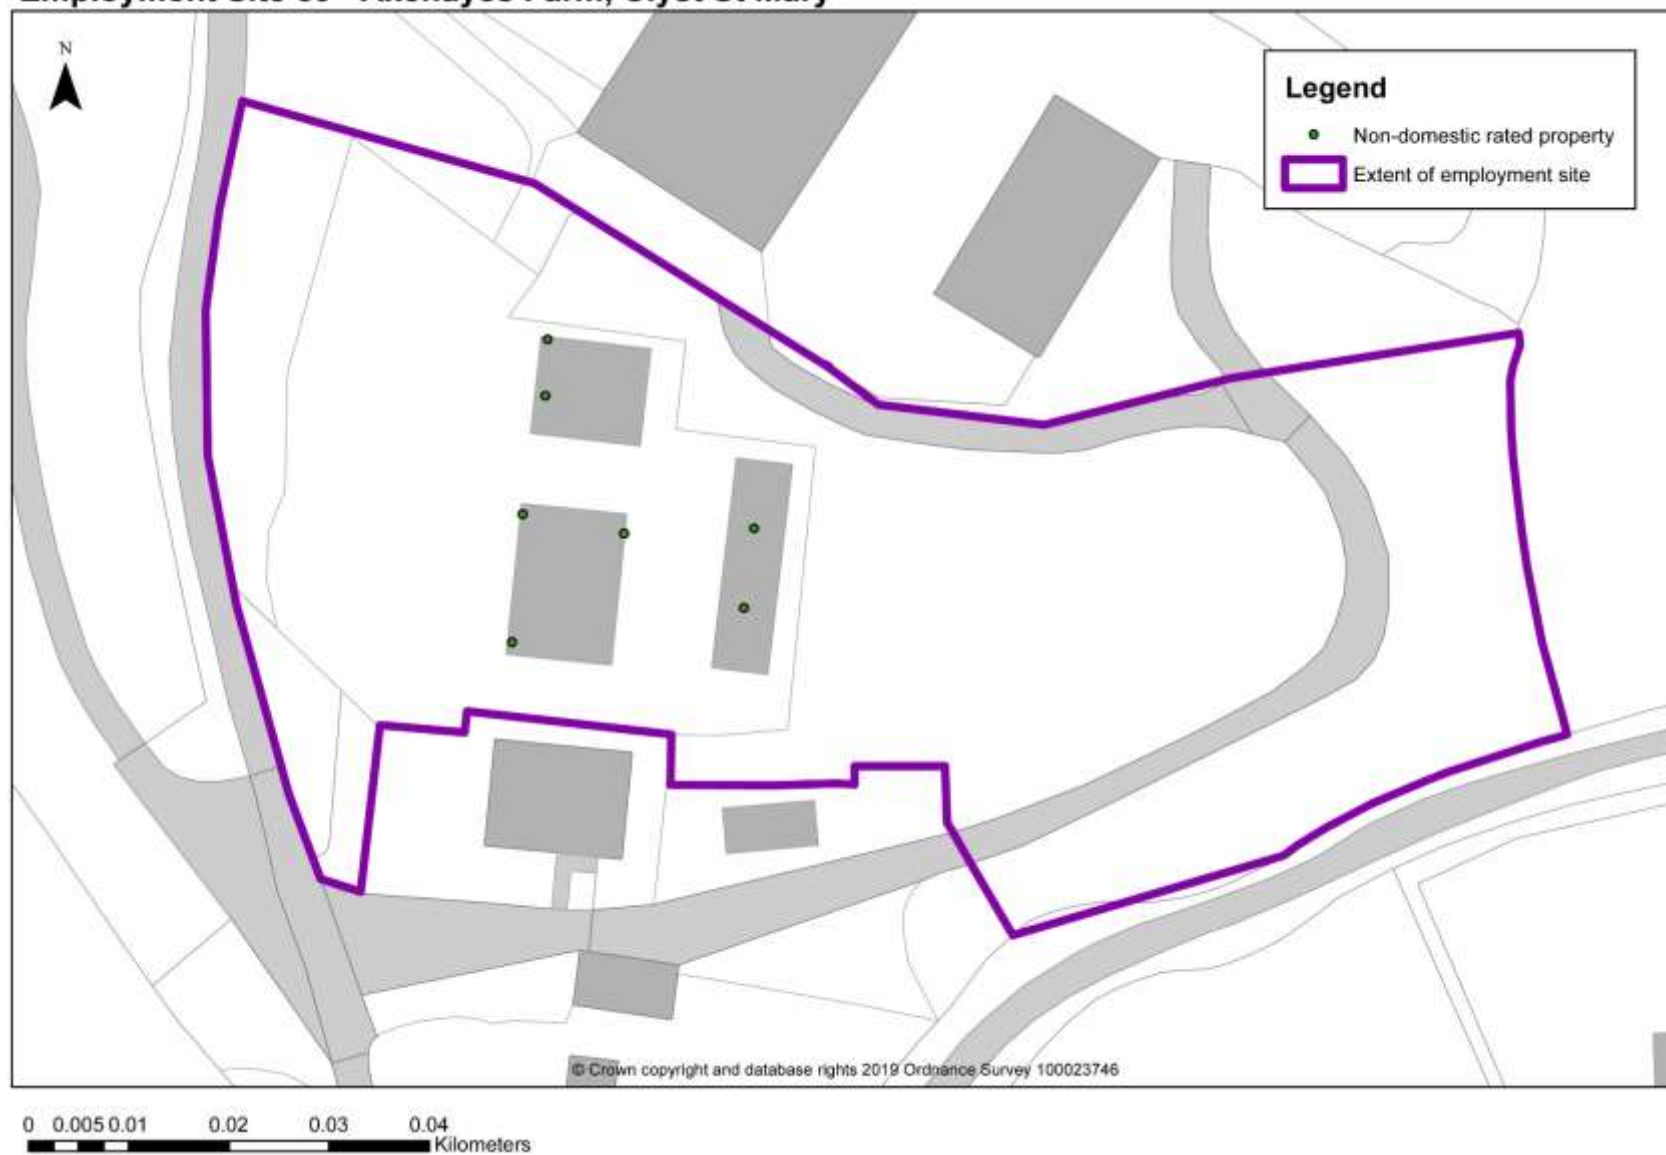

### **Non-Domestic Rated Properties**

There are seven units currently rated for non-domestic use, with none classed as empty at 31.3.2019.

### Employment Site 59 - Axehayes Farm, Clyst St Mary

### Employment Site 59 - Axehayes Farm, Clyst St Mary

## **12 – Greendale Business Park, near Woodbury Salterton**

### **Ownership**

The site is owned by F.W.S. Carter & Sons.

### **Description**

Greendale Business Park is a large scale site extending to 21.6 hectares that lies close to the village of Woodbury Salterton. The site is shown on the maps below.

Greendale Business Park contains a number of large scale business premises and also open yards. A number of businesses on the estate are involved in waste processing and these do not, therefore, come under an 'employment' classification (albeit they do provide jobs).

Greendale is located off the A3052 approximately five kilometres (3.5 miles) to the east of the M5 motorway at Junction 30.

### **Summary of Planning Activity**

See also Appendix 2 – plots 12A to 12N.

### **Completions**

There have been 16 completions during the last five years.

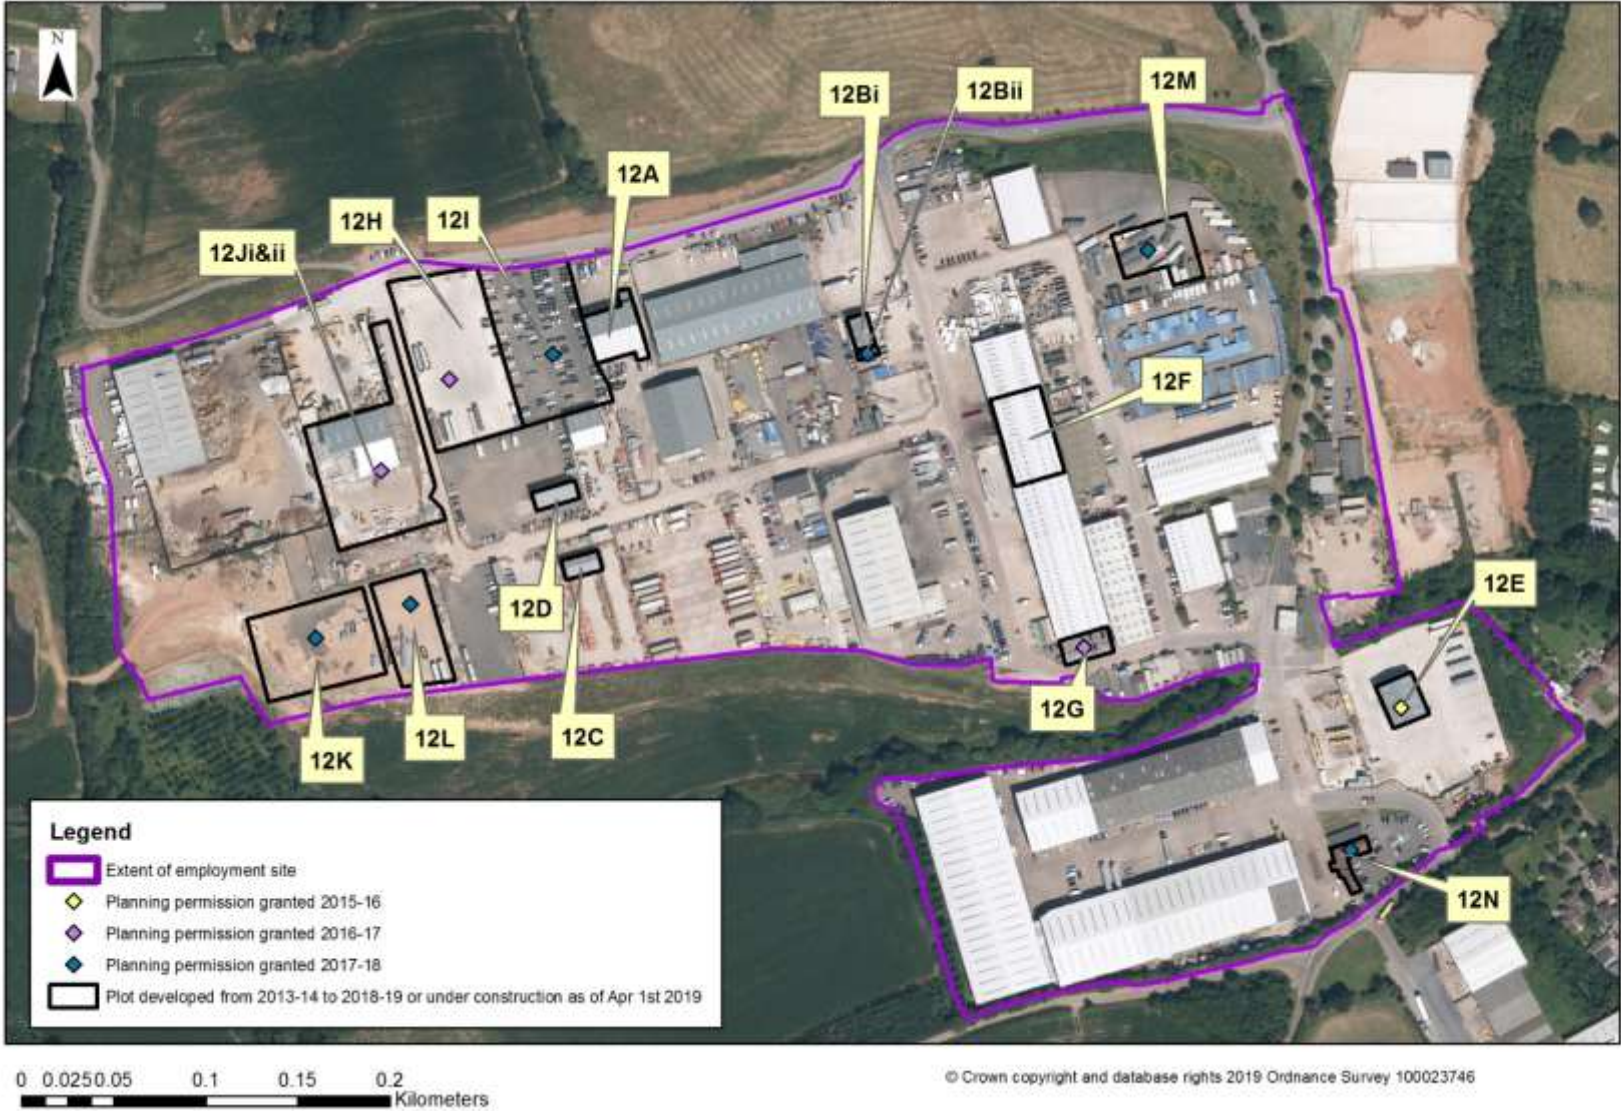

### **Non-Domestic Rated Properties**

There are 72 non-domestic rated units, 2 of which were empty at 31.3.2019. There is a predominance of sites used for storage purposes and warehousing, but the site also includes a waste plant, a factory, a small number of workshops and offices.

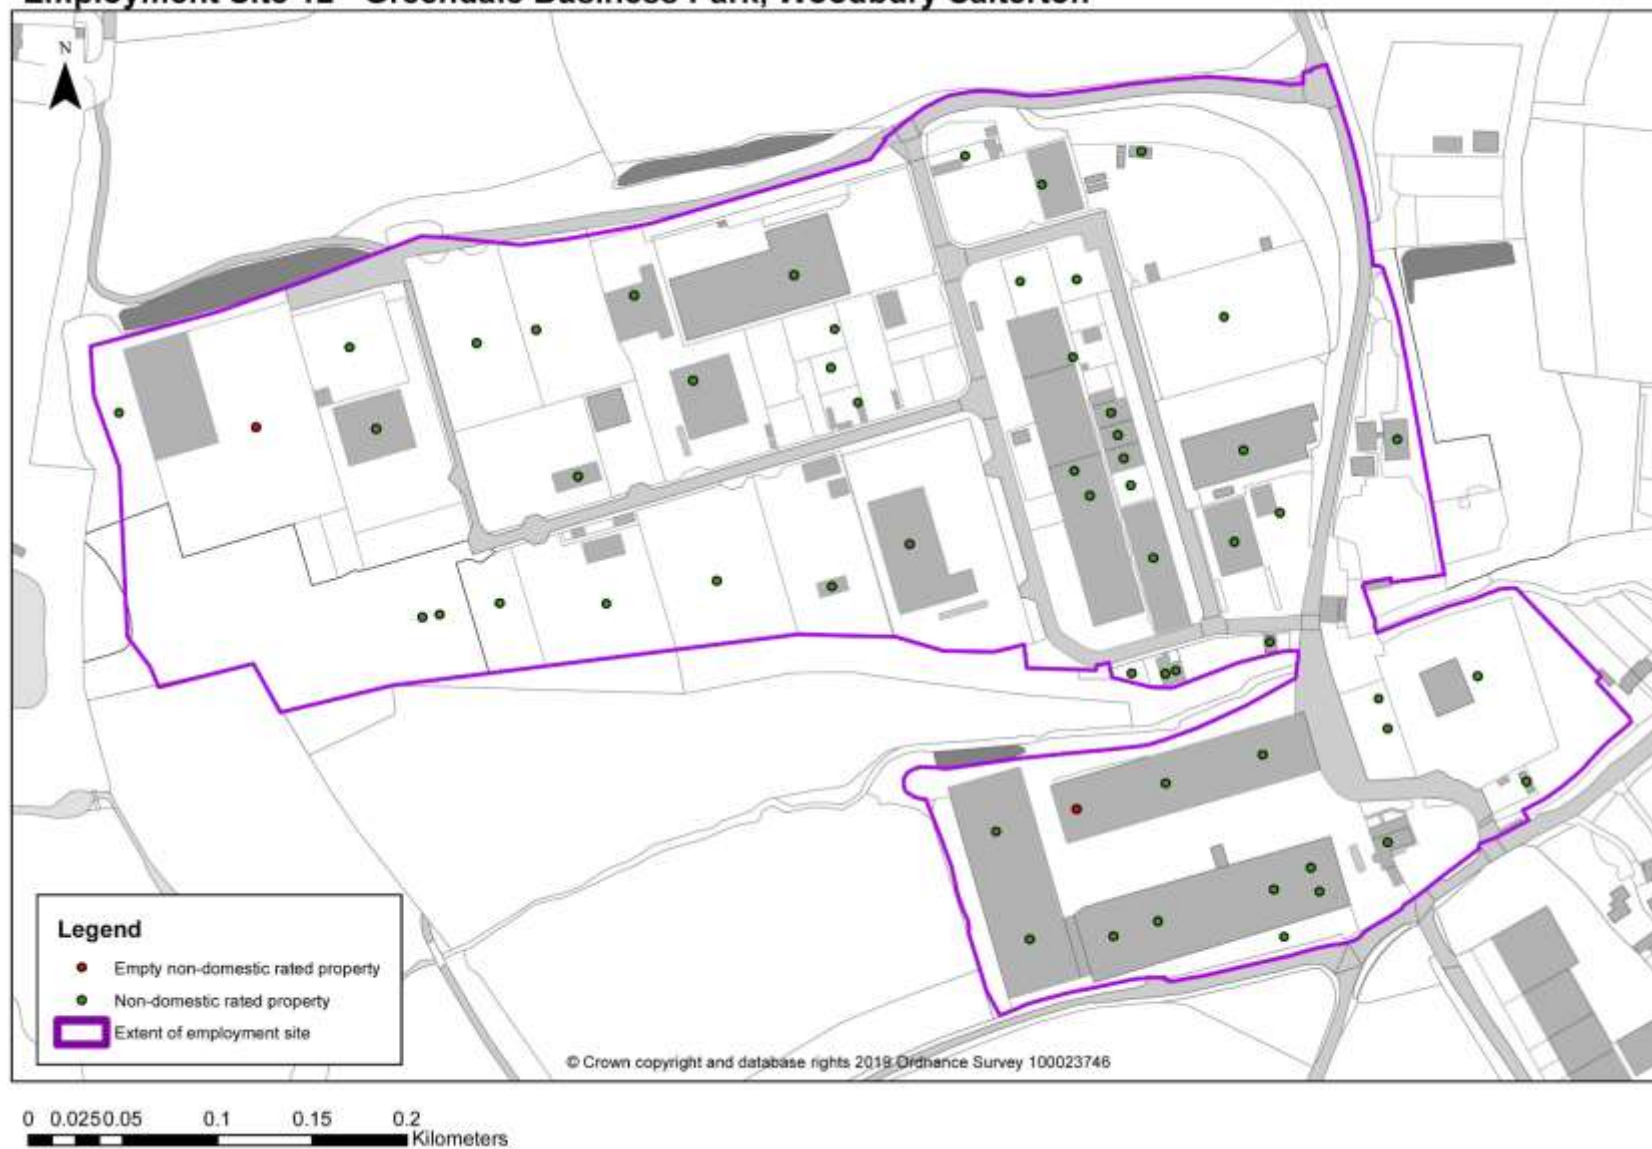

### **Site Constraints**

Part of the southern area of the site is in a flood zone and there are road / junction capacity limitations along the A305

Employment Site 12 - Greendale Business Park, Woodbury Salterton

### Employment Site 12 - Greendale Business Park, Woodbury Salterton

## **20 – Mill Park Industrial Estate and Hogsbrook Units, Woodbury Salterton**

### **Ownership**

Ownership of Mill Park Industrial Estate and Hogsbrook Units is not recorded.

### **Description**

Mill Park Industrial Estate and Hogsbrook Farm units are sited near to the village of Woodbury Salterton and to the south-east of Greendale Business Park. Road access to the A3052, to the north, involves use of a country lane and the site is around four kilometres (2.5 miles) to the east of the M5 motorway (Junction 30). The sites cover around 3.81 hectares – 2.55ha (Mill Park) and 1.26ha (Hogsbrook Farm); these sites are shown on the plans below.

The existing businesses at Mill Park and Hogsbrook Farm occupy a range of premises of varying sizes and ages, including older larger units and more modern smaller units.

The boundary of the site has been expanded for the 2018/19 review to fully include a permission (see Approvals) for the change of use of a compound to B2 (General Industrial) and B8 (Storage and Distribution), granted in July 2018.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 20A, 20B, 20C and 20D.

### **Approvals**

Plot 20C was a retrospective approval during 2016-17 for the conversion of agricultural space into 13 industrial units of B1(c), B2 and B8 use, so was recorded as complete during the same year.

Change of use from A1 (retail) to B1 (offices), B2 (general industry) and B8 (storage and distribution) – 18/0760/COU (Plot 20D).

### **Completions**

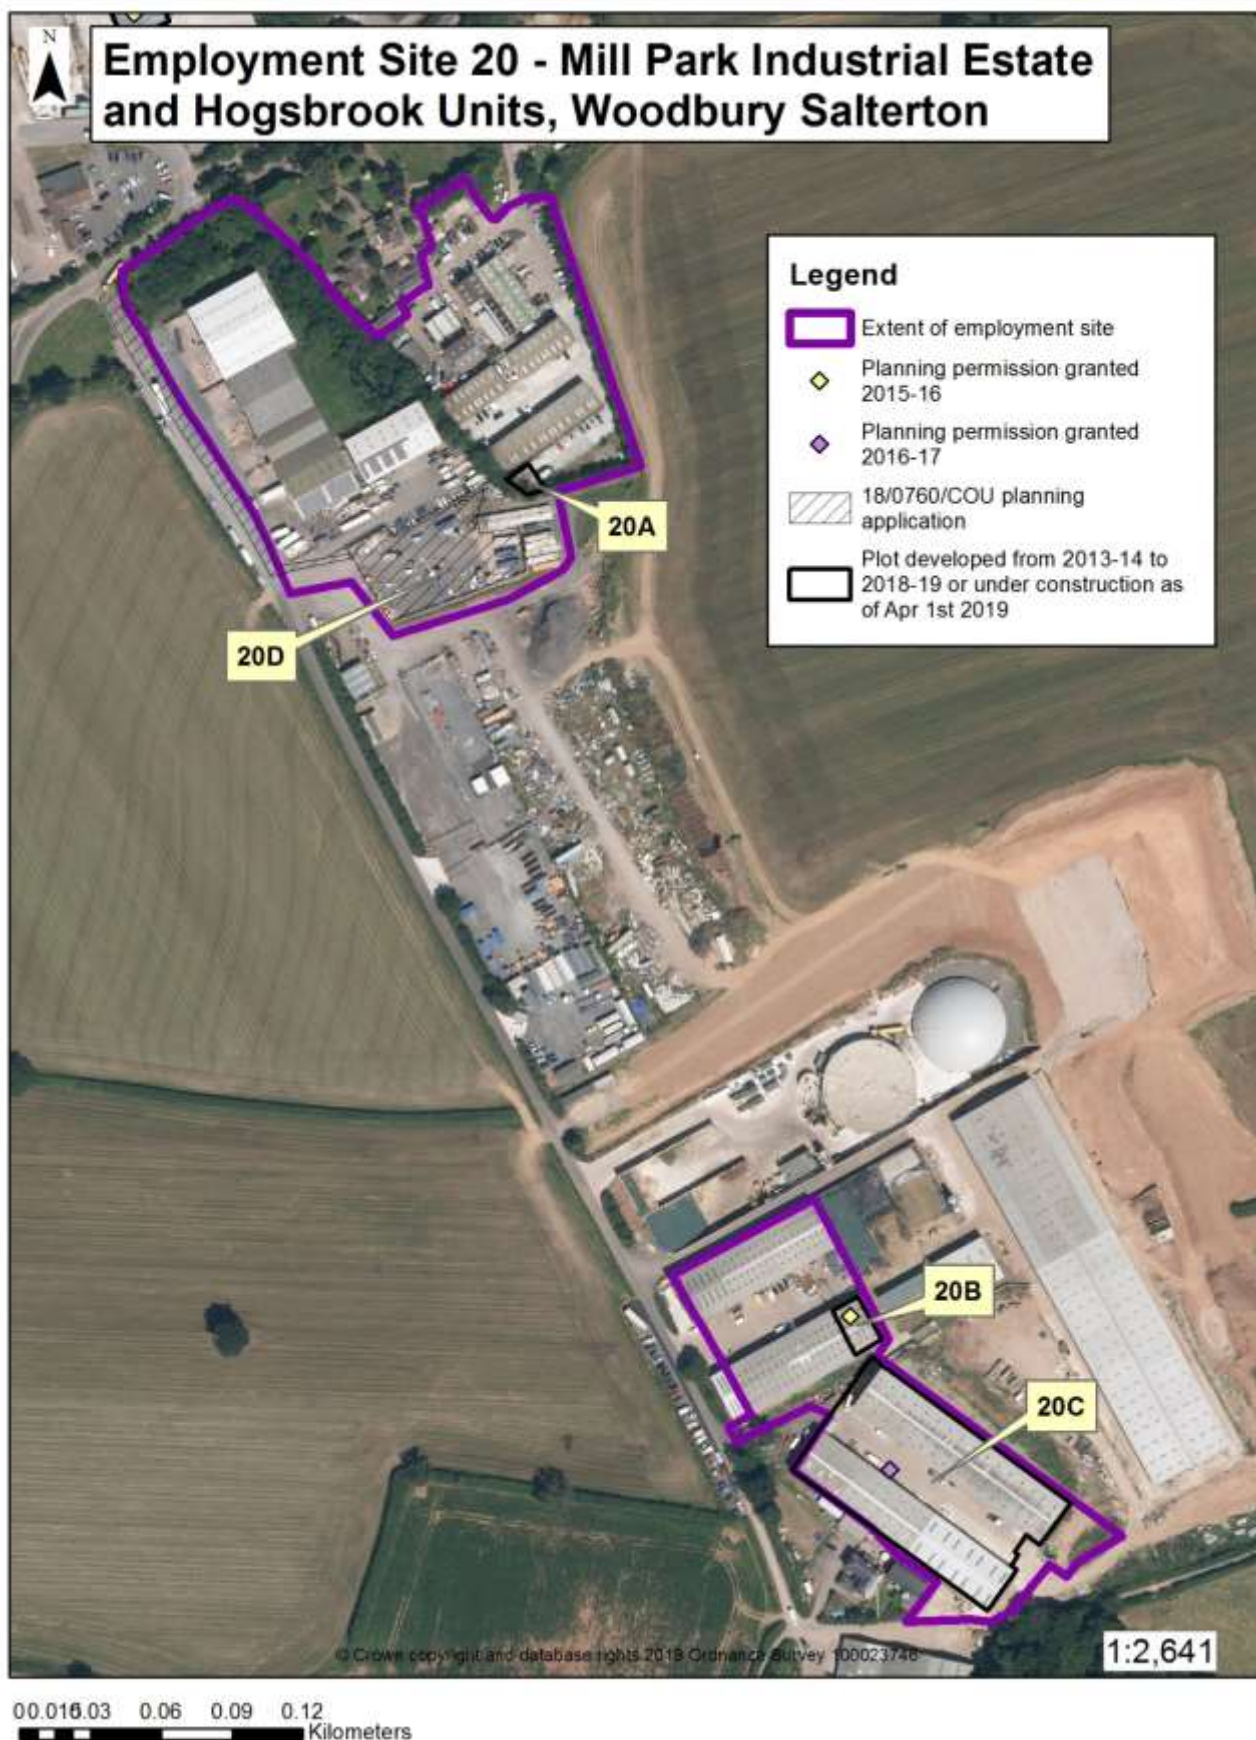

Plot 20A was approved and completed during 2014-15 and 20B in 2015-16.

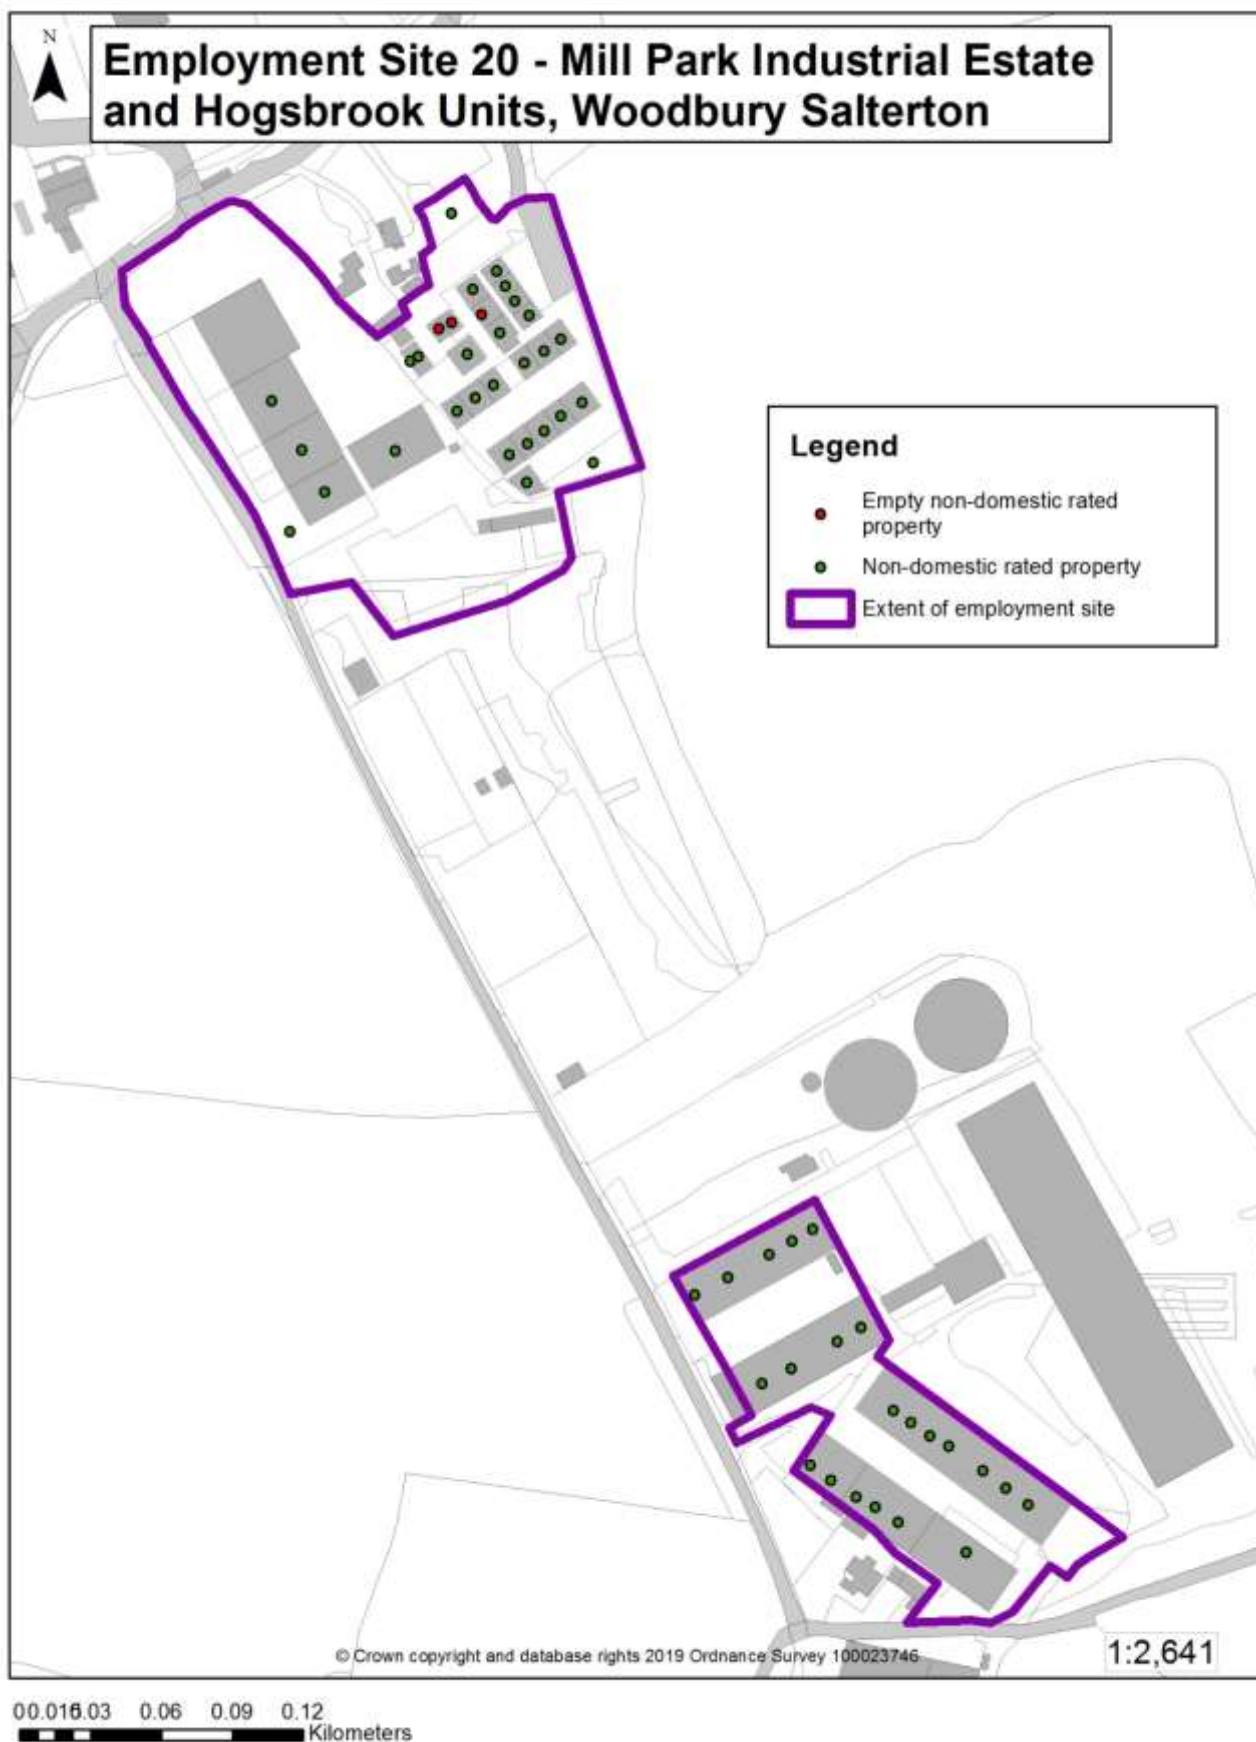

### **Non-Domestic Rated Properties**

There are 56 non-domestic rated units at these two sites, three of which were empty at 31.3.2019.

### **Site Constraints**

There is a flood zone to the north of the site.

## **37 – Oilmill Industrial Estate, near Clyst St Mary**

### **Ownership**

Ownership of the Oilmill Industrial Estate is not known.

### **Description**

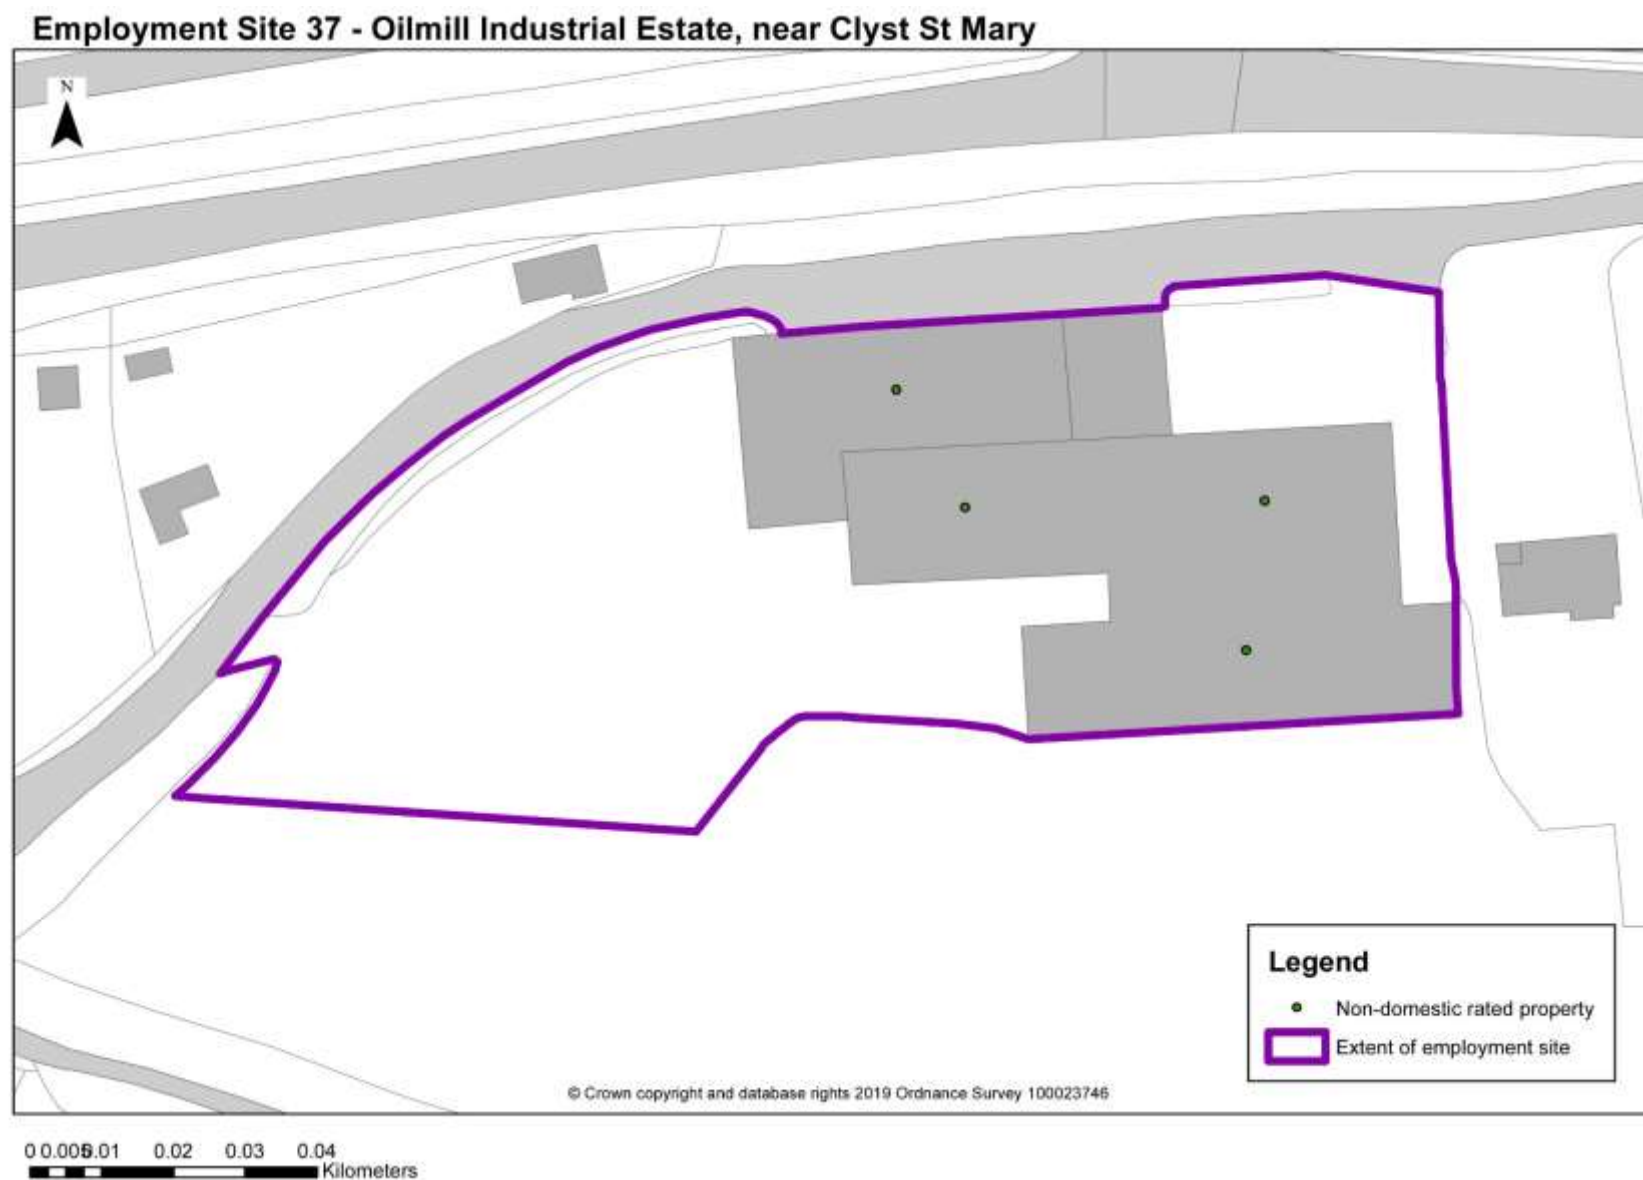

Oilmill Industrial Estate is used as a depot for Dartline Coaches. It has substantial open air storage and parking areas and large warehouse buildings on the site. The site has good road access to the A3052 from Oilmill Lane, and the site lies approximately 1.6 kilometres east of Junction 30 of the M5 motorway. The site covers an area of 0.96 hectares and is shown on the plans below. The site is also known as Langdon Business Park.

### **Non-Domestic Rated Properties**

There are four non-domestic rated units, of which none were classed as empty at 31.3.2019.

Employment Site 37 - Oilmill Industrial Estate, near Clyst St Mary

## **39 – Waldrons Farm Industrial Estate, near Farringdon**

### **Ownership**

Ownership of the Waldrons Farm site is unknown.

