Dear Sir/Madam

Planning for houses in three Sites

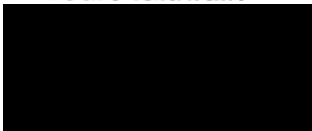

- LP Brcl 12
- LP Brcl 29
- LP Brcl 09
-

I am a resident of Broadclyst, and I am aware that on a daily basis our Car Parks are overcrowded, our local primary school is very full and the roads around the village in most cases are very narrow and are becoming increasingly congested. It appears to me that the additional 175 houses proposed would cause further problems. Our surgery is already struggling to provide an adequate service.

The Neighbourhood plan being put forward did not include these sites, having carefully considered all their options.

I trust you will not agree to these sites and I am opposed to them.

Yours faithfully

Andrew Mowl
