Re New Draft Local Plan.

It is with horror that I see what is planed under the proposed new buildings..

Additional building on Hayne Lane is extremely detrimental to the area.

Additional traffic on Honeysuckle Drive would be ridiculous and extremely dangerous the road is not wide enough, most people using that road are pensioner's and would have no chance if lorries are going up and down this road. To have more traffic on the Sidmouth Road would be just making things even worse.

Flooding is already a problem in the area, my garage has been flooded three times this year, so already the drains are not able to take away the existing water.

Have the planners any idea of the problem to see a doctor these days in Honiton, will they build further Surgeries to help. Schools are another problem; I know very well having lived through a New Town being built in the 1940's that the infrastructure is the last thing that planners want to talk about.

As far as I am concerned I am total against this new development.

Yours faithfully

22 Cypress Close, Honiton