### **Description**

Waldrons Farm industrial Estate is located on the A3052 around four kilometres (2.5 miles) to the east of Junction 30 of the M5 motorway. The site has direct access onto the A3052. The site covers an area of 0.97 hectares and is shown on the plans below.

### **Non-Domestic Rated Properties**

There are seven non-domestic rated units, of which one was empty at 31.3.2019. The units are a mix of workshops, vehicle repair workshops, storage and a warehouse.

## **22 – Aylesbeare Common Business Park, near Aylesbeare**

### **Ownership**

Ownership is not known.

### **Description**

The Aylesbeare Common Business Park lies around 1.4 kilometres (1 mile) to the east of the village of Aylesbeare. The site is the headquarters of a haulage company and part of the site is a lorry yard / parking area. The site covers an area of 2.62 hectares and it lies around 0.8 kilometres to the north of the A3052 and 2.5 kilometres south of the A30. The site is shown on the plans below.

The buildings on the site are modern and appear substantial in scale; they are surrounded by vehicle distribution and servicing space.

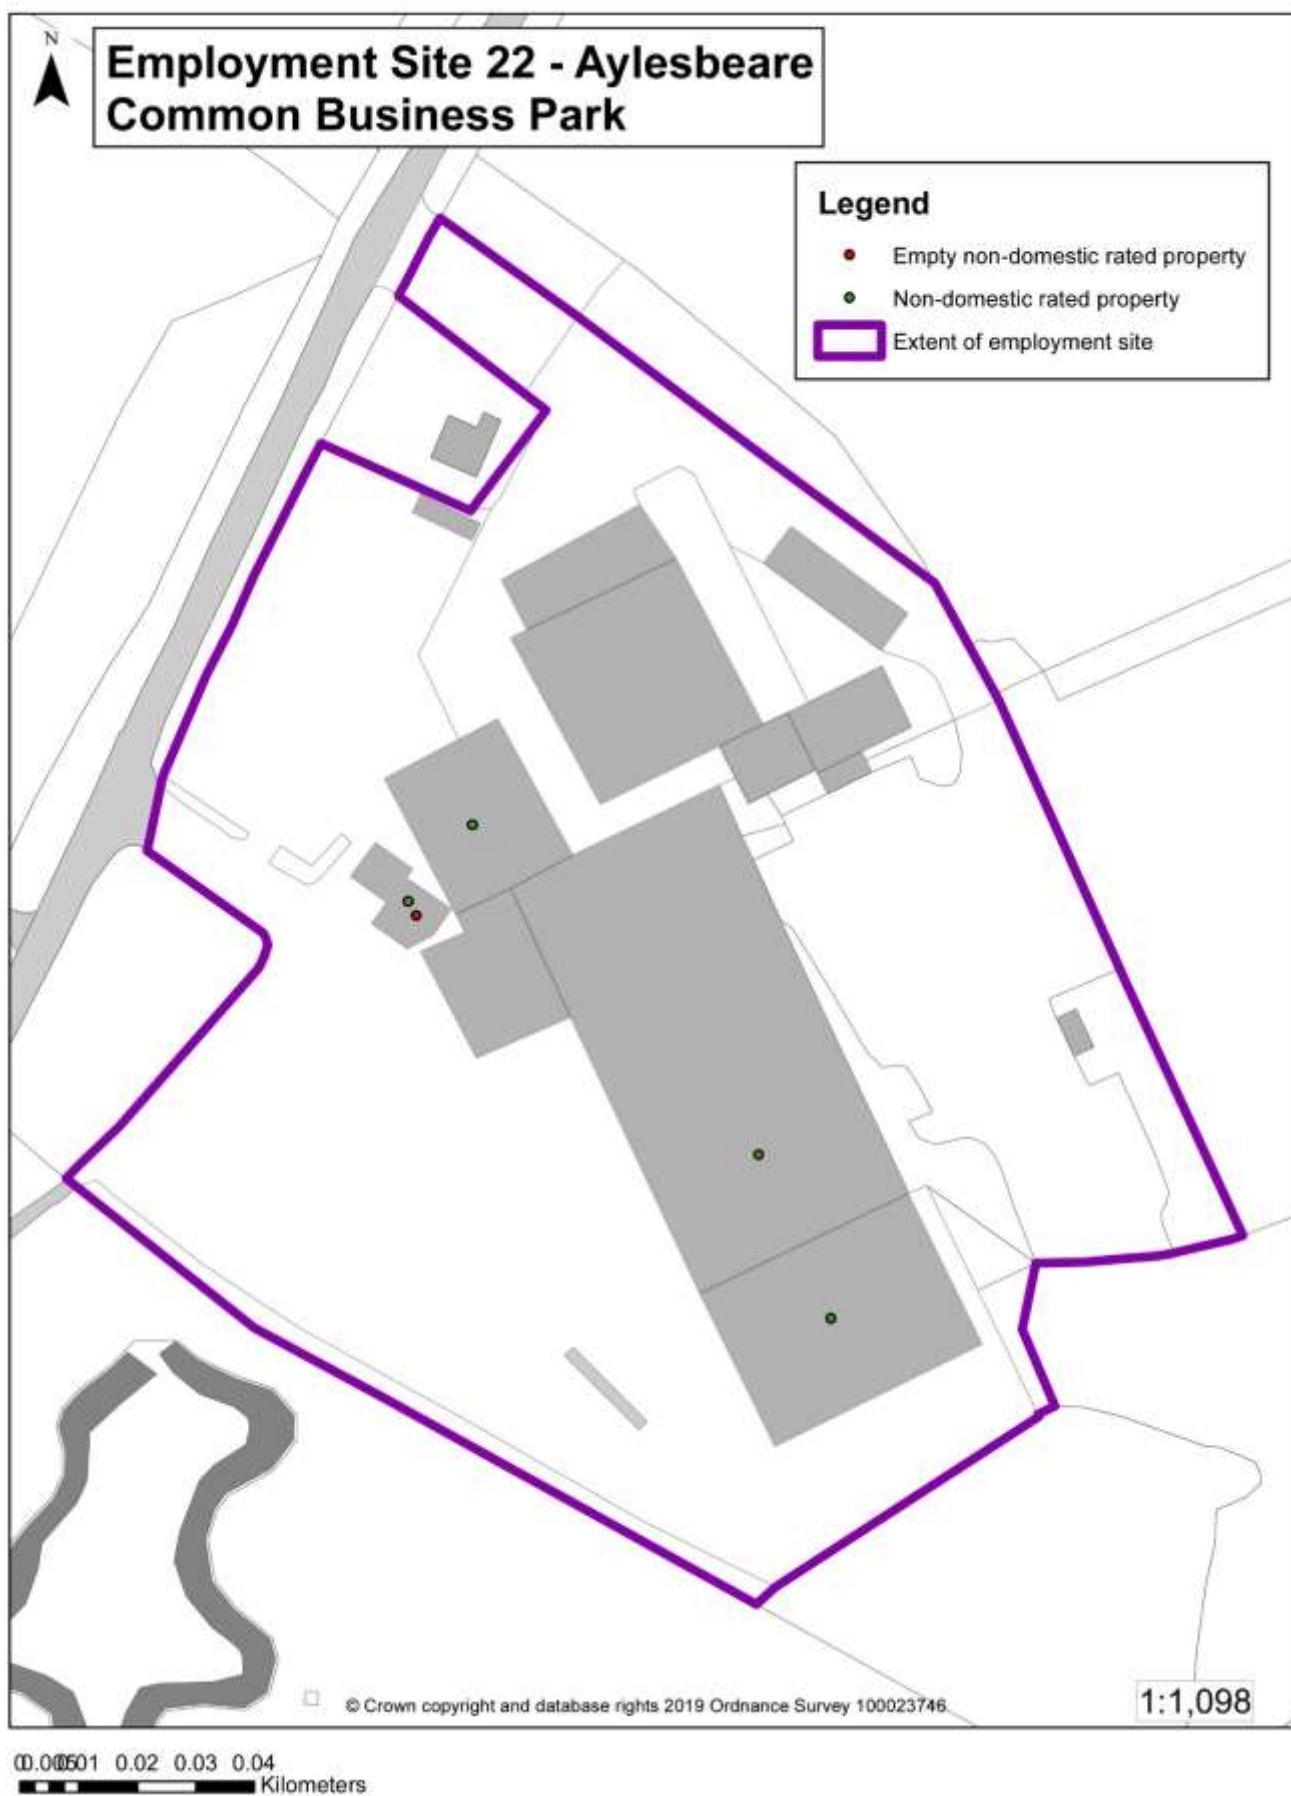

### **Non-Domestic Rated Properties**

There are five non-domestic rated units at the site, one of which was classed as empty at 31.3.2019.

### **Site constraints:**

The site is in an Area of Outstanding Natural Beauty and the Southern part of the site is designated as a Special Protection Area (SPA), Special Area of Conservation (SAC) and a Site of Special Scientific Interest (SSSI).

## **51 – Winslade Park, Clyst St Mary (Mixed Use Allocation)**

### **Ownership**

Current ownership details of the Winslade Park site are not known.

### **Description**

The site comprises an office campus development built around an historic listed former house and with a series of mid to late 20th century office buildings. Over recent years the number of office based jobs and businesses at Winslade Park has diminished and the site is allocated in the Local Plan for residential development. The allocation, however, includes/provides for 0.7 hectares of employment land.

The site is shown on the plans below.

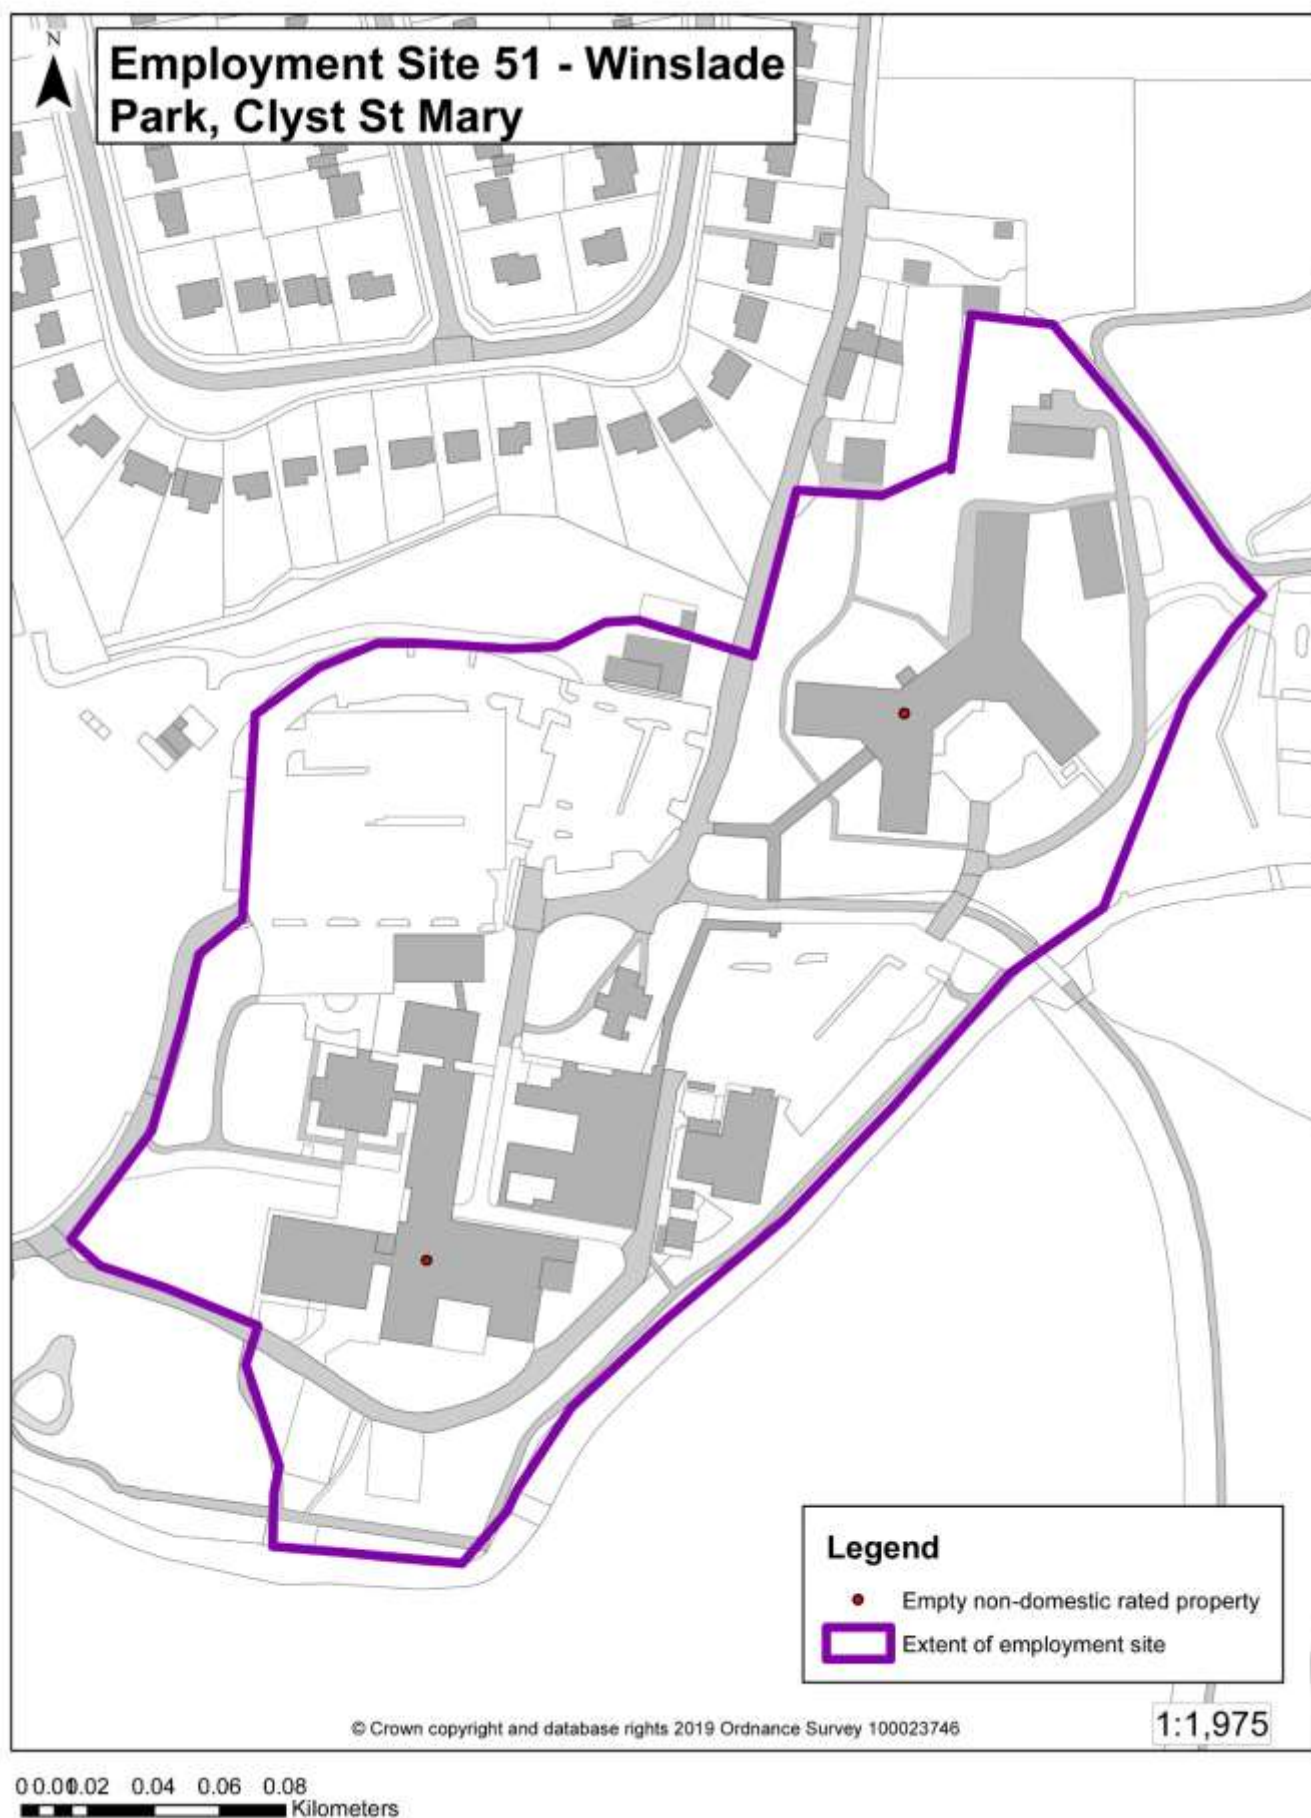

### **Summary of Planning Activity**

See also Appendix 2 – Site 51.

### **Non-Domestic Rated Properties**

There are currently two non-domestic rated properties, both of which were classed as empty at 31.3.2019.

## Appendix 1C - Western Area: Exe Estuary

This part of the appendix features sites along the Exe Estuary – near Ebford, Woodbury Village and Clyst St George.

Included in this section are: Site 4 – Odhams Wharf; Site 5 – Darts Business Park; Site 46 – Woodbury Business Park; and Site 47 – Addlepool Business Centre.

## **4 - Odhams Wharf, near Ebford**

### **Ownership**

Ownership of the Odhams Wharf site is unknown.

### **Description**

The site is located between Ebford and Topsham in what, in Local Plan policy terms, is a countryside location. The site lies adjacent to the Exe Estuary which is designated for its wildlife importance. The site can be characterised as being an industrial and employment area with a mix of light industrial, general industrial, boat and marine based industries. The site covers 2.28 hectares of land as shown on the plans below.

There are no vacant plots identified at Odhams Wharf, though with some underused land areas there may be scope for some infill or intensification of use development. The site is accessible from the north and south byroads which link to the A376. The site is approximately 600m from the village of Ebford and is in close proximity to Topsham. The River Clyst is to the west of the site.

### **Non-Domestic Rated Properties**

There are 12 units rated for non-domestic use with two being classed as empty at 31.3.2019. Workshops and premises dominate and unit sizes are on the smaller side.

### **Site Constraints**

The site is entirely within a flood zone. The site adjoins a Special Protection Area (SPA), Site of Special Scientific Interest (SSSI) and a RAMSAR Site.

## **5 - Darts Business Park, near Ebford**

### **Ownership**

The site is understood to be in multiple ownership.

### **Description**

Darts Business Park occupies a relatively flat parcel of land containing a number of units of varying age and condition. The main part of the estate is located on the road frontage and comprises a single older unit which has been split into a variety of uses. Newer units lie behind this.

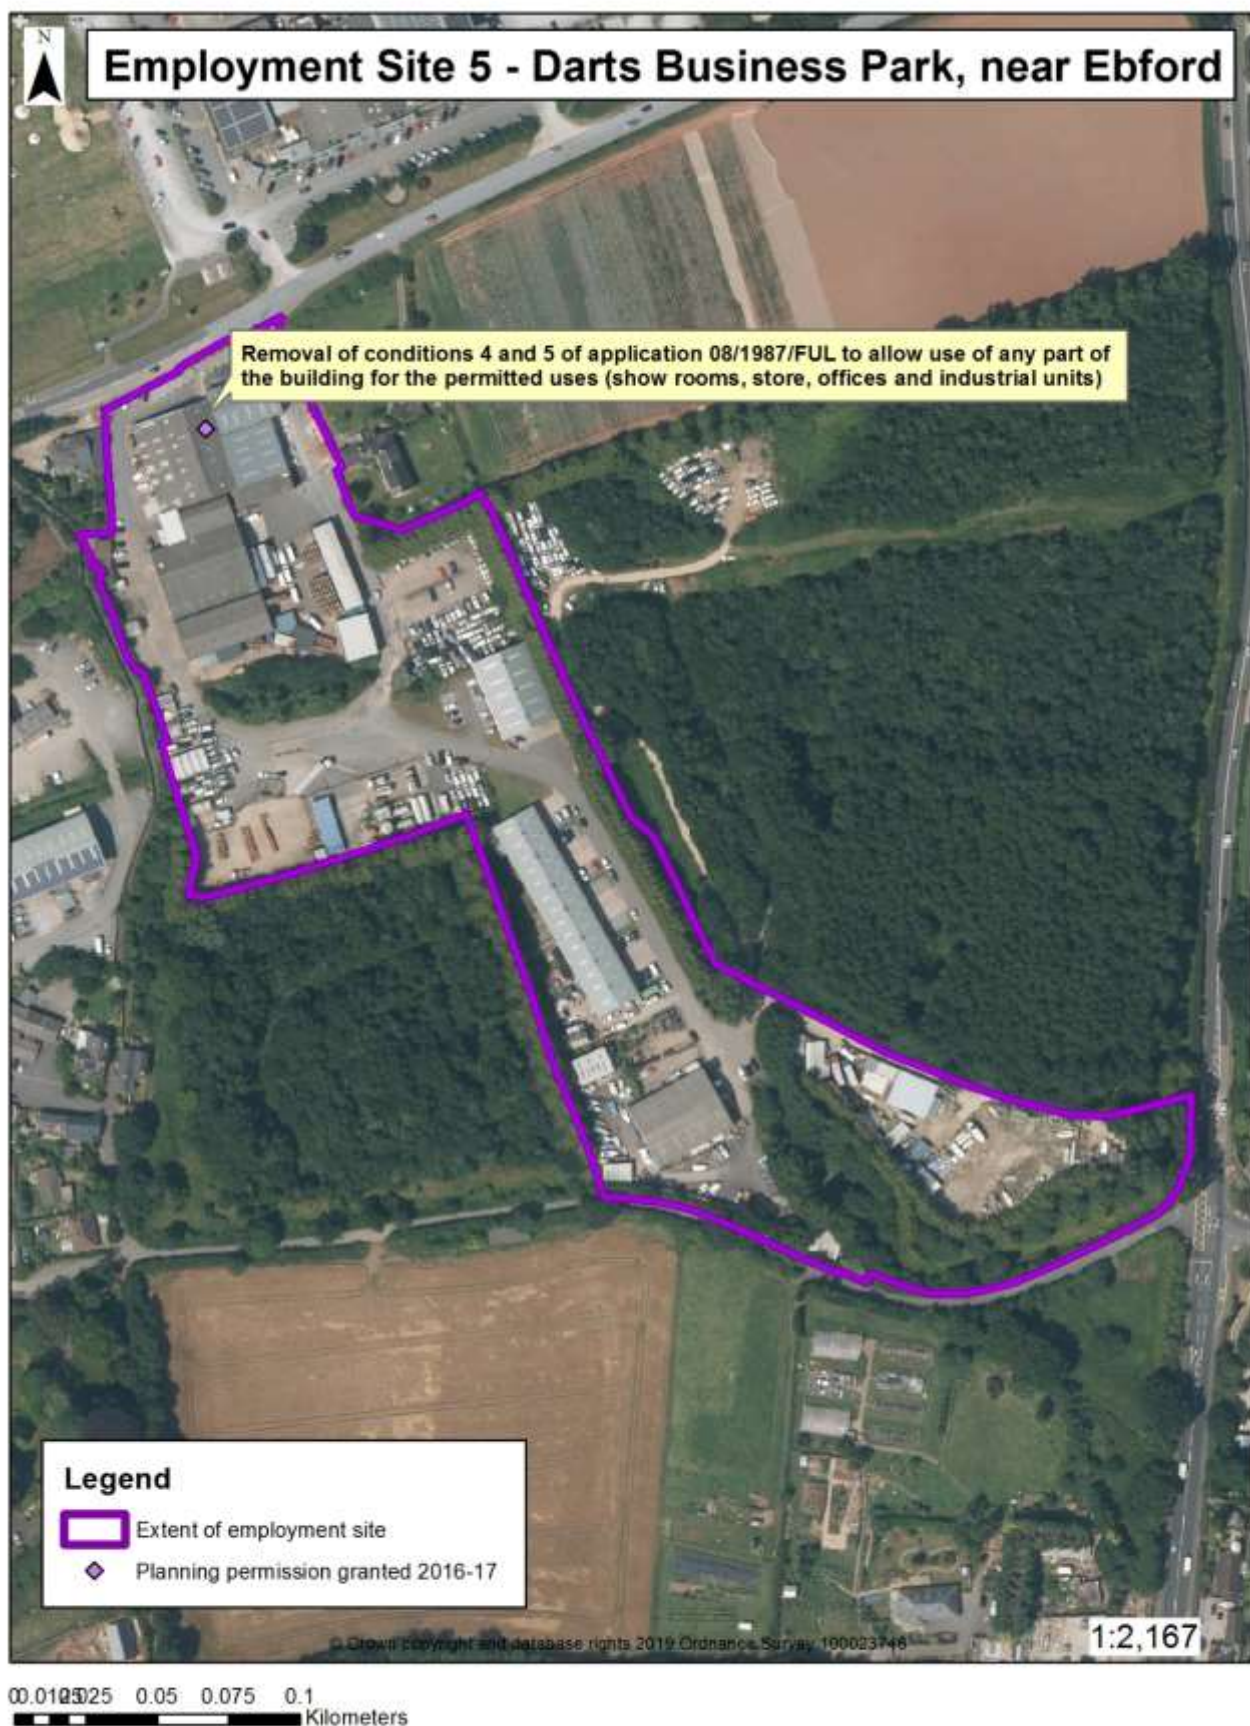

The estate extends to an area of 4.05 hectares and is shown on the plans below. Darts Business Park is located near the A376 positioned between Ebford and Topsham and access to the A376 is good. Storage uses form a significant proportion of the business park and unit sizes are typically of a smaller to medium size.

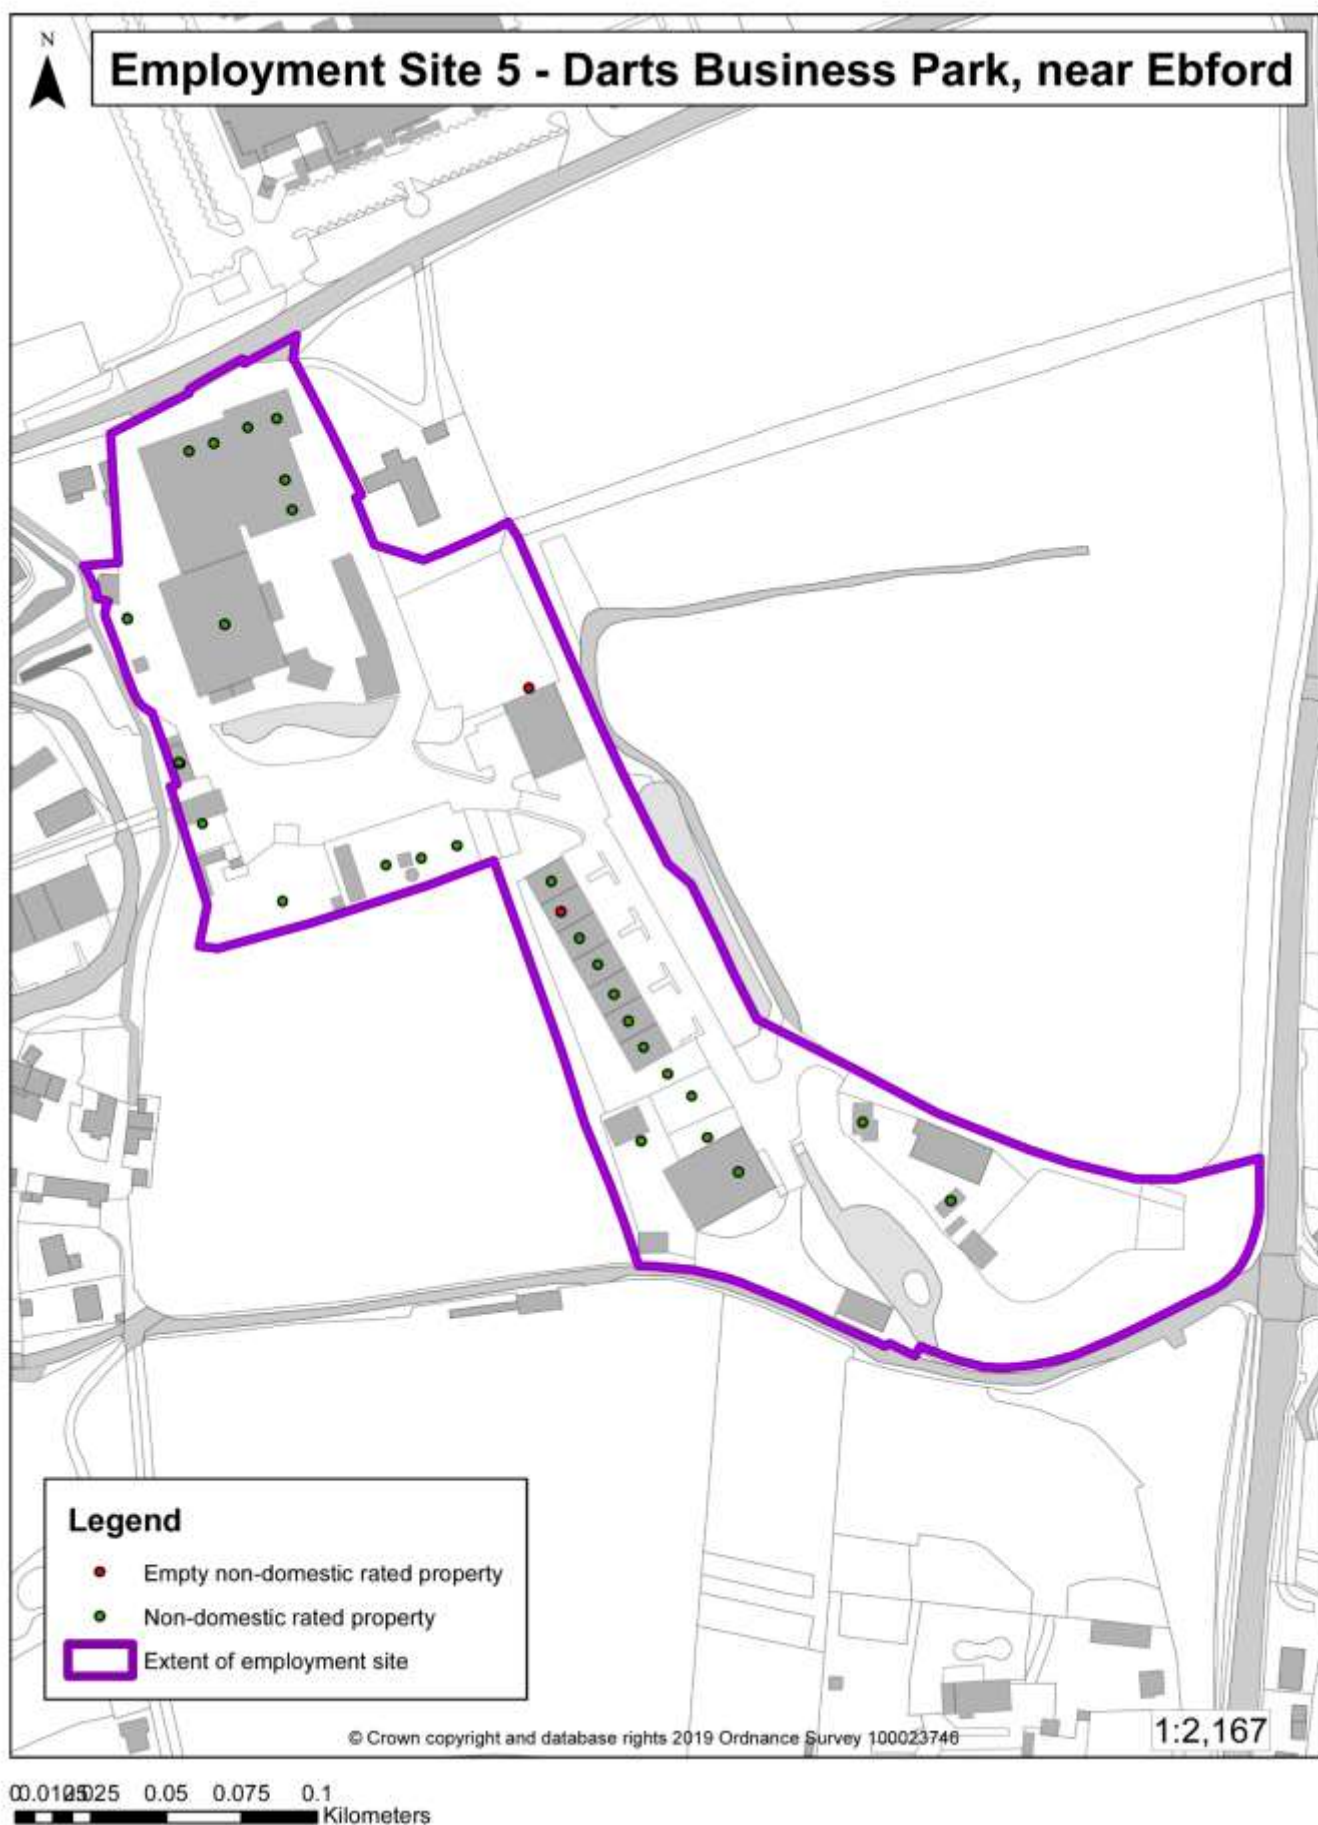

### **Non-Domestic Rated Properties**

There are 33 units rated for non-domestic use, of which two were empty at 31.3.2019.

### **Constraints**

The northern part of the site is within a flood zone. The site adjoins Odhams Wharf so has limited expansion to the west.

## **46 – Woodbury Business Park, near Woodbury Village**

### **Ownership**

Woodbury Business Park is owned by G.B. House & Son Ltd.

### **Description**

The site lies around 600 metres (0.25 miles) to the south-west of Woodbury village. The business park was originally based around the conversion of a range of traditional farm buildings but has now extended into adjoining areas. The site is accessed from the road between the centre of Woodbury and Pink House Corner on the A376. The site extends to 1.65 hectares and is shown on the plans below.

The boundary of the site has been expanded for the 2018/19 review to better reflect the full area of the business park.

### **Summary of Planning Activity**

See also Appendix 2 & 3 – Plots 46A to 4C.

### **Loss of Employment Use**

Plot 46B – Change of use from an industrial unit to D2 (assembly and leisure).

### **Approvals**

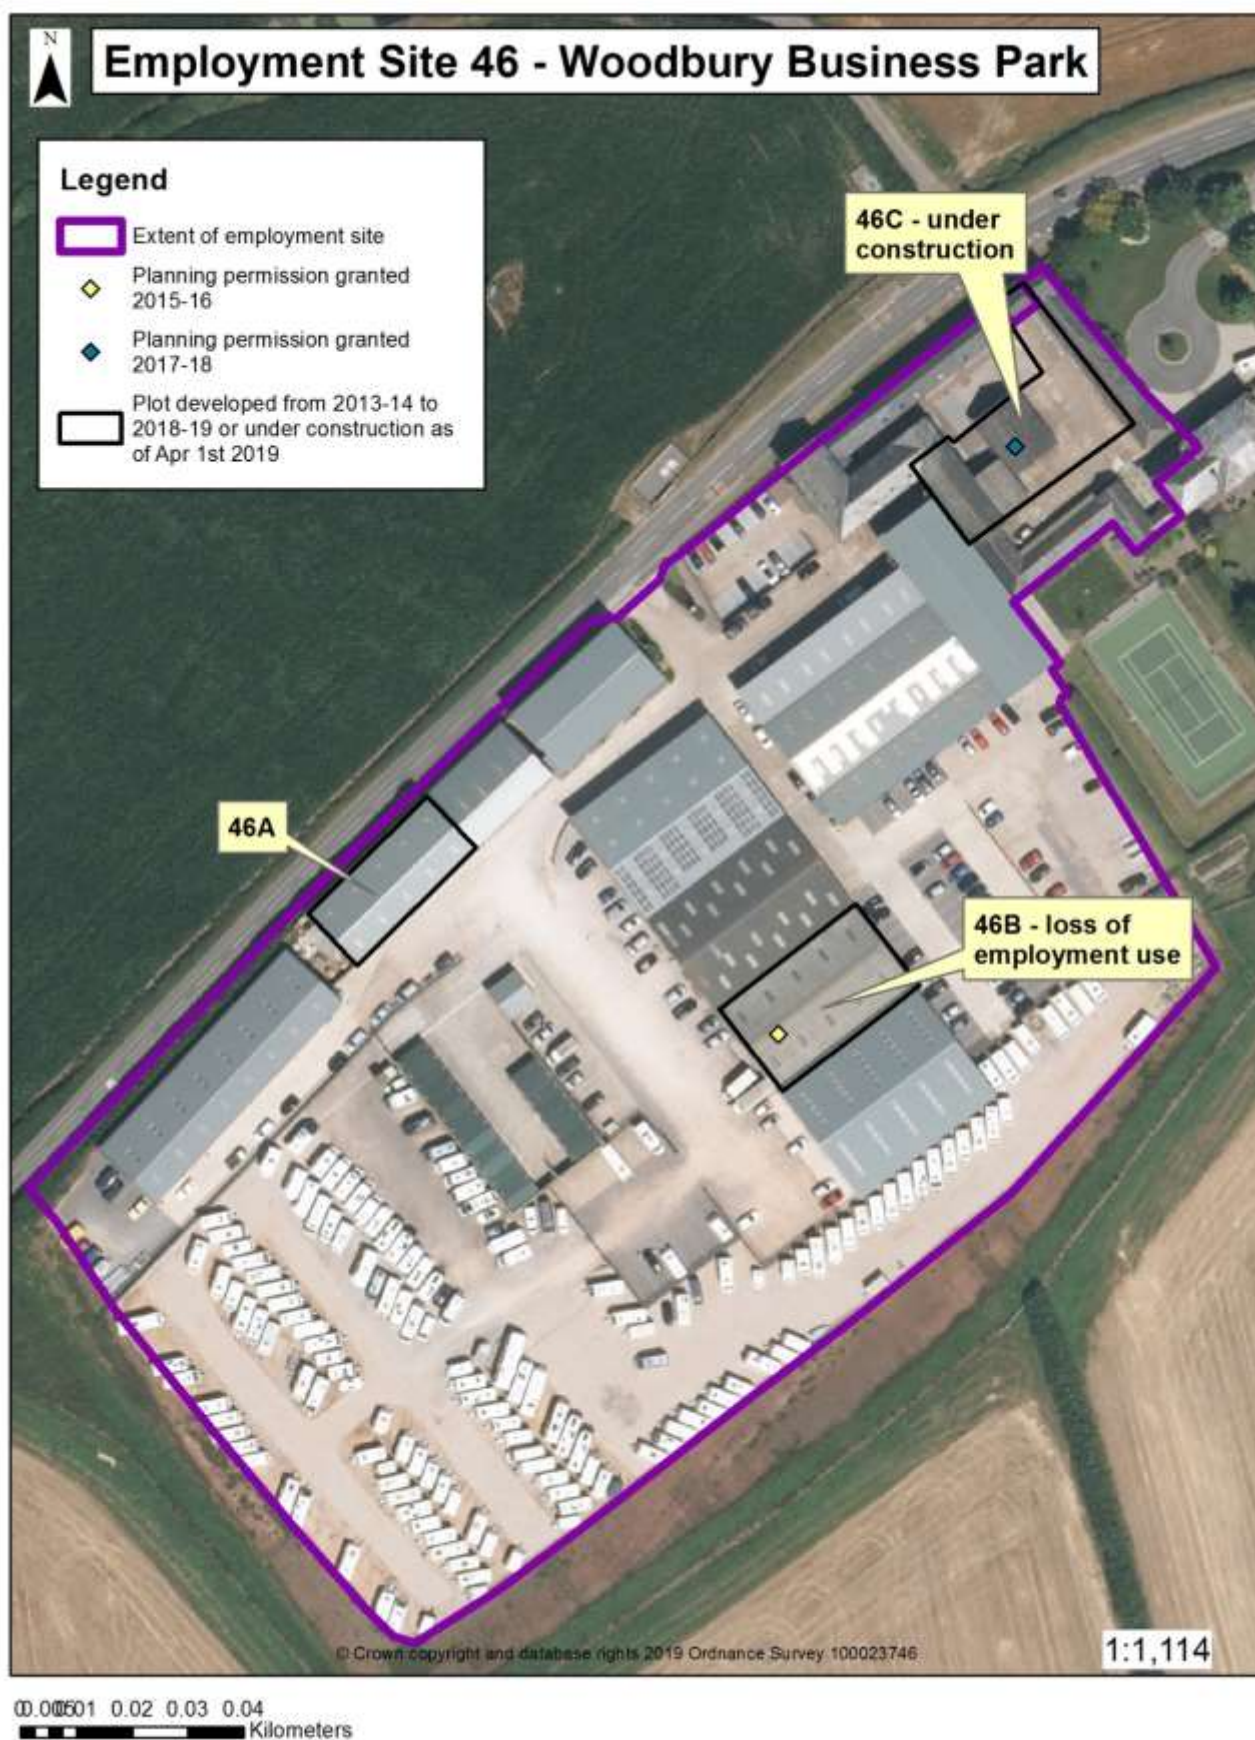

Plot 46C – Permission for alterations and extensions to create new business units and store was granted on 16.10.2017, which still appeared to be under construction at 31.3.2019.

