Subject: Unhappy with plans for additional 250 houses

Categories: Reg.18 consultation

Hi

I wanted to email to express that I am unhappy about there being an additional 250 houses on top of the 350 houses already planned for off the Dinan Way site in Exmouth.

My main concerns are added congestion, increased air pollution and loss of green space (woodland, trees and wildlife will be affected). Plus the additional strains on schools, GP surgeries, local amenities, sewage, parking spaces, etc.

My family live in [REDACTED].

Best wishes

Aisling Corr
