Subject: Objection to Lymptone Housing Allocation

Categories: Reg.18 consultation

Good afternoon,

I would like to object to the Lymptone proposal for 131 houses adjacent to Meeting Lane, 46 homes land north of Strawberry Lane, 100 homes North of Courtlands Lane. This will have an adverse effect on traffic which is already dangerous in the village and often at a standstill on the main Exmouth to Exeter road.

There is a lack of local services and pressure will be put on local schools and GP services.

I am also concerned about potential flooding, which is already a massive concern on Lymptone and risk to wildlife.

I think that the size of development proposed is completely out of keeping with the current village.

Thank you

Elaine Turner
