

East Devon District Council

Kilmington Neighbourhood Plan Decision Statement

1. Summary

Following an independent examination, East Devon District Council now confirms that the Kilmington Neighbourhood Development Plan will proceed to a Neighbourhood Planning Referendum.

2. Background

On 15 January 2016, East Devon District Council designated the area comprising the parish of Kilmington as a Neighbourhood Area for the purpose of preparing a Neighbourhood Plan in accordance with Part Two of the Town and Country Planning (England), Neighbourhood Planning (General) Regulations 2012.

Following the submission of the Kilmington Neighbourhood Plan to the Council, the plan was publicised and representations were invited. The publicity period ended on 30 March 2022.

East Devon District Council appointed an independent examiner, Deborah McCann, to review whether the Plan should proceed to referendum.

The examiner's report concludes that subject to making the modifications recommended by the examiner, the Plan meets the basic conditions set out in the legislation and should proceed to a Neighbourhood Planning referendum.

3. Decision and Reasons

3.1 Modifications

The District Council has made the modifications shown overleaf to the Submission Version of the Neighbourhood Plan, incorporating the examiner's modifications in full, to secure that the draft plan is clear, accurate, and meets the basic conditions set out in legislation.

3.2 Referendum

The District Council has considered whether to extend the area in which the referendum is to take place. Like the examiner, the District Council has decided that there is no reason to extend the Neighbourhood Plan area for the purpose of holding the referendum.

The examiner has concluded that with the below modifications made, the Plan meets the basic conditions and other relevant legal requirements. The Council concurs with this view. Therefore, to meet the requirements of the Localism Act 2011, a referendum which poses the question, 'Do you want East Devon District Council to use the Neighbourhood Plan for Kilmington to help it decide planning applications in the neighbourhood area?' will be held in the parish of Kilmington.

The referendum will take place on 8th September 2022. The details will be available on the [EDDC website](#)).

3.3 Referendum Version of the Plan

This Decision Statement and a Referendum Version of the Kilmington Neighbourhood Plan, incorporating the changes set out in this Decision Statement, will be available to view on the [Neighbourhood Planning pages](#) of the District Council website (www.eastdevon.gov.uk).

In accordance with the Government's Neighbourhood Planning Guidance (updated September 2020), the effect of this Decision Statement is to give the Kilminster Neighbourhood Plan (Referendum Version) significant weight as a material consideration in decision-making on planning applications.

East Devon District Council is working with Kilminster Neighbourhood Plan Steering Group regarding the accessibility of the plan document. (Note: This may require some changes in formatting and layout, together with addition of descriptive text ('alt text') for images, but will not otherwise amend any part of the plan.)

4. Modifications Made

The following modifications were agreed to be made to the Submission Version of the Kilminster Neighbourhood Plan by East Devon District Council, further to the [findings of the independent examination](#) and consideration of the plan and examiners report at [EDDC Cabinet on 13 July 2022](#):

The Plan period (2020-2031) to be included on the cover.

Paragraph 2 to be modified to reduce the requirement from 'must' to 'strongly encourage', with specific reference to the minimum expectation to 'meet the requirements of the EDDC Statement of Community Consultation'.

3. Policy HD2: Housing Development within the Built-up Area Boundary

- i. Amend paragraph 1 to read, “1. The preferred location for new housing development is within the defined Kilmington Built-Up Area Boundary **as shown on Figure 6**. - i. Modify paragraph 1 to clarify the allocation is for, “**up to or around 14** dwellings to meet the **housing needs** of the local community during the term of this plan”
- ii. Move the clause relating to the issue regarding phosphates in the River Axe to the top of the list of criteria.
- iii. Remove the requirement for proposers of development to engage with the local community and Parish Council, prior to submission of a planning application, from paragraph 2, and require instead that the Development Brief for the site takes account of the aims and objectives of the neighbourhood plan, and the views of the local community.
- iv. Omit the explicit reference in the policy clauses to the affordable housing requirement of 50% being ‘subject to viability’.
- v. For logical flow, separate or link and re-order policy clauses in line with the Examiner’s report
- vi. Remove all three uses of the term ‘consider’ from clauses to increase the likelihood of those certain aspects being secured (set back from the northern boundary, orchard planting and advance planting)
- vii. Draw together and strengthen the various requirements relating to landscaping/ planting under an overarching requirement for a “**detailed** landscaping scheme”.
- viii. Strengthen the biodiversity requirement to better reflect the national requirement, replacing “...enhance biodiversity...” with, “include provision for, as a minimum, biodiversity net gain in compliance with national policy...”
- ix. Delete the cross-reference to a ‘Transport Plan’ in criteria ‘v) c’.

5. Policy HD4: Land off Whitford Road (north of The Beacon)

 - vii. Strengthen the biodiversity requirement to better reflect the national requirement, replacing "...enhance biodiversity..." with, "include provision for, as a minimum, biodiversity net gain in compliance with national policy..."

5. Housing Site Allocations Justification

Correct and replace the text in the last two sentences of the penultimate paragraph of the supporting text for the housing site allocations at the bottom of page 30 of the Neighbourhood Plan (Submission Version), to read, "The sites lie outside but adjacent to the **Built-Up Area Boundary** and are allocated for development further to Strategy 27 of the adopted Local Plan, which enables communities to promote development in such locations through a neighbourhood plan, where they promote the objectives of sustainable development. The sites are designed to meet specific identified local needs and are not 'Rural Exception Schemes' as such under Strategy 35 of the Local Plan, however there are also links to this strategy in respect of the requirements for occupancy of the/any affordable housing".

6. Policy HD5: Self-build (and custom build) Housing

- i. Move the clause relating to the issue regarding phosphates in the River Axe to the top of the list of criteria.

- circumstances prevent this as agreed in writing by the local planning authority;”

7. Policy HD7: Retaining Community Facilities, Amenities and Assets

Refer to all the community facilities, amenities and assets listed in the policy by name.
