Part B - Representation Details

Enter Your Name/Organisation in the box below (Please state this on each sheet):

Devon County Council - Local Highway Authority

Question 1

To which section of the Neighbourhood Plan does this representation relate?

Please state in the box below, the point of reference for your representation (this means the policy, paragraph number or other reference as appropriate)

Policy T1-T5

Question 2

Please use the box below to explain why you are supporting or objecting to this part of the plan. If your comment relates to a specific area of land or site please identify it on a map if possible. Continue on a separate sheet if necessary.

Please note, as a statutory consultee the following DCC observations at this stage, based on the information provided to date with regards to proposed policies T1, T2, T3, T4 and T5,

Policy T1 - New Pedestrian and Cycle routes

DCC understand the promotion of the principle, however it's difficult to ascertain how deliverable this aspiration is without knowing landownership in this area which will influence the delivery of the scheme. It is noted that Elbury Lane is currently being assessed as a potential 'quiet street' for walking and cycling.

Policy T2 - Pedestrian and Cycle bridge over the Waterloo Railway Line

Potentially costly, would need early dialogue with Network rail. Maybe worth investigating a bridge to the at-grade crossing and connecting to Elbury Lane (subject to a successful assessment). Any interaction with the highway network would need to be assessed by the LHA. Policy

T3- Parking Provision

Whilst EDDC assess and determine parking standards, DCC welcome the promotion of sustainable and greener methods of travel in proposed schemes as outlined in this policy proposal.

Policy T4 - Active Travel Infrastructure (for commuting and leisure) Support the principle but unsure how deliverable this is and where the funding will come from to develop feasibility designs, and its construction. Scope of landownership either side/around the points of interest needs to be understood to establish what scope is available in principle to improve sustainable methods of travel. Policy

T5 - Low Carbon Travel Provision

DCC support the principle of this idea.

Enter Your Name/Organisation in the box below (Please state this on each sheet):

Question 3

Please use the box below to say what changes you would suggest should be made to the plan?

It will be helpful if you are able to put forward your suggested revised wording of any policy or text or suggested alternative policy boundary as appropriate. Please be as precise as possible and continue on a separate sheet if necessary.

Enter Your Name/Organisation in the box below (Please state this on each sheet):

Question 4

If your representation is seeking a change to the Plan, do you consider it necessary to speak at the examination?

Please note if you select 'No' your representation(s) will still be fully considered by the independent Planning Inspector by way of written representations.

Please select as appropriate:

- No, I do not wish to speak at the examination
- Yes, I wish to speak at the examination

If you have answered yes above and wish to speak at the examination, please outline in the box below why you consider this to be necessary:

Please note this will not be regarded as a binding decision but will help us in our planning of the examination. The Inspector will ultimately determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in the examination. If the Examiner does not consider it necessary to hold a public examination, consideration will be given by way of written representations.

Future Correspondence

Please indicate by selecting yes or no as appropriate, whether you wish to be notified of:

1. The publication of the recommendations of any person appointed to carry out an independent examination of the Broadclyst Neighbourhood Plan? Y N
2. The adoption of the Broadclyst Neighbourhood Plan? Y N