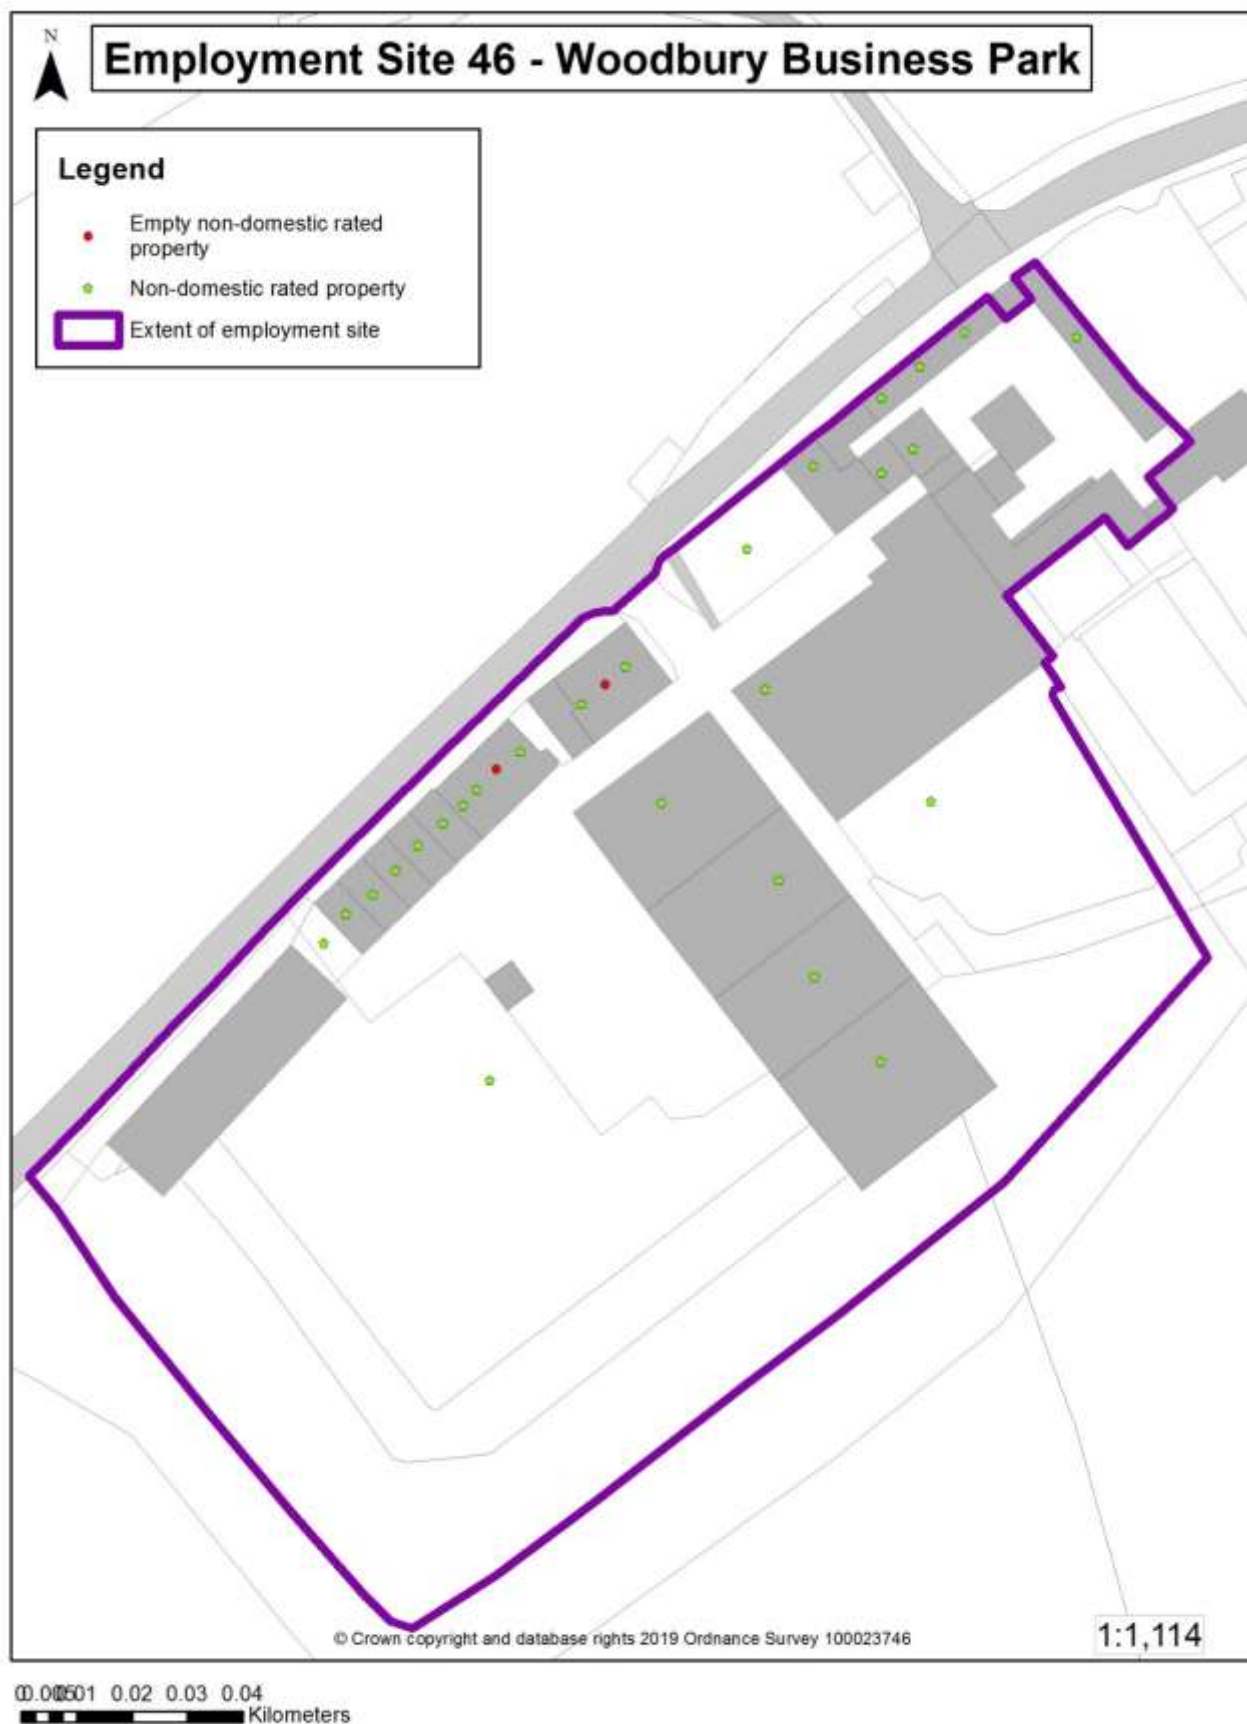

### **Non-Domestic Rated Properties**

There are 26 units rated for non-domestic use, of which two were empty at 31.3.2019.

### **Constraints**

There are Grade II listed buildings on site.

## **47 – Addlepool Business Centre, near Clyst St George**

### **Ownership**

Addlepool Business Centre is owned by Mr P. Bragg.

### **Description**

Addlepool Business Centre comprises of a range of converted red brick barns arranged around two yards. It is adjacent to the Addlepool farmhouse alongside the A376. Access to the site is gained through two existing access points from the unclassified village road. The site covers an area of 0.18 hectares and is shown on the plans below.

### **Non-Domestic Rated Properties**

There are six, small scale non-domestic rated properties (four units with the first split into ground floor, first floor left and first floor right), none of which were empty at 31.3.2019.

## Appendix 1D - Central Area

This part of the appendix features sites in the heart of the District – including Honiton, Ottery St Mary, Dunkeswell, Wilmington, Talaton and Broadhembury.

Included in this section are: Site 3 – Ottery Moor Lane; Site 6 – Dunkeswell Industrial Site; Site 7 – East Devon Business Park; Site 8 – Finnimore Industrial Estate; Site 11 – Heathpark Industrial Estate; Site 31 – Collets Mill; Site 32 – Talewater Works; Site 42 – West of Hayne Lane; Site 61 – Colliton Barton; and Site 62 – Dunkeswell Airfield.

## **11 – Heathpark Industrial Estate, Honiton**

### **Ownership**

This site is in multiple ownership.

### **Description**

Heathpark Industrial estate at 24.5 hectares is of substantial size. This large scale strategically important employment area lies on the western edge of Honiton and provides a mix of large detached buildings and terraced industrial units varying in age and styles for a number of different occupiers. The estate is shown on the plans below.

Many of the existing premises on the estate are modern, though some are older and a number have a second floor level. The new East Devon District Council HQ occupies a prominent location near the principal northern entry to the estate, to the rear of the long-established East Devon Business Centre. From this road there is easy westerly access directly on to the A30.

The Turks Head Junction has recently been improved to ease traffic flows for eastbound A30 traffic and also vehicles travelling to and from Honiton. The main entry point into the estate has, in recent years, become a focal point for retail uses. Away from this entry point the estate has become a popular location for small/medium sized businesses and larger distributors.

### **Summary of Planning Activity**

See also Appendix 2 & 3 – Plots 11A to 11O.

### **Loss of Employment Use**

Plot 11C – Change of use to a gymnasium.

### **Completions**

Plots 11E (business studios), 11F (change of use from General Industry to Storage/Distribution) and 11G (covered area for Parnell Coaches), 11H (single-storey industrial building) and 11L (new EDDC offices) are now completed.

### **Approvals**

Plots 11I (industrial unit extension) and 11J (extension) were approved in 2017-18 but not yet started/completed at 31.3.2019.

Change of Use and subdivision of: Unit 1 restricted retail (A1 use class) to Unit 1a (Class A1 retail), Unit 1b (restricted retail & bulky goods) and Unit 1c (restricted retail & bulky goods, or Class B8 storage & distribution); and Unit 2 Country Store restricted retail to Unit 2a (restricted retail & bulky goods; or Class B8 storage and distribution) and Unit 2b (restricted retail & bulky goods); and associated alterations to elevations – 18/1774/FUL (Plot N) granted September 2018.

Installation of two pressure washing bays with accompanying parking – 18/0130/FUL (Plot 11O) granted May 2018.

### **Vacant Land**

Plots 11A, 11B and 11D are allocated (with no extant permissions) amounting to a total of 2.52 hectares; 11K forms the residual non-developed element of a Local Plan allocation site, whilst 11M is also available (non-allocated).

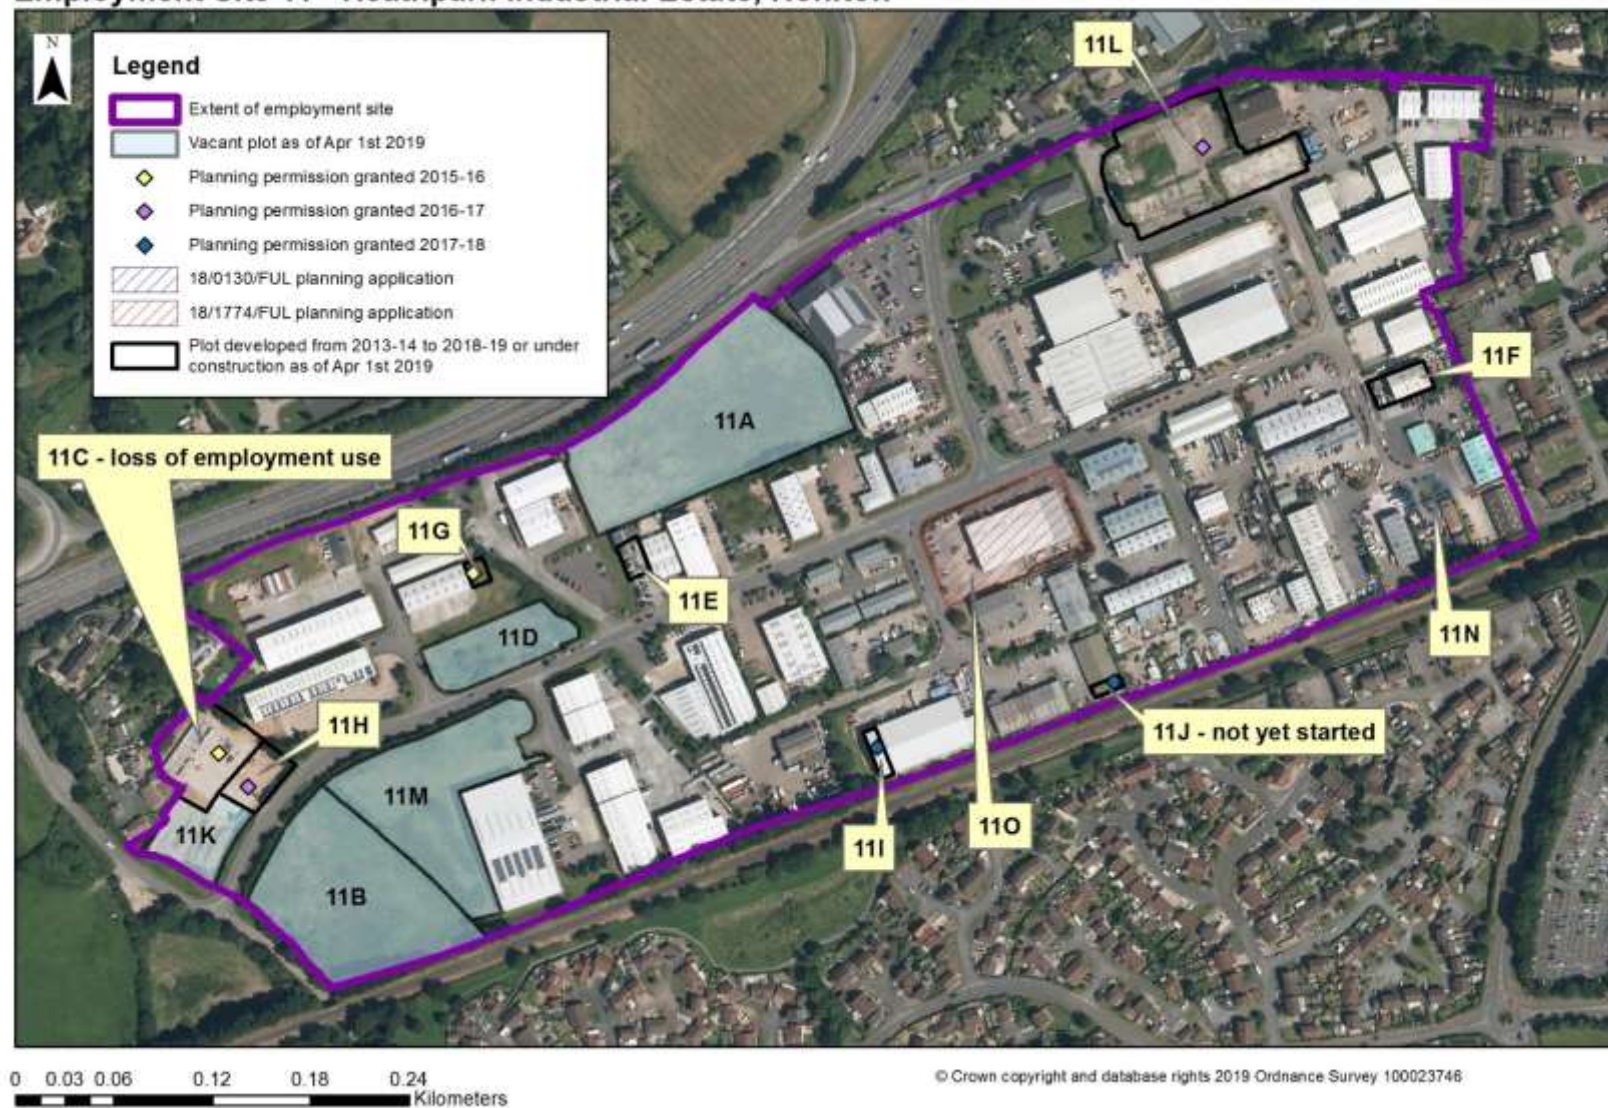

### **Non Domestic Rated Properties**

There are 165 units rated for non-domestic use, of which 8 were empty at 31.3.2019. There is a predominance of warehouses (49), and workshops (40), but also a concentration of stores (16) and factories (7).

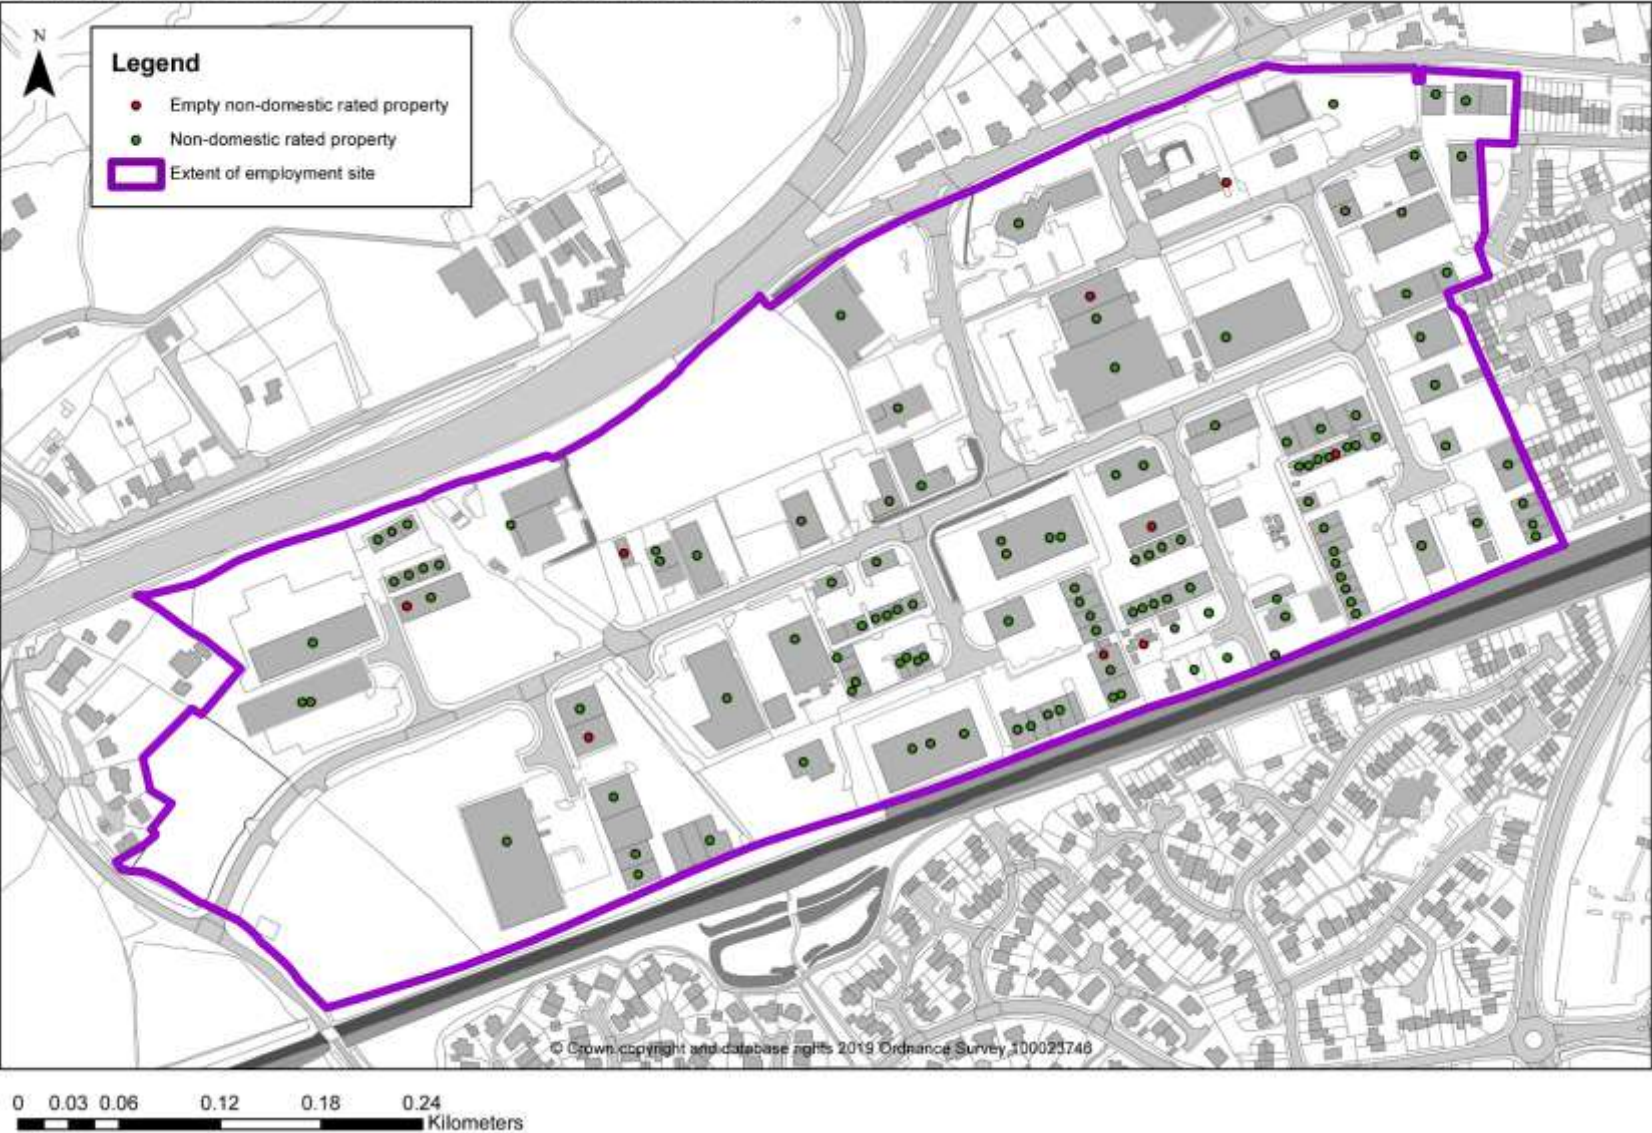

### **Constraints**

There is a small flood zone area.

### Employment Site 11 - Heathpark Industrial Estate, Honiton

Employment Site 11 - Heathpark Industrial Estate, Honiton

## **42 – West of Hayne Lane Employment Site, Honiton**

### **Ownership**

Land to the West of Hayne Lane is understood to be in split ownership between East Devon District Council and a private owner.

### **Description**

The site is located on the western periphery of Honiton, with access from the A35 through the Heathpark Industrial Estate and close to a junction with the A30. The site has a prominent frontage to the A30. The site is currently in agricultural use but is allocated for employment purposes in the Local Plan. The site covers an area of 15.6 hectares and is shown on the plans below.

A small part of the site is now in use as a garden centre, which is discounted from this employment site assessment work.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 42A.

### **Vacant Land**

Plot 42A is allocated in the Local Plan (with no extant permission).

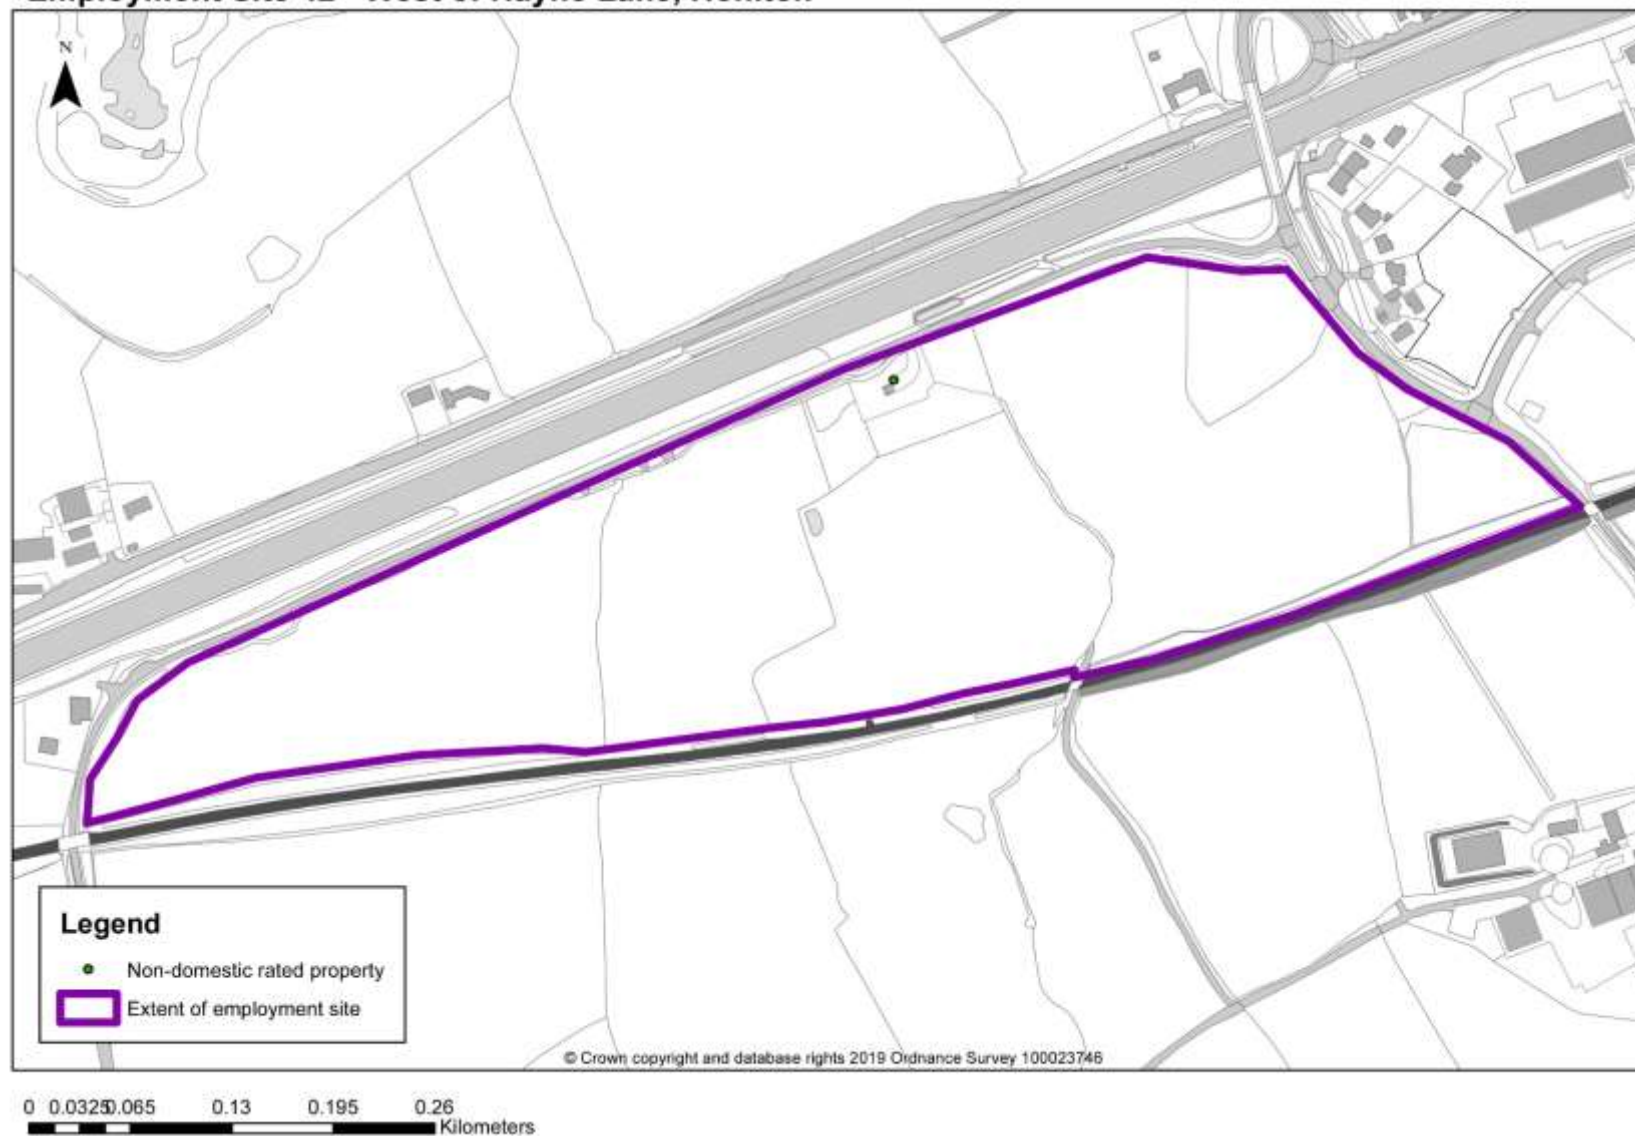

### **Constraints**

Expansion potential is limited by the A30 to the north, and by the railway line to the south. The existing road infrastructure to the site may also be a constraint.

Employment Site 42 - West of Hayne Lane, Honiton

### Employment Site 42 - West of Hayne Lane, Honiton

### **3 – Ottery Moor Lane, Honiton**

#### **Ownership**

The site is understood to be in multiple ownership.

#### **Description**

Ottery Moor Lane is an ageing but quite substantial industrial area, covering just over seven hectares close to Honiton town centre, as shown on the plans below.

There are various parcels of apparently underused land at the estate but none are explicitly recorded as offering scope for employment development. Of critical importance is the fact that much of the site is allocated for residential development in the Local Plan and there is a planning permission/resolution to grant permission. The residential element covers the northerly and easterly parts of the site.

On site there are a number of trade counters and retail outlets with some general industry though the quality of buildings varies markedly.

The site is within Honiton and close to the A30 and A375 though the access via Ottery Moor Lane leading from High Street is not ideal and the site lacks prominent street frontage.

#### **Summary of Planning Activity**

Plot 3A (Goonvean Fibres extension) was completed in 2015-16.

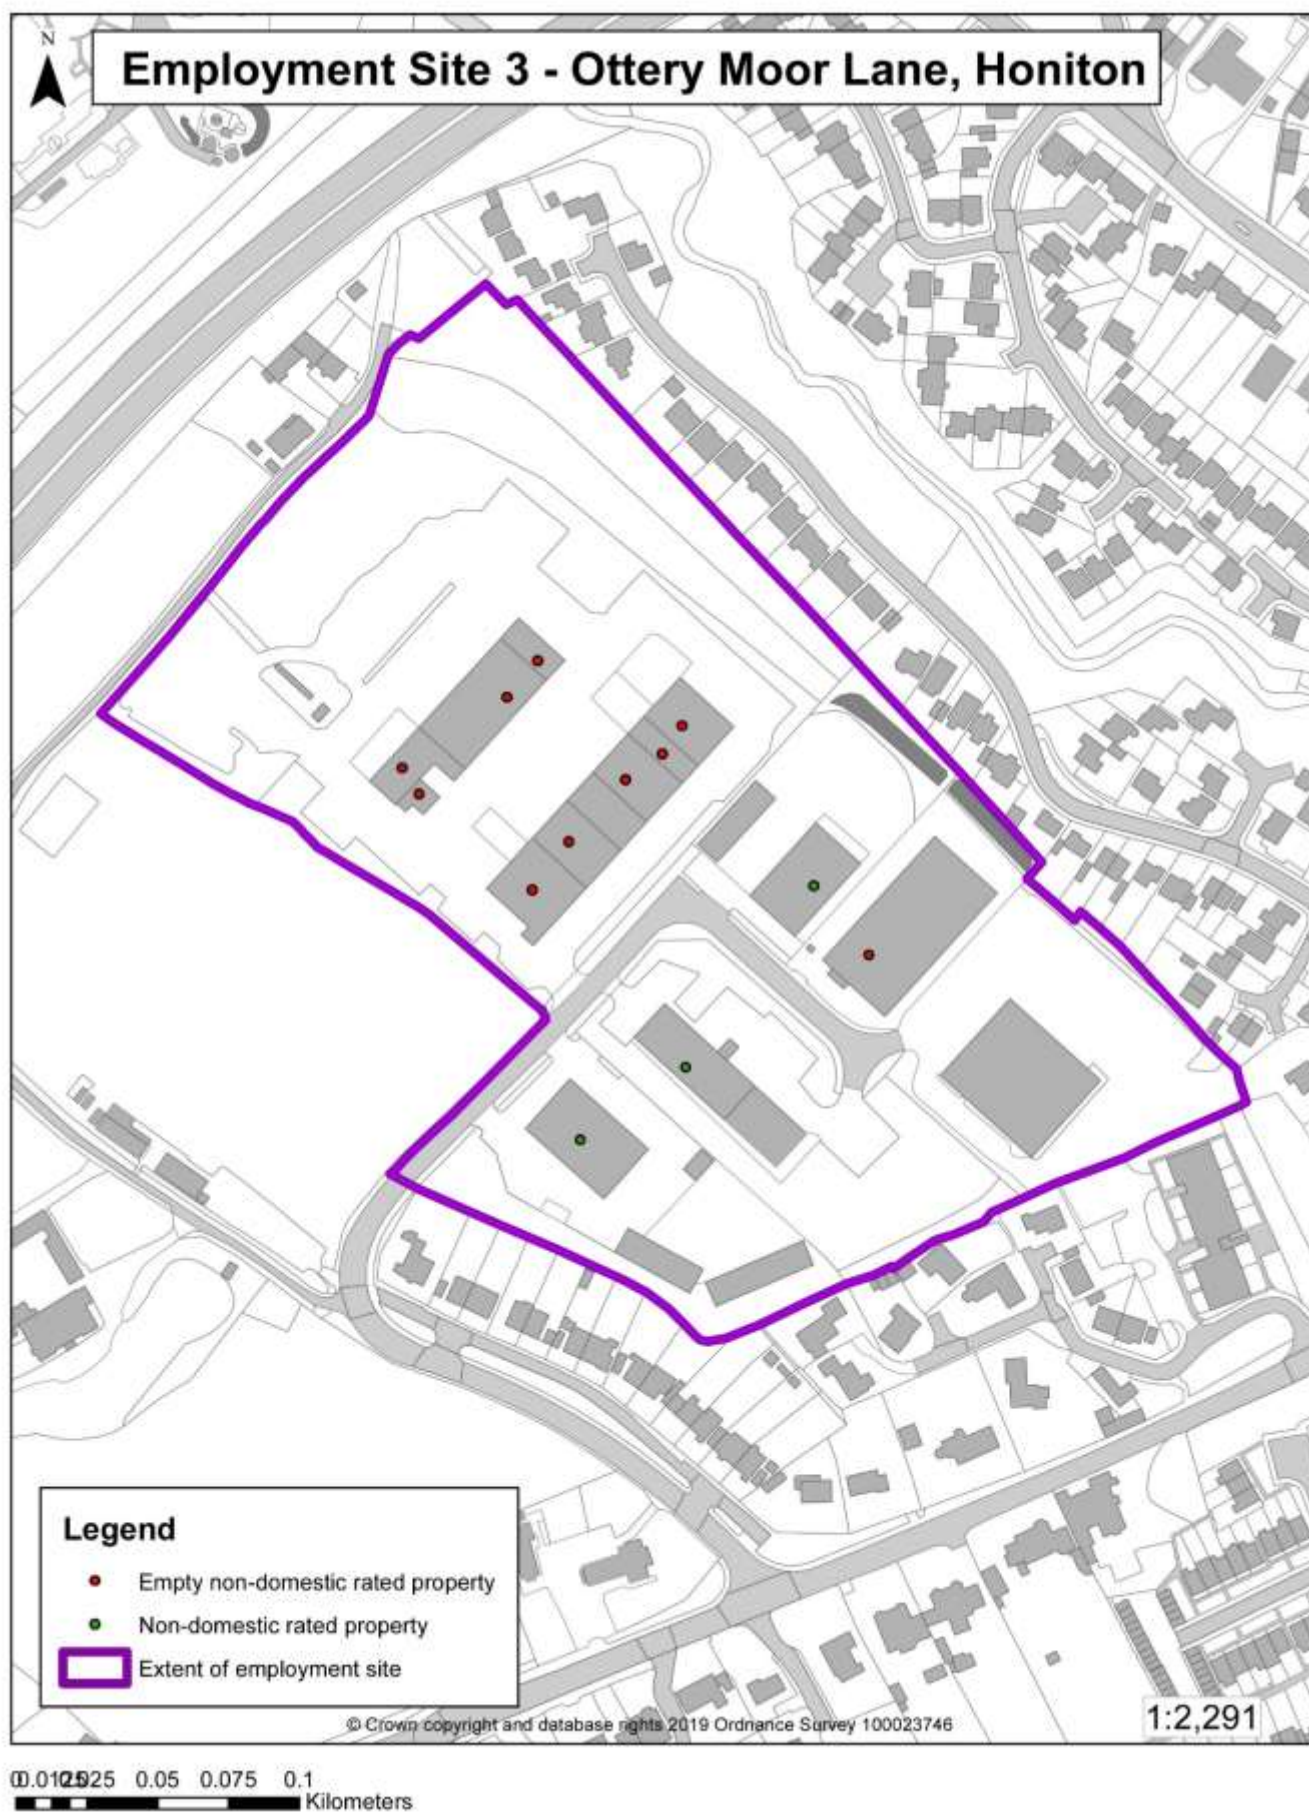

#### **Non-Domestic Rated Properties**

There are 13 non-domestic rated properties, of which ten were classed as empty at 31.3.2019.

#### **Constraints**

Access is via a residential street and part of the site is allocated within East Devon's Draft Local Plan for housing. The south east corner adjoins a conservation area and the site adjoins a school playing field and residential uses. Buildings are in generally fair to poor condition.

## **7 – East Devon Business Park, near Wilmington**

### **Ownership**

The site is thought to be in single ownership.

### **Description**

East Devon Business Park is a small estate, extending to 1.09 hectares, in a central part of East Devon, near Wilmington (east of Honiton). The site is located in close proximity to the A35. The estate is occupied by a range of business uses occupying mostly older buildings. The estate is shown on the plans below and a south-westerly part of the estate appears to be underused and might offer some infill development/re-development potential.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 7A.

### **Vacant Land**

There is a large plot at the south-west boundary of the site.

### **Non-Domestic Rated Properties**

There are 18 non-domestic rated units at the site, of which two were classed as empty at 31.3.2019.

### **Site Constraints**

The site lies within an Area of Outstanding Natural Beauty.

## **8 – Finnimore Industrial Estate, Ottery St Mary**

### **Ownership**

The majority of Finnimore Industrial Estate is understood to be owned by a single private investor, Whatcote Ltd. There are, however, a few owner occupiers.

### **Description**

Finnimore Industrial Estate lies on the western side of Ottery St Mary with good access to the B3174 Barrack Road, and around three kilometres (two miles) to the A30. The industrial estate contains a range of businesses; it extends to some 6.3 hectares in size and is shown on the plans below. There are three comparatively large vacant plots of land at Finnimore that are allocated in the Local Plan for employment development.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 8A to 8C.

### **Vacant Land**

Plots 8A, 8B, and 8C are allocated for employment use under strategy 24 and cover approximately 2.26 hectares.

