Subject: RE: Cranbrook Plan - Proposed Main Modification consultation

Dear Sir/Madame,

Thank you for the consultation document detailed below.

Having reviewed the amendments to the Cranbrook DPD and have no objections to, or comments on the Proposed Main Modifications.

As an organisation we would still wish to be consulted, as we currently are, on any future changes or amendments to the Cranbrook Plan to ensure that the required aerodrome safeguarding processes are followed and aviation safety and airport operations remain unaffected by any development.

Regards

Chris Davey

Subject: Cranbrook Plan - Proposed Main Modification consultation

Dear Participant.

Earlier this week we launched a 6 week consultation in respect of the proposed main modifications to the Cranbrook Plan. Most people were contacted directly by email and this has been largely successful. However in a few cases we are aware that for various reasons, the emails haven't got through. To ensure that you don't miss the consultation we are therefore resending the following information to those where the original email has bounced. We trust that this email now makes it safely to your inbox and is of assistance.

Kind Regards

Cranbrook Planning team
