3. Please provide full details of your comments in respect of the Modification that you have identified and be as precise and succinct as possible.

HLM and TW note the extensive changes introduced to Policy CB25 (Design Codes and Place Making) and would make the following observations:

**A Requirement for Effective Community Engagement**

The modification of policy to seek community engagement and reflect local aspirations is new to the policy. It was not an issue that was the subject of discussion or objection at the examination and is unnecessary to make the plan sound.

**B National Design Guide and Building for a Healthy Life**

Hallam/TW note the additional references to the National Guide and the updated reference to the indicative layout – a matter which we have previously addressed. More pertinent to the Main Modifications, Hallam/TW note that “regard” is to be had to the National design Guide and regard is to be had to the Figure 8 Illustrative layout. In contrast an apparently unjustified requirement to demonstrate “compliance” with the 12 Building for a Healthy Life principles is awkward and unwarranted. The policy should ask for regard to be had to the Guide, to the illustrative layout AND to the Building for healthy Life principles.

**C Creating Well Design Streets and Spaces**

Hallam/TW support the creation of well designed streets. They note that this is one of the 12 principles set out in the now updated Building for Healthy Life Guide – guidance that CB15 (as proposed to be modified) largely replicates which Hallam/TW does not object to.

Of concern to Hallam/TW however is the amplification of such guidance in the policy to include the additional phrase “This shall include the expectation for the provision of tree lined streets with appropriate soil volumes available to ensure that the trees thrive”. This “additional” guidance is not set out in the Building for a Healthy Life Guidance. In any event it duplicates the guidance in the NPPF. The suggested modification is imprecise and unclear – which streets, where, how etc. It was not an issue that was the subject of discussion or objection at the examination and is unnecessary to make the plan sound.

4. Please set out what modification(s) you consider necessary to make the “Cranbrook Plan Modifications” legally compliant or sound, having regard to the reference you have identified at Q1 above where this relates to soundness. You will need to say why this modification will make the Cranbrook Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

For the reasons set out in section 3, the following suggested amendments to the modifications are proposed:

Deletion of “which are based on effective community engagement and reflect local aspirations for the development of their area”

In para 2 replace “comply with the following 12...” with “have had regard to the following 12...”

Delet from sub para 7 – “This shall include the expectation for the provision of tree lined streets with appropriate soil volumes available to ensure that the trees thrive”.

***Please note*** your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification.

**Representations by both post and email must be received by 5pm Monday 28 February 2022**

# Notes to accompany Representation Form

## General notes

The representation form and this accompanying guidance note is designed to help you comment on the Cranbrook Plan – Proposed main modifications.

Please return this representation form to East Devon District Council by 5pm Monday 28<sup>th</sup> February 2022. Representations received after this time will not be accepted. We cannot accept anonymous responses. If you wish to submit documentation in support of your representation it should be submitted in electronic format and be no larger than 5 MB in size to allow it to be uploaded to the Council's web site. Representations will be published on the council's website, including your name but contact details and signatures will be redacted.

## Procedural guidance

A supporting procedural guide has been produced by the Planning Inspectorate to provide practical advice on aspects of the examination of local plans. This can be found on their website at: [Procedure Guide for Local Plan Examinations - GOV.UK \(www.gov.uk\)](http://www.gov.uk). It explains the different stages of examination, the roles of the various parties and specifically for this part of the process, the purpose of proposed main modifications (section 6).