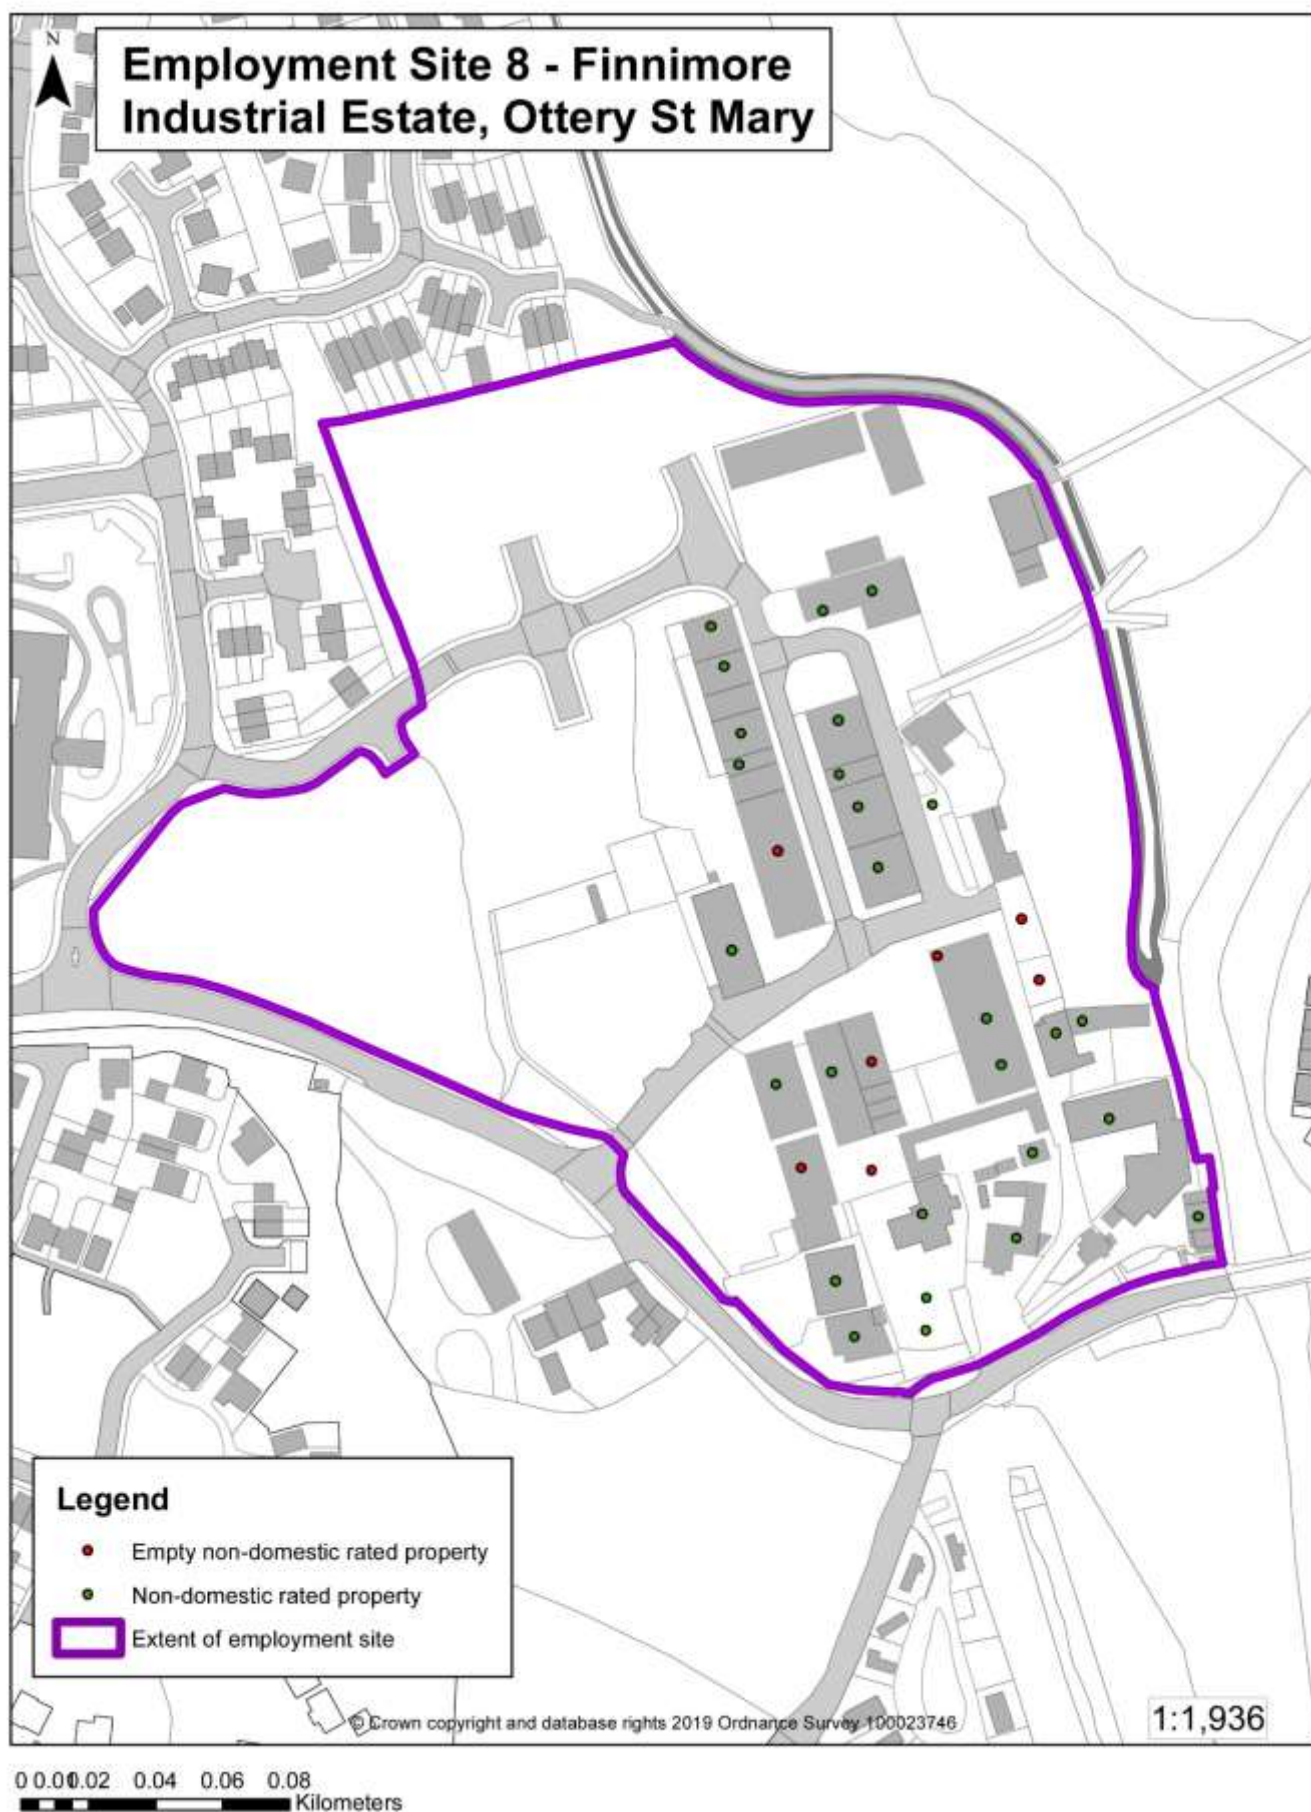

### **Non-Domestic Rated Properties**

There are 36 units rated for non-domestic use, of which seven were empty at 31.3.2019.

### **Site Constraints**

The site is within a flood zone.

## **6 – Dunkeswell Industrial Site**

### **Ownership**

The site is in multiple ownership.

### **Description**

Dunkeswell Industrial Site occupies a very substantial area, 20.7 hectares, and lies to the south-eastern side of Dunkeswell airfield runway. The airfield was built during the Second World War and remains operational for light aircraft.

The sprawling industrial estate contains a variety of premises ranging from large aircraft hangers and associated buildings, some formerly in military use, through to more modern units. The industrial site is shown on the maps below.

The northerly part of the estate is modern and comprises a number of new medium sized units. The slightly larger southern area is far more mixed in nature; it contains the larger and older buildings with their origins dating back through the 20th century and a few more modern units. Road access to the industrial area is via narrow country lanes and it lies around eight kilometres (five miles) to the north of the A35 and Honiton.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 6A to 6J.

### **Completions**

There have been eight completions within the last four years. In 2013-14, a new unit was built on Plot 6A; in 2014-15, a new storage building was built on Plot 6D and there was a CoU from a museum to light industrial / storage use on Plot 6E; in 2015-16 an extension was built on Plot 6A; in 2016-17, an extension was built on Plot 6Gi; and, in 2017-18, extensions were built on Plots 6Gii and 6Giii and a workshop was erected on Plot 6J.

### **Approvals**

Permission was granted for an extension to be built on Plot 6F in February 2016, but this has yet to begin at 31.3.2019. Also, in 2017, permissions were granted for an extension to be built on Plot 6H and for a replacement structure on Plot 6I; neither of these developments have started as of 31.3.2019 either.

### **Vacant Land**

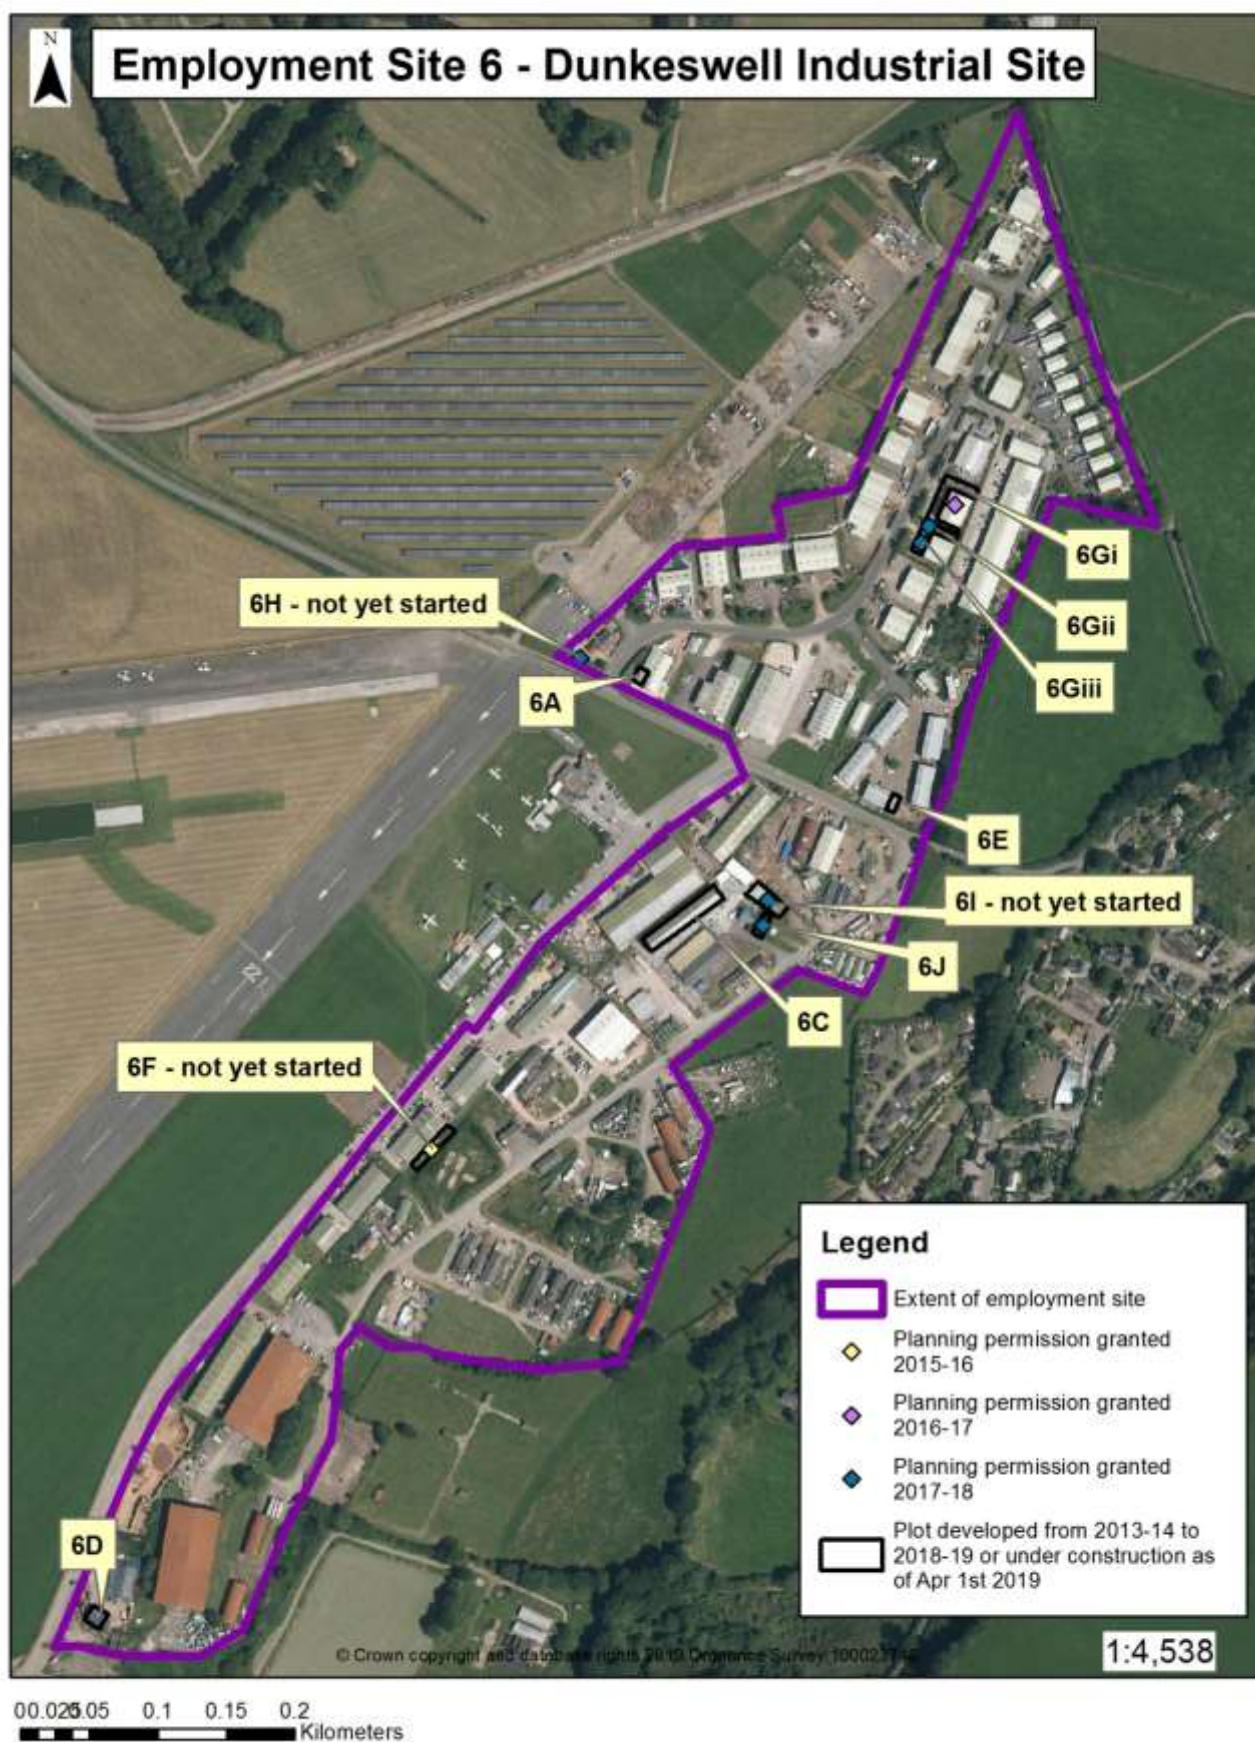

There was a vacant plot of land (6B) in the southern, older part of the estate. Planning permission was granted for construction of an extension to the south-west of an existing industrial building there, but expired on 26 June 2017 and was not implemented – this is no longer counted as vacant (please see Appendix 2).

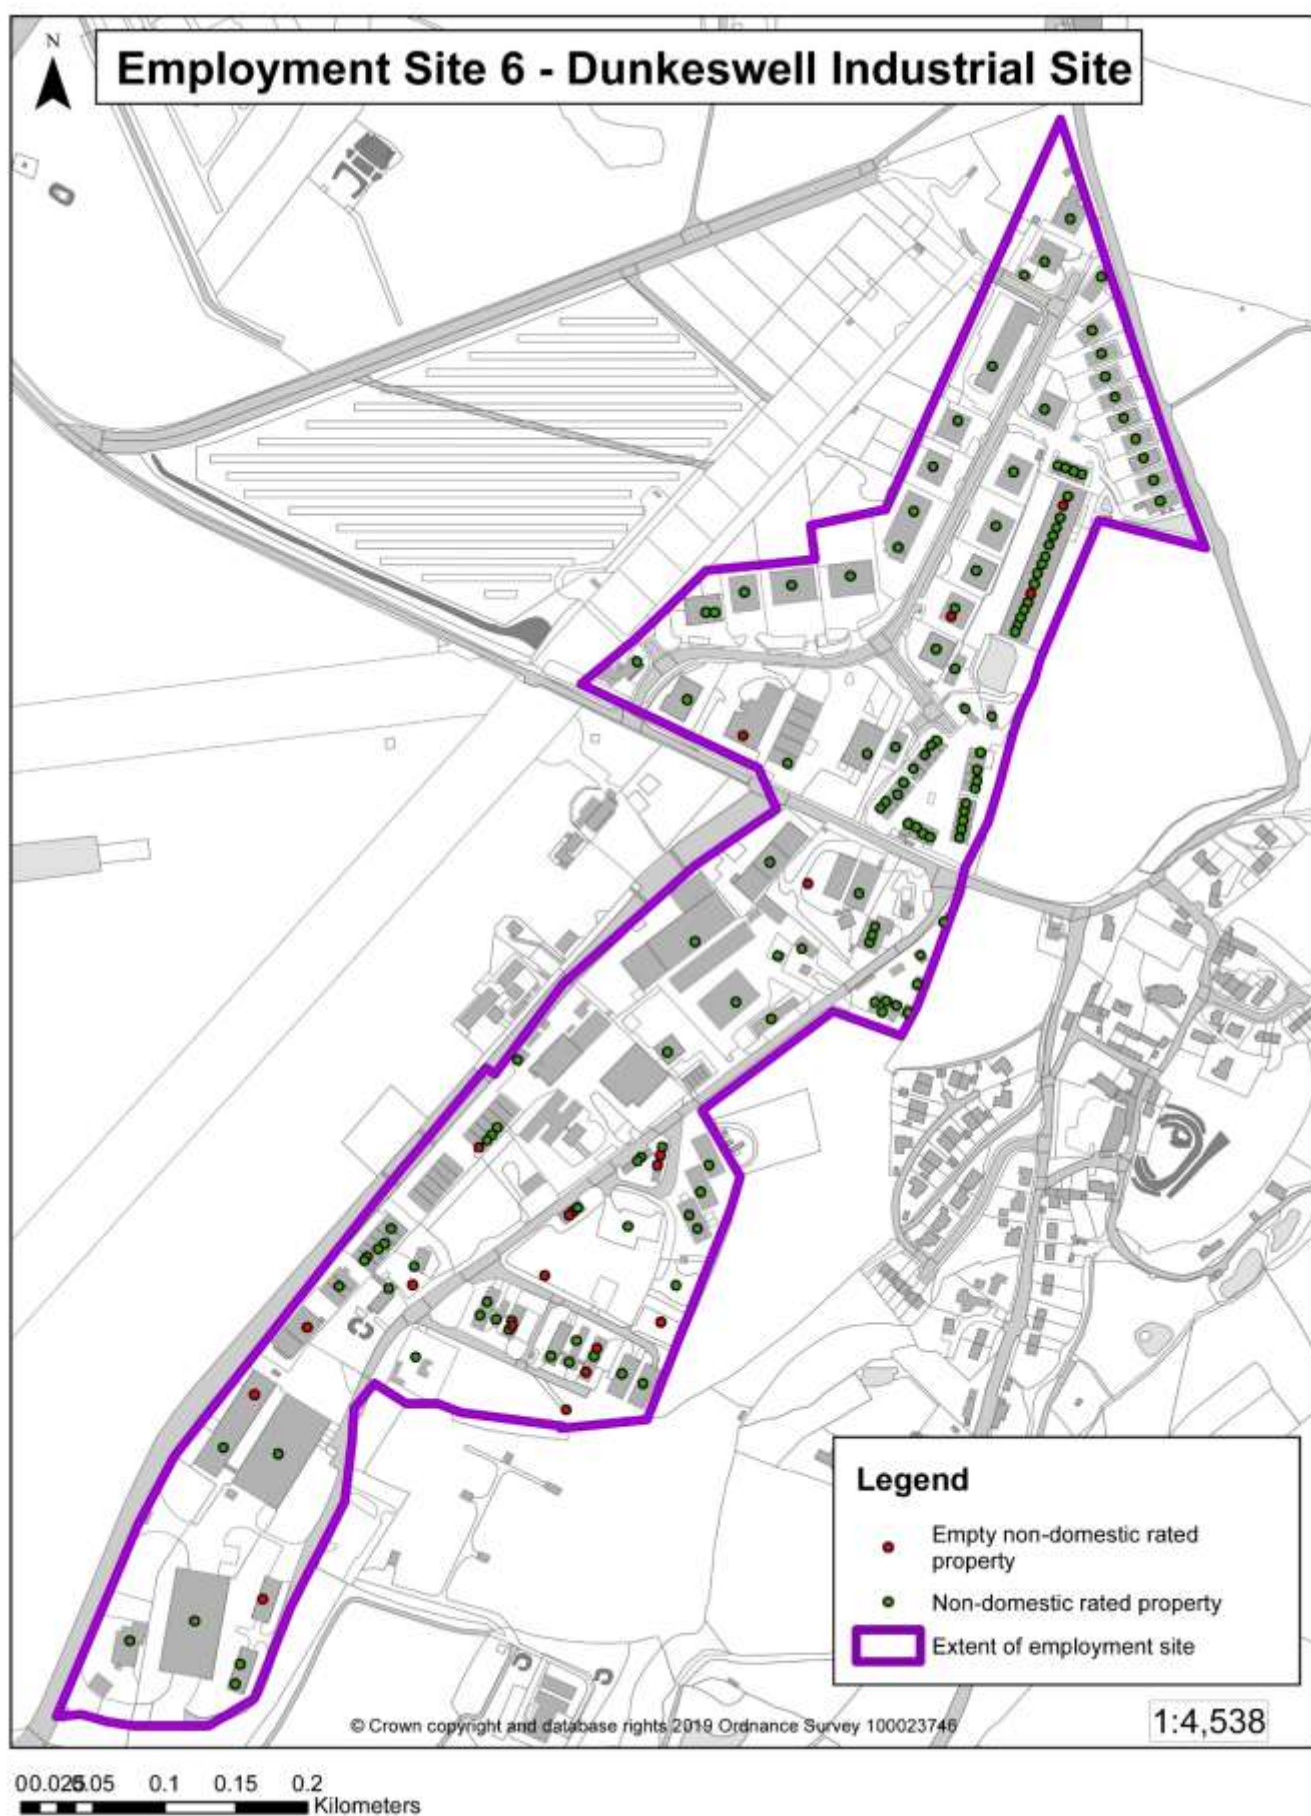

### **Non-Domestic Rated Properties**

There are 160 units rated for non-domestic purposes, 18 of which were empty at 31.3.2019; 55 units are used for warehousing, 30 as workshops, while 28 premises are used for storage purposes.

### **Site Constraints**

The site lies within an Area of Outstanding Natural Beauty.

## **62 – Dunkeswell Airfield**

### **Ownership**

Ownership of the airfield site is unknown.

### **Description**

The airfield is directly to the west of Site 6 – Dunkeswell Industrial Site.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 62A to 62C.

### **Completions**

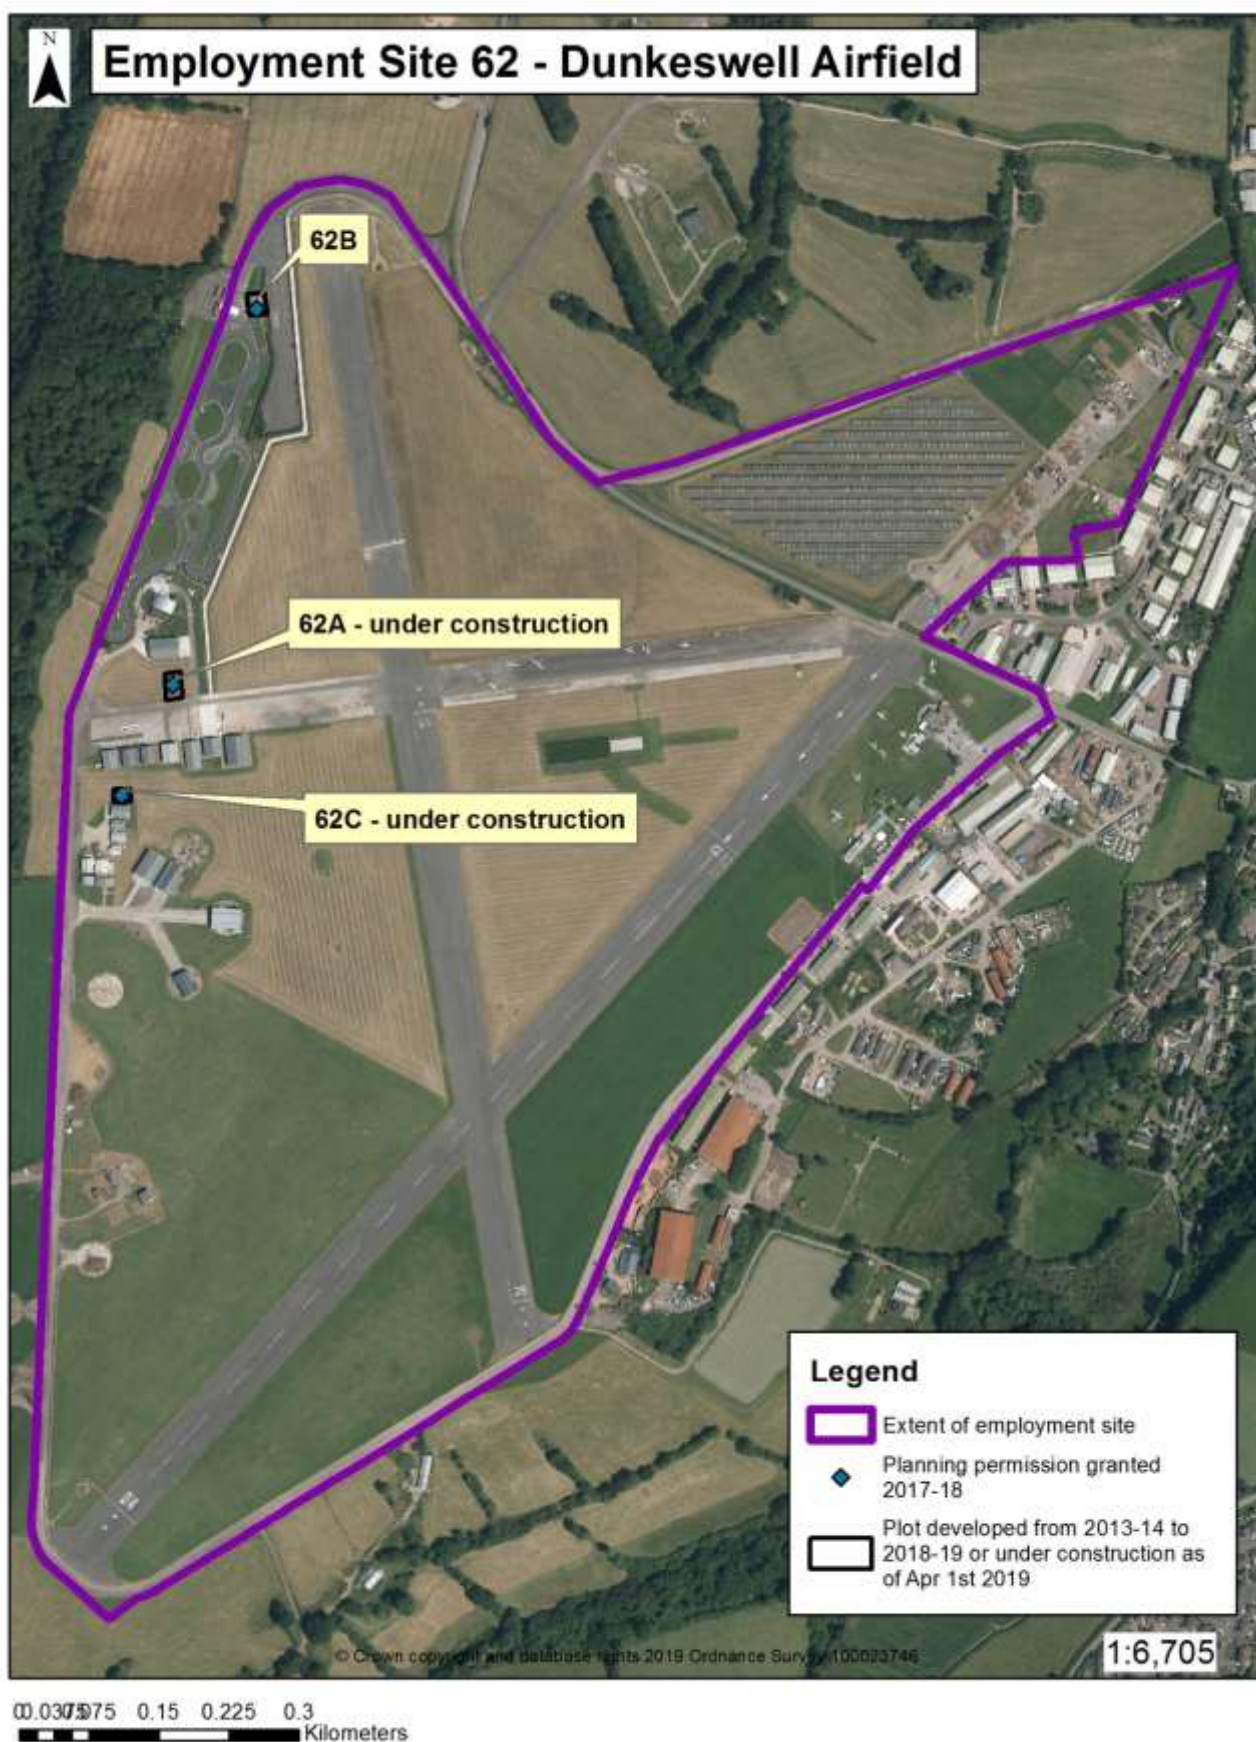

Work on a new building belonging to Mansell Raceway on Plot 62B was completed in 2018/19.

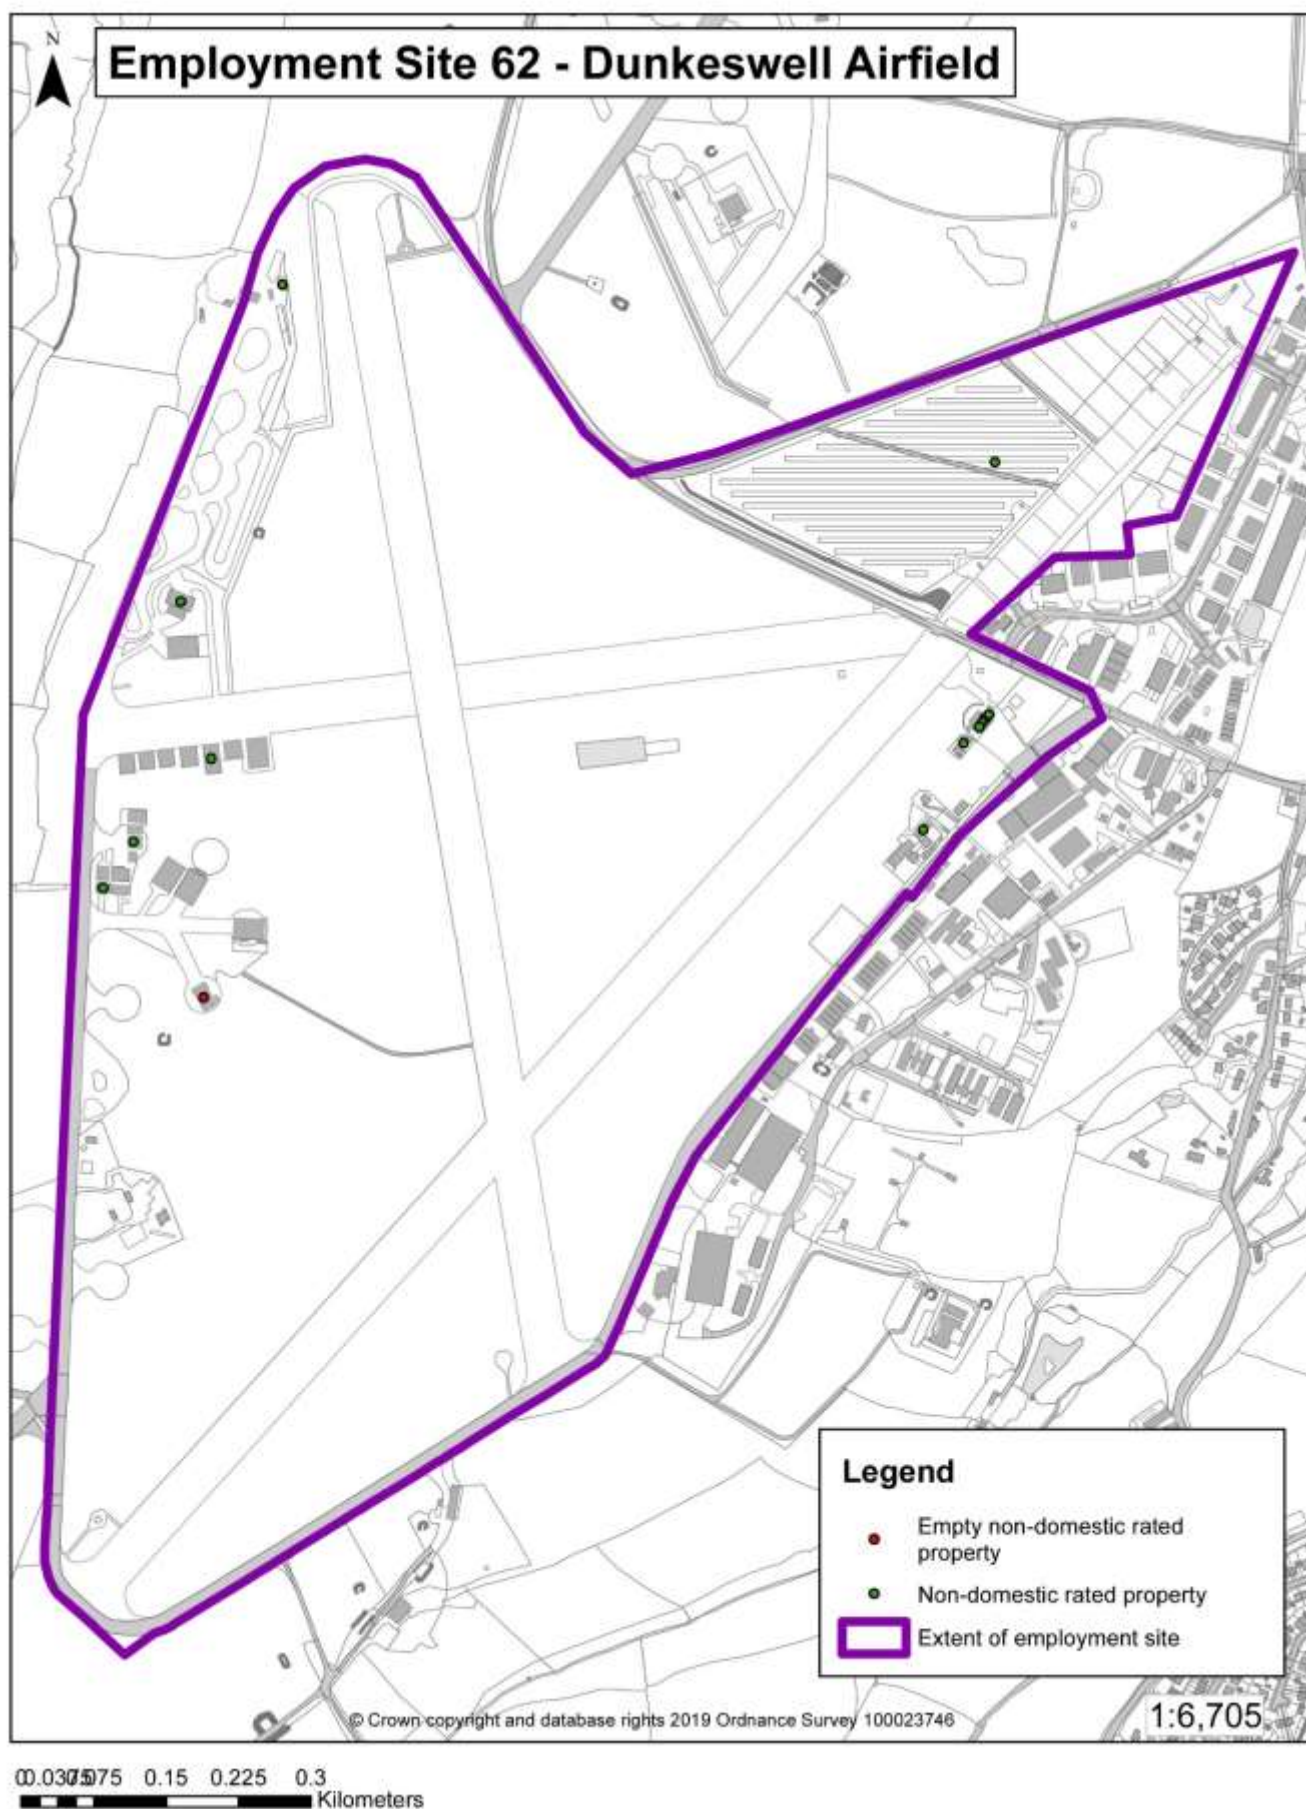

### **Approvals**

Permission was granted for a proposed aircraft storage shed on Plot 62C in June 2017 and an extension to an Air Westward aircraft storage shed on Plot 62A in March 2018 (under construction as of 31.3.2019).

### **Non-Domestic Rated Properties**

There are 16 units rated for non-domestic purposes, two of which were empty at 31.3.2019.

## **31 – Collets Mill, Talewater, Talaton**

### **Ownership**

Ownership of Collets Mill is not known.

### **Description**

Collets Mill sits in a rural location midway between the villages of Talaton and Feniton. The site is home to a timber mill and covers an area of 0.68 hectares. It is shown on the plans below.

### **Non-Domestic Rated Properties**

There are two units rated for non-domestic use, both of which are occupied.

### **Site Constraints**

Most of the site is in a flood zone.

## **32 – Talewater Works, Talaton**

### **Ownership**

Ownership of the Talewater Works at Talaton is not known.

### **Description**

Talewater Works sits in a rural location midway between the villages of Talaton and Feniton. The site is home to a range of business uses and covers an area of 1.84 hectares. The site is shown on the plans below.

### **Non-Domestic Rated Properties**

There are eight properties rated for non-domestic use on the site, all of which are occupied.

### **Site Constraints**

The southern part of the site is within a flood zone.

## **61 – Colliton Barton, Broadhembury**

### **Ownership**

Ownership of the site is not known.

### **Description**

The site comprises a range of business units converted from agricultural to industrial use and covers an area of 0.22 hectares.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 61A and 61B.

### **Completion**

Plot 61A change of use was approved and completed during 2015-16.

Plot 61B comprises the retention of a relapsed permission for a change of use from agricultural use to B8, for the storage and distribution of food.

### **Non-Domestic Rated Properties**

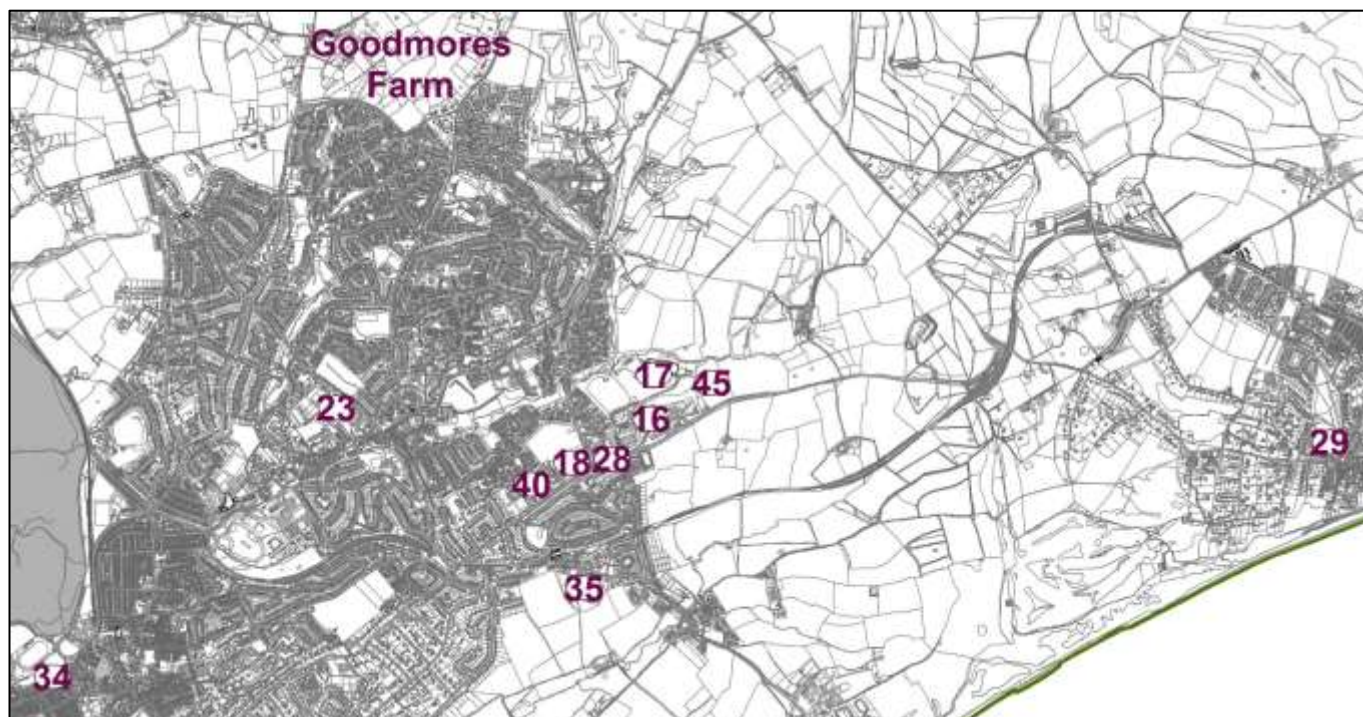

The site contains five units rated for non-domestic use, one of which was empty at 31.3.2019.

