Dear Sirs

LP.GITTI.05 Emerging Local Plan

We write to reinforce our parish council's detailed objection to the above which proposes further residential development of meritless architecture within an Area of Outstanding Natural Beauty (AONB). The proposed easterly extension of the settlement boundary is seen as an ugly tentical of construction creeping ever forward to spoil the outstanding rural setting of the Historic Village of Gittisham within the conservation area.

Yours faithfully

B P & G C Evans
