We strongly object to the inclusion of the sites to the North East of Exmouth (Exmo_04a, Lymp_09, Lymp_10, Lymp_14) in the Local Plan which are absolutely not sustainable.

We suggest plans to build a new community in the area north of Hill Barton should be accelerated and more housing sites identified in Exmouth within the town's existing Built Up Area Boundary

Quite simply we don't have enough services to support another 1000 local residents Our town sewage system is under strain Local health services are already struggling to cope and govt cuts will make this worse We don't have enough secondary education as it is These houses won't be affordable or for locals only

Get the building blocks of infrastructure in place first before you even consider more houses.

Kind regards