## Appendix 1E - Southern Area – Coastal Towns

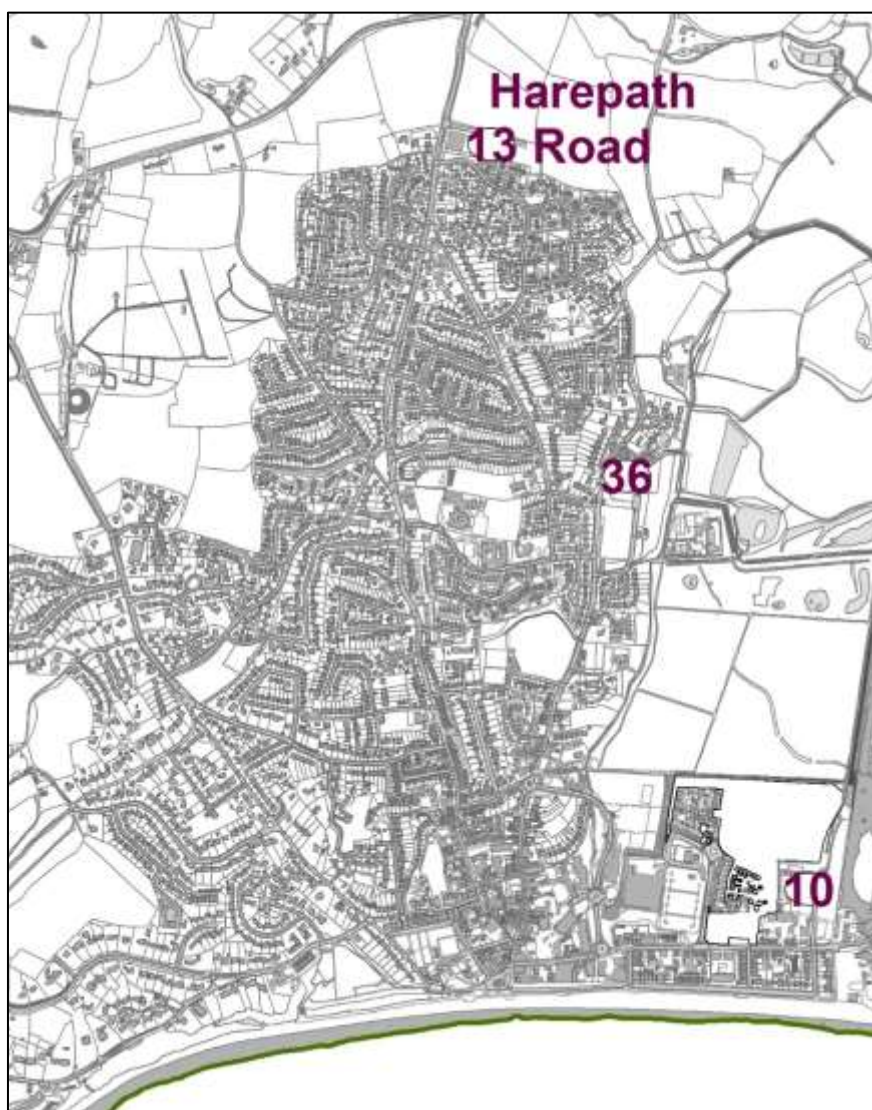

This part of the appendix features sites in or near coastal towns to the south of the District – including Exmouth, Sidmouth, Seaton, Budleigh Salterton, Colaton Raleigh and Newton Poppleford.

**Exmouth and Budleigh Salterton**

**Sidmouth and the surrounding area**

**Seaton**

Included in this section are: Site 1 – Alexandra Trading Estate; Site 10 – Harbour Road Industrial Estate; Site 13 – Harepath Road Industrial Estate; Sites 16, 17 & 45 – Liverton Business Park; Site 18 – Dinan Way; Site 19 – Manstone Lane; Site 23 – Pound Lane; Site 29 – Salterton Workshop; Site 28 – Dinan Way Trading Estate; Site 30 – The Old Sawmills; Site 34 – Victoria Way; Site 35 – Pankhurst Industrial Estate; Site 36 – Colyford Road; Site 40 – South of Redgate; Site 41 – Sidford Employment Site; Site 60 – Dotton Farm; and the employment areas at Goodmores Farm, Exmouth and Harepath Road, Seaton where specific plots are yet to be determined.

## **16 – Liverton Business Park (Phase 1), Exmouth**

### **Ownership**

Liverton Business Park (Phase 1) is controlled by Clinton Devon Estates.

### **Description**

Phase 1 of Liverton Business Park is located on the eastern edge of Exmouth; it extends to 7.7 hectares and is shown on the plans below.

The business park contains a range of predominately modern units, mostly built in the last 15 years, which are of variable size. Larger units are mostly to the southern frontage of the site, Salterton Road. Liverton (Phase 2) lies to the north of Phase 1 and Phase 3 to the east.

### **Non-Domestic Rated Properties**

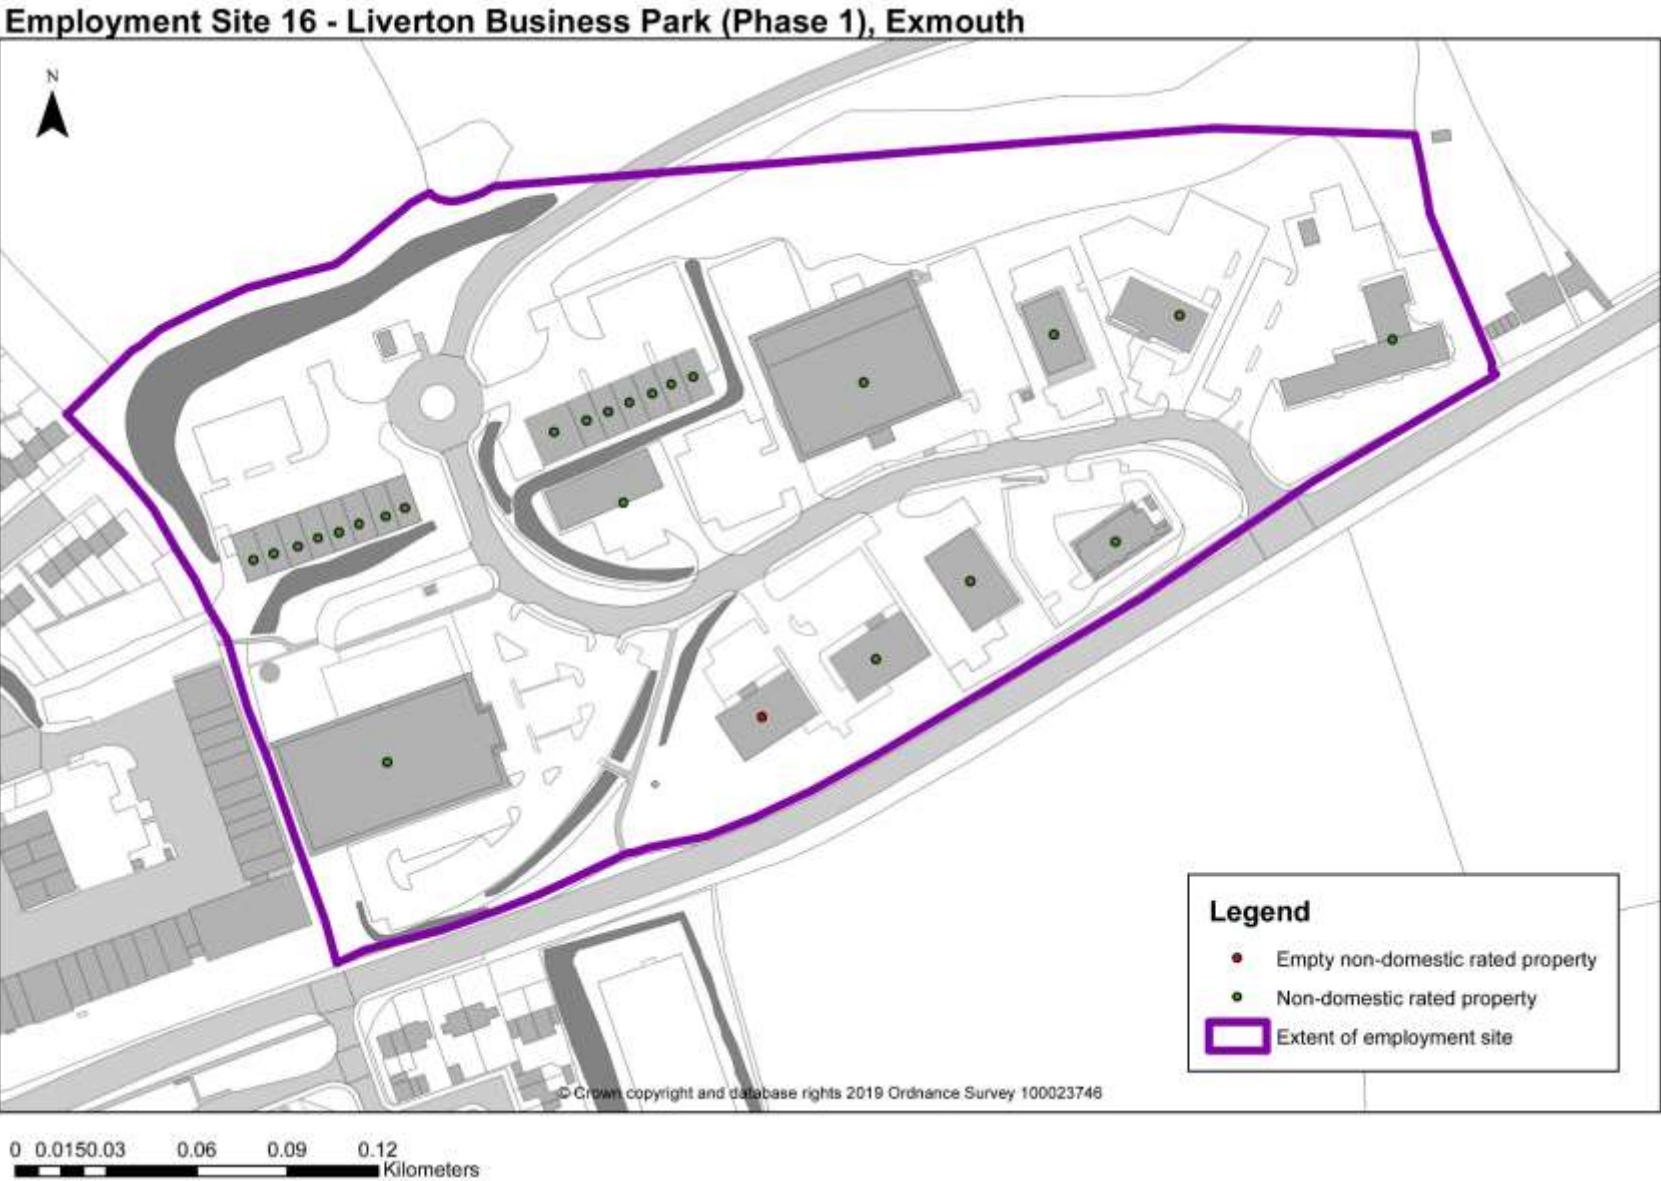

There are 26 units rated for non-domestic use, of which one was empty at 31.3.2019. Much of the estate is occupied by large retail premises, but there are other uses including 15 workshops.

### **Site Constraints**

Residential use to the north-west corner of the site.

Employment Site 16 - Liverton Business Park (Phase 1), Exmouth

## **17 – Liverton Business Park (Phase 2), Exmouth**

### **Ownership**

The site is controlled by Clinton Devon Estates.

### **Description**

Liverton Business Park (Phase 2) extends to an area of 6.5 hectares and lies on the eastern edge of Exmouth, to the north of – and with road access via Liverton (Phase 1) on to – Salterton Road. The site is shown on the maps below. The site is stepped down from Phase 1 and the access road to the site drops down quite sharply.

There are a number of builders' merchant warehouses on site and vacant land with further scope for development around and fronting on to the access road at this site.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 17A to 17F.

### **Completions**

Plot 17A (Bradfords) was completed in 2013 -14; Plot 17C (a row of new workshops) was completed in 2016-17; Plot 17D (Howdens Joinery) was completed in 2016-17; Plot 17E (Screwfix) was completed in 2017-18.

### **Vacant Land**

Plot 17B and 17F are vacant plots.

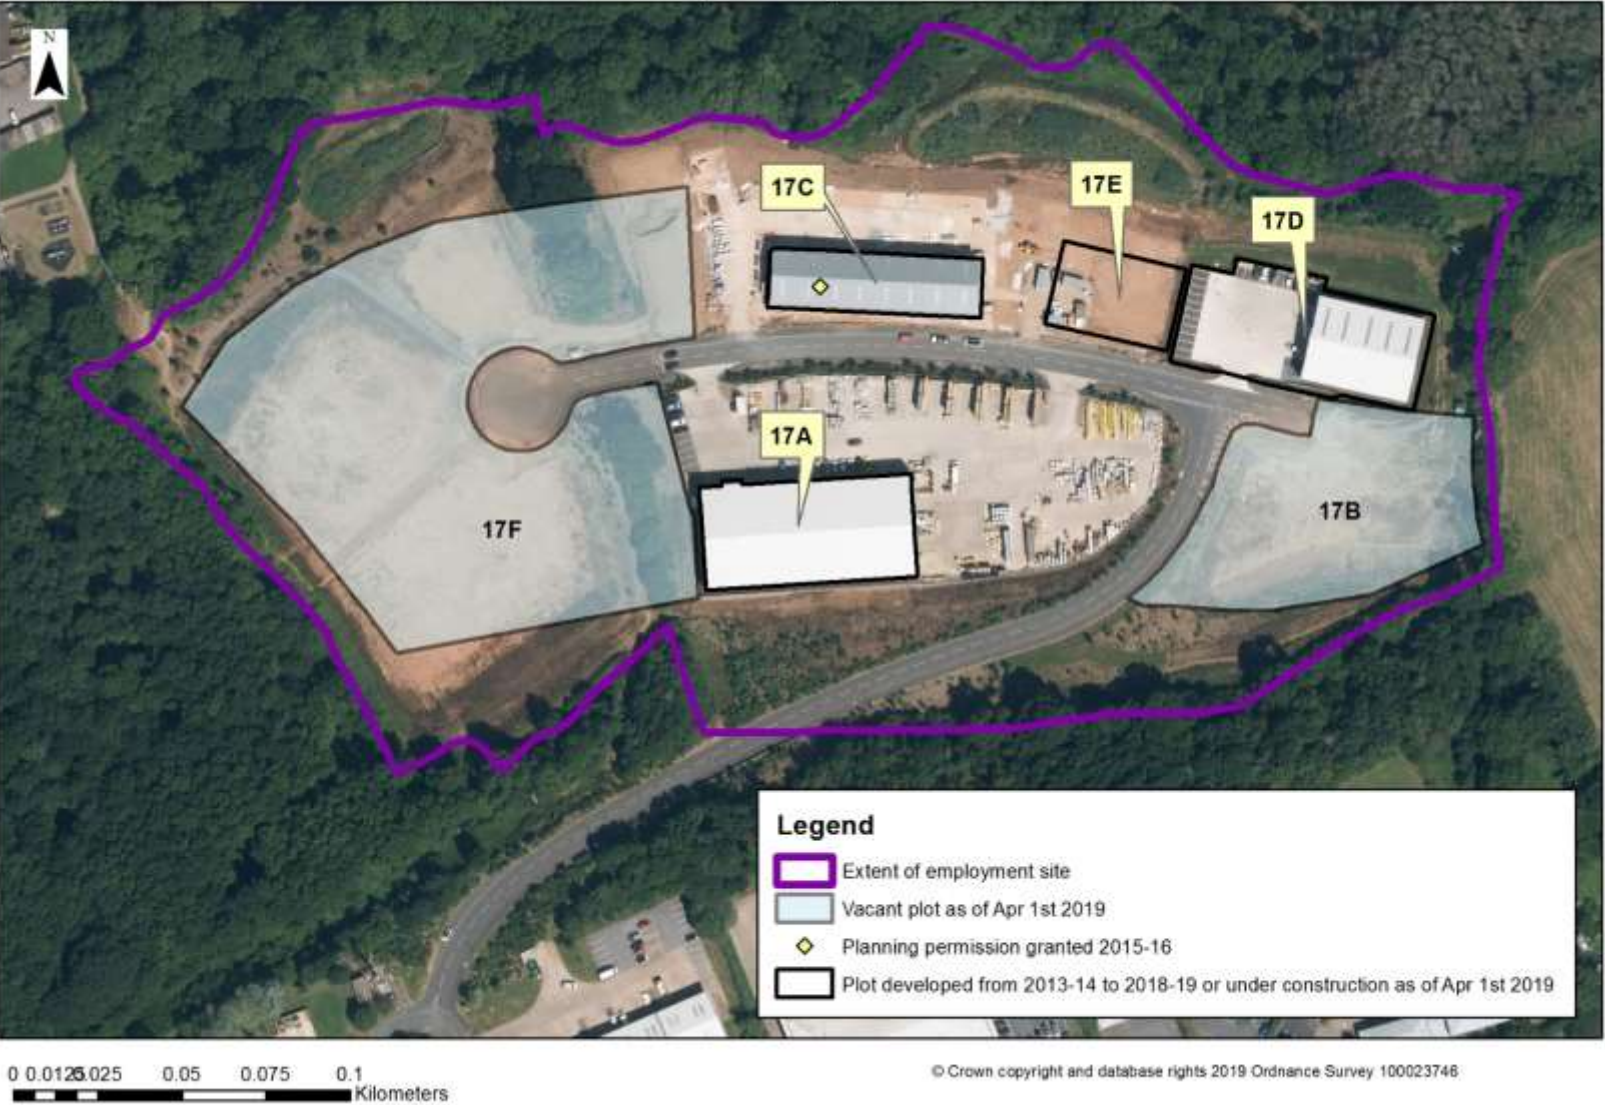

### **Non-Domestic Rated Properties**

There are eight units rated for non-domestic use, none of which were classed as empty at 31.3.2019.

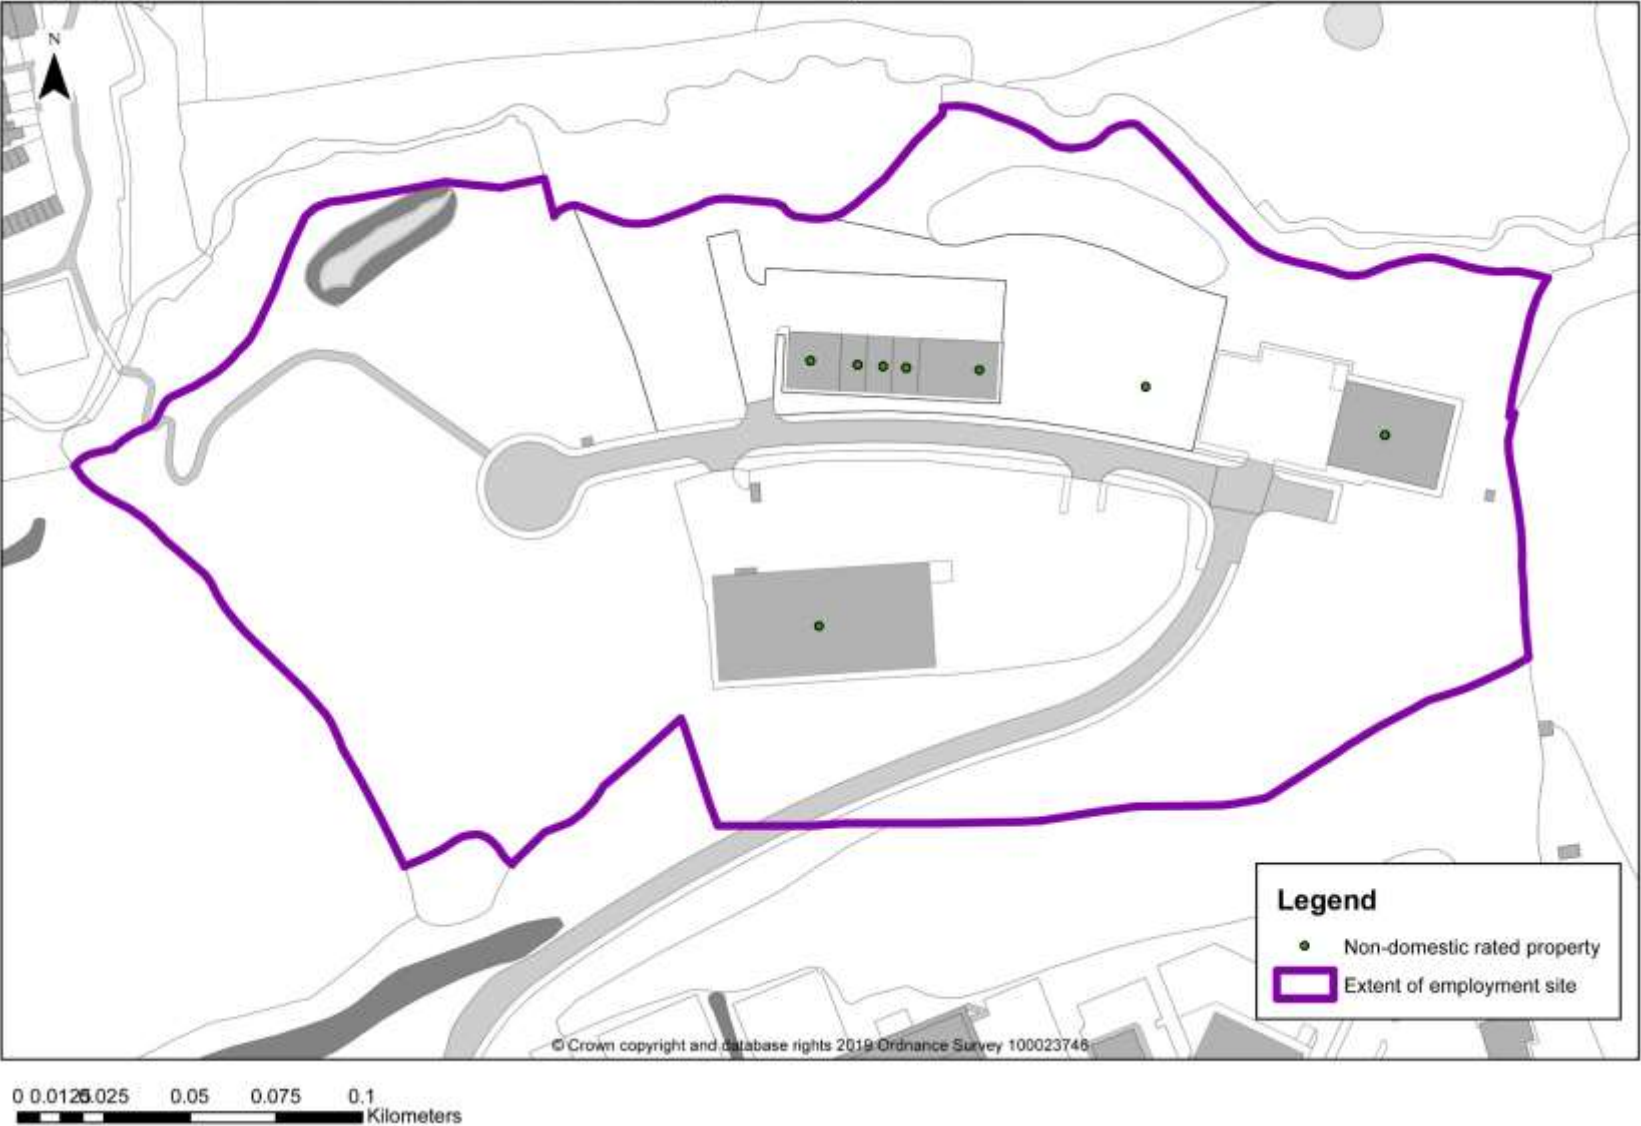

### **Site Constraints**

There is a flood zone to the north of the site.

Employment Site 17 - Liverton Business Park (Phase 2), Exmouth

Employment Site 17 - Liverton Business Park (Phase 2), Exmouth

## **45 – Liverton Business Park (Phase 3), Exmouth**

### **Ownership**

Liverton Business Park (Phase 3) is owned by Clinton Devon Estates.

### **Description**

Liverton Business Park (Phase 3) is allocated in the Local Plan for employment use. The site lies at the eastern edge of Exmouth and adjoins the existing Liverton industrial estate with road frontage to the B3178. It is currently a Greenfield site and measures 2.7 hectares in area. The site is shown on the plans below.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 45A.

### **Vacant Land**

Plot 45A is allocated in the Local Plan (with no extant permission).

### **Site Constraints**

There is an AONB to the south of the site.

## **18 – Dinan Way, Exmouth**

### **Ownership**

The site is in multiple ownership, including some land which is owned by the local authority.

### **Description**

The small employment area to the west of Dinan Way lies on the eastern side of Exmouth and extends to an area of 2.13 hectares. The site has easy access to Salterton Road and is home to a number of smaller and medium sized industrial units. The site is shown on the plans below.

### **Non-Domestic Rated Properties**

There are eight units rated for non-domestic use, none of which were empty at 31.3.2019.

### **Site Constraints**

Expansion potential is constrained to the south, east and west; there is residential use to the west.

### Employment Site 18 - Dinan Way, Exmouth

### Employment Site 18 - Dinan Way, Exmouth

## **28 – Dinan Way Trading Estate, Exmouth**

### **Ownership**

Ownership of the Dinan Way Trading Estate is not known.

### **Description**

Dinan Way Trading Estate lies towards the eastern side of Exmouth, with good road access to Dinan Way and Salterton Road, and it covers an area of 1.87 hectares. The site is shown on the plans below.

The site contains a number of late 20th century units and is home to a range of industrial and engineering uses and a number of trade counter operations.

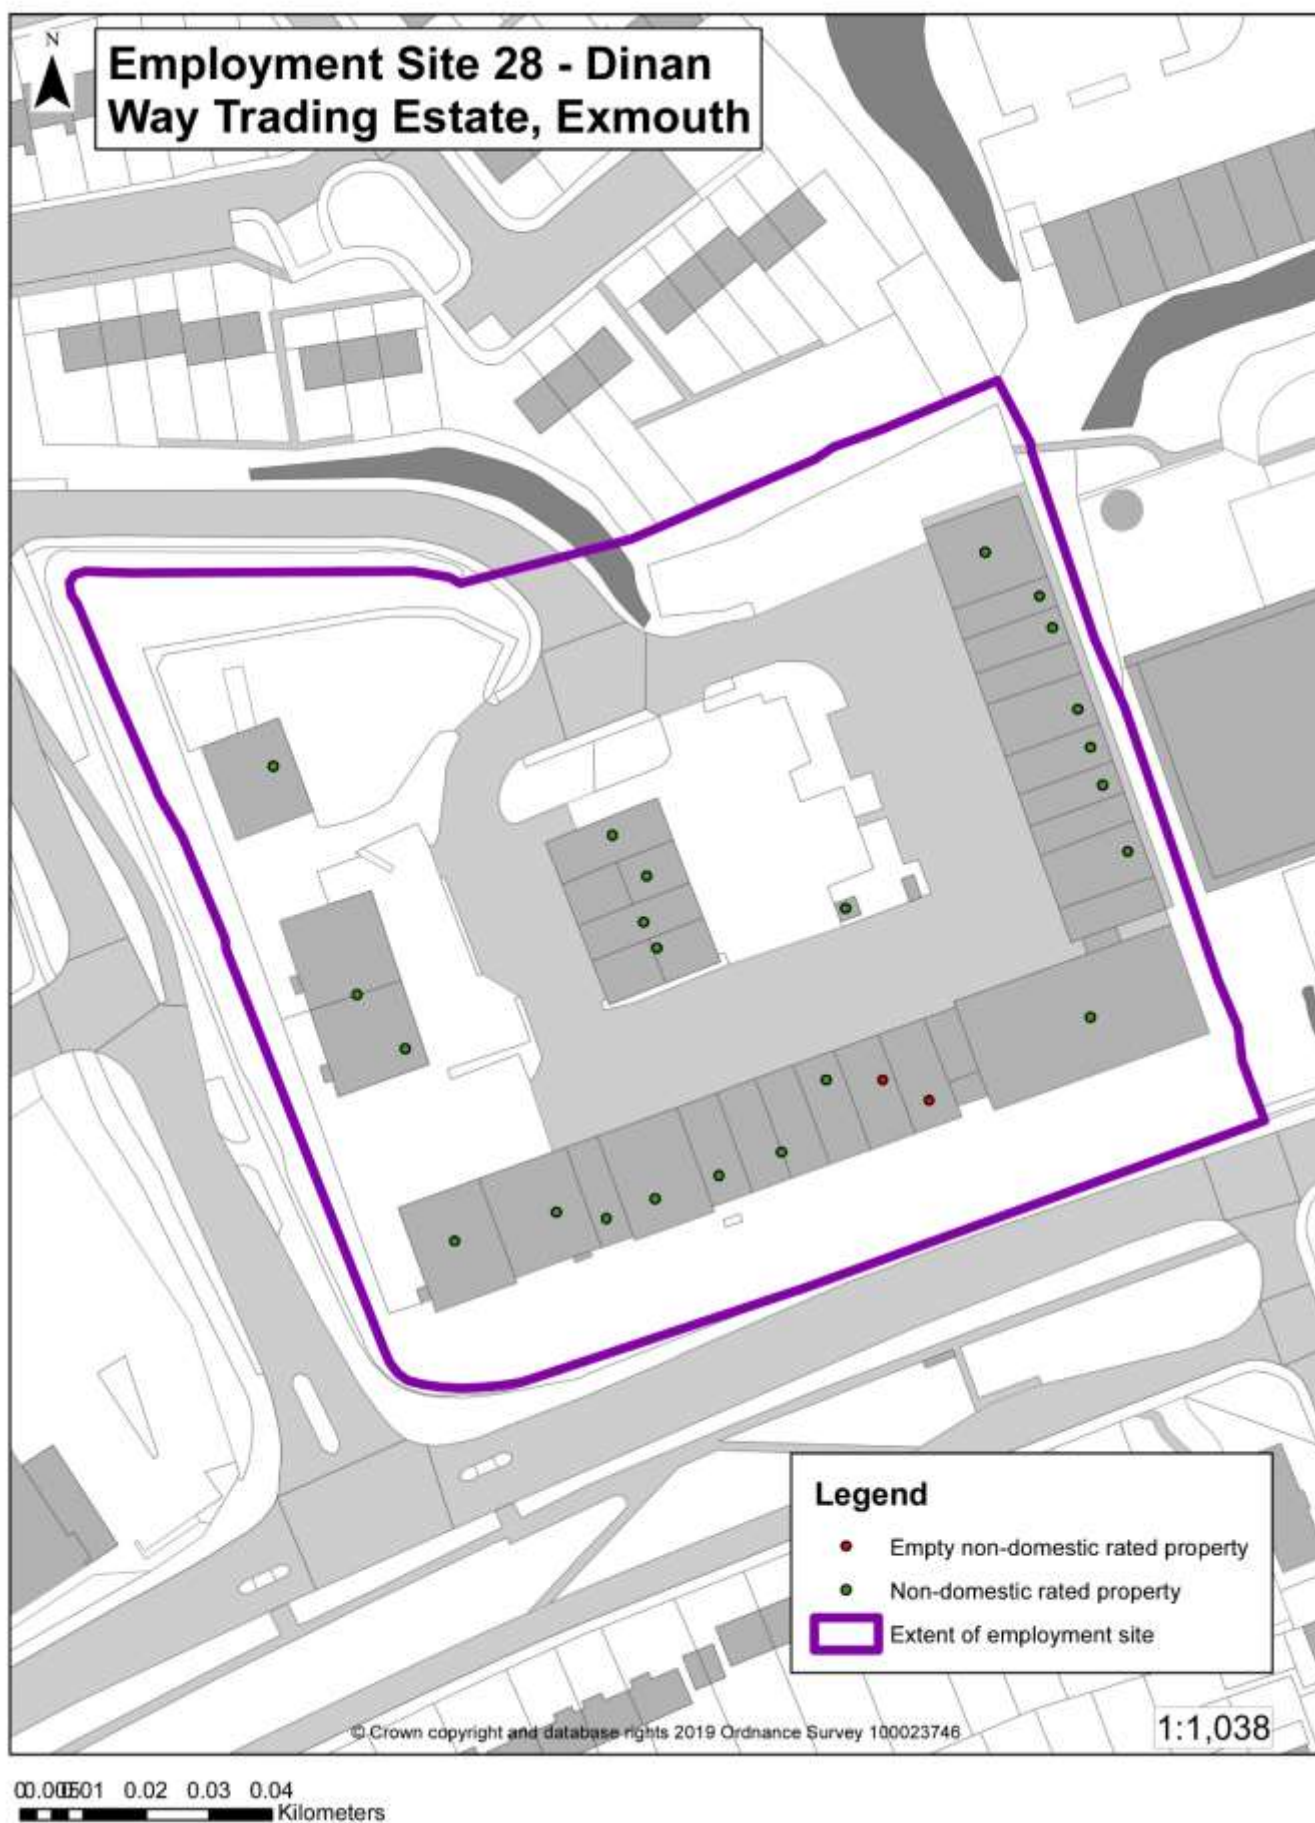

### **Non-Domestic Rated Properties**

There are 47 properties rated for non-domestic use, with five classed as empty at 31.3.2019.

### **Site Constraints**

There is a residential area to the north of the site and limited expansion potential due to surrounding land uses.

## **23 – Pound Lane, Exmouth**

### **Ownership**

The Pound Lane site at Exmouth is in multiple ownership.

### **Description**

The site is a well-established employment area containing a range of trade counter, specialist retail and general industrial uses with a range of buildings in varying states of repair. The site is located to the north-east of Exmouth town centre with a prominent road frontage. The buildings at the site generally occupy frontage locations and to the rear there are open space storage areas of varying quality. The site is shown on the plans below.

The Pound Lane site (or parts at least) was formerly a waste disposal landfill site (parts may remain in this use). This will impact upon scope for redevelopment and may account for the presence of vacant plot areas at the site. The site maps show land that may offer scope for infill redevelopment but actual and realistic potential for use may be limited. The rear of the site is accessed via a single lane estate road and has been separated into a number of secure open storage plots.

### **Non-Domestic Rated Properties**

There are 52 non-domestic rated properties (including 25 compounds) of which two were classed as empty at 31.3.2019.

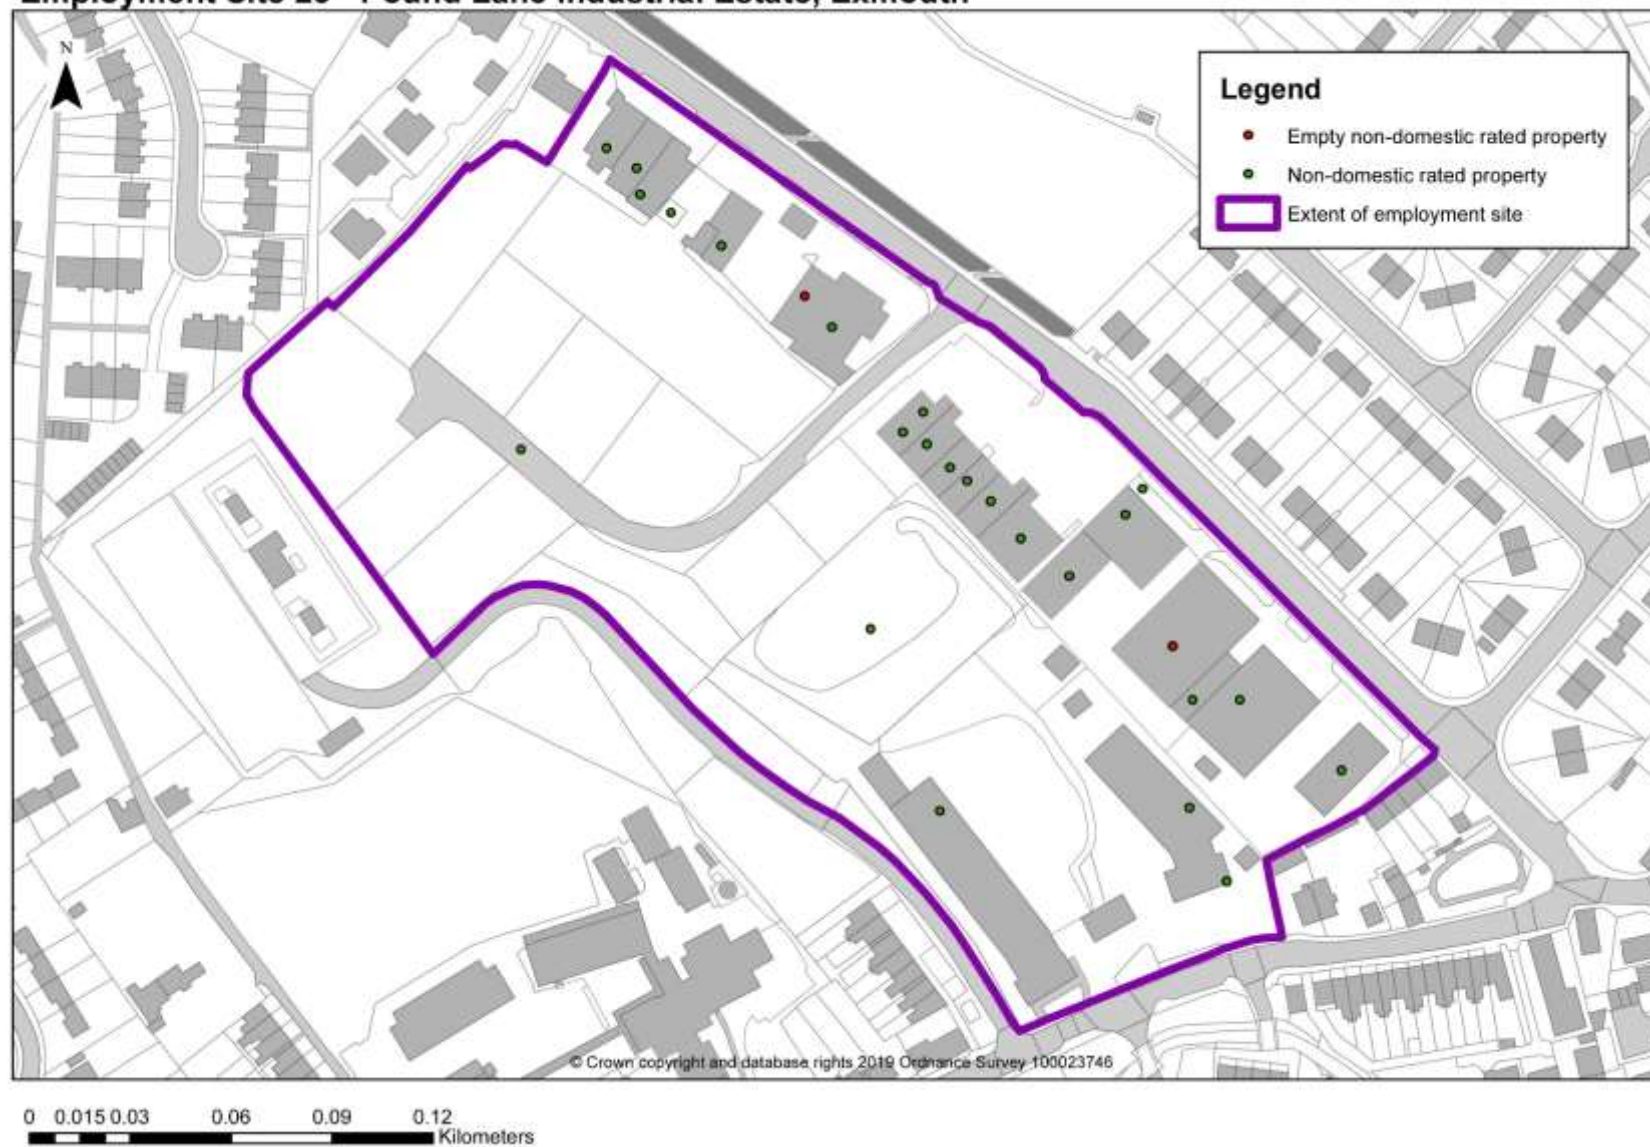

### **Site Constraints**

The site is constrained by surrounding residential and education use and there is a flood zone to the south of the site. Previous use as a landfill site has created a contamination issue with remediation having an impact on viability. Further, potential expansion land (to the rear of the site) identified is poorly accessed and lacks road frontage.

Employment Site 23 - Pound Lane Industrial Estate, Exmouth

### Employment Site 23 - Pound Lane Industrial Estate, Exmouth

## **34 – Victoria Way, Exmouth**

### **Ownership**

The Victoria Way site in Exmouth is in multiple ownership.

### **Description**

The site lies close to the town centre with a long frontage along / between Langerwehe Way and Victoria Way. The site is occupied by a range of business but particularly car repair workshops. The site covers an area of 0.44 hectares and is shown on the plans below.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 34A to 34C.

