Thanks Angela,

I am trying to send a photo of the line on the map. Can you forward please.

The line goes back to the road opposite the Broadway/ Knowle Drive junction excluding our property, . I think they are using an old map as the house is a small square in SW corner. Later maps show house as L shape footprint. The map does not show our rear boundary with the Manor.

Perhaps whoever drew the line did not notice the existence of a house.

Regards John
