Subject: Planning proposals.

Categories: Reg.18 consultation

Dear Sir or Madam,

On Thursday 8th December I was fortunate or unfortunate enough to visit the "Ocean" Exmouth to view proposals for a massive influx of properties in the East Devon area. We had it explained by a person that the favoured option would be the area around the airport. That might be the favoured location but I cannot help thinking the location will be decided by the housing developers. Profit rules above common sense. When the development comes about I only hope that the traffic congestion on the A376 is considered. [REDACTED]

Yours sincerely,

Reg Squire.