### **Completions**

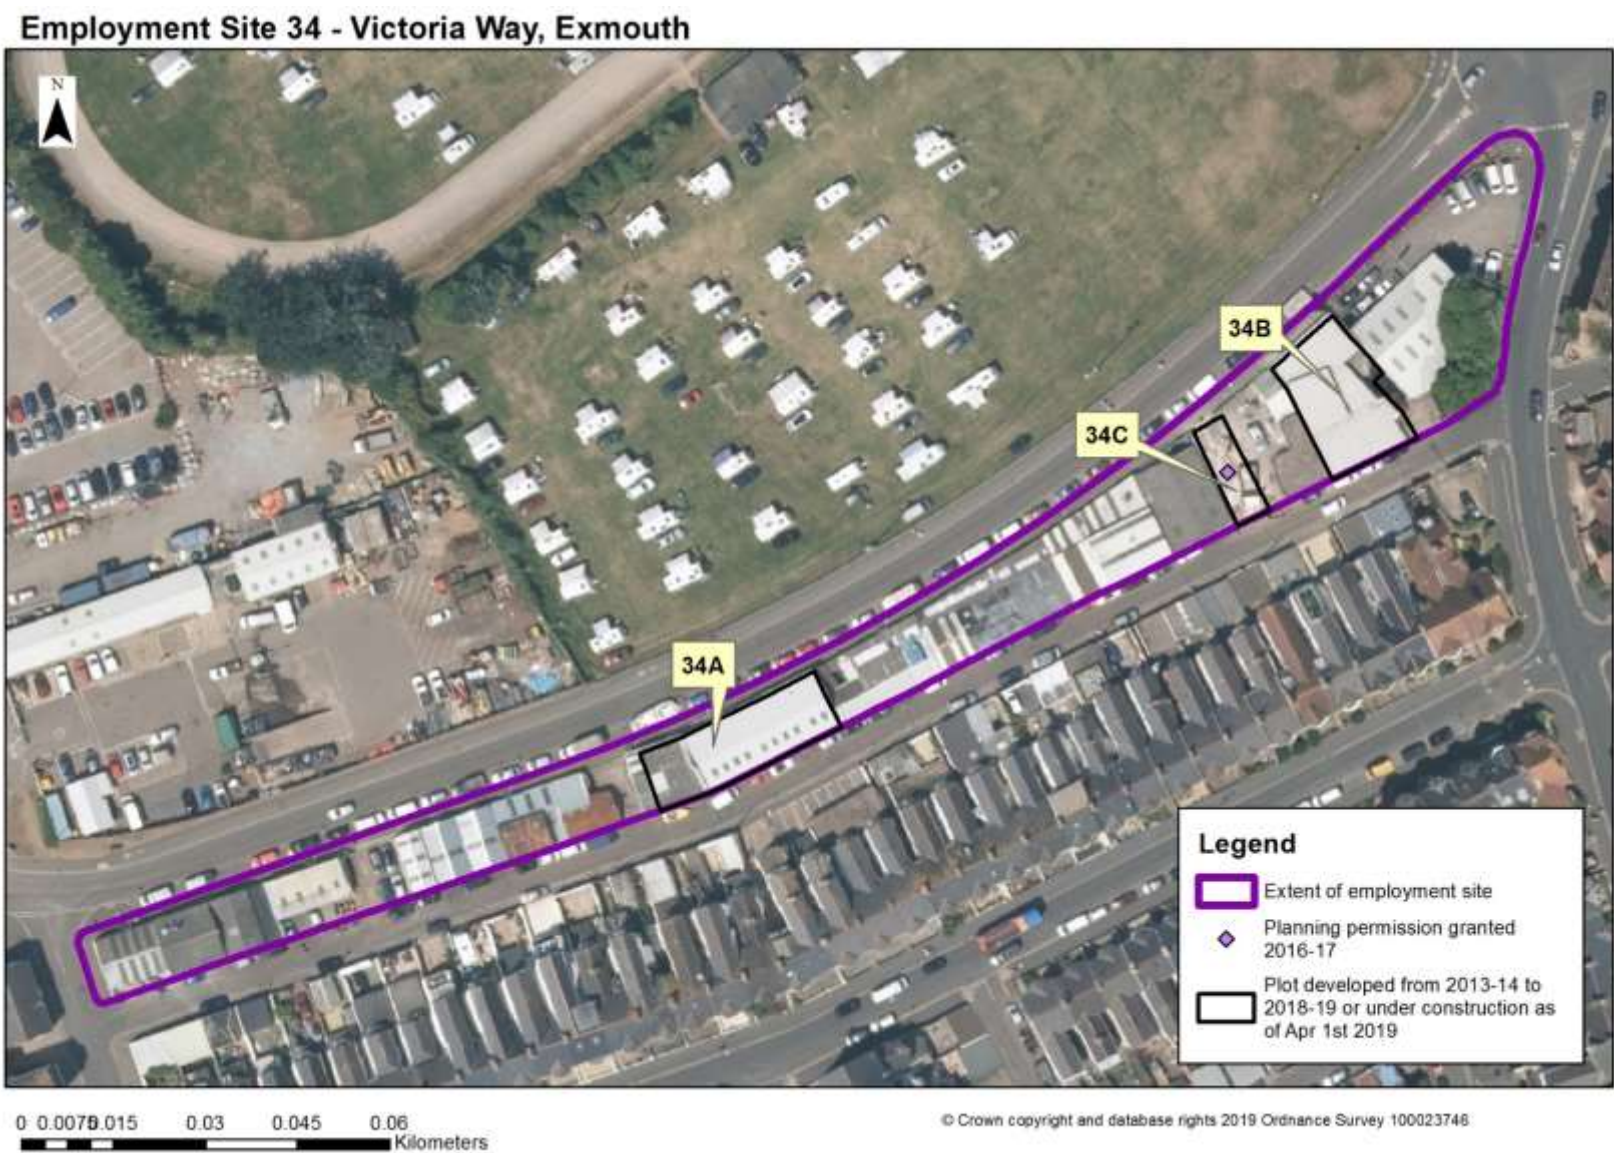

There were two completions during 2014-15, both of which involved the replacement of existing buildings, on Plots 34A and 34B respectively. A new light industrial unit for Devon Metalcrafts was completed on Plot 34C during 2017-18.

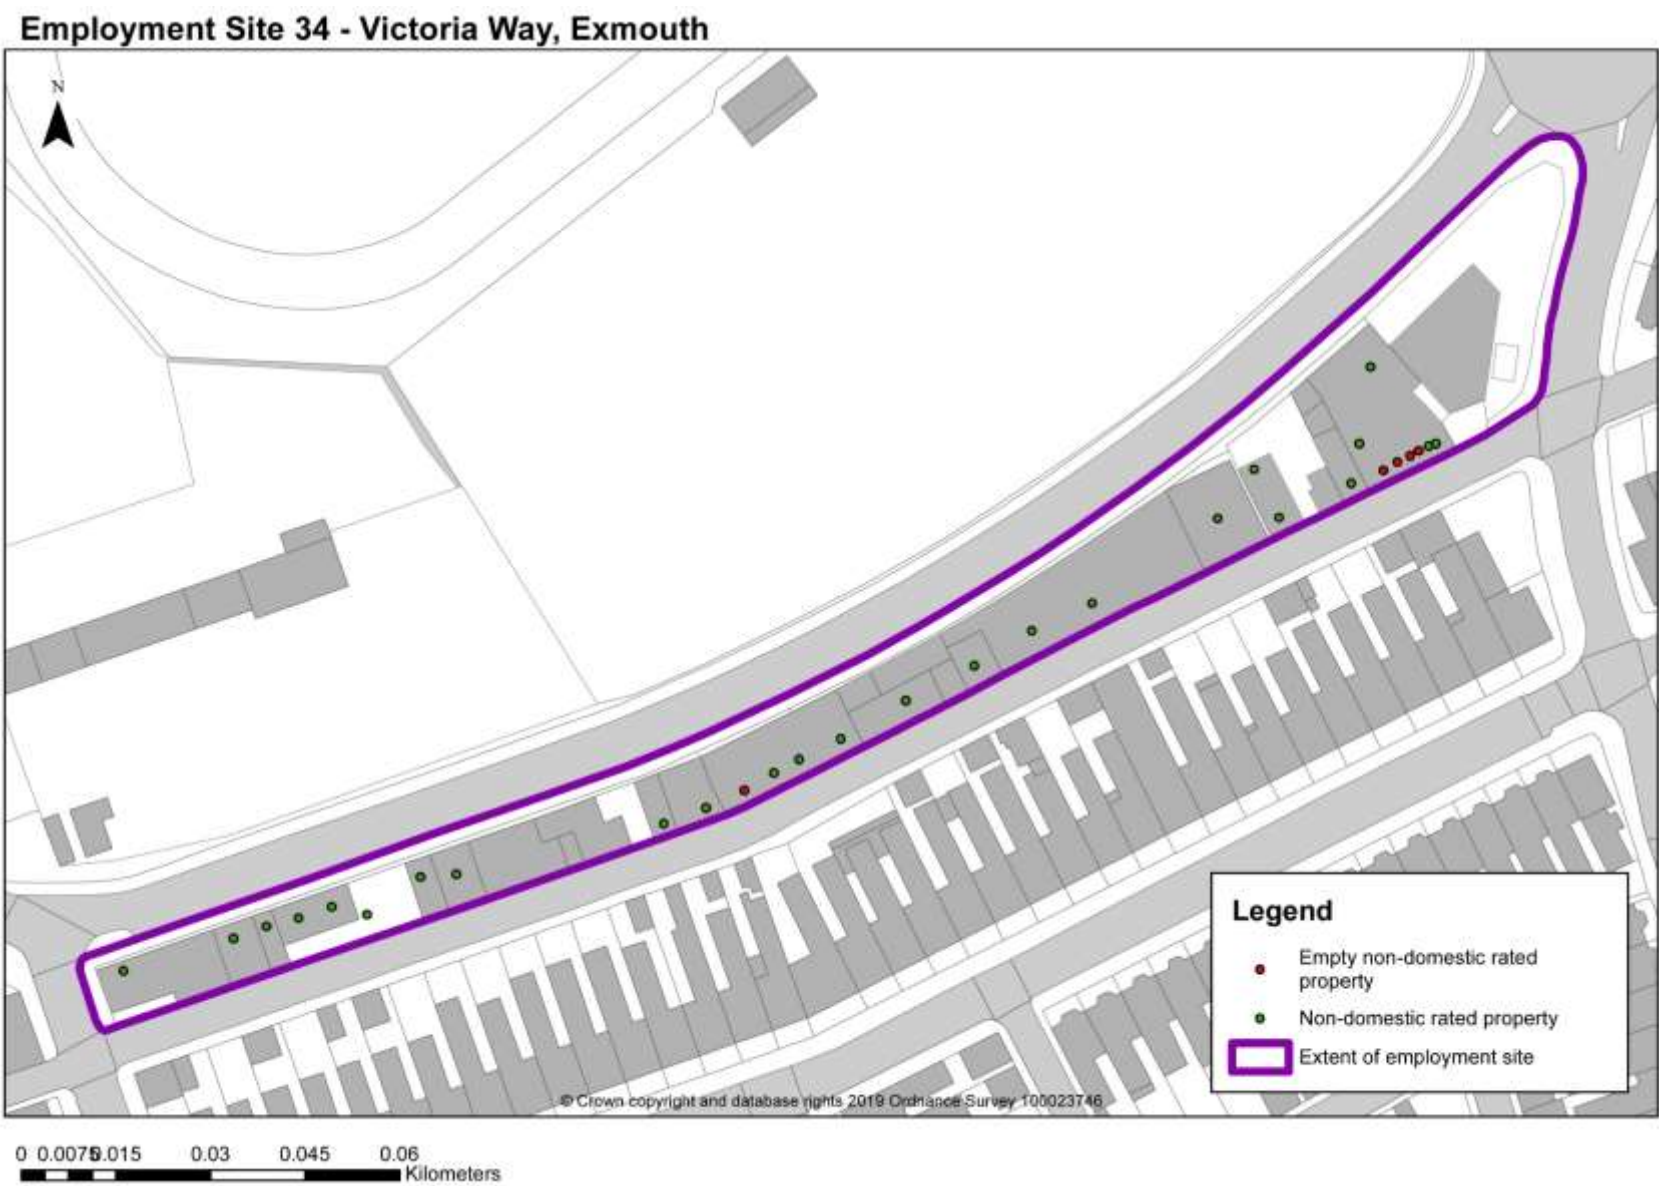

### **Non-Domestic Rated Properties**

There are 30 non-domestic rated units of which five were classed as empty at 31.3.2019. Unit sizes at the Victoria Way site are typically very small.

### **Site Constraints**

The site is within a flood zone; there is residential use to the south of the site.

## **35 – Pankhurst Industrial Estate, Exmouth**

### **Ownership**

Pankhurst Industrial Estate in Exmouth is understood to be in multiple ownership.

### **Description**

The estate lies on the eastern side of Exmouth just off the B3178 in the Littleham area. There are a range of business uses at the site which covers an area of 3.38 hectares, shown on the plans below.

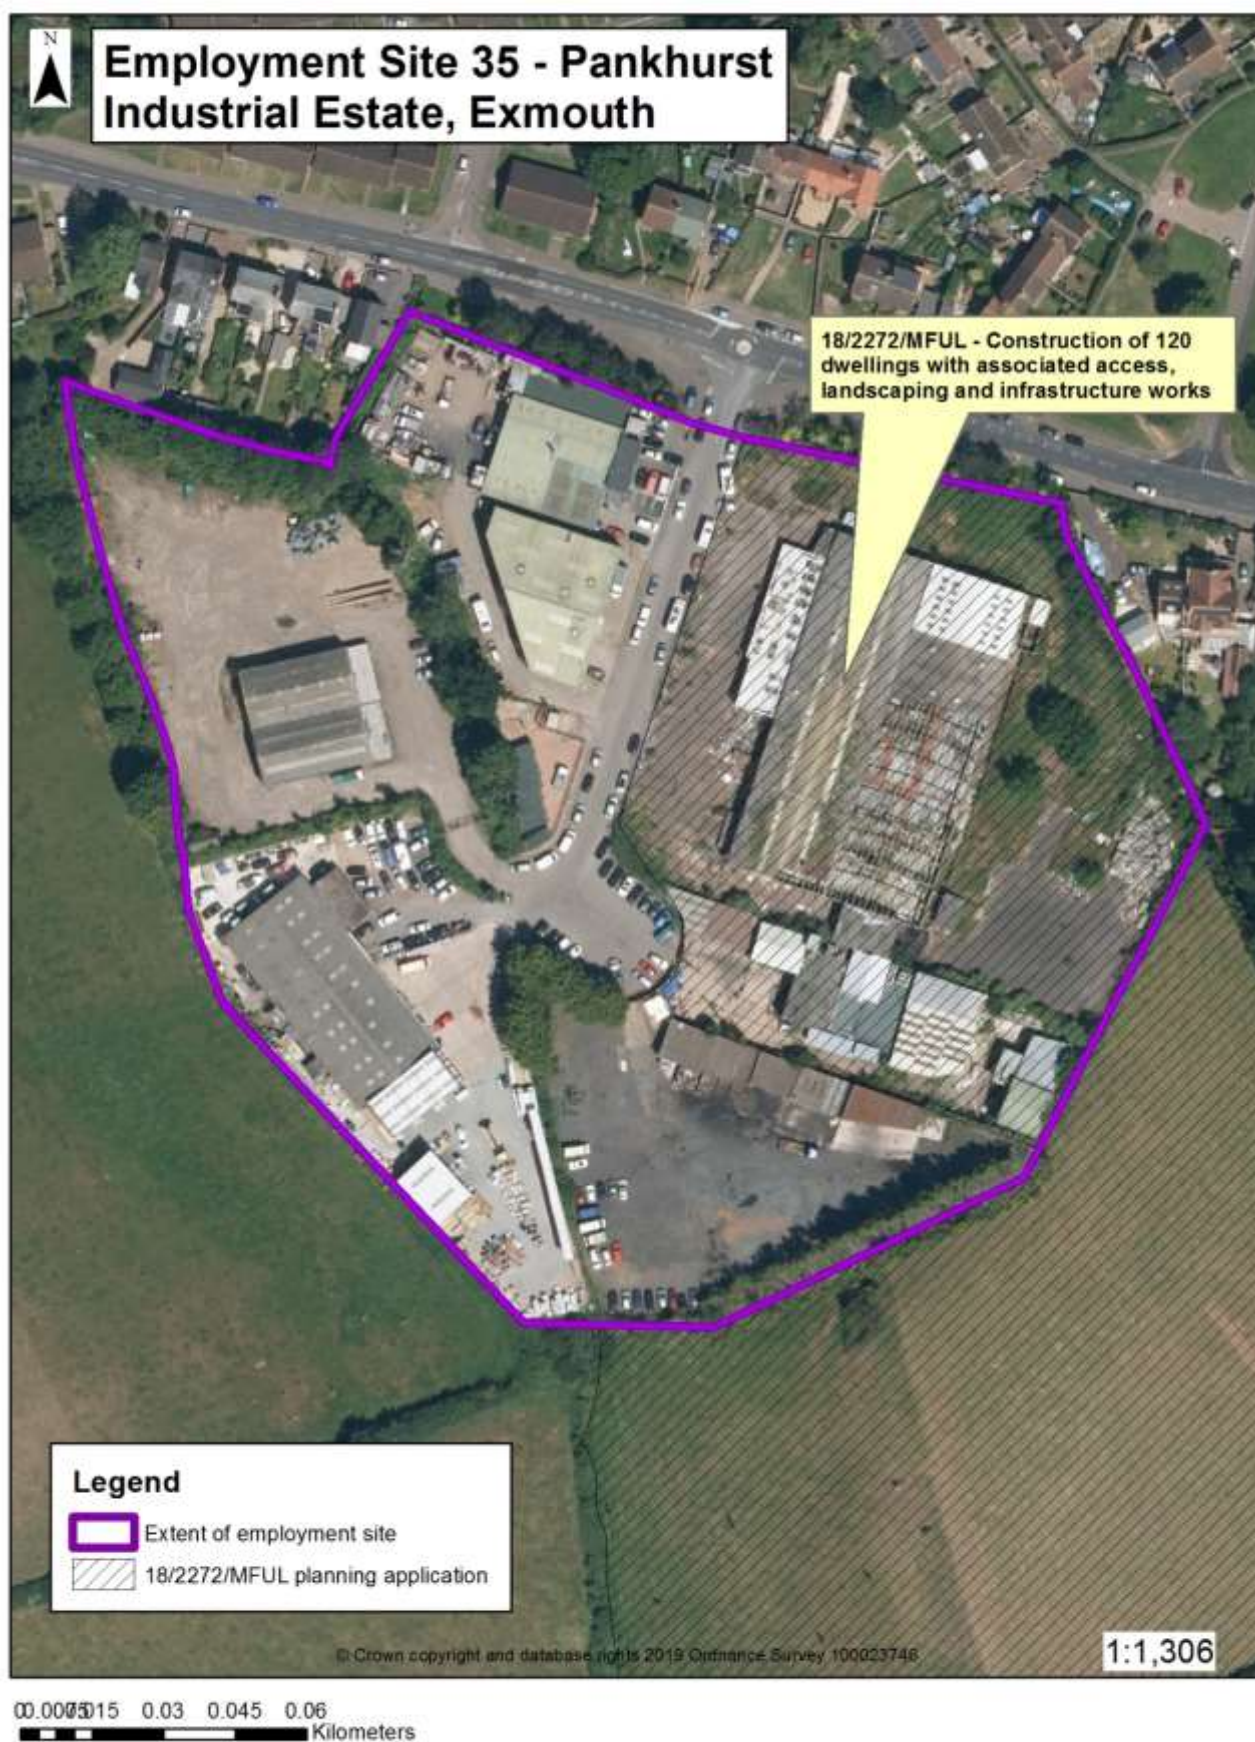

Permission was granted for 120 dwellings, which will take up a large section of the site, in June 2019 (18/2272/MFUL).

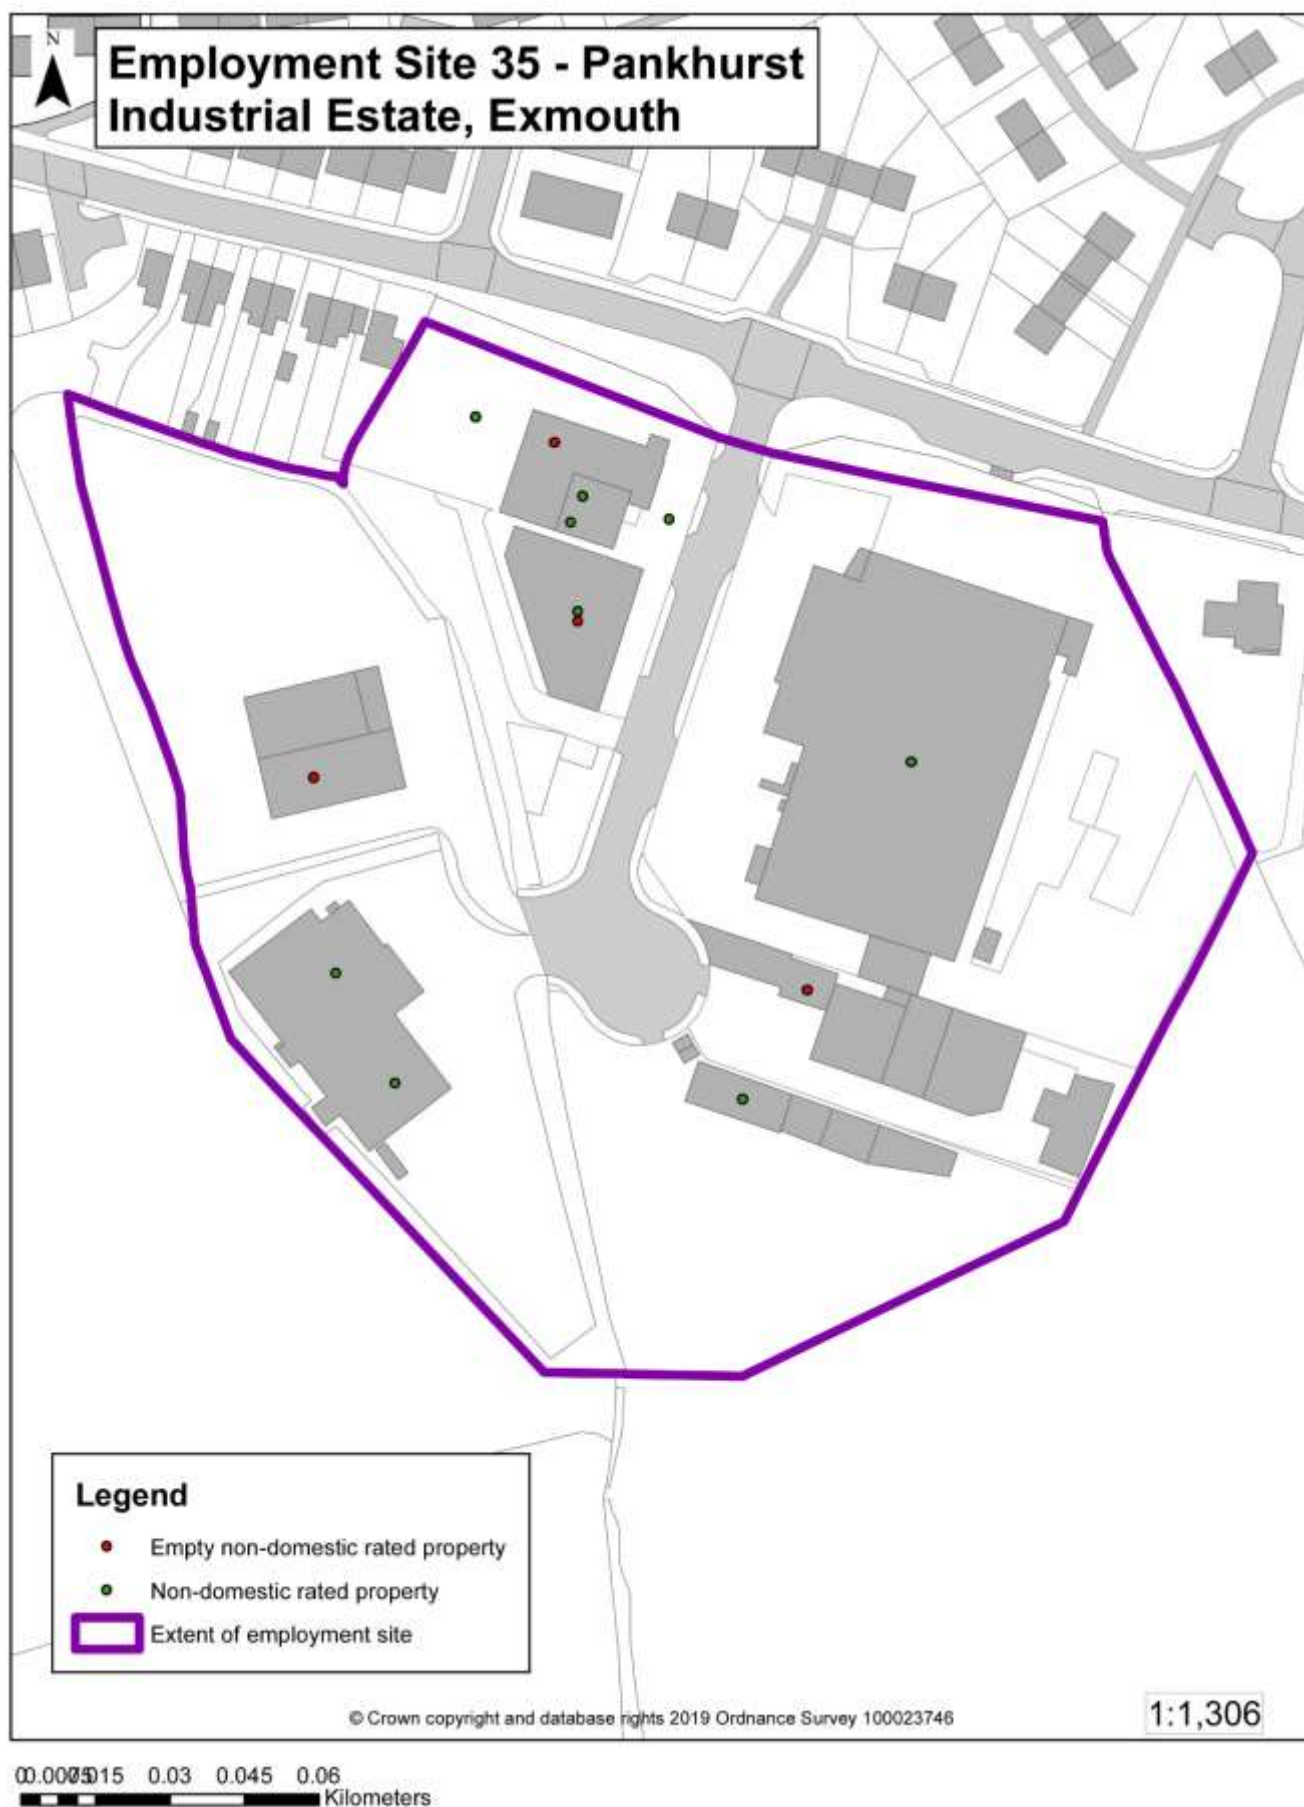

### **Non-Domestic Rated Properties**

There are 22 non-domestic rated units, of which eight were classed as empty at 31.3.2019.

### **Site Constraints**

There are current residential uses to the north, east and west of the site whilst proposed housing to the south of the site may limit expansion.

## **40 – South of Redgate, Exmouth**

### **Ownership**

Ownership of the land south of Redgate is not known.

### **Description**

Redgate is an old house on the eastern side of Exmouth and the former garden area to the front is allocated for employment uses. The site is located off Salterton Road (the B3178). A permission granted in 2009 has not been implemented. The site, shown on the maps below, is currently unused and covers an area of 0.5 hectares.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 40A.

### **Vacant Land**

Plot 40A is allocated in the Local Plan (with no extant permission).

### **Site Constraints**

The site has established uses to the north, west and east and therefore has limited expansion potential.

## **29 – Salterton Workshops, Budleigh Salterton**

### **Ownership**

The site is understood to be in multiple ownership.

### **Description**

Salterton Workshops form a very small industrial estate near to the town centre of Budleigh Salterton. The site extends to just 0.14 hectares and is shown on the plans below.

### **Non-Domestic Rated Properties**

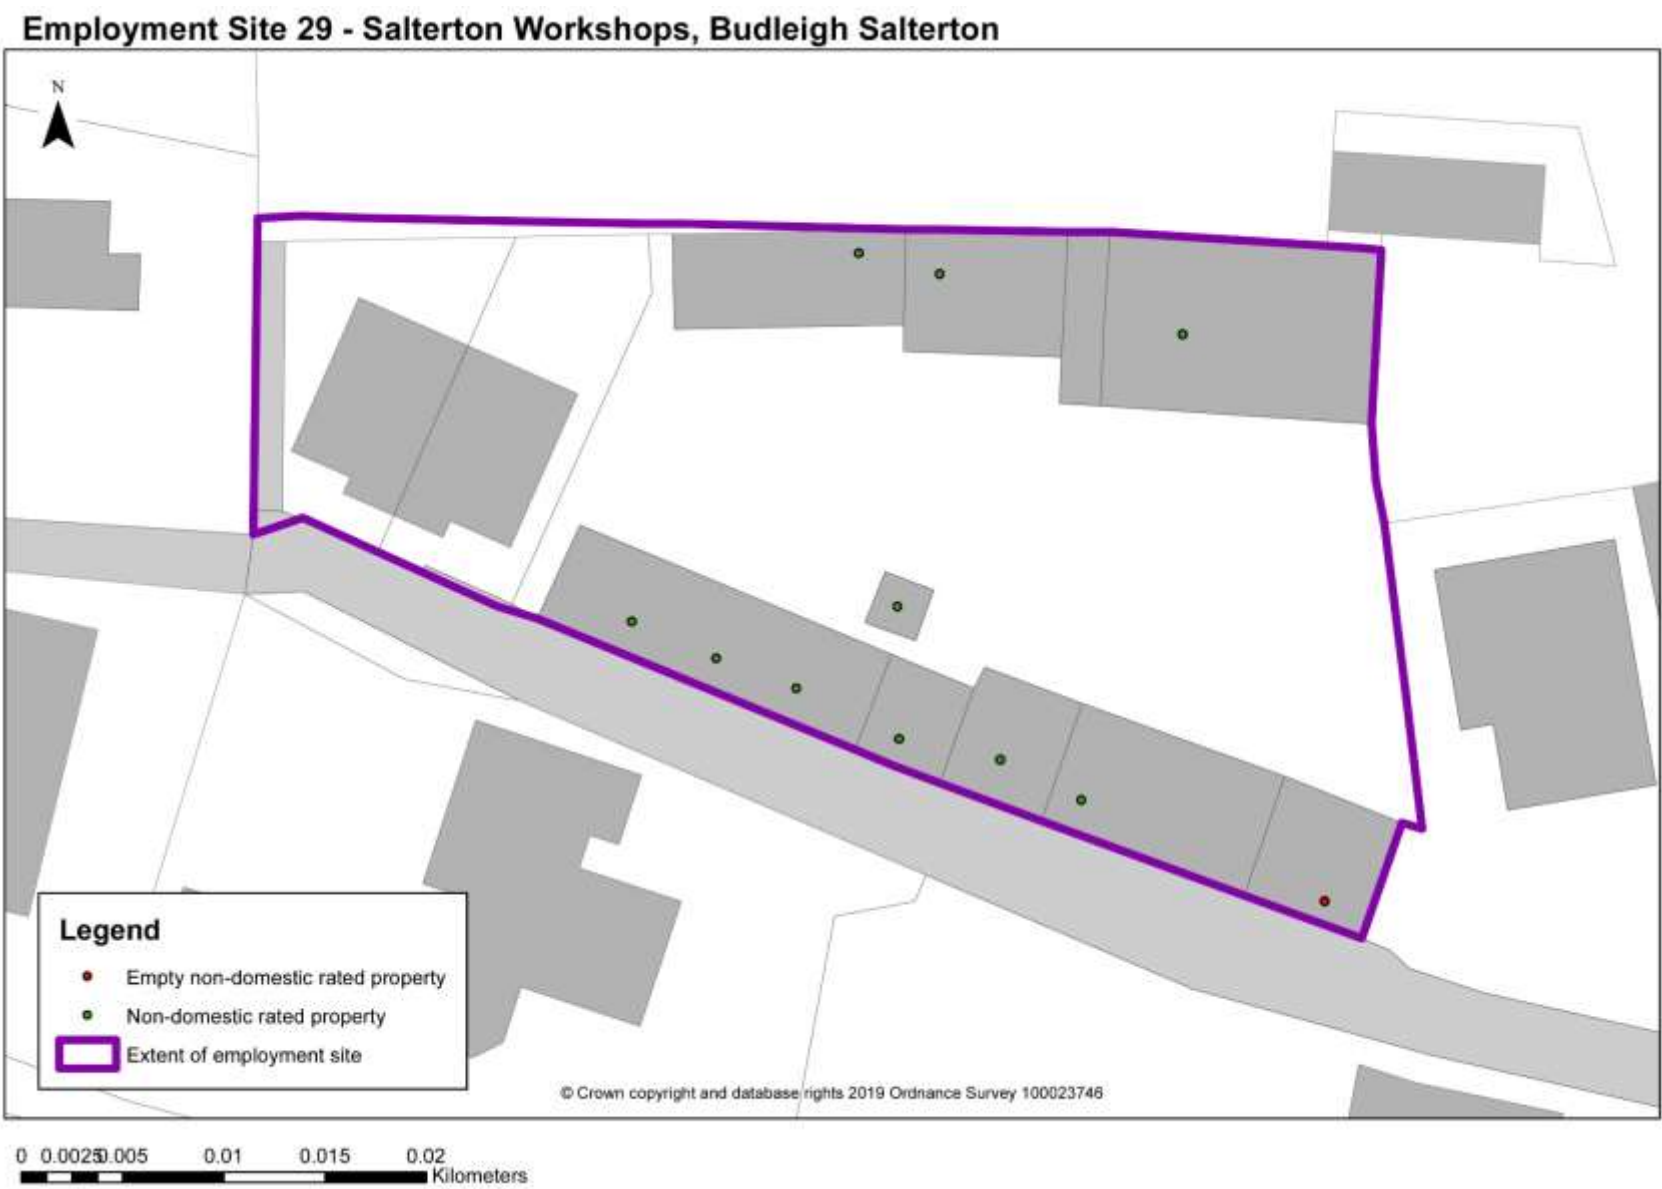

There are 11 non-domestic rated units, of which one was classed as empty at 31.3.2019.

### **Site constraints**

There is limited expansion due to surrounding land uses. The southern edge of the site is in a flood zone and there is a conservation area to the south of the site.

### Employment Site 29 - Salterton Workshops, Budleigh Salterton

## 53 – Goodmores Farm, Exmouth (Mixed Use Allocation)

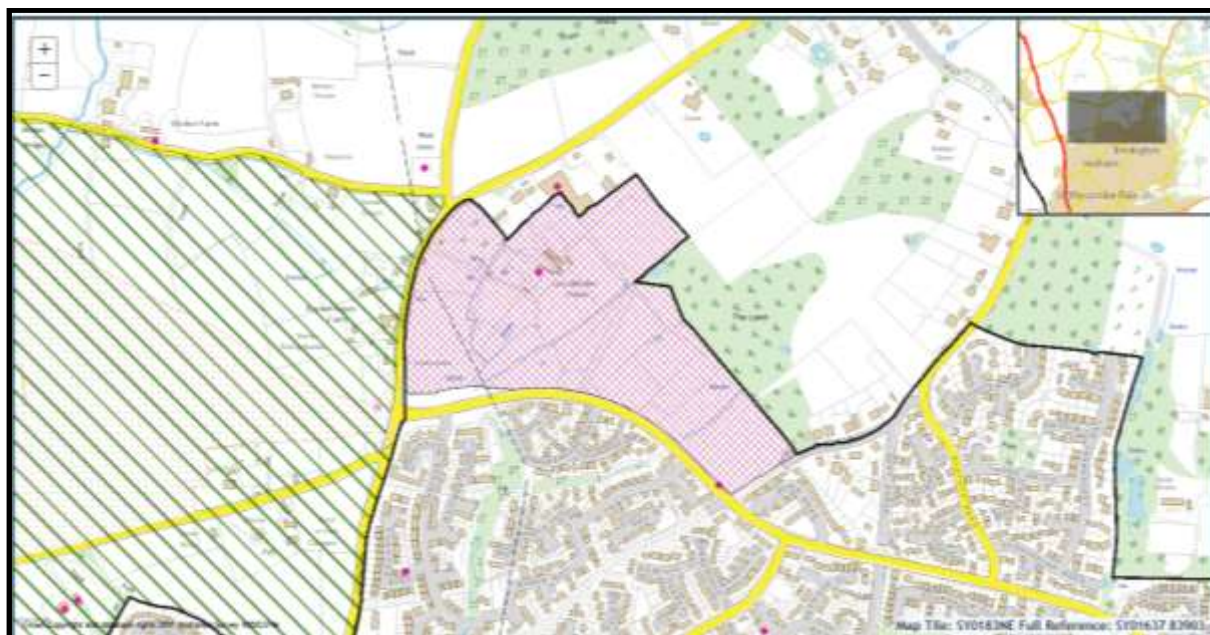

### Ownership

Land at Goodmores Farm is understood to be predominantly or fully owned by Eagle Investments.

### Description

This is a site allocated for mixed use development on the northern edge of Exmouth, including new housing and three hectares of employment land.

The map below identifies the extent of the Goodmores Farm site. The employment land provision is within the overall development area though specific plots or locations are not currently allocated.

## **1 - Alexandria Road Industrial Estate, Sidmouth**

### **Ownership**

The site is in multiple ownership.

### **Description**

Alexandria Road industrial area is an ageing site set in two parts. The southern part, with its own access road, is occupied by a builders' merchant in an old railway premises and several small units with road frontage adjacent to the old station building. The northern area is occupied by a range of industrial and business units and a self-storage facility. Road access to the site through Pathwhorlands is not ideal, and this has been a constraining factor on past development. The estate extends to just over four hectares in area and is shown on the plans below.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 1A to 1C.

### **Completions**

Plot 1C, the replacement of an existing building, was completed in 2013-14; plot 1Bi's permission for 20 self-storage containers was taken up in 2018/19.

### **Vacant Land**

There are three identified vacant plots at Alexandria industrial area that may offer scope for further employment development, though access to 1A is very constrained.

