CONDITIONS OFFERED BY APPLICANT

ANNEXE 2 - CONDITIONS CONSISTENT WITH THE OPERATING SCHEDULE

This application is to have a dispense point in the area already allotted to us by EDDC for use by our customers for drinking and eating. There will be no material change to the way the site is currently operated only that, rather than customers ordering from a website and beer be delivered to their table, they will be ordering from the dispense point marked on the plan. Marked "bar". We operated this area last summer and received no complaints and no comments from Police or other delegated authorities. The site will stop serving alcohol at 8.30pm and be clear by 9pm allowing 30 minutes for drinking up time. There will be a member of staff stationed at the site at all times while alcohol is for sale. This person will be responsible for making sure drinking up time is completed in an orderly manner. Our area will be partially perimeter off by flower beds so we will be able to control who is in the area and who is not. The rule of, if you can't find a place to sit down you can't come in will control how people move around the area and it will be largely table service. There should be very little impact from people inside our area on people outside the area. We are not changing the way the site is being managed so in terms of preventing public nuisance - members of staff will be permanently in contact with managers and personal license holders in the pub and will be trained to raise any concerns, we will ensure people are drinking responsibly and will turn people away if they already drunk, we will not accept swearing, abusive behaviour or aggressive language. We are not changing the way the site is being managed so in terms of protection of children from harm nothing much has changed in our approach. Everyone who looks under 21 will be asked for ID, we will be very strict on anti-social behaviour, no drunkenness will be tolerated and the area will be monitored permanently by trained staff.

Last Date for receipt of representations by the Licensing Authority 17.03.2021
