Subject: Retirement Flats - Devoncourt or anywhere!

Categories: Reg.18 consultation

Please please no more!

I have lived most of my life in Exmouth and proudly! However, we are fast becoming gods waiting room. These retirement flats put more strain on our already overstretched NHS, Care services, and local shops as they are unable to get out and visit Drs and buy locally!
Care staff are thinly spread and unable to give adequate care to those that really need it due to the volume of elderly this town keeps offering housing to?
Why not Allow locals to build for the locals?
YOUNG Locals can't get affordable housing whilst elderly are allowed to increase the costs of all services we pay for?

Exmouth needs to become a thriving town again where young and old live in A measured and FAIR society!
