Hi,

Not sure what you mean but I put MM11 for Q1.

Q2; NOT A legal query Yes to Sound.

I feel that including Percy walkley wood in SANGs means that more houses can be built elsewhere. I argue SANGS should be ADDITIONAL to the green spaces, such as this wood, that already exist.

Thanks

Dear Mr Lane

Thanks for the consultation response which we will review and pass on to the Inspector. However before we do can I just check if you had intended to complete questions 1 and 2 in part B. In saving the document as a pdf it appears to have changed the drop down option into a series of dots.

If you can let me know what you had intended for that part of the form I can add this email chain to the document and ensure that the two are read together.

Many thanks for your help

Kind Regards

James Brown

Please find my contribution.

I have no idea if what you have set out is legal - I certainly hope so as you are the guardians of our area.

Hope it makes sense.