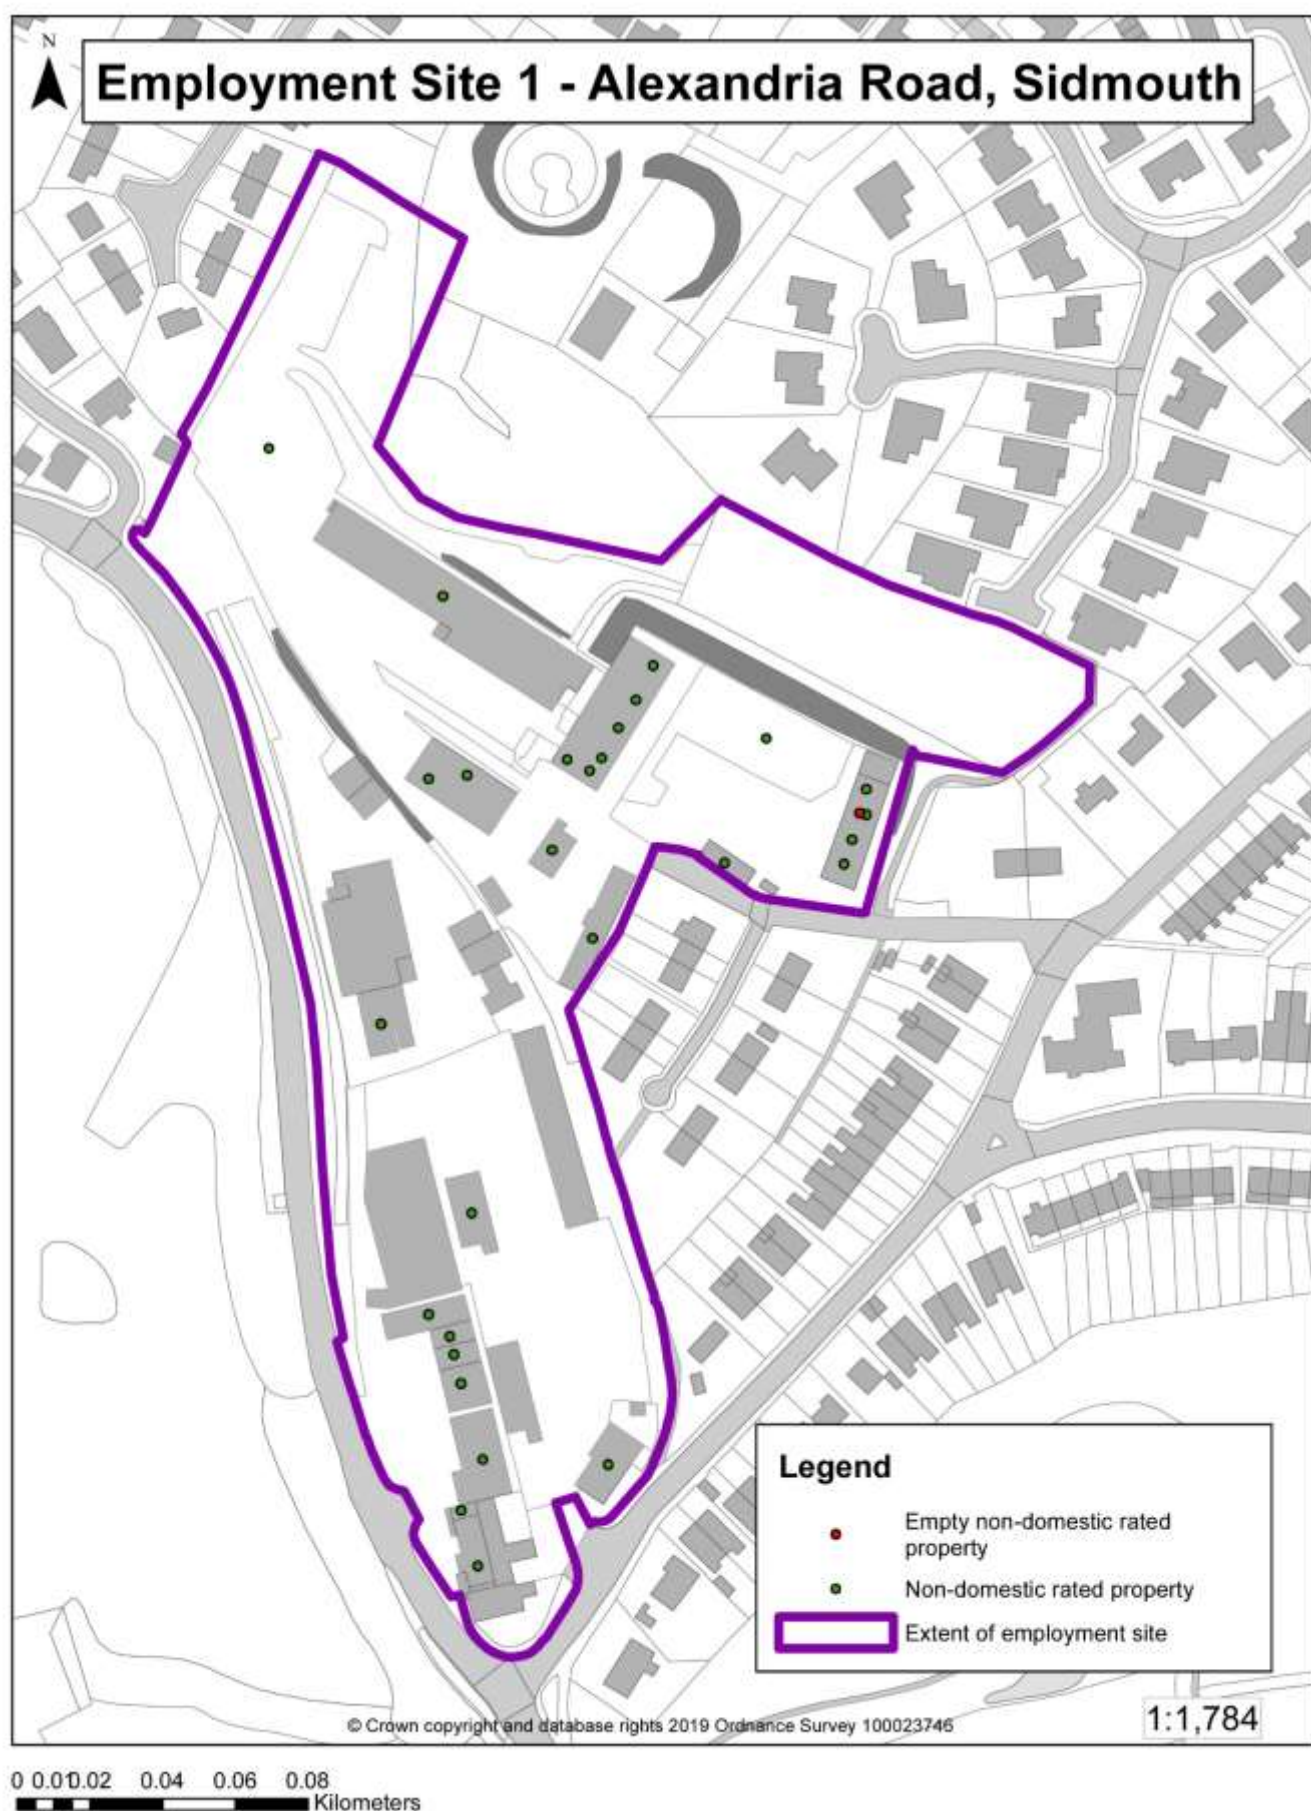

### **Non-Domestic Rated Properties**

There are 37 non-domestic rated units, of which one was classed as empty at 31.3.2019. The majority of units are used for storage or as workshops.

### **Site Constraints**

Constraints include topography as the estate is on different levels. There is limited expansion potential, with neighbouring residential use. Access is poor, as is the quality of the accommodation for the majority of the site.

## **19 – Manstone Lane, Sidmouth**

### **Ownership**

The Manstone Lane site is in Local Authority ownership.

### **Description**

Manstone Lane is a small site in a central position of Sidmouth. The site extends to 0.76 hectares and it is accessed through residential roads. The site is shown on the plans below.

The site falls on two non-road connected plateaus of land. The smaller northern portion is home to nine small units whilst the larger southerly part is a council owned storage yard.

### **Approvals**

Permission was granted for the construction of a single-storey office building on the Council Yard in January 2017 (16/2526/FUL).

### **Non-Domestic Rated Properties**

There are ten units rated for non-domestic use, of which three were classed as empty at 31.3.2019. The units on site are small scale apart from the Council depot.

### **Site Constraints**

The site is surrounded by residential use with education use to the west of the site.

## **41 – Sidford Employment Site, Sidmouth**

### **Ownership**

It is understood Fords of Sidmouth have secured land options for the purchase of this site.

### **Description**

This Greenfield site lies to the north of Sidford and is currently in agricultural use. The proposed site would have access from Two Bridges Road and is in close proximity to the A3052. The site covers an area of approximately 5.97 hectares and is allocated in the Local Plan.

### **Summary of Planning Activity**

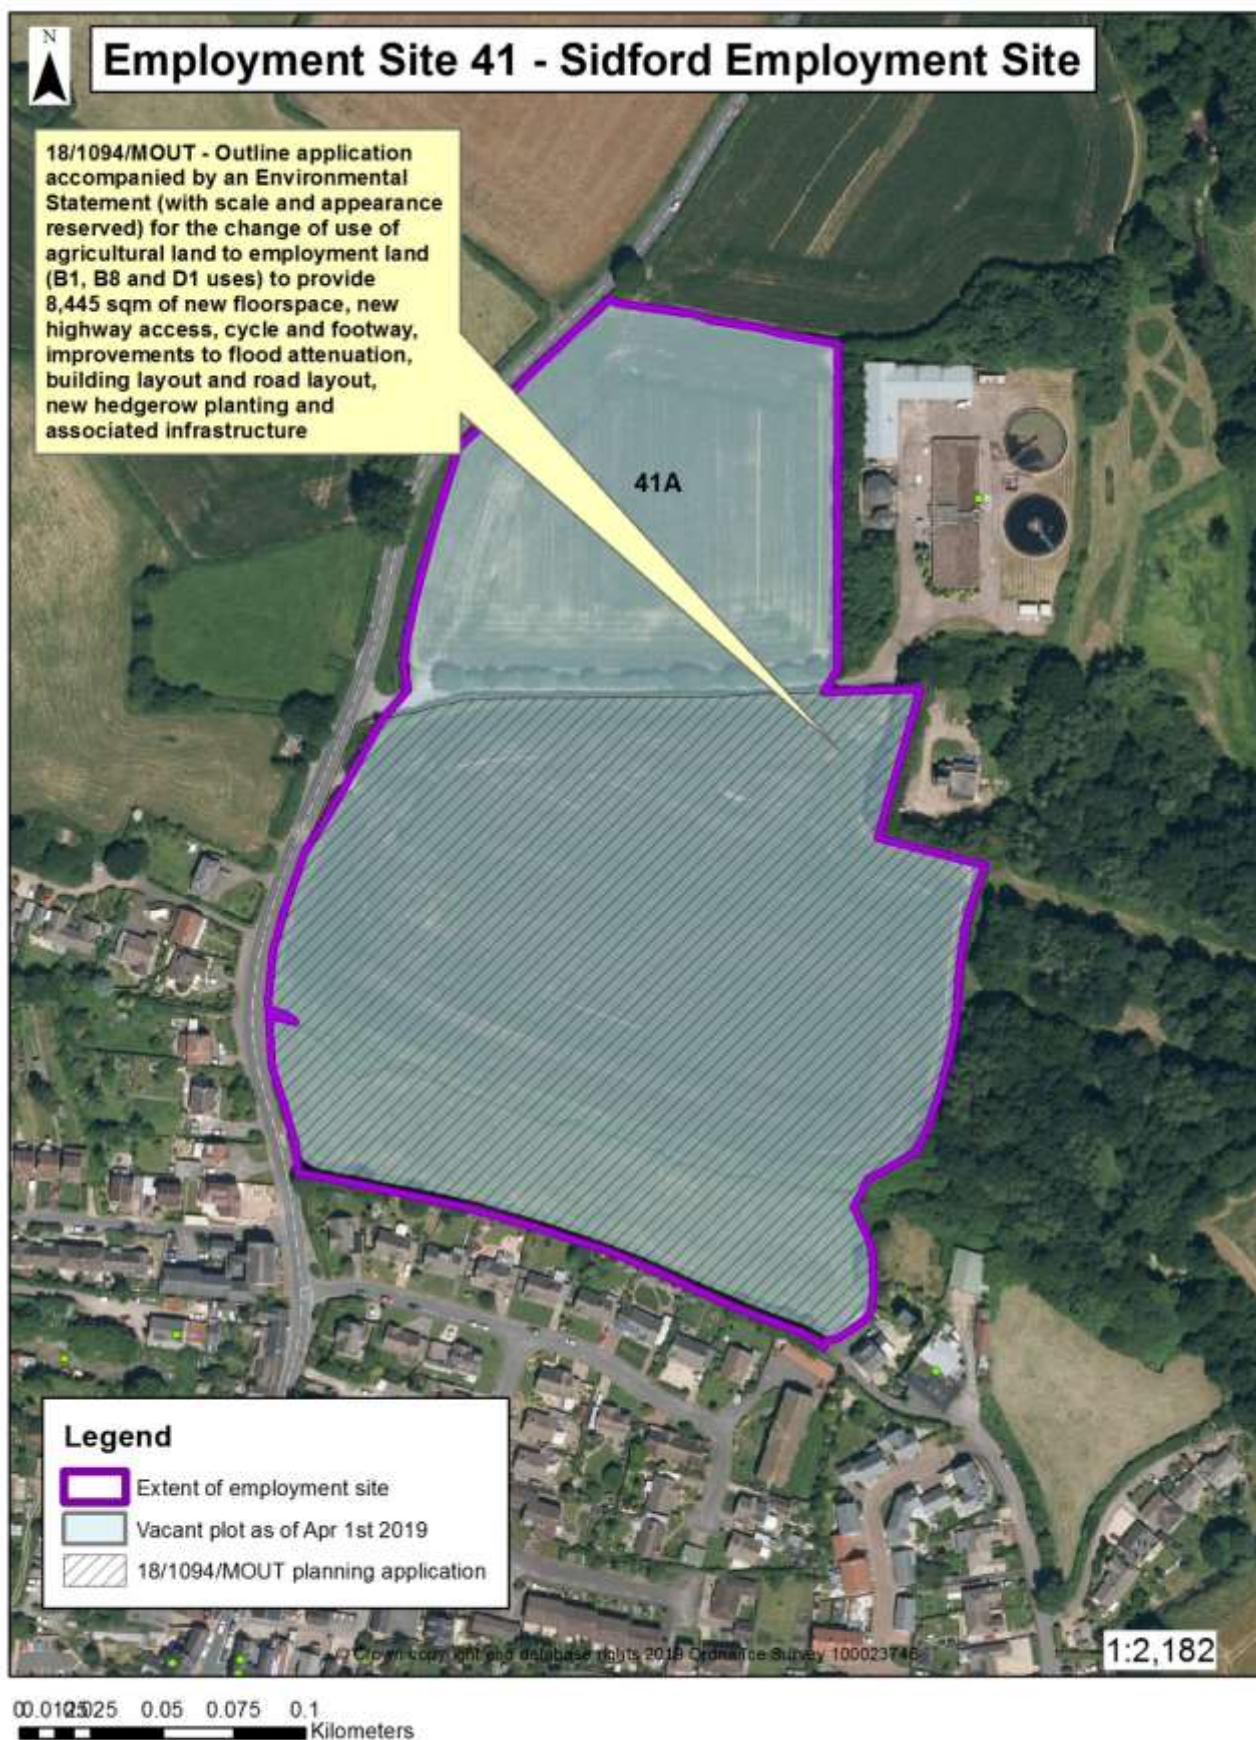

See also Appendix 2 – Plot 41A.

### **Approvals**

In May 2018 the southern half of the site was subject to a planning application (18/1094/MOUT) for employment uses, with the application dismissed in October 2018. A three-day public inquiry was held in July 2019 and the Planning Inspectorate announced the following month that the appeal would be allowed.

### **Site Constraints**

The site is within an AONB. The southern part of the site is in a flood zone and there are residential uses to the south of the site.

## **30 – The Old Sawmills, Colaton Raleigh**

### **Ownership**

Ownership of the Old Sawmills at Colaton Raleigh is not known.

### **Description**

The Old Sawmills is located just beyond the built up area west of Colaton Raleigh village. The estate contains a number of businesses developed around a sawmill and timber storage yard. The site is reasonably small scale, covering 1.65 hectares and is shown on the plans below.

### **Non-Domestic Rated Properties**

There are 14 units rated for non-domestic use, none of which were classed as empty at 31.3.2019.

### **Site Constraints**

Access to the site is through country lanes and there is a flood zone to the south of the site.

## **60 – Dotton Farm, near Newton Poppleford**

### **Ownership**

Ownership of the site is not known.

### **Description**

The site, south of Newton Poppleford, which comprises a range of converted farm buildings and a new building, covers an area of approximately 0.86 hectares.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 60A.

### **Completions**

Plot 60A, a new unit for B2 use, was approved and completed during 2016-17.

### **Non-Domestic Rated Properties**

There are 11 units rated for non-domestic use, none of which were empty at 31.3.2019.

### **Constraints**

Site access is via a lengthy country lane.

## **10 – Harbour Road Industrial Estate, Seaton**

### **Ownership**

The site is in multiple ownership.

### **Description**

This is an industrial site on the eastern edge of Seaton of 3.38 hectares and is shown on the plans below.

The bulk of the site, the area extending northwards and abutting the Exe estuary, was previously occupied by a Racal Factory but the site has been cleared and has had planning permission for residential development. Despite its vacant status it is not shown in this work as available vacant employment land. The small cluster of NDR premises in the south-east of the site, also abutting the estuary, have also previously had planning permission for predominantly residential development.

The south-western part of the site is still retained in employment uses in a variety of mixed age units, some with direct road access on to the B3176 and others, specifically Riverside Workshops, served by an access road from the main road. Unit sizes are mainly small.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 10A and 10B.

### **Completions**

Plot 10A – change of use was completed during 2014-15; Plot 10B – a new unit was approved during 2015-16 and completed during 2016-17.

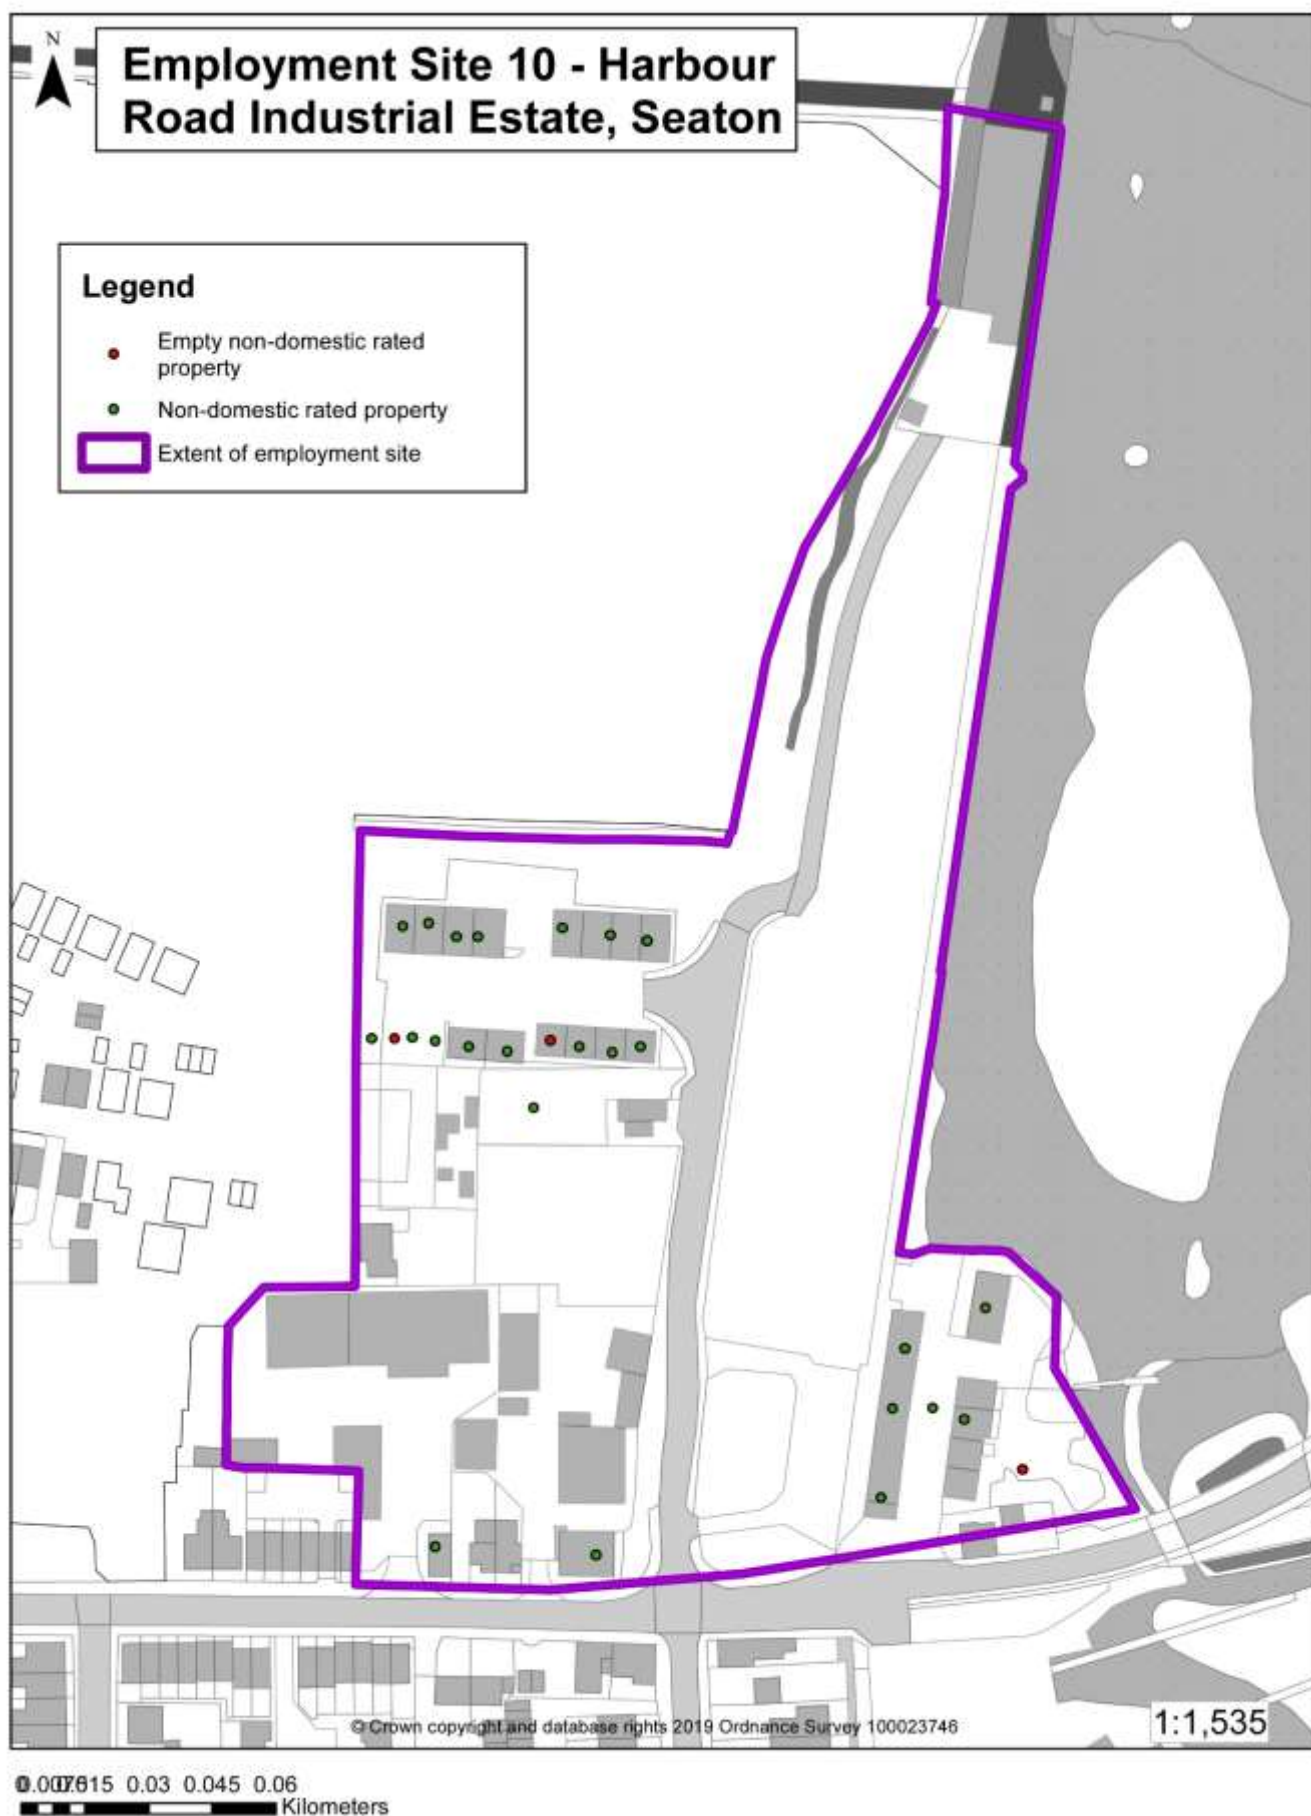

### **Non-Domestic Rated Properties**

There are 27 units rated for non-domestic use, of which three were classed as empty at 31.3.2019.

### **Site Constraints**

The site is entirely within a flood zone. There is a residential area to the south of the site and Permission for residential development to the west of the site as part of Seaton regeneration area.

## **13 – Harepath Industrial Estate, Seaton**

### **Ownership**

Harepath Industrial Estate is in multiple ownership.

### **Description**

The estate is a small site of 1.2 hectares on the northern edge of Seaton and close to the A3052, to which it enjoys good road access. The site is shown on the plans below.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 13A to 13D.

### **Completions**

Plots 13B and 13D are completed changes of use, and 13C completed new units.

### **Approvals**

Plot 13A – Permission was granted in 2014-15 for the construction of seven new units, which have not yet been built. The land is being partly used for storage.

### **Non-Domestic Rated Properties**

There are 12 units rated for non-domestic use of which none were classed as empty at 31.3.2019.

### **Site Constraints**

There is residential use to the south.

### Employment Site 13 - Harepath Industrial Estate, Seaton

### Employment Site 13 - Harepath Industrial Estate, Seaton

## **36 – Colyford Road, Seaton**

### **Ownership**

The Colyford Road site is in split ownership between East Devon District Council and Devon County Council.

### **Description**

The site is located in Seaton and has access onto Colyford Road approximately 1.5 kilometres from the A3052. The site is small covering an area of 0.25 hectares. The site is shown on the plans below.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 36A. Planning permission was granted in 2014 for 14 units which has now expired.

### **Vacant Land**

The entire site is currently seen as being available.

### **Non-Domestic Rated Properties**

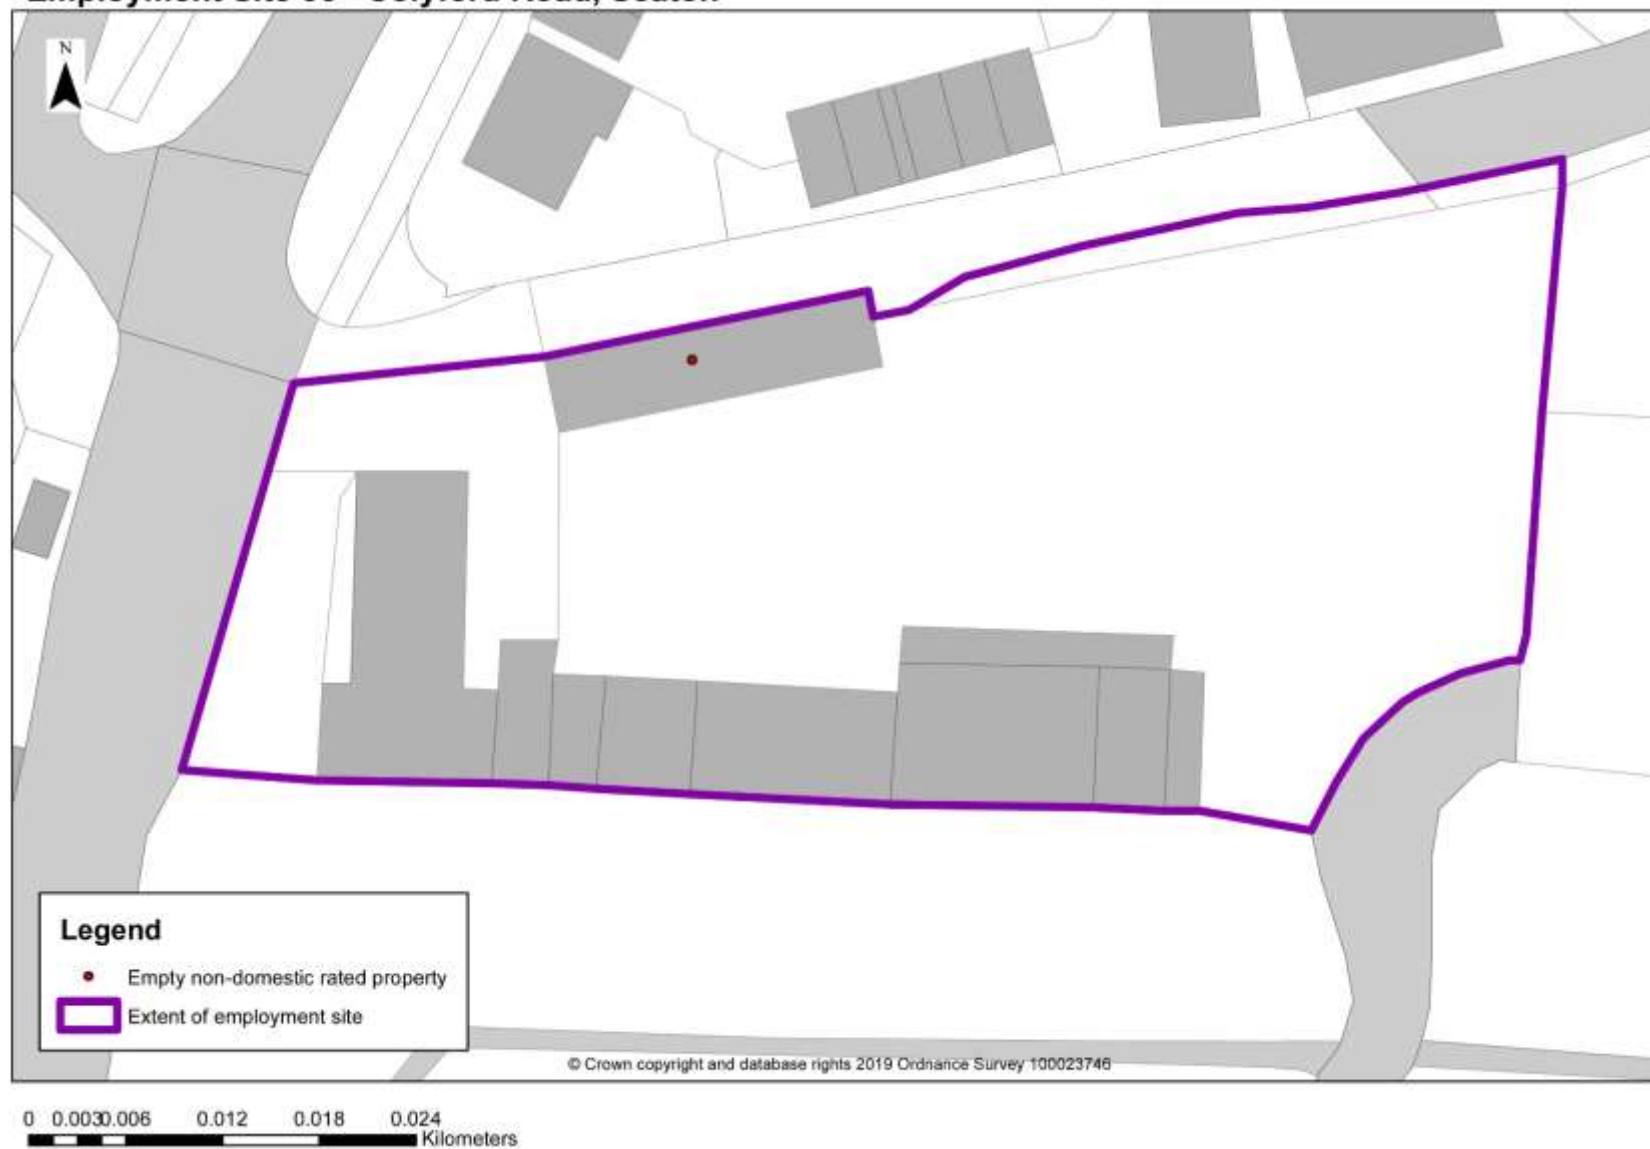

There is one unit rated for non-domestic use, previously a workshop, which was classed as empty at 31.3.2019.

### **Site Constraints**

Development to the east and south is restricted by a caravan park, and to the north and west by residential use. The site has planning permission for new employment units.

### Employment Site 36 - Colyford Road, Seaton

## 56 – North of Town / Harepath Road, Seaton (Mixed Use Allocation)

### Ownership

Land ownership to the North of Town in Seaton is unknown.

### Description

The site lies on the northern edge of Seaton and land in the Local Plan is allocated for mixed use, a sports pitch and employment use.

The map below identifies the extent of the overall allocation, part of which would be for employment use. The overall allocation extends to approximately 4.5 hectares and policy advises of no more than 55% being for employment purposes. This 55% figure could allow for approximately 2.48 hectares of land being for employment uses.

## Appendix 1F – Eastern Area

This part of the appendix features sites in the east of the District in Axminster and Colyton.

Included in this section are: Site 2 – Axminster Carpets; Site 15 – Millwey Rise Business Park; Site 21 – Coal Yard at Castle Gate; Site 24 – Colyton Business Park; Site 33 – Former Woodmead Road Sawmills; Site 58 – Hunthay Farm; and the employment area on land to the north and east of Axminster where specific plots are yet to be determined.

## **2 - Axminster Carpets, Axminster**

### **Ownership**

The site is understood to be in single ownership.

### **Description**

The site is centred around the Axminster Carpets manufacturing factory and is located close to the town centre of Axminster. It is a generally a good quality site with good internal road servicing. However it does have some poorer quality units and untidy areas.

The site has access points from Musbury Road, Woodmead Road and Gamberlake. The site is close to the A358 linking to the A35 and is in close proximity to Axminster Railway Station. The plans below shows the extent of the 5.13 hectares site.

Although the site is the manufacturing home to Axminster Carpets there are a small number of additional business at the site. At 30,463m<sup>2</sup> Axminster Carpets occupy a significant area of factory floorspace; other business/premises at the site are very much more modest.

### **Non-Domestic Rated Properties**

There are five units rated for non-domestic use, none of which were classed as empty at 31.3.2019.

### **Site Constraints**

There is limited expansion potential, with neighbouring residential use. A large proportion of the site is on a floodplain. Further, access to the site is constrained by the narrow entrance.

## **33 – Former Sawmills, Woodmead Road, Axminster**

### **Ownership**

The ownership of the former Sawmills site at Woodmead Road in Axminster is not known.

### **Description**

The site is located to the south of Axminster town centre, adjacent to the railway station. There is a warehouse building and industrial premises on the site. The site covers an area of 2.43 hectares and is shown on the plans below.

The Woodmead Road site includes a number of parcels of land that are in relatively low intensity use and as such might have potential for redevelopment.

### **Summary of Planning Activity**

See also Appendix 3 – Plot 33A.

### **Loss of Employment Use**

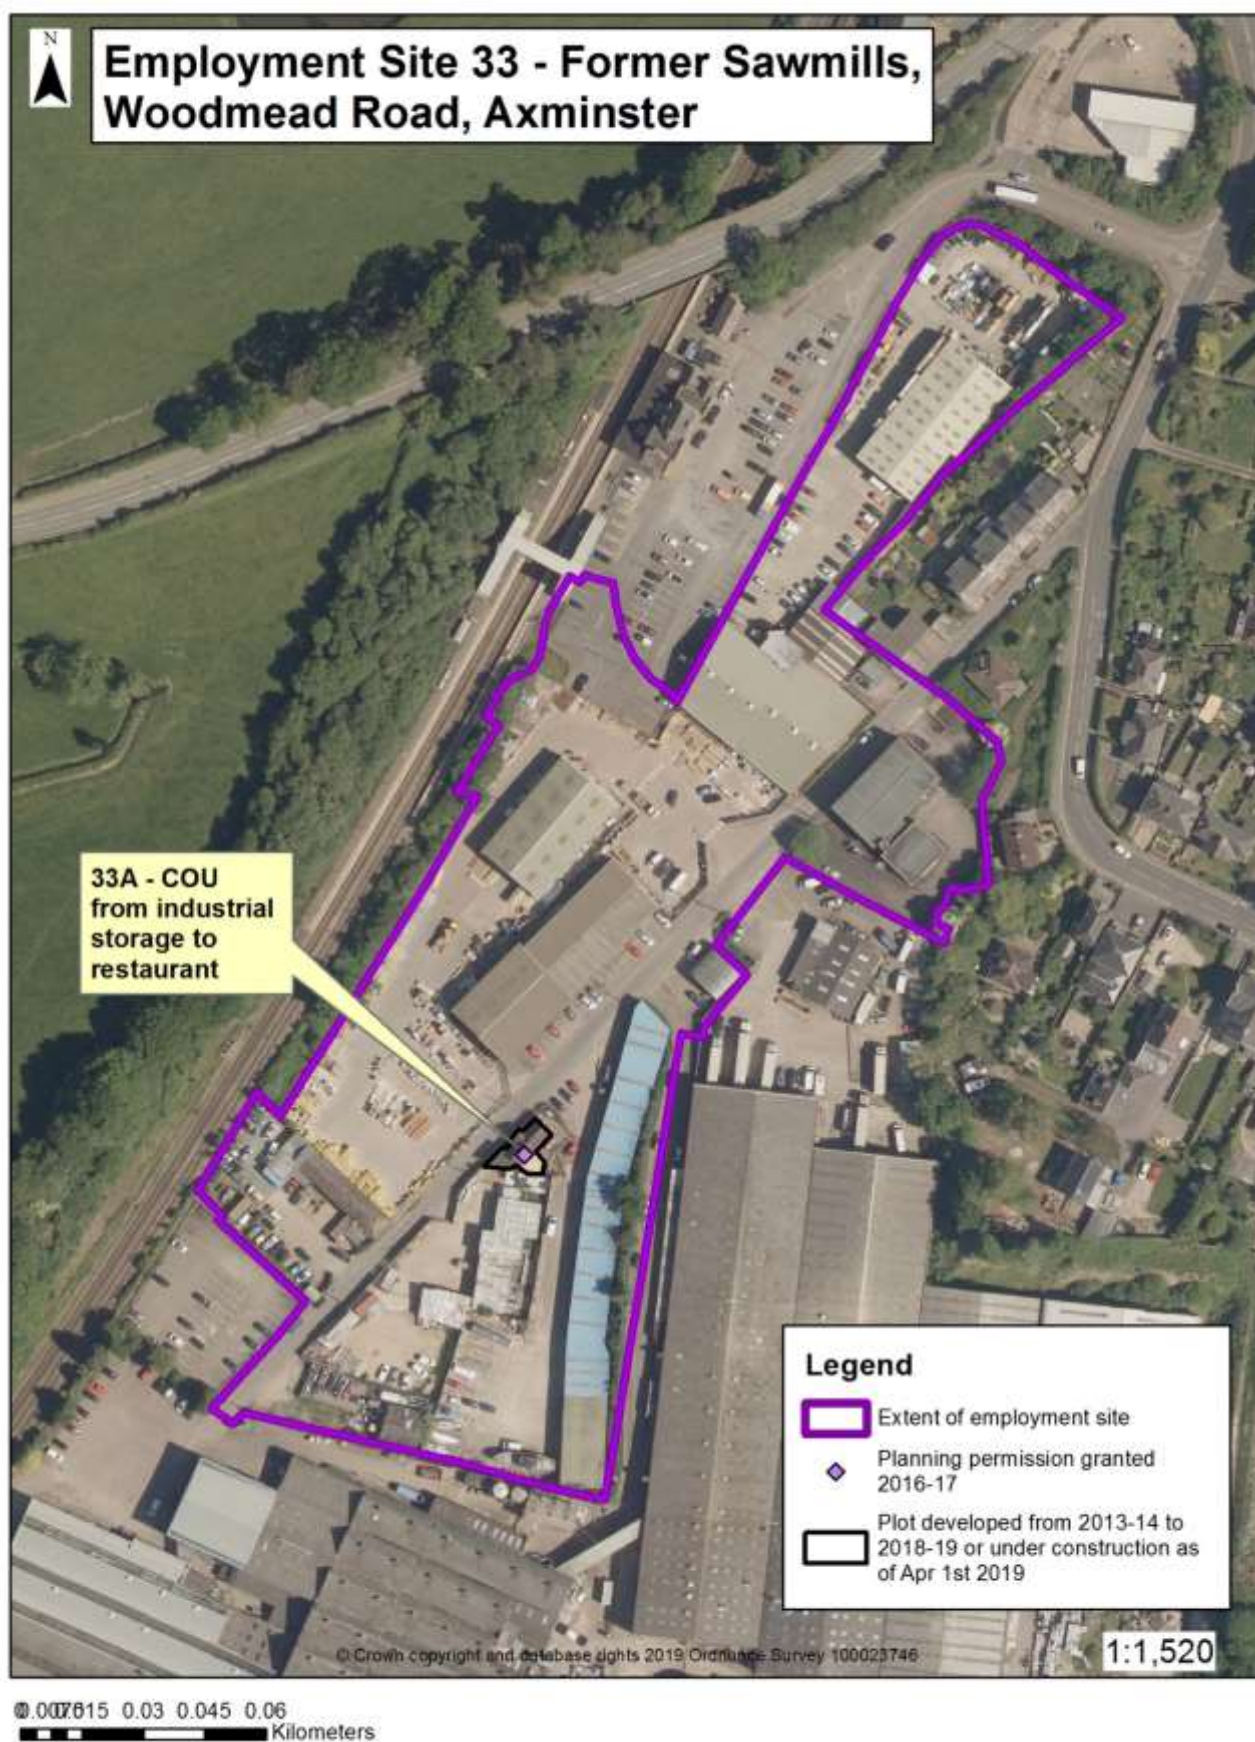

Plot 33A – Permission was given for a change of use at to a restaurant during 2016-17, which was completed during 2017-18.

### **Non-Domestic Rated Properties**

There are ten units rated for non-domestic use, none of which were classed as empty at 31.3.2019.

### **Site Constraints**

Land to the south and west of the site is in a flood zone. Development is also constrained by a railway line to the west and residential use to the east.

## **15 – Millwey Rise Business Park, Axminster**

### **Ownership**

Millwey Rise Business Park is in multiple ownership.

### **Description**

The site is a large scale business park, extending to 11.2 hectares, on the northern edge of Axminster situated just off the A358 and is shown on the plans below.

The site is a popular location for business and whilst there are a number of older smaller units on the site there are some significant larger scale modern premises with a number being completed in recent years. Axminster Power Tools is the largest company based at the site.

### **Summary of Planning Activity**

See also Appendix 2 & 3 – Plots 15A to 15E.

### **Loss of Employment Use**

Plot 15Aii – Construction of nursery and soft play centre; plot 15E - change of use from Class B1 (Office & Lightweight Industrial) to Class D2 (Assembly & Leisure).

### **Completions**

Permissions at Plots 15Bi, 15C and 15D have all been completed.

### **Approvals**

Plot 15Bii – Permission for an extension to an existing unit was granted in December 2015 but work had not started as of 31.3.2019.

### **Vacant Land**

Permission at Plot 15Ai, granted in 2013, has not been implemented; it is currently laid out and signposted as a private car park.

