For Office Ref:	

3. Please provide full details of your comments in respect of the Modification that you have identified and be as precise and succinct as possible.

The policy as proposed seeks to defer parking standards to a Supplementary Planning Document (SPD). However as set out in paragraph 008 Reference ID: 61-008-20190315 of the Plan Making section of the PPG SPDs cannot be used to introduce new policy and set standards (see also paragraph 53 of the Development Management in Birmingham, Inspector’s Report 30 September 2021). Accordingly, this policy is not sound as it is **inconsistent with national guidance**.

4. Please set out what modification(s) you consider necessary to make the “Cranbrook Plan Modifications” legally compliant or sound, having regard to the reference you have identified at Q1 above where this relates to soundness. You will need to say why this modification will make the Cranbrook Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Replace proposed new paragraphs 4.43 and 4.45 with:

“When determining applications regard will be given to guidance from Devon County Council on parking provision. Consideration will be given to any circumstances, related either to the site or the operation of the development, which may support an alternative level of parking provision.

A general approach of lower car parking requirements near town centre uses and a limited school parking requirement is considered appropriate.”

This modification is necessary to make the Cranbrook Plan sound by ensuring that it is consistent with national policy and guidance.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification.

Representations by both post and email must be received by 5pm Monday 28 February 2022
