----------------------------------	-------	-----------------------------	---------------------------------------	-------------------------------	--

2. If commenting on the PMMs, do you consider that with their incorporation, the Cranbrook Plan is:

(a) Legally compliant	Yes
If answering 'No' please provide reasons	Click to enter text.
(b) Sound	No
If answering 'No' please provide reasons	The policy still refers to fixed rate of 15% affordable housing and it is still unclear if this will be sufficient to provide a viable plan.

	Previously participants in the examination have suggested that for the DPD to be viable it be necessary to reduce the expectations placed on the development in respect of affordable housing and other costs; and/or reduce the expectations placed on the development in terms of infrastructure delivery and section 106 obligations. The findings of the Inspector are awaited in this regard

3. Please provide full details of your comments in respect of the Modification that you have identified and be as precise and succinct as possible.

<p>1. Policy still refers to the delivery of 15% affordable housing and depending on the Inspectors position on viability matters a further modification may still be required. For the DPD to be viable it has previously been suggested by the majority of participants in the examination that there needs to be a reduction in the expectations placed on the development in respect of affordable housing and other costs; and/or reduce the expectations placed on the development in terms of infrastructure delivery and section 106 obligations.</p> <p>Until the Inspector has considered viability issues in full it seems premature to fix this policy requirement.</p> <p>2. The retention of the clause within policy that allows applicants to submit evidence to demonstrate why 15% provision of affordable housing may not be viable is welcomed.</p> <p>3. The change in policy from 30% intermediate to 30% affordable home ownership to reflect changes in national policy and a greater range/tenure of affordable housing products to come forward (and which could still include intermediate or discount market housing) is welcomed</p>

4. Please set out what modification(s) you consider necessary to make the “Cranbrook Plan Modifications” legally compliant or sound, having regard to the reference you have identified at Q1 above where this relates to soundness. You will need to say why this modification will make the Cranbrook Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

<p>The Inspector’s findings on viability are awaited – clearly her conclusions could have an effect on the need/extent to which this policy needs to be modified.</p>

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification.

Representations by both post and email must be received by 5pm Monday 28 February 2022