### **Non-Domestic Rated Properties**

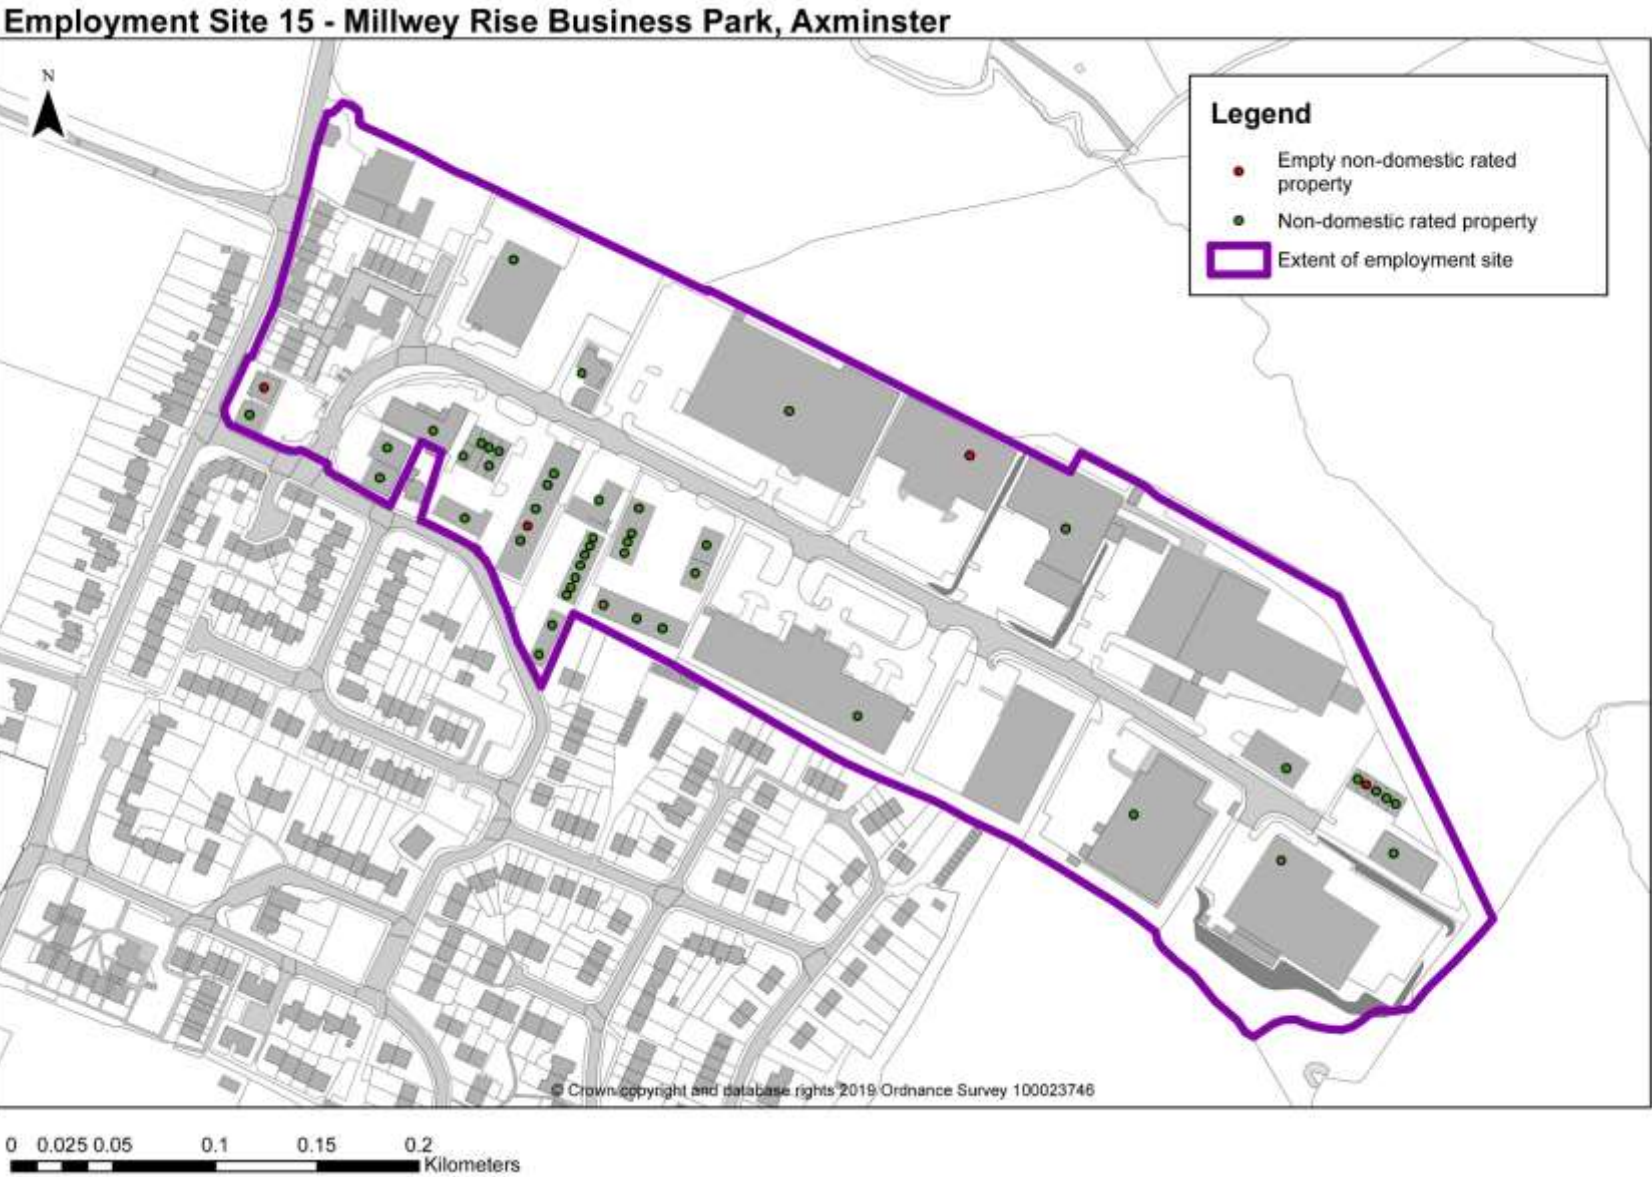

There are 77 units rated for non-domestic use, four of which were classed as empty at 31.3.2019.

### **Site Constraints**

There is residential use to the south of the site.

### Employment Site 15 - Millwey Rise Business Park, Axminster

## **21 – Coal Yard, Castle Gate, Axminster**

### **Ownership**

Site ownership of the Coal Yard at Castle Gate in Axminster is not known.

### **Description**

The Coal Yard at Castle Gate in Axminster lies on the western side of the Exeter to Waterloo railway line and close to the town centre of Axminster. The site was formerly a coal yard associated with the railway and is small scale, covering just 0.62 hectares. The site is shown on the plans below.

The site is of comparatively poor quality and is currently understood to be occupied by a mechanics workshop with open air car sales space and some general open space for storage use.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 21A.

### **Vacant Land**

The southern part of the site (Plot 21A), as shown on the map, appears to be underused and may offer some scope for development or reuse. However there are flooding concerns at this site that could impact on potential for development.

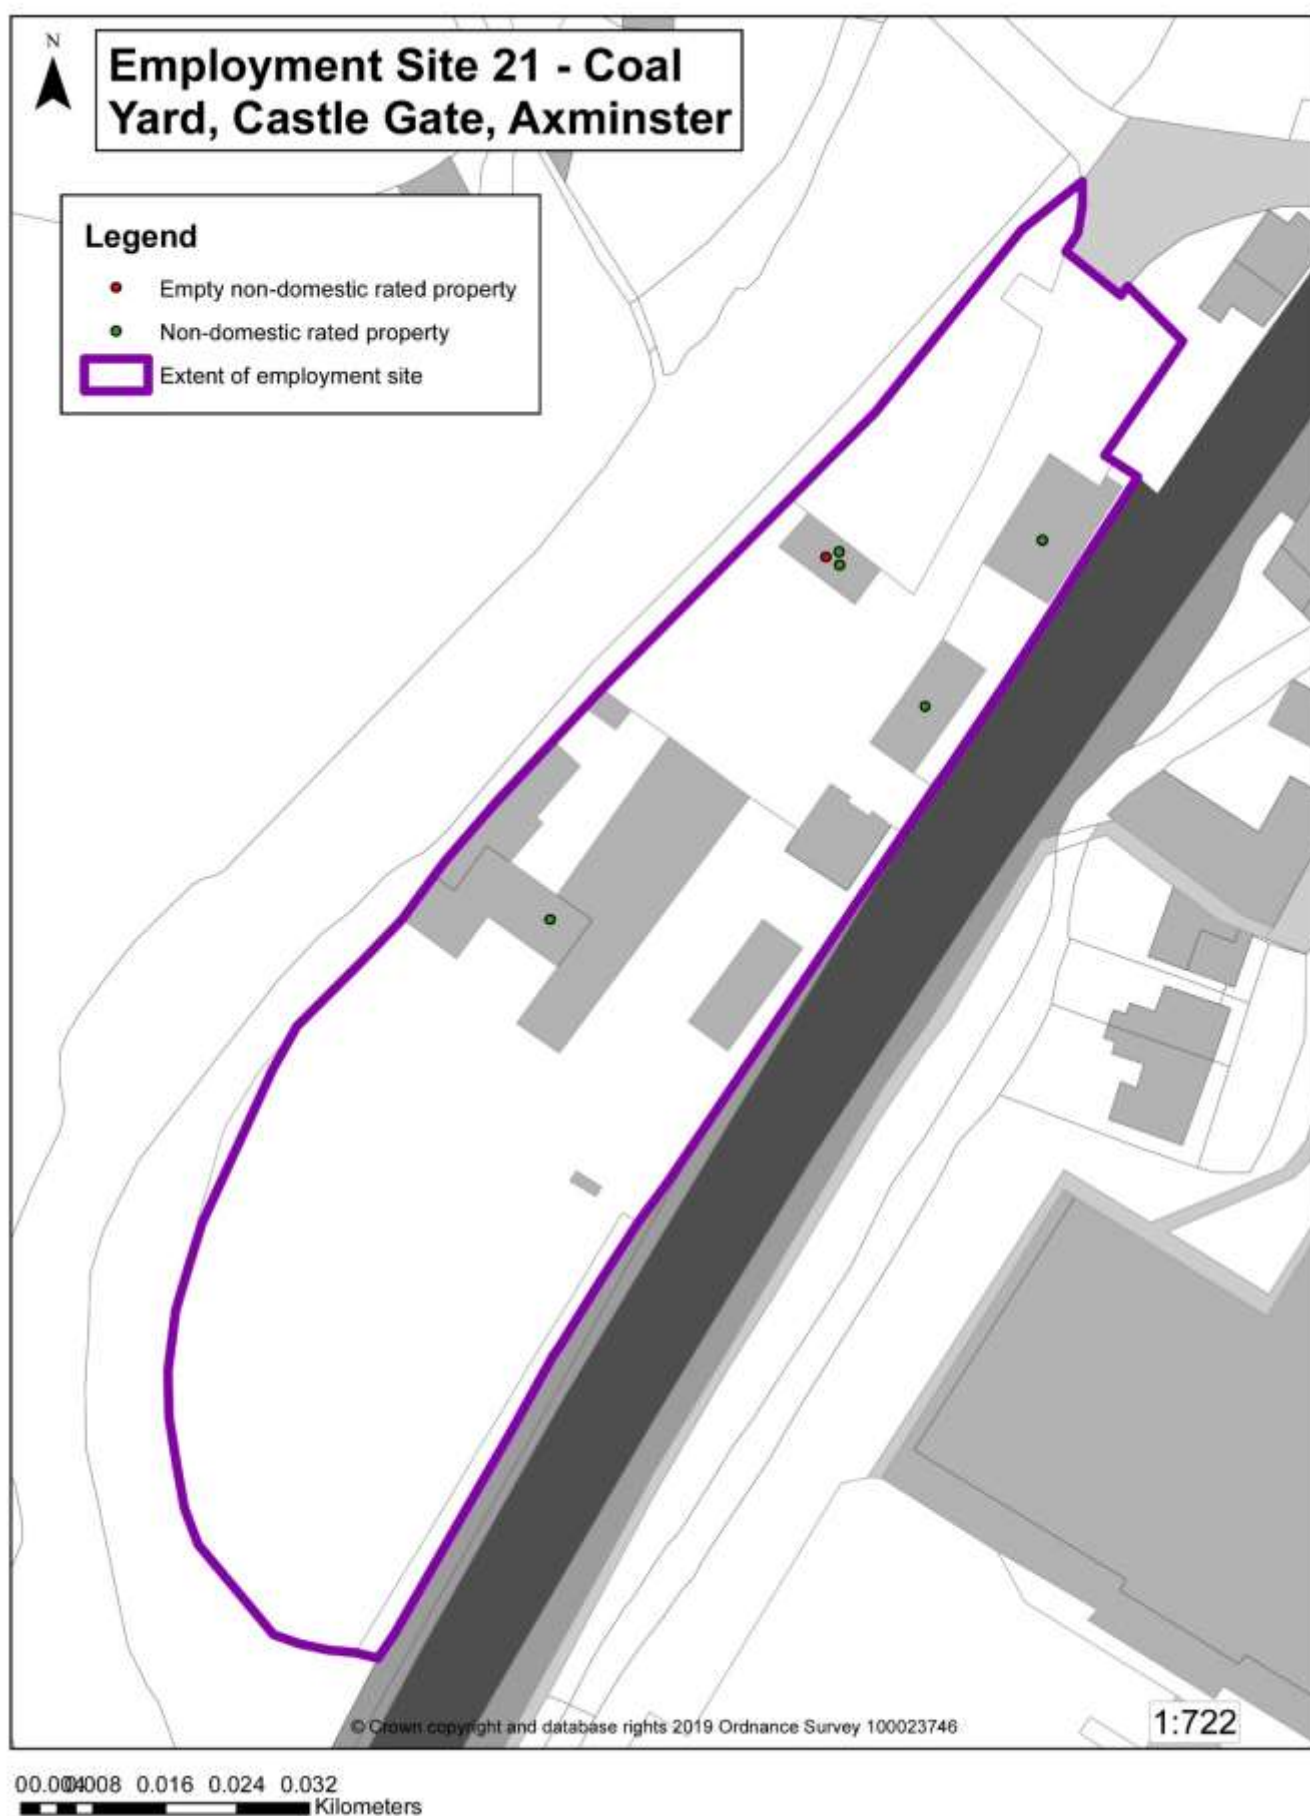

### **Non-Domestic Rated Properties**

There appears to be six units rated for non-domestic use.

### **Site Constraints**

The site is entirely within a flood zone and the river to the west of the site is a Special Conservation Area. The eastern boundary is bordered by a railway line.

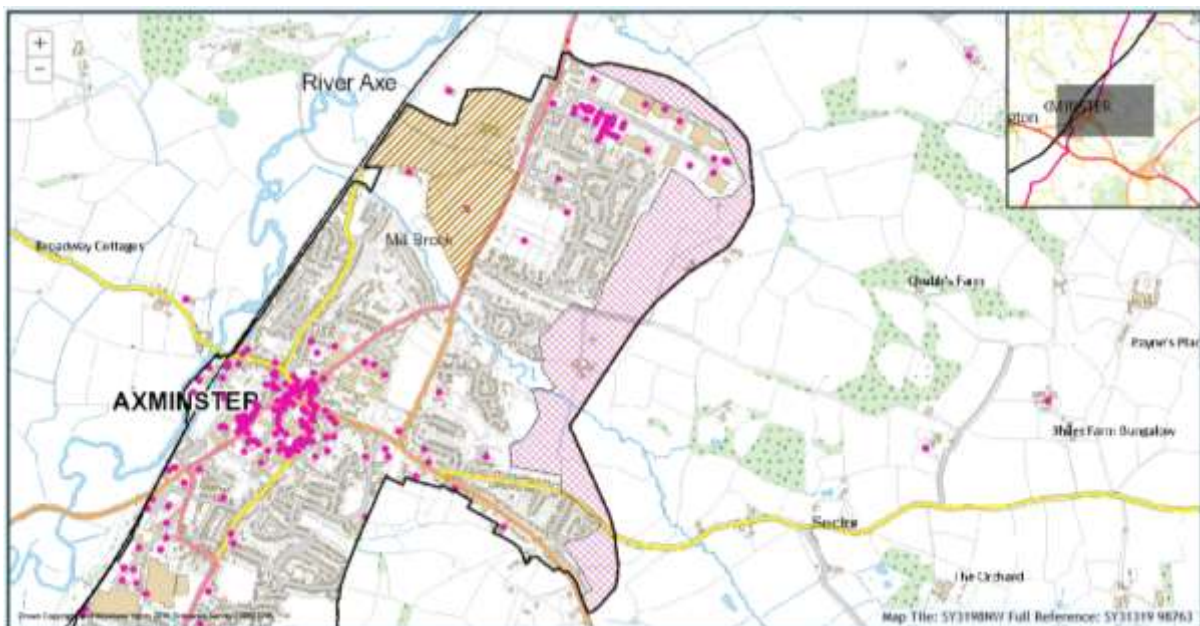

## 57 – Land North and East of Town, Axminster (Mixed Use Allocation)

### Ownership

Land to the North and East of Axminster is believed to be partly owned by the Crown Estates and partly optioned for development to Persimmon Homes.

### Description

A substantial area of land is allocated for mixed use development to the east of Axminster. As part of this overall allocation provision is made for employment use of up to 6.5 hectares in area. Individual plots or sites are not, however, identified at this point. The overall extent of the land allocation is shown on the map below.

## **58 – Hunthay Farm, West of Axminster**

### **Ownership**

Ownership of the site is not known.

### **Description**

The site occupies an area of approximately two hectares, formerly of agricultural use. A large area of the site is used for by container self-storage.

### **Summary of Planning Activity**

See also Appendix 2 – Plots 58A and 58B.

### **Completions**

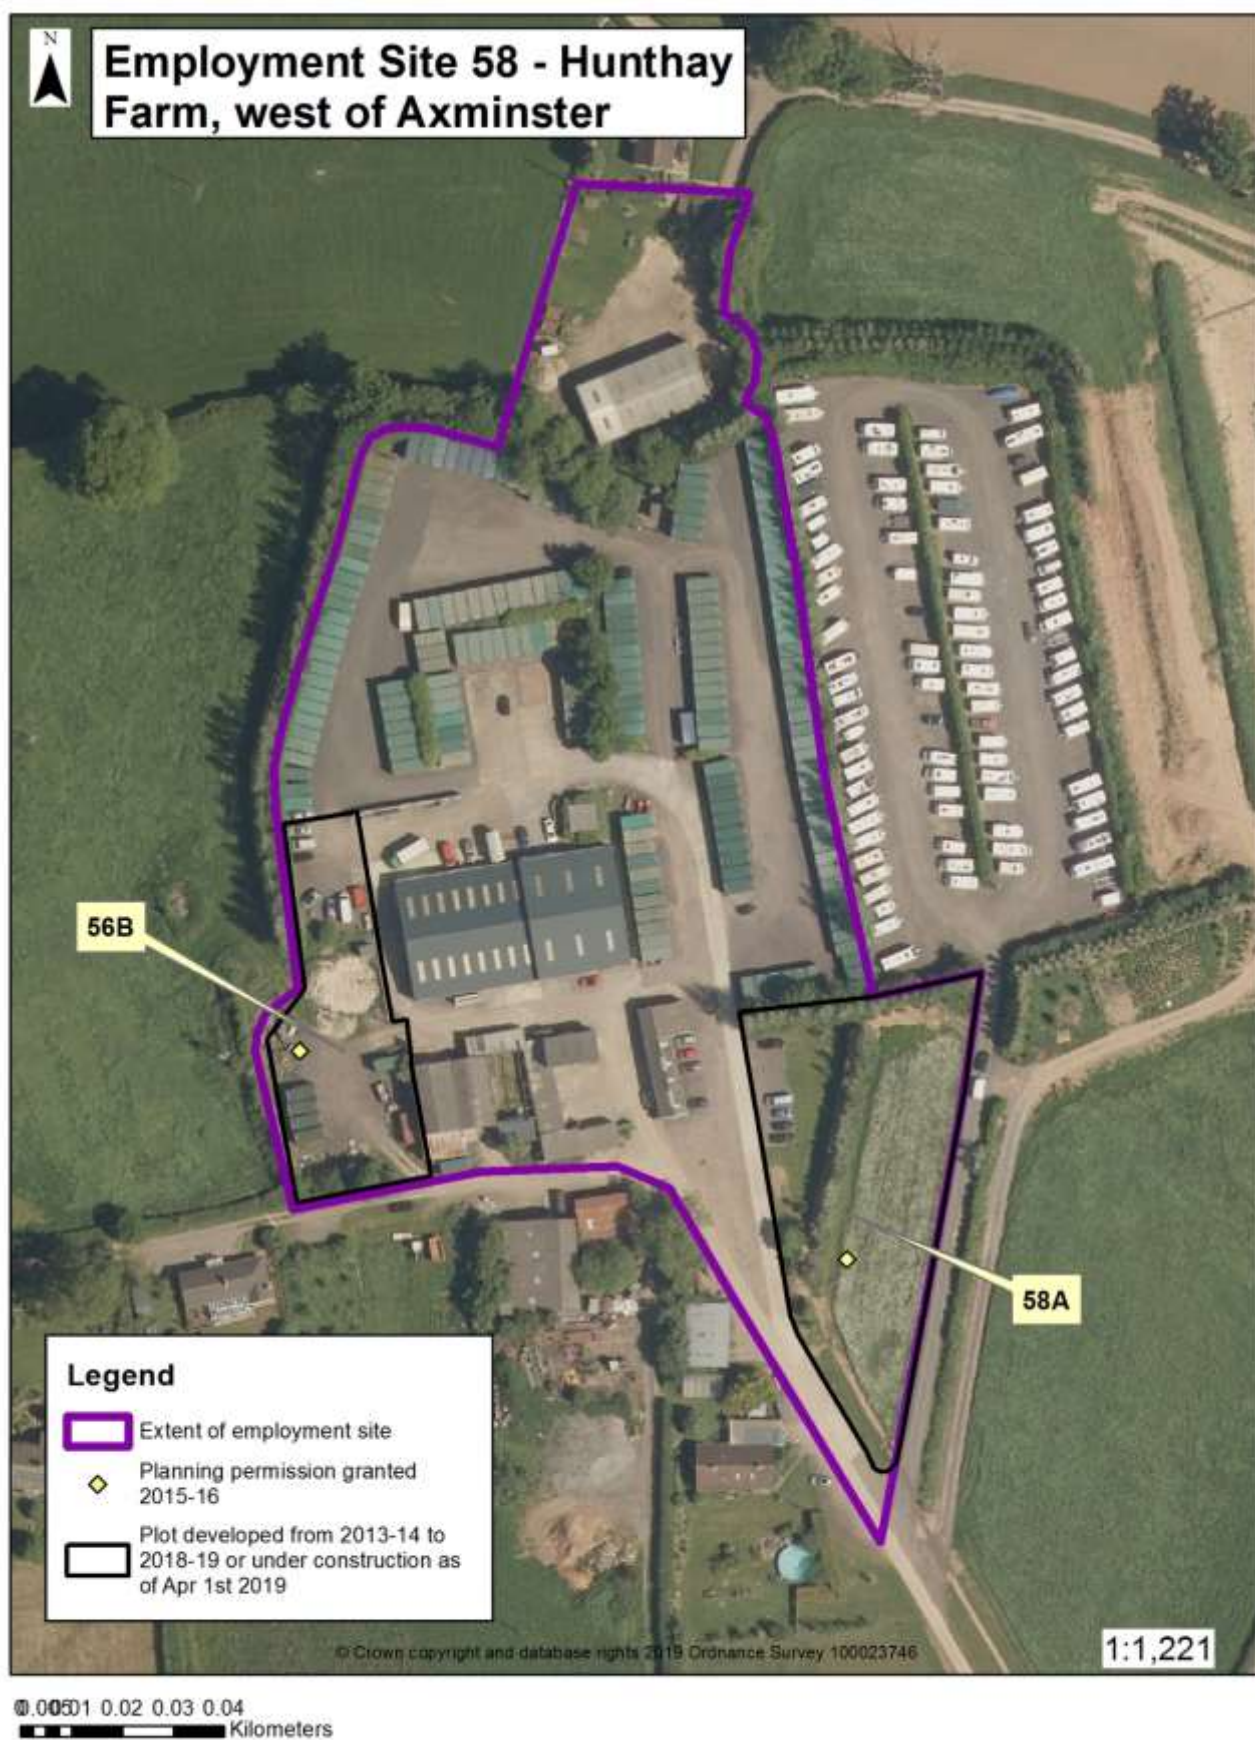

Approvals were granted in 2015-16 for the construction of offices with parking (58A) and for 27 additional containers (plot 58B); both completed in 2018/19

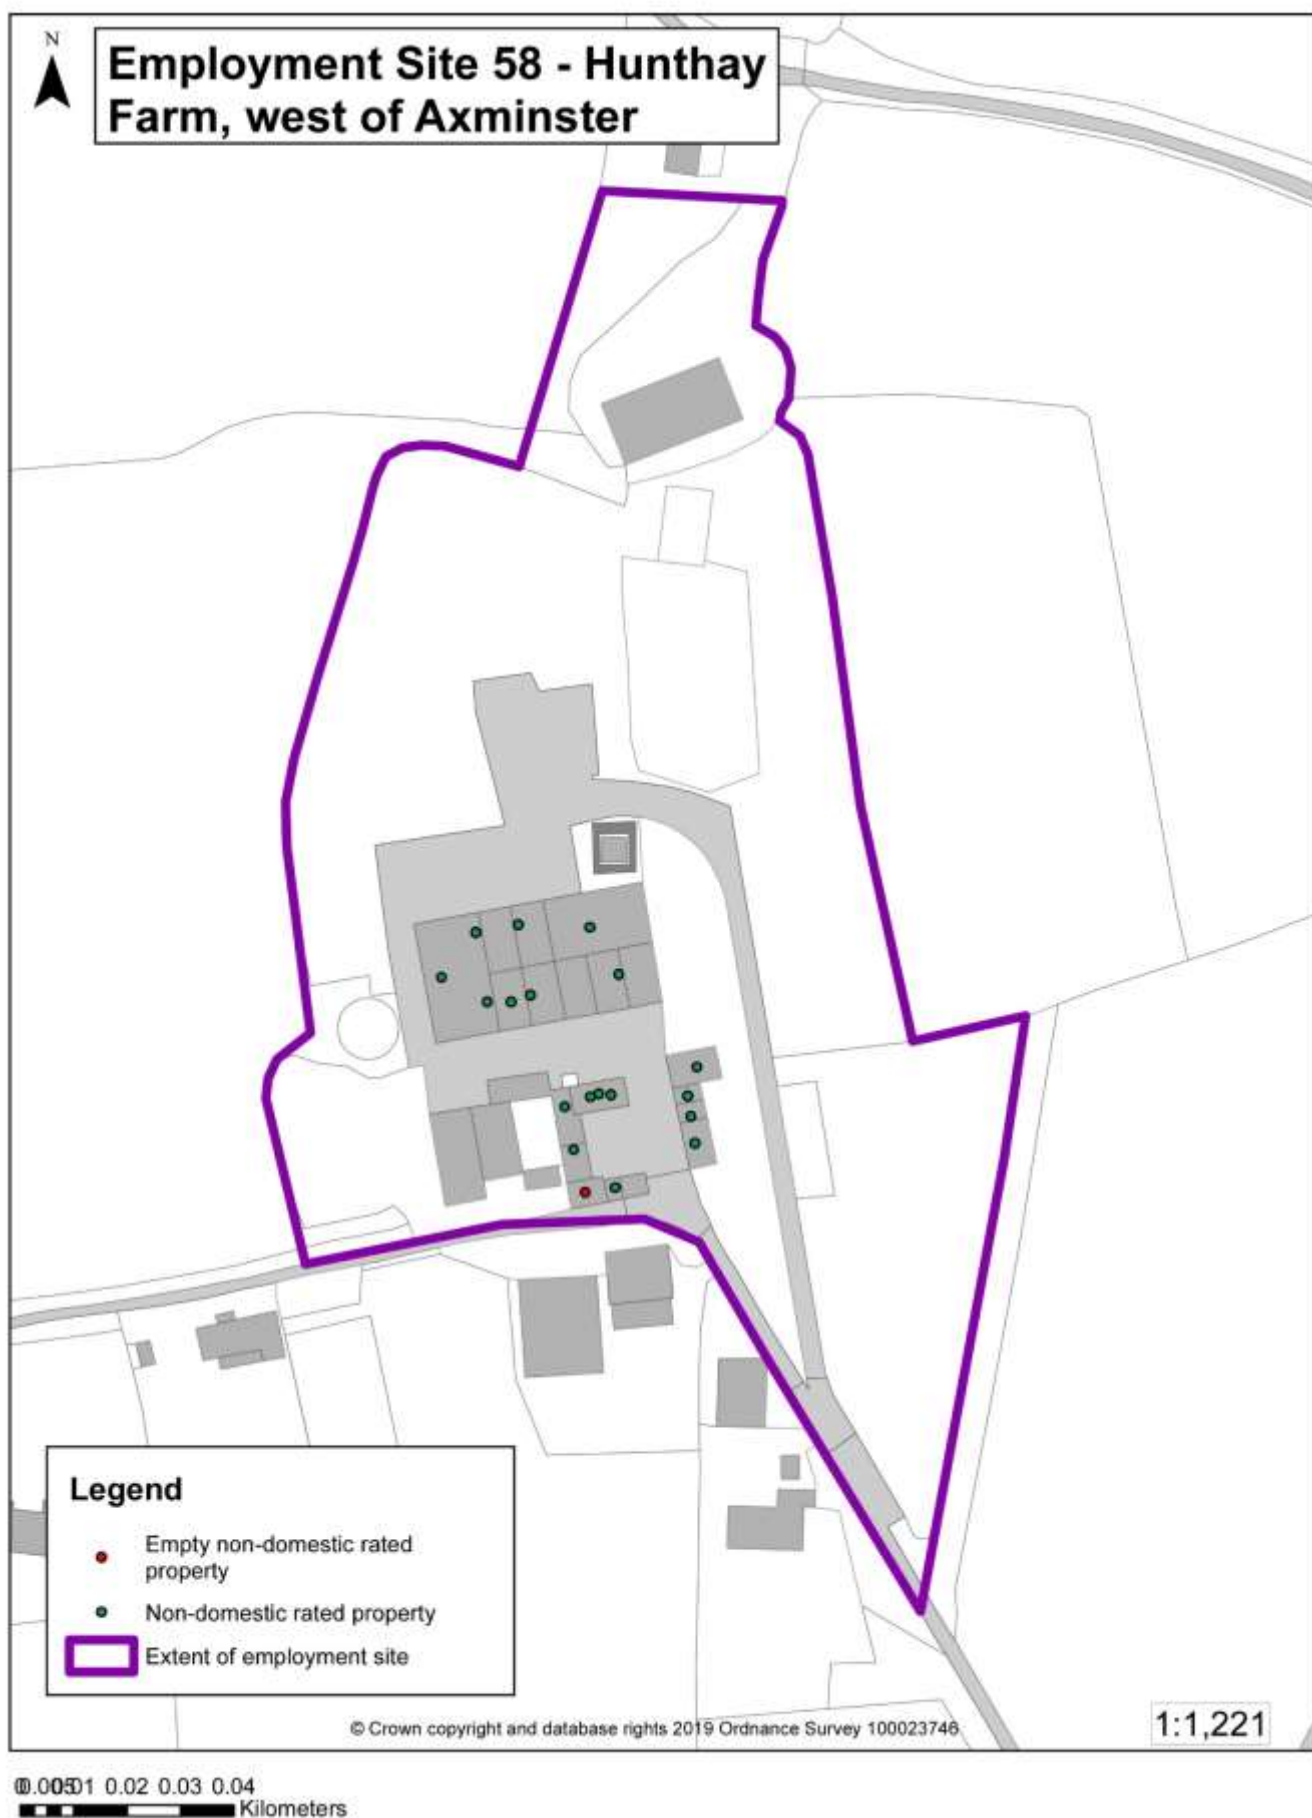

### **Non-Domestic Rated Properties**

There are 19 units rated for non-domestic use, of which one was classed as empty at 31.3.2019.

### **Site Constraints**

Access is via a country lane.

## **24 – Colyton Business Park, Colyton**

### **Ownership**

Ownership of Colyton Business Park is not known.

### **Description**

Colyton Business Park is small scale at 0.58 hectares and is sited around 200 metres to the north western built up edge of Colyton. The site comprises of a number of small business units and is shown on the plans below.

### **Summary of Planning Activity**

See also Appendix 2 – Plot 24A.

### **Completions**

Plot 24A, a new workshop and offices, was completed in 2015-16.

### **Non-Domestic Rated Properties**

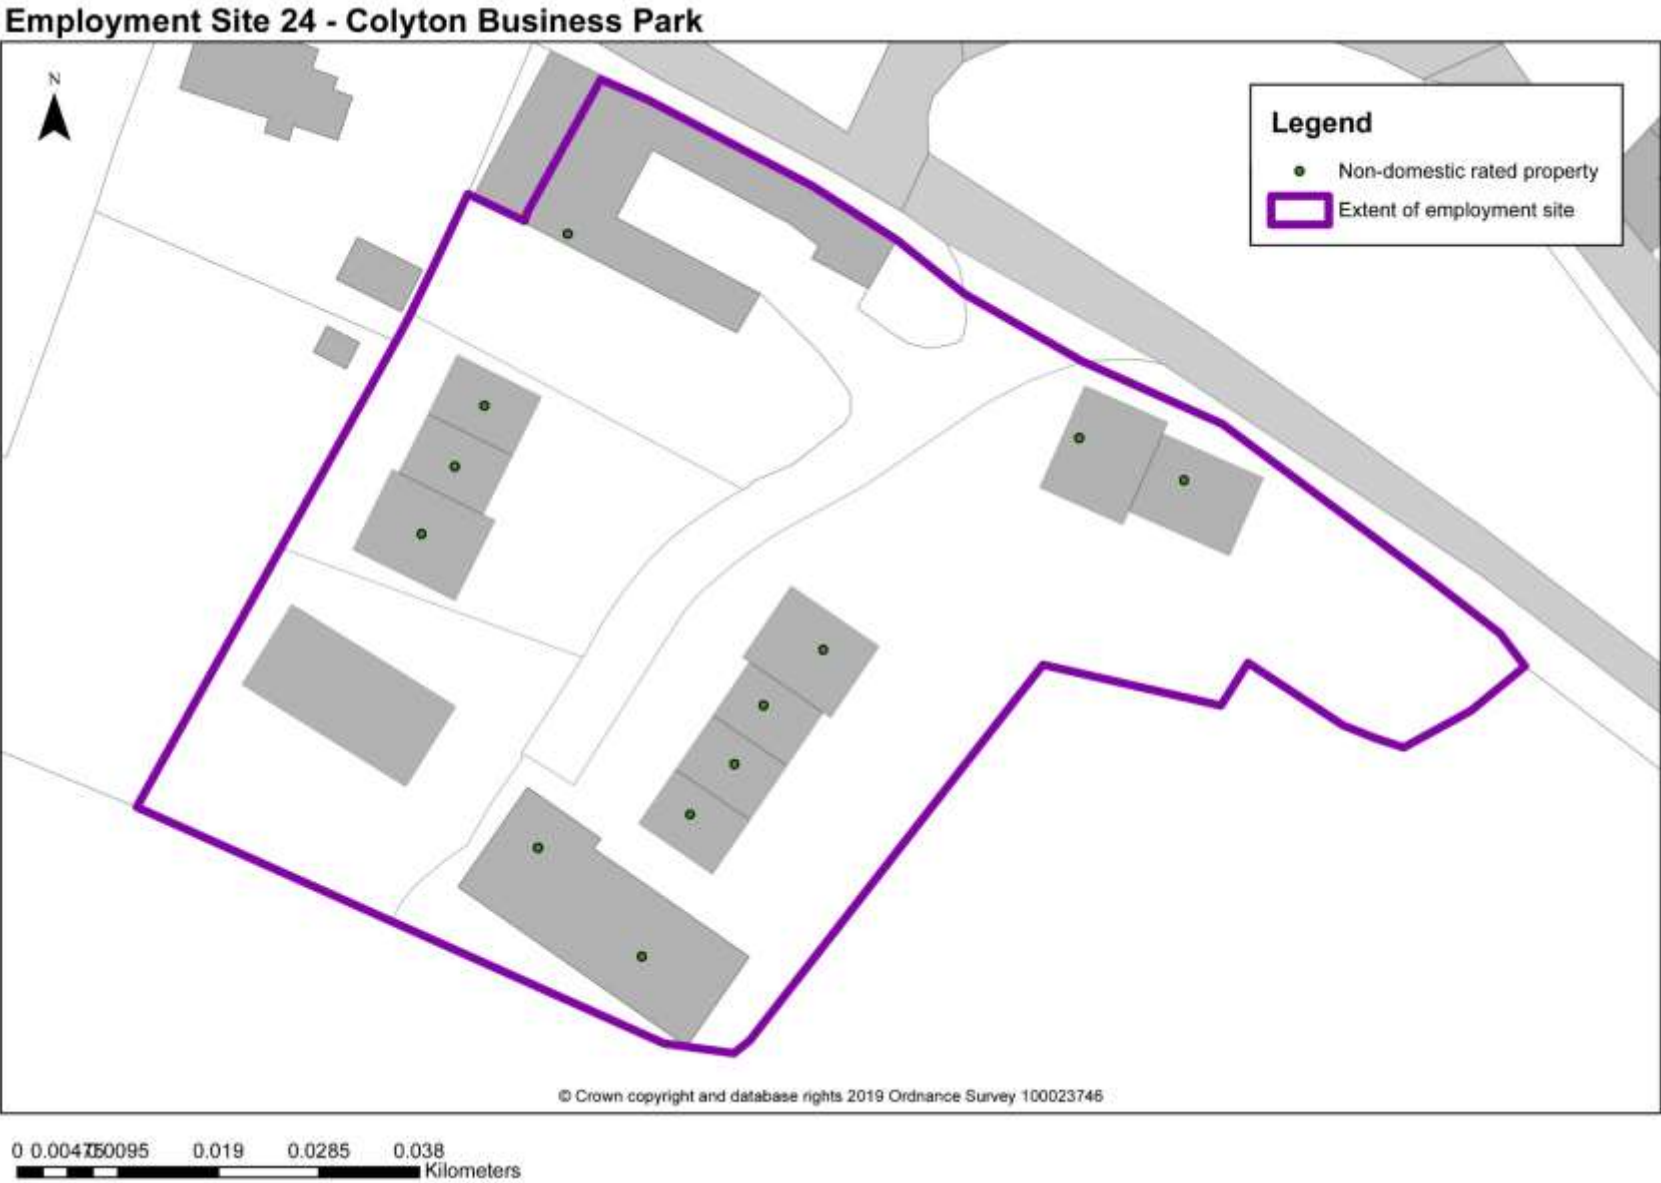

There are 12 units rated for non-domestic use, none of which were classed as empty at 31.3.2019.

### **Site Constraints**

The site is entirely within a flood zone and adjoins a Conservation Area to the South. An Area of Outstanding Natural Beauty is to the North of the site. The site is accessed via narrow roads.

Employment Site 24 - Colyton Business Park

## **Appendix 2 – Schedule of Sites and Plots: Developed and Available**

Appendix 2 provides the full schedule of activity during the Local Plan period with more detail on each plot and should be read in conjunction with site plans. Small sites are also included in this section.

n.b. Net Additional Area measurements are taken from the Planning Application or measured using eMap; Net Floorspace Gained measurements are taken from the Planning Application or measured using Civica.

### **Overview of Employment Land Review for 2018-19**

#### **Planning permissions**

Seventeen planning permissions granted during 2018-19 amounted to approximately 20.85 hectares of net additional site area; seven permissions were for plots within major sites and ten were at small sites. This total includes two permissions for the loss of employment use.

#### **Permissions under construction at March 31st 2019**

There were nine plots under construction, amounting to approximately 2.98 hectares of net additional site area, as of March 31st 2019. This figure includes work on plots at Woodbury Business Park, Dunkeswell Airfield and at a number of smaller sites.

#### **Outstanding permissions**

At March 31st 2019, there were 40 site areas with extant planning permission amounting to approximately 58.84 hectares.

#### **Completions**

Fourteen completions during 2017-19 amounted to 5.81 hectares of net additional site area. This figure includes plots at: Alexandra Road Trading Estate, Sidmouth; Heathpark Industrial Estate, Honiton; Skypark, near Clyst Honiton; Exeter Science Park; Hunthay Farm, near Axminster; Dunkeswell Airfield and at a number of smaller sites.

#### **Allocated sites**

Twenty-five plots of land across a number of employment sites are specifically allocated in the Local Plan for employment use or are otherwise seen as having possible development potential / being available; these allocations amount to approximately 64.16 hectares. This includes allocations within mixed use sites where specific plots are not identified; where this is the case, only one plot has been included in the total of 25 for each site but the overall area of land allocated for employment has been included in the total of 64.16ha.

Exmouth, St Andrews Road	Small Site	18/2778/FUL - Change of use of workshop and store to a fitness studio and store (Class D2 Use). Alterations to roof to form a parapet wall with flat roof behind	32

## **Appendix 4 – Non-Domestic Rated Properties**

At March 31st 2019, there were 1,328 premises within East Devon employment sites rated for non-domestic use; 119 of which (or around 8.96%) were classed as empty.

n.b. Previous versions of this appendix included a description of use for empty units based on their previous use (this is no longer listed as we can only estimate what a building would be used for in the future). Additionally, past counts may have inadvertently included NDR car parking spaces, land and mobile telecommunication masts, etc, but these have now been ignored (open air storage bays / compounds and storage containers have been included). Finally, units which may have been rated as one property (e.g. having a postal address of “Units 1-3”) are considered separate premises in this count, as are units that have been split into smaller premises (e.g. Unit 1a, Unit 1b, etc).
