Thank you Matt for sending me this document.  
Exeter Civic Society is grateful for the continued insight into East Devon's aspirations.

This time the document has been studied by an Exeter Civic Society group convened by the Acting Chairman and particularly concerned with Transport. You will receive their response by Monday from Keith Lewis.

From a Planning Group point of view I am particularly interested in East Devon's realisation that an increase in working from home might encourage the building of more houses around the seven very pleasant towns which are among East Devon's particular assets.

With thanks for continued contact and very good wishes

Pamela
