Dear Sir/Madam,

I am very against the building of any houses in the following proposed sites:

1. GH/ED 72....131 houses North of Meeting lane
2. GH/ED 73....46 houses between Meeting lane and Strawberry Hill
3. Lympstone 07 .....100 houses opposite Courtlands
4. Lympstone 01....14 houses rear of 22 Underhill Crescent

The congestion in the village is already very bad with cars parked on the pavements so that mothers and push chairs etc need to walk in the road. The infrastructure just isn't there for any more housing, and the village is quite big enough already.

Yours faithfully,  
Mary Strouts
